- (ii) if there is no such published actively traded U.S. Treasury security with a maturity of five years from the next Reset Date, the rate determined by interpolation between the most recent weekly average yield to maturity for two series of U.S. Treasury securities trading in the public securities market, (A) one maturing as close as possible to, but earlier than, the first Reset Date following the next succeeding Reset Determination Date, and (B) the other maturing as close as possible to, but later than, the first Reset Date following the next succeeding Reset Determination Date, in each case as published in the most recent H.15; or

- (ii) the cancellation of such Interest Payment (or relevant part thereof) in accordance with the provisions described under “*Restrictions on Interest Payments*” below;

and accordingly such interest shall not in any such case be due and payable.

Interest Payments Discretionary

Interest on the Securities is due and payable only at the sole and absolute discretion of the Company, subject to the additional restrictions set out in the Terms and Conditions. Accordingly, the Company may at any time elect to cancel any Interest Payment (or part thereof) which would otherwise be payable on any Interest Payment Date.

Restrictions on Interest Payments

The Company shall cancel any Interest Payment (or, as appropriate, part thereof) on the Securities in respect of any Interest Payment Date to the extent that the Company has an amount of Distributable Items on such Interest Payment Date that is less than the sum of (i) all payments (other than redemption payments which do not reduce Distributable Items) made or declared by the Company since the end of the last financial year of the Company and prior to such Interest Payment Date on or in respect of any Parity Securities, the Securities and any Junior Securities and (ii) all payments (other than redemption payments which do not reduce Distributable Items) payable by the Company (and not cancelled or deemed cancelled) on such Interest Payment Date (x) on the Securities (including any Additional Amounts which would be payable by the Company in respect of the Interest Payment payable on such Interest Payment Date if such Interest Payment were not cancelled or deemed cancelled) and (y) on or in respect of any Parity Securities or any Junior Securities, in the case of each of (i) and (ii), excluding any payments already accounted for in determining the Distributable Items of the Company.

For these purposes:

“**Distributable Items**” has the meaning given to it in the Capital Regulations then applicable to the Company, but, to the extent applicable, amended so that any reference therein to “before distributions to holders of own funds instruments” shall be read as a reference to “before distributions by the Company to holders of Parity Securities, the Securities or any Junior Securities”.

“**Junior Securities**” means (i) any Ordinary Share or other securities of the Company ranking, or expressed to rank, junior to the Securities in a winding-up or administration of the Company as described in Condition 4(b) and/or (ii) any securities issued by any other member of the Group where the terms of such securities benefit from a guarantee or support agreement entered into by the Company which

ranks, or is expressed to rank, junior to the Securities in a winding-up or administration of the Company as described in Condition 4(b).

“Parity Securities” means, unless the holders of some or all of the following securities are Senior Creditors by virtue of paragraph (b) of the definition of “Senior Creditors”, (i) any preference shares in the capital of the Company from time to time and any other securities of the Company ranking, or expressed to rank, *pari passu* with the Securities and/or such preference shares in a winding-up or administration of the Company as described in Condition 4(b) and/or (ii) any securities issued by any other member of the Group where the terms of the securities benefit from a guarantee or support agreement entered into by the Company which ranks or is expressed to rank *pari passu* with the Securities and/or such preference shares in a winding-up or administration of the Company as described in Condition 4(b).

Solvency Condition

Other than in a winding-up or administration of the Company or in relation to the cash component of any Conversion Shares Offer Consideration, all payments in respect of or arising from (including any damages for breach of any obligations under) the Securities are conditional upon the Company being solvent at the time of payment by the Company and no principal, interest or other amount shall be due and payable in respect of or arising from the Securities except to the extent that the Company could make such payment and still be solvent immediately thereafter.

The Company shall, for these purposes, be considered to be solvent if both (x) it is able to pay its debts owed to its Senior Creditors as they fall due and (y) its Assets exceed its Liabilities.

For these purposes:

“Assets” means the non-consolidated gross assets of the Company, as shown in the latest published audited balance sheet of the Company, but adjusted for contingencies and subsequent events to such extent and in such manner as two directors of the Company or the Auditors may determine.

“Auditors” means the auditors for the time being of the Company or, in the event of their being unable or unwilling promptly to carry out any action requested of them pursuant to the provisions of the Securities, such other firm of accountants as may be nominated by the Company and approved by the Trustee.

“Existing Dollar Preference Shares” means the Company’s outstanding series of 6.409 per cent. non-cumulative redeemable preference shares of U.S.\$5 each (aggregate paid up amount of U.S.\$750,000,000) and 7.014 per cent. non-cumulative redeemable preference shares of U.S.\$5 each (aggregate paid up amount of U.S.\$750,000,000).

“**Liabilities**” means the non-consolidated gross liabilities of the Company, as shown in the latest published audited balance sheet of the Company, but adjusted for contingencies and subsequent events to such extent and in such manner as two directors of the Company or the Auditors may determine.

“**Senior Creditors**” means:

- (a) creditors of the Company:
 - (i) who are unsubordinated creditors;
 - (ii) whose claims are, or are expressed to be, subordinated (whether only in the event of the winding-up or administration of the Company or otherwise) to the claims of unsubordinated creditors of the Company but not further or otherwise; or
 - (iii) whose claims are, or are expressed to be, junior to the claims of other creditors of the Company, whether subordinated or unsubordinated, other than those whose claims rank, or are expressed to rank, *pari passu* with, or junior to, the claims of the Securityholders in a winding-up or administration of the Company occurring prior to a Conversion Trigger Event; and
- (b) the holders of all of the Existing Preference Shares (if any remain outstanding) and the holders of all securities of the Company ranking or expressed to rank *pari passu* with any of the Existing Preference Shares in a winding-up or administration of the Company occurring prior to a Conversion Trigger Event.

“**Conversion Shares Offer Consideration**” means in respect of each Security and as determined by the Conversion Calculation Agent: (i) if all of the Ordinary Shares to be issued and delivered on Conversion are sold in the Conversion Shares Offer, the *pro rata* share of the cash proceeds from the sale of such Ordinary Shares attributable to such Security translated, if necessary, into U.S. Dollars at the Prevailing Rate on the date specified by the Company (less any foreign exchange transaction costs) (rounded down if necessary to the nearest whole multiple of U.S.\$0.01), (ii) if some but not all of such Ordinary Shares are sold in the Conversion Shares Offer, (x) the *pro rata* share of the cash proceeds from the sale of such Ordinary Shares attributable to such Security translated, if necessary, into U.S. Dollars at the Prevailing Rate on the date specified by the Company (less any foreign exchange transaction costs) (rounded down if necessary to the nearest whole multiple of U.S.\$0.01) and (y) the *pro rata* share of such Ordinary Shares not sold pursuant to the Conversion Shares Offer attributable to such Security rounded down to the nearest whole number of Ordinary Shares, and (iii) if no Ordinary Shares are sold in a Conversion Shares Offer, the relevant Ordinary Shares attributable to such Security rounded down to the nearest

whole number of such Ordinary Shares, subject in the case of (i) and (ii)(x) above to deduction from any such cash proceeds of an amount equal to the *pro rata* share of any stamp duty, stamp duty reserve tax, or any other capital, issue, transfer, registration, financial transaction or documentary tax that may arise or be paid as a consequence of the transfer of any interest in such Ordinary Shares to the Conversion Shares Depositary as a consequence of the Conversion Shares Offer.

Status

The Securities will constitute direct, unsecured and subordinated obligations of the Company, and will rank *pari passu* and without any preference among themselves.

If:

- (b) an administrator of the Company is appointed and such administrator declares, or gives notice that it intends to declare and distribute a dividend,

then,

- (1) if such events specified in (a) or (b) above occur before the date on which a Conversion Trigger Event occurs, there shall be payable by the Company in respect of each Security (in lieu of any other payment by the Company), such amount, if any, as would have been payable to a Securityholder of such Security if, on the day preceding the commencement of such winding-up or administration and thereafter, such Securityholder were the holder of one of a class of preference shares in the capital of the Company (“**Notional Preference Shares**”):
 - (A) having an equal right to a return of assets in such winding-up or administration to, and so ranking *pari passu* with the holders of any securities of the Company ranking or expressed to rank *pari passu* with the Securities in such winding-up or administration;
 - (B) ranking in priority to:
 - (i) the holders of the Ordinary Shares; and
 - (ii) (unless the holders of such shares are Senior Creditors) the holders of any other class of shares in issue or deemed to be in issue for the time being in the capital of the Company; and
 - (C) ranking junior to:
 - (i) the holders of any shares which may be issued or deemed to be issued by the Company which, by their terms, rank in priority to the Notional Preference Shares in

such winding-up or administration; and

- (ii) the claims of Senior Creditors (as defined above),

and on the assumption that the amount that such holder was entitled to receive in respect of each Notional Preference Share, on a return of assets in such winding-up or such administration, were an amount equal to the principal amount of the relevant Security together with, to the extent not otherwise included within the foregoing, any other amounts attributable to the Security, including any accrued but unpaid interest thereon (to the extent not cancelled) and any damages awarded for breach of any obligations; and

- (2) if such events specified in (a) or (b) above occur on or after the date on which a Conversion Trigger Event occurs but the relevant Ordinary Shares to be issued and delivered to the Conversion Shares Depository on Conversion in accordance with Condition 7 have not been so delivered, there shall be payable by the Company in respect of each Security (in lieu of any other payment by the Company) such amount, if any, as would have been payable to the Securityholder if, on the day preceding the commencement of the winding-up or administration and thereafter, such Securityholder were the holder of such number of Ordinary Shares as that Securityholder would have been entitled to receive on Conversion.

The Conversion shall occur without delay upon the occurrence of a Conversion Trigger Event.

The Conversion Trigger Event shall occur if at any time the CET1 Ratio is less than 7.00 per cent. The CET1 Ratio is calculated on a consolidated and fully loaded basis.

“fully loaded” means, in relation to a measure that is presented or described as being on a “fully loaded basis”, that such measure is calculated without applying any transitional provisions set out in the Capital Regulations, including, as at the date hereof, Part Ten of the CRD IV Regulation and any related technical standards (where applicable).

Conversion Price

The **“Conversion Price”** per Ordinary Share in respect of the Securities is U.S.\$7.333, subject to adjustment in the circumstances described in Condition 7(e).

Once a Security has been converted into Ordinary Shares, there is no provision for the reconversion of such Ordinary Shares back into Securities.

Waivers granted by the Hong Kong Stock Exchange and specific mandate for the issuance of the Securities

The Company announced on 28 March 2022 that it had applied for, and the Hong Kong Stock Exchange had on 1 March 2022 granted, a waiver from strict compliance with the requirements of Rule 13.36(1) of the Hong Kong Listing Rules pursuant to which the Company was permitted to seek (and, if approved, utilise) an authority (the “**Specific Mandate**”) to issue contingent convertible securities (“**ECAT1 Securities**”) and to allot Ordinary Shares into which they may be converted or exchanged) representing up to 20 per cent. of the Company's issued share capital as at 21 March 2022.

At the 2022 annual general meeting of the Company, the shareholders of the Company approved the Specific Mandate allowing the Company to allot Ordinary Shares or to grant rights to subscribe for or to convert any security into Ordinary Shares without first offering them to existing shareholders in connection with the issue of ECAT1 Securities up to an aggregate nominal amount of U.S.\$302,578,862.50 (or 605,157,725 shares), representing approximately 20 per cent. of the Company's issued Ordinary Share capital as at 21 March 2022. Such Specific Mandate is effective until the end of the Company's annual general meeting in 2023 or if earlier, the close of business on 3 August 2023, and is in addition to any general mandate to allot Ordinary Shares granted by the shareholders at the 2022 annual general meeting of the Company. The Specific Mandate is also independent of any use of the ECAT1 Securities specific mandates granted at the Company's previous annual general meetings. The Company expects to seek similar authorities on an annual basis. For further details, please refer to the notice of the 2022 annual general meeting of the Company dated 29 March 2022 and the announcement of the Company dated 4 May 2022 disclosing the poll results of such meeting.

The Company has obtained all necessary consents, approvals and authorisations in the United Kingdom in connection with the issue and performance of the Securities. The issue of the Securities was authorised by resolutions of the Company's Board of Directors passed on 6 and 7 November 2019 and 26 July 2022 and of a duly authorised resolution of a committee of the Company's Board of Directors passed on 3 August 2022. Accordingly, the issuance of the Securities is not subject to further approval by the shareholders of the Company.

Application for listing

Application will be made for the Securities to be admitted to trading on the ISM. Application will also be made to the Hong Kong Stock Exchange for the listing of, and permission to deal in, the Ordinary Shares to be issued upon any Conversion of the Securities.

Reasons for the issuance of the Securities and use of proceeds

The net proceeds from the issue of the Securities will be used for the general business purposes of the Group, including, without limitation, to repurchase or refinance existing debt and to strengthen further the regulatory capital base of the Group.

The aggregate gross proceeds from the issuance of the Securities are expected to be U.S.\$1,250,000,000. The net proceeds from the issuance of the Securities, after the deduction of commission, are expected to be U.S.\$1,238,750,000.

Fund raising activities in the past twelve months

The Company has not carried out any issue of equity securities (save and except the issue of Ordinary Shares by the Company pursuant to the Scrip Dividend Scheme and the Share Plans) during the 12 months immediately preceding the date of this announcement. For these purposes, “**Scrip Dividend Scheme**” means the scrip alternative scheme of the Company for shareholders of the Company to elect to receive dividends wholly or partly in the form of new fully-paid Ordinary Shares instead of in cash, and “**Share Plans**” means the issuances by the Company of Ordinary Shares to certain of its directors and employees pursuant to or in connection with the grant of share awards, share option schemes, or share saving schemes of the Company (including but not limited to the 2011 Standard Chartered Share Plan, the 2001 Performance Share Plan, the 2006 Restricted Share Scheme, 2007 Supplementary Restricted Share Scheme and the 2013 Sharesave Plan).

Effects on shareholding structure of the Company

In the event a Conversion Trigger Event occurs and assuming full conversion of the Securities at their initial conversion price takes place, the Securities will be convertible into approximately 170,462,294 Ordinary Shares representing approximately 5.7 per cent. of the issued Ordinary Share capital of the Company as at 4 August 2022 and approximately 5.4 per cent. of the issued Ordinary Share capital of the Company as enlarged by the issue of such Ordinary Shares.

The Ordinary Shares to be issued upon Conversion of the Securities will rank *pari passu* in all respects with the Ordinary Shares in issue on the Conversion Date.

The following table summarises the potential effects on the shareholding structure of the Company as a result of the issuance of the Securities by reference to the information on shareholdings as at 4 August 2022 (being the latest practicable date prior to the release of this announcement) and assuming full conversion of the Securities:
