Dear Shareholder(s),

**MAJOR AND CONTINUING CONNECTED TRANSACTIONS
IN RELATION TO FINANCIAL ADVANCES
FRAMEWORK AGREEMENT
AND
NOTICE OF EXTRAORDINARY GENERAL MEETING**

INTRODUCTION

Reference is made to the announcement of the Company dated 27 June 2022 (the “**Announcement**”) in relation to the Financial Advances Framework Agreement.

LETTER FROM THE BOARD

The purpose of this circular is to provide you with, among other things, (i) details of the Advances under the Financial Advances Framework Agreement; (ii) a letter from the Independent Board Committee to the Independent Shareholders in relation to the terms of the Advances under the Financial Advances Framework Agreement; (iii) a letter of advice from the Independent Financial Adviser to the Independent Board Committee and the Independent Shareholders in relation to the terms of the Advances under the Financial Advances Framework Agreement; and (iv) a notice convening the EGM.

MAJOR AND CONTINUING CONNECTED TRANSACTIONS

(i) Background

As announced in the Announcement, on 27 June 2022 (after trading hours), the Company (for itself and on behalf of its subsidiaries) entered into the Financial Advances Framework Agreement with Zhong An Cayman (for itself and on behalf of its subsidiaries but excluding the Group), pursuant to which, among others, the Group will provide recurring advances to the Zhong An Group.

The Caps for the Advances under the Financial Advances Framework Agreement for the years ending 31 December 2022, 31 December 2023 and 31 December 2024 is RMB1,200 million, RMB1,500 million and RMB1,800 million, respectively.

(ii) Financial Advances Framework Agreement

The salient terms of the Financial Advances Framework Agreement are summarised below:

Date : 27 June 2022 (after trading hours)

Parties : (1) the Company (for itself and on behalf of its subsidiaries); and
(2) Zhong An Cayman (for itself and on behalf of its subsidiaries but excluding the Group).

The terms “the Company” and “Zhong An Cayman” used in the Financial Advances Framework Agreement will, as the case may be, mean the subsidiaries of the Company and Zhong An Cayman.

Term : From 27 June 2022 to 31 December 2024 (both days inclusive), subject to the satisfaction of the conditions precedent referred to below.

LETTER FROM THE BOARD

The term of the Financial Advances Framework Agreement can be extended on a mutually agreed basis, subject to compliance with the relevant requirements of the Listing Rules.

The Group will not make any Advances until the Independent Shareholders, if thought fit, passing resolution(s) approving the Financial Advances Framework Agreement and the transactions contemplated thereunder and the proposed Caps.

- Conditions precedent : The Financial Advances Framework Agreement is conditional on and subject to the compliance by the Company with the relevant Listing Rules requirements under Chapter 14 and Chapter 14A of the Listing Rules.
- The Advances : Zhong An Cayman shall utilise the Advances made by the Company pursuant to the Financial Advances Framework Agreement for its daily business operations.

Upon receipt of a written notice from Zhong An Cayman requesting for an Advance, the Company shall decide whether to make an Advance based on, among other things, its liquidity position. If the Company so decides to make an Advance, it shall, within 15 business days after the receipt of a written notice from Zhong An Cayman, make the relevant Advance pursuant to such written notice. If the Company is unable to make an Advance pursuant to a written notice of Zhong An Cayman, or considers necessary to amend the terms of a written notice, it shall reply to Zhong An Cayman within 3 business days after the receipt of such written notice of Zhong An Cayman.

The specific terms of each Advance regarding the amount, the receiving bank account and the repayment date, etc. are to be mutually agreed by the parties, and (if required) stipulated under separate agreements to be entered into by the parties. Each of the Advances shall be repayable on demand in case of any event of default of the specific agreements.

The parties agree that Zhong An Cayman is not required to provide any guarantee for the Advances, unless otherwise negotiated and agreed by the parties.

LETTER FROM THE BOARD

Interests : Interests shall be payable by Zhong An Cayman to the Company for each Advance, the rate of which shall be determined by reference to the benchmark interest rate as then promulgated by the People's Bank of China for RMB short-term loan, and comparable to the then normal commercial terms or better.

Caps : The Caps for the three years ending 31 December 2024 are as follows:

- (a) RMB1,200 million for the year ending 31 December 2022 (from the date of commencement of the term aforementioned);
- (b) RMB1,500 million for the year ending 31 December 2023; and
- (c) RMB1,800 million for the year ending 31 December 2024.

Set out below are the historical highest daily balance amount of the recurring advances provided by the Group to the Zhong An Group for the three years ended 31 December 2021:

	Highest daily balance <i>RMB million</i> <i>(approximately)</i>
For the year ended 31 December 2019	1,229.3
For the year ended 31 December 2020	1,400.0
For the year ended 31 December 2021	2,224.4

In determining the Caps, the Company has taken into account of the following:

- (a) the historical amounts of the recurring advances made by the Group to the Zhong An Group, with an average increase of the highest daily balance amount of approximately 34.5% for the three years ended 31 December 2021;

LETTER FROM THE BOARD

- (b) the anticipated financial needs of the Zhong An Group, estimated with reference to the financial figures as disclosed or derived from the annual reports of Zhong An Cayman, including (i) Zhong An Cayman's cash and cash equivalents in the amount of approximately RMB5,232.7 million as at 31 December 2021; (ii) the net cash used in operating activities of approximately RMB268.9 million in the financial year ended 31 December 2021; (iii) the total interest-bearing bank and other borrowings of the Zhong An Group of approximately RMB16,993.9 million (of which approximately RMB3,618.9 million were due within one year or on demand); and (iv) the growth rate of the development and implementation of property projects in cities and regions within the Yangtze River Delta Region by the Zhong An Group, which have achieved a compound annual growth rate of approximately 49.9% from 2019 to 2021; and

- (c) the anticipated cash inflows to be generated by the Company, together with its expected funding needs and liquidity position in light of the possible property market downturn in the foreseeable future.

The Caps, representing the highest daily balance amount that the Group may advance to the Zhong An Group, are not directly comparable to the amounts of "cash and cash equivalents" and the "bank borrowings" as at the financial year end, as (i) the Advances might not have been made to the Zhong An Group in the same financial year; and (ii) the year-end financial figures may not represent the highest cash position of the Group during the financial year.

For the year ended 31 December 2021, the Group has generated net cash inflow from its operating activities in the amount of approximately RMB813.0 million, which is similar to the increase of advance amount being made by the Group to the Zhong An Group (in the amount of approximately RMB824.4 million) from 2020 to 2021, indicating that the Company had an adequate internal resources for providing such recurring advances to the Zhong An Group.

For the six months ended 30 June 2022, the Group has generated contracted sales revenue in the amount of approximately RMB616.1 million. As a result, the Company anticipates that it would have sufficient cash for providing the Advances for the year ending 31 December 2022.

LETTER FROM THE BOARD

Taking into account of the historical advance amount of up to RMB2,224.4 million, and the average increase of the highest daily balance amount of approximately 34.5%, each for the three years ended 31 December 2021 respectively, together with the possible property market downturn, the Company considers that the amounts of the proposed Caps, and its increase level for the three years ending 31 December 2024, are fair and reasonable.

(iii) Internal control procedures

In order to ensure that (i) the terms of the Financial Advances Framework Agreement and the transactions contemplated thereunder are on normal commercial terms and are fair and reasonable to the Company and its Shareholders taken as a whole; and (ii) the interest charged to the Zhong An Group are no less favourable than those charged to independent third parties by the Company for similar transactions, the Company has adopted the following internal control measures, pursuant to which it conducts regular monitoring and review of the relevant transactions:

- (a) prior to requesting for an Advance, Zhong An Cayman shall submit a written notice to the Company requesting for an Advance. Upon which, the relevant personnel of the Company shall prepare a notification form for internal approval by the financial management department of the Group, setting out the details of the request, including the use of Advance proceeds, expected interest rate, expected drawdown date, expected repayment date, and whether such Advance is expected to be secured;
- (b) when deciding whether to make an Advance upon a request, the financial management department of the Company will assess the liquidity and financial resources of the Group with reference to the amount of Advance requested, any foreseeable funding needs of the Group, to ensure that the liquidity position of the Group remains sufficient to meet its funding requirements from time to time and the Group's total assets and total liabilities are not materially adversely affected if the requested Advance is to be made;
- (c) in addition, the Group shall perform due diligence work on the Zhong An Group before its approval of the relevant Advances, which includes (i) conducting public searches on the good standing of the relevant Zhong An Group companies; (ii) taking into account of the then historical credibility of the Zhong An Group in repaying to the Company; (iii) conducting meetings with the relevant Zhong An Group companies in relation to negotiation of the specific terms of the Advances; (iv) assessing the financial situation of the Zhong An Group by reviewing its audited accounts and management accounts to be submitted to the Group from time to time;

LETTER FROM THE BOARD

- (d) the financial management department of the Company will regularly keep track of the benchmark interest rate promulgated by the People's Bank of China for RMB short-term loan and any relevant interest rates adopted by transactions similar to the Advances to ensure that the interest rate to be charged on each Advance will be on normal commercial or better terms; and
- (e) lastly, the financial management department of the Company will review and monitor the Advances to ensure that the relevant Cap will not be exceeded.

Based on historical advances provided by the Group to the Zhong An Group for the three years ended 31 December 2021, the Group had always been able to fully recover the amount of advances made in accordance with the terms and conditions of such relevant advances from the Zhong An Group. Although generally the Advances are not to be guaranteed, to secure recoverability, where necessary, the Group may agree with the Zhong An Group to provide guarantee for the Advances.

(iv) Reasons for and benefits of the Financial Advances Framework Agreement

As a property developer, the Zhong An Group is in need of short-term funds from time to time to finance its daily operation. One of the Group's treasury objectives is to seek an optimum utilisation of its funds so as to generate income to the Group. As the Zhong An Group may be in need of funds from time to time, the transactions contemplated under the Financial Advances Framework Agreement would help enhance the efficiency in the use of the Group's available funds or working capital and generate a revenue stream from the expected interest income.

The Group will finance the Advances from internal resources.

The Directors (excluding the independent non-executive Directors who will form their views in respect of the transactions contemplated under the Financial Advances Framework Agreement after considering the advice of the Independent Financial Adviser) are of the view that (i) while the entry into the Financial Advances Framework Agreement was not in the ordinary and usual course of business of the Group, the terms of the Financial Advances Framework Agreement are considered to be on normal commercial terms, fair and reasonable and in the interests of the Group and the Shareholders as a whole; and (ii) the basis of determining the proposed Caps is fair and reasonable.

The Board approved the Financial Advances Framework Agreement, the transactions contemplated thereunder and the proposed Caps. None of the Directors had a material interest in such transactions and was required to abstain from voting in respect of the resolutions approving such transactions.

LETTER FROM THE BOARD

(v) Listing Rules implications

Since Zhong An Cayman is a controlling Shareholder (indirectly interested in approximately 66.02% of the issued share capital of the Company) of the Company, Zhong An Cayman is a connected person of the Company under Chapter 14A of the Listing Rules. As one or more of the applicable percentage ratios (as defined under the Listing Rules) in respect of the Advances based on the highest Cap during the term of the Financial Advances Framework Agreement exceeds 5%, the Advances constitute non-exempted continuing connected transactions for the Company under Chapter 14A of the Listing Rules and are therefore subject to the reporting, announcement and independent shareholders' approval requirements under Chapter 14A of the Listing Rules. In addition, the Company is required to comply with the annual review requirements under the Listing Rules in respect of the Advances.

Further, the Advances constitute provision of financial assistance by the Group to the Zhong An Group under Chapter 14 of the Listing Rules. As the highest applicable percentage ratio (as defined under the Listing Rules) in respect of the Advances based on the highest Cap during the term of the Financial Advances Framework Agreement exceeds 25% but all the applicable percentage ratios are less than 100%, the Advances constitute major transactions of the Company and are therefore subject to reporting, announcement and independent shareholders' approval requirements pursuant to Chapter 14 of the Listing Rules.

The Company will seek the Independent Shareholders' approval in respect of the Financial Advances Framework Agreement and the transactions contemplated thereunder and the proposed Caps.

(vi) Information of the parties

The Company and the Group

The Company is an investment holding company. The Group is principally engaged in commercial property development, leasing and hotel operations.

Zhong An Cayman and the Zhong An Group

The principal activity of Zhong An Cayman is investment holding. The Zhong An Group is principally engaged in property development, property leasing and hotel operations.

(vii) Financial effect of the Advances under the Financial Advances Framework Agreement

The Directors are of the opinion that the provision of the Advances by the Group to the Zhong An Group under the Financial Advances Framework Agreement will not have material impact on the earnings, assets and liabilities of the Group.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

As set out in the Letter from the Board, since Zhong An Cayman is a controlling Shareholder (indirectly interested in approximately 66.02% of the issued share capital of the Company) of the Company, Zhong An Cayman is a connected person of the Company under Chapter 14A of the Listing Rules. LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

According to the Zhong An Annual Report 2021, properties under development represent properties which are or are expected to be under construction. Except for one property located in Canada and one property located in Japan, the Zhong An Group's properties under development are all located in Mainland China. Properties under development increased from approximately RMB18,697.9 million as at 31 December 2020 to approximately RMB28,124.6 million as at 31 December 2021, mainly due to the commencement of construction of a number of projects such as the Cloud Land, Ruiyuan Mansion, Lotus Mansion, Beigan Project and Chaoyue Mansion in FY2021.

The Zhong An Group's cash and cash equivalents increased from approximately RMB4,792.5 million as at 31 December 2020 to approximately RMB5,232.7 million as at 31 December 2021, mainly attributable to the net cash generated from financing activities primarily resulting from the capital injected by non-controlling interests. LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

3. Industry outlook

In 2021, China's government reaffirmed the principle of "housing is for living, not speculation" and imposed stricter financial rules for property development to deleverage the real estate industry, resulting in a cooling property market. According to National Bureau of Statistics, the annual growth of investment in China's property sector decreased from approximately 7.0% in 2020 to approximately 4.4% in 2021. The newly constructed area was relatively robust in the first half of 2021, but eventually decreased by 11.4% at the end of the year, after the strain of regulatory measures started affecting property developers. In 2021, the total land area purchased by property development enterprises was approximately 215.9 million sq.m., representing a decline of approximately 15.5% as compared with that of 2020. The growth rate of total sold area of marketable residential properties decreased from approximately 2.6% in 2020 to approximately 1.9% in 2021. As a result of the tightened financial rules, the total domestic loans granted to property developers decreased by approximately 12.7% from 2020 to 2021.

Looking into 2022, the emergence of new COVID-19 variants such as Omicron and associated measures to contain its spread will pose a risk to the economy this year. However, reforms in the real estate industry are expected to be continued with more policy adjustments. Regulators have taken steps to provide greater access to funds and stabilize property sales. According to the Notice of Strengthening Financial Services for New Urban Residents* (關於加強新市民金融服務工作的通知) jointly published by China Banking and Insurance Regulatory Commission ("CBIRC") and the People's Bank of China ("PBC"), commercial banks are encouraged to strengthen housing provident fund service channels and reasonably meet citizens' mortgage loan needs. Since March 2022, banks in more than 100 cities in China have lowered mortgage rates by an average of 20 to 60 basis points and imposed smaller down-payments to boost demand. On a broader scale, the regulators have also accelerated mergers and acquisitions among debt-ridden real estate firms to mitigate risks according to the Notice of Promoting M&A Financial Services Dealing with Risky Projects of Key Real Estate Enterprises* (關於做好重點房地產企業風險處置項目併購金融服務的通知) jointly published by CBIRC and PBC. These policies intend to counter the deterioration in the real estate market.

4. Background and reasons of entering into the Financial Advances Framework Agreement

As discussed with the Management, in considering the entering into of the Financial Advances Framework Agreement, they have taken into account the below background and major reasons.

* for identification purpose only

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

4.1 Rectification of past non-compliance

The Financial Advances Framework Agreement serves as part of the Company's efforts to rectify the non-compliance as described in the Company's announcement dated 27 April 2022 and supplemental announcement dated 25 May 2022 ("**Non-compliance Announcements**"). As disclosed in the Non-compliance Announcements, the Group had entered into certain transactions with the Zhong An Group, which included recurring advances made by the Group to the Zhong An Group from time to time (the "**Historical Transactions**"). The advances constituted provision of financial assistance by the Group to the Zhong An Group under Chapter 14 and continuing connected transactions of the Company under Chapter 14A of the Listing Rules. The Directors considered that the failure of the Company to comply with the Listing Rules was due to an oversight and inadvertent misunderstanding of the Listing Rules. The advances mainly represented recurring advances provided by the Group to the Zhong An Group. Similarly, the Zhong An Group also provided financial assistance to the Group. Such allocation of funds between the Zhong An Group and the Group was with an aim to maximise the effective utilisation of their available funds. It was mistakenly considered that such allocation of funds among companies were intra-group transactions falling outside the compliance requirements of the Listing Rules.

4.2 Imminent needs of funds by the Zhong An Group

According to the Letter from the Board, as a property developer, the Zhong An Group is in need of short-term funds from time to time to finance its daily operation.

As set out under sub-section headed "2.3 Financial position of the Zhong An Group", the Zhong An Group has a relatively high net gearing ratio of approximately 97.1% and 100.2% as at 31 December 2020 and 2021, respectively; and the Zhong An Group's interest-bearing bank and other borrowings increased from approximately RMB15,493.4 million as at 31 December 2020 to approximately RMB16,993.9 million as at 31 December 2021. As advised by the Management, it may be difficult for the Zhong An Group to obtain additional external financing given the tightened financial regulations in the PRC. Therefore, the continual provision of the Advances is essential for the Zhong An Group to maintain its existing financial resources to support its daily operation and business development.

Furthermore, we understood from the Management that the Financial Advances Framework Agreement is only to provide framework to the parties for the negotiations of the future Advances from time to time on non-exclusive basis. The Advances are used to finance the general operation and business development of the Zhong An Group.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

The Management considers that the provision of the Advances is commercially justifiable and is therefore in the interests of the Company. More importantly, the Management considers that the continual provision of the Advances will enable the Zhong An Group to maintain its existing financial resources for daily operation and business development, while the Group, being a member within the Zhong An Group, would benefit from the stable development of the Zhong An Group by enjoying the synergy brought by its continuous business growth and brand image, which is in the interests of the Company and the Shareholders as a whole.

4.3 Optimal utilisation of idle funds

According to the Letter from the Board, one of the Group's treasury objectives is to seek an optimal utilisation of its funds so as to generate income to the Group. As the Zhong An Group may be in need of funds from time to time, the transactions contemplated under the Financial Advances Framework Agreement would help enhance the efficiency in the use of the Group's available funds or working capital and generate a revenue stream from the expected interest income.

As set out under sub-section headed "1.3 Financial position of the Group", the Group's cash and cash equivalents amounted to approximately RMB994.1 million and RMB1,603.1 million as at 31 December 2020 and 2021, respectively. The Group generated positive cash flow from both operating activities and investing activities in FY2021. The Group's cash position is more than sufficient to support its daily operation. According to the Annual Report 2021, cash and cash equivalents mainly represent cash at banks which yield interests at floating rates based on daily bank deposit rates. We further performed independent search and noted from the website of Bank of China that, at the Latest Practicable Date, the deposit interest rate ranges from 0.3% per annum to 1.35% per annum depending on the period from demand to three months according to the List of Interest Rate for RMB Deposit published on the website. The provision of financial Advances to the Zhong An Group would enable the Group to earn a higher interest yield on its cash balances, as further discussed under section "Principal terms of the Financial Advances Framework Agreement" below.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Considering that (i) the entering into of Financial Advances Framework Agreement serves as part of the Company's efforts to rectify its past non-compliance; (ii) there were imminent needs of funds by the Zhong An Group; (iii) the provision of Advances would assist the Group to optimize its utilization of idle funds given the interest to be earned on the Advances would be higher than the interest earned from the bank deposit, and (iv) the credit risk is relatively lower given Zhong An Cayman is the controlling Shareholder of the Company and settlement records of Historical Transactions as disclosed in the Non-compliance Announcements, we concur with the Directors' view that the entering into of the Financial Advances Framework Agreement is fair and reasonable and in the interests of the Company and its shareholders as a whole.

- (b) RMB1,500 million for the year ending 31 December 2023; and

which is determined mainly on the basis of (i) the historical amounts of the advances made by the Group to the Zhong An Group; and (ii) the expected financial needs of the Zhong An Group.

When considering the fairness and reasonableness of the terms of the Financial Advances Framework Agreement, we have taken into account the following factors:

Interest rate

According to the Letter from the Board, the interest rate shall be determined by reference to the benchmark interest rate as then promulgated by the PBC for RMB short-term loan, and comparable to the then normal commercial terms or better. The specific terms of the Advances including but not limited to interest rate are to be mutually agreed by the parties, and (if required) stipulated under separate agreements to be entered into by the parties. For illustrative purpose only, as at the Latest Practicable Date, interest rate of RMB short-term loan with term of one year or lower is 4.35% per annum, while the deposit interest rate ranges from 0.3% per annum to 1.35% per annum depending on the period from demand to three months, according to Bank of China.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Considering that the interest rate would be determined with reference to the benchmark interest rate for RMB short-term loan, which is believed to be higher than the interest rate to be yielded on cash deposited at banks in the PRC, we concur with the Directors' view that the interest rate of the Financial Advances Framework Agreement is fair and reasonable and in the interests of the Company and its Shareholders as a whole.

Term

The Financial Advances Framework Agreement is for the term from 27 June 2022 to 31 December 2024 (both days inclusive, the “**Term**”), subject to the satisfaction of the conditions thereunder. In principle, each Advance to be provided under the Financial Advances Framework Agreement during the Term will be valid until the expiry date of the separate agreement to be entered into, subject to the compliance with the Listing Rules. If the term of any of the proposed loan agreements to be entered into by the Group during the Term lasts beyond the Term, if any, the Company will comply with the requirements of the Listing Rules by issuing announcement and obtaining prior approval from Independent Shareholders of the Company, if necessary.

6. Historical transaction amount and the proposed Caps under the Financial Advances Framework Agreement

According to the Letter from the Board, the proposed Caps for the Advances under the Financial Advances Framework Agreement for the years ending 31 December 2022 (from the date of commencement of the Term, i.e. 27 June 2022), 31 December 2023 and 31 December 2024 are RMB1,200 million, RMB1,500 million and RMB1,800 million respectively, which is determined mainly on the basis of (i) the historical amounts of the recurring advances made by the Group to the Zhong An Group; and (ii) the anticipated financial needs of the Zhong An Group.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

6.1 Historical amounts of recurring advances made by the Group to the Zhong An Group from 2014 to 22 April 2022

In assessing the fairness and reasonableness of the proposed Caps, we have compared the proposed Caps with the historical amounts of recurring advances made by the Group to the Zhong An Group. As disclosed in Non-compliance Announcements and the Letter from the Board, the historical amount of advances made by the Group to the Zhong An Group from 2014 to 22 April 2022 is set out in the table below.

	Highest daily balance
<i>For the year ended 31 December</i>	<i>RMB (million)</i>
2014	112.4
2015	112.4
2016	80.1
2017	80.1
2018	39.3
2019	1,229.3
2020	1,400.0
2021	2,224.4
1 January 2022 – 22 April 2022	1,317.3

As discussed with the Management, the proposed Caps were determined mainly with reference to the historical amounts of the advances, especially more recent highest daily balances from 1 January 2019 to 22 April 2022. We are of the view that recent historical amounts of advances are more representative of the Zhong An Group's potential funding needs. As shown in the table above, the historical highest daily balance of advances provided by the Group ranged from approximately RMB1,229.3 million to approximately RMB2,224.4 million during the period from 1 January 2019 to 22 April 2022. Furthermore, as disclosed in the supplemental announcement of the Company dated 5 July 2022, the Directors confirmed that no advance was made after 22 April 2022. The proposed Caps for the Advances of RMB1,200 million, RMB1,500 million and RMB1,800 million for the years ending 31 December 2022 (from the date of commencement of the Term, i.e. 27 June 2022), 31 December 2023 and 31 December 2024 are close to the highest daily balance of advances during the period from 1 January 2019 to 22 April 2022. In addition, as advised by the Management, after taking into account the recent property market downturn, the Management expected that a proposed Cap of RMB1,200 million for the period from 27 June 2022 to 31 December 2022, which is lower than the historical highest daily balance for the years ended 31 December 2019 to 2021, would be fair and reasonable on the basis that the Management believes that the liquidity position of the Group would remain

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

sufficient to meet its daily operation needs given there would be cash inflows to be generated from its operating activities, in particular, cash to be received from its contracted sales. Although the highest Cap of RMB1,800 million for the year ending 31 December 2024 is higher than the Group's cash and cash equivalents of approximately RMB1,603 million as at 31 December 2021, considering that (i) such proposed Cap is lower than the highest daily balance of approximately RMB2,224.4 million in 2021; (ii) the proposed Caps only represent the highest possible outstanding balance due from the Zhong An Group under the Financial Advances Framework Agreement, the Company is not obliged to provide the Advances of such amounts and the Company would assess its then cash position and working capital needs before making the Advances; and (iii) the cash position of the Group will fluctuate from time to time in a year, and the balance as at year end only represents the cash position at a particular point of time, the Management considered that the proposed Cap of RMB1,800 million for the year ending 31 December 2024 is fair and reasonable.

Considering (i) the proposed Caps were close to the highest daily balance of advances during the period from 1 January 2019 to 22 April 2022; (ii) the historical amounts of the advances made by the Group to the Zhong An Group increased at a compound annual growth rate of approximately 34.5% from 2019 to 2021; (iii) the Management has taken into account the recent property market downturn in determining the proposed Caps; (iv) the Group recorded contracted sales of approximately RMB2,650.8 million during the year ended 31 December 2021 while the Group recorded contract liabilities of approximately RMB2,063.3 million as at 31 December 2021, which indicated that the Group is expected to record cash inflows of at least RMB587.5 million in the near future; (v) the Group had completed properties held for sale of approximately RMB1,087.1 million as at 31 December 2021; and (vi) as set out in the Letter from the Board, the financial management department of the Company will assess the liquidity and financial resources of the Group to ensure that the liquidity position of the Group remains sufficient to meet its funding requirements from time to time, we concur with the Directors' view that the proposed Caps for the Advances under the Financial Advances Framework Agreement are fair and reasonable.

6.2 Funding needs of the Zhong An Group

To further assess the fairness and reasonableness of the proposed Caps, we have discussed with the Management and understood that in estimating the funding needs up to 31 December 2024, the Zhong An Group has principally considered (i) its operating working capital requirement; (ii) development costs of the existing projects; (iii) capital requirement for its potential new projects; and (iv) the existing loans repayment and renewal schedules. Further, we noted that the Zhong An Group has been developing and implementing a number of property projects in cities and regions within the Yangtze River Delta Region, which have achieved a rapid growth in contracted sales from 2019 to 2021 at a compound annual growth rate of approximately 49.9% based on the contracted sales figures disclosed in the Zhong An Financial Reports. We also performed public search and noted that in spite of a downward trend in the China's real estate market, the Zhong An Group continued to purchase new land in Zhejiang Province in the first half of 2022. According to the Zhong An Annual Report 2021, as at 31 December 2021, the Zhong An Group has a total land bank of approximately 10.48 million sq. m. in the Yangtze Delta, Kunming and Qingdao, which was expected to support its development for the next five year. Accordingly, the Management, together with the Zhong An Group, considered the highest daily balance of the Advances would face an increasing trend from 2022 to 2024 and thus has determined the proposed Caps to be RMB1,200 million, RMB1,500 million and RMB1,800 million for the years ending 31 December 2022 (from the date of commencement of the Term, i.e. 27 June 2022), 31 December 2023 and 31 December 2024, respectively. With the support from the Group, the Zhong An Group will have a higher degree of financial flexibility for its potential property projects while being able to meet its daily operation needs.

According to the Zhong An Annual Report 2021, we noted that (i) its cash and cash equivalents as at December 31, 2021 were approximately RMB5,232.7 million, and (ii) the net cash used in operating activities in FY2021 was approximately RMB268.9 million. We also noted that as at 31 December 2021, the total interest-bearing bank and other borrowings of the Zhong An Group amounted to approximately RMB16,993.9 million, of which approximately RMB3,618.9 million were due within one year or on demand. As advised by the Management, although the available cash of the Zhong An Group may be sufficient to repay the existing short-term bank and other borrowings as they fall due, additional funds would be needed for meeting its daily working capital needs and capital requirement for potential new projects as discussed above.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Considering that (i) the Zhong An Group has increasing funding needs for its potential property projects in coming few years as supported by its continuous historical growth in contracted sales and the land bank on hand for future development; (ii) given the current cash balance and the indebtedness position of the Zhong An Group, additional funds would be needed by the Zhong An Group to fulfil its daily operation needs and to capture potential business opportunities, we consider that the proposed Caps for the Advances under the Financial Advances Framework Agreement are fair and reasonable.

Having considered the above, we are of the view that the terms of the Financial Advances Framework Agreement are on normal commercial terms and are fair and reasonable so far as the Company and the Independent Shareholders are concerned.

7. Internal control measures

As stated in the Letter from the Board, in order to ensure that (i) the terms of the Financial Advances Framework Agreement and the transactions contemplated thereunder are on normal commercial terms and are fair and reasonable to the Company and its Shareholders taken as a whole; and (ii) the interest charged to the Zhong An Group are no less favourable than those charged to independent third parties by the Company for similar transactions, the Company has adopted the following internal control measures, pursuant to which it conducts regular monitoring and review of the relevant transactions:

- (a) prior to requesting for an Advance, Zhong An Cayman shall submit a written notice to the Company requesting for an Advance. Upon which, the relevant personnel of the Company shall prepare a notification form for internal approval by the financial management department of the Group, setting out the details of the request, including the use of Advance proceeds, expected interest rate, expected drawdown date, expected repayment date, and whether such Advance is expected to be secured;
- (b) when deciding whether to make an Advance upon a request, the financial management department of the Company will assess the liquidity and financial resources of the Group with reference to the amount of Advance requested and any foreseeable funding needs of the Group to ensure that the liquidity position of the Group remains sufficient to meet its funding requirements from time to time and the Group's total assets and total liabilities are not materially adversely affected if the requested Advance is to be made. We have obtained the template of the internal requisition and approval form, which includes details of (i) proposed advances including but not limited to the amounts, interest rates, expected repayment dates and expected usage of the Advances; (ii) credit assessment of the borrower; and (iii) internal assessment of the Group's liquidity position, for possible Advances in the future;

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

- (c) in addition, the Group shall perform due diligence work on the Zhong An Group before its approval of the relevant Advances, which includes (i) conducting public searches on the good standing of the relevant Zhong An Group companies; (ii) taking into account of the then historical credibility of the Zhong An Group in repaying to the Company; (iii) conducting meetings with the relevant Zhong An Group companies in relation to negotiation of the specific terms of the Advances; (iv) assessing the financial situation of the Zhong An Group by reviewing its audited accounts and management accounts to be submitted to the Group from time to time. Further, as advised by the Management, they will also understand the funding purpose, and assess the viability and feasibility of the projects and their potential to generate sufficient cash flows. After making an Advance, they will continue to (i) monitor the Zhong An Group's financial capability, (ii) keep track of any negative news regarding the Zhong An Group, (iii) regularly follow up with the Zhong An Group regarding the status of the relevant projects, (iv) review settlement amounts regularly and notify the Zhong An Group for any overdue balances, and (v) request immediate repayment from the Zhong An Group if the Group is aware of any potential issues on recoverability or any event of default;
- (d) the financial management department of the Company will regularly keep track of the benchmark interest rate promulgated by the PBC for RMB short-term loan and any relevant interest rates adopted by transactions similar to the Advances to ensure that the interest rate to be charged on each Advance will be on normal commercial or better terms; and
- (e) lastly, the financial management department of the Company will review and monitor the Advances to ensure that the relevant Cap will not be exceeded. We have obtained the monthly review and monitoring form from April to June 2022 and noted that the required internal control procedures were properly followed.

As stated in the Letter from the Board, based on historical advances provided by the Group to the Zhong An Group for the three years ended 31 December 2021, the Group had always been able to fully recover the amount of advances made in accordance with the terms and conditions of such relevant advances from the Zhong An Group. Although generally the Advances are not to be guaranteed, to secure recoverability, where necessary, the Group may agree with the Zhong An Group to provide guarantee for the Advances. In view of it and the above due diligence work performed by the Group on the Zhong An Group before and after the grant of Advances, we concur with the Management's view that the internal measures are sufficient to ensure the recoverability of the Advances.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

We have also obtained samples of internal approval forms of the Historical Transactions covering each quarter of 2018 to 2021 in which advances were made to the Zhong An Group and noted that although the Company failed to comply with the relevant Listing Rules requirements in the past, the Historical Transactions were reviewed and approved by the financial management department and/or the senior management before the Advances were made. With respect to the historical transactions during 2018 to 2021, we also performed additional work done regarding the internal control measures on the interest rates charged. As advised by the Management, when the current account recorded a net balance due from the Zhong An Group during a year, interest with interest rate determined with reference to prevailing market interest rates would be charged. As further advised by the Management, the financial management department regularly monitored the movement of the current account and kept track on the prevailing RMB loan interest rate published by the commercial banks from time to time to ensure the interest rate charged on Historical Transactions to be on normal commercial or better terms. We have obtained from the Management (i) current account between the Group and the Zhong An Group and noted that interests were accrued to the current account of the Zhong An Group at rates of 8% and 10% for the years ended 31 December 2020 and 2021 and the period from 1 January 2022 to 22 April 2022, and (ii) market loan prime rate of commercial banks from 2018 to 2021. We also conducted independent search and noted that according to the website of Bank of China, the interest rate of RMB loan within one year has been 4.35% per annum since 24 October 2015. Therefore, the interest rates charged on historical advances as mentioned above were higher than the prevailing interest rate on short-term RMB loans from commercial banks.

We further understood from the Management that the Company will also provide information and supporting documents to its independent non-executive Directors and auditors in order for them to conduct an annual review of the continuing connected transactions entered into by the Company. In accordance with the requirements under the Listing Rules, the independent non-executive Directors will provide an annual confirmation to the Board as to whether the Financial Advances Framework Agreement has been entered into in the ordinary and usual course of business of the Group, are on normal commercial terms and are in accordance with the agreements governing them on terms that are fair and reasonable and in the interests of the Shareholders as a whole, and the Company will procure that its auditors will provide confirmation to the Board on an annual basis as to whether anything has come to their attention that causes them to believe that the Financial Advances Framework Agreement has not been approved by the Board, or is not conducted in accordance with the internal control procedures of the Group in all material respects, or is not entered into in accordance with the relevant agreement governing the Financial Advances Framework Agreement in all material respects or have exceeded the Caps applicable to these Advances.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Furthermore, as disclosed in the Company's announcement dated 27 April 2022, we noted that remedial measures and enhanced internal control system have been in place in relation to the past non-compliance with Chapter 14 and Chapter 14A of the Listing Rules, which include but not limited to:-

- (i) the sum due from Zhong An Group of RMB585 million as at 31 December 2021 was fully settled on 22 April 2022, and the Company ceased carrying all transactions similar to the advances until full compliance with the Listing Rules, including the entering into framework agreement with the Zhong An Group and obtaining relevant approvals for the estimated annual caps. Furthermore, as disclosed in the supplemental announcement of the Company dated 5 July 2022, the Directors confirmed that (i) all outstanding advances up to 22 April 2022 (being the date on which the advances were ceased) were settled, (ii) no advance was made after 22 April 2022, and (iii) the Group will not make any advances until the Independent Shareholders, if thought fit, pass resolution(s) approving the Financial Advances Framework Agreement and the transactions contemplated thereunder and the proposed Caps. We have obtained the internal records of the current accounts between the Group and the Zhong An Group (與眾安的月度往來賬餘額監控) and noted that the sum due from Zhong An Group was fully settled in April 2022 and no further advances have been provided to the Zhong An Group up to June 2022;
- (ii) arranging for a special and in-depth training on Chapter 14 and Chapter 14A of the Listing Rules, in particular in relation to transactions similar to the advances to the executive Directors and the senior management of the Group to strengthen and reinforce their knowledge. We have obtained the notice of training dated 24 May 2022 and training materials distributed to the executive Directors and the senior management of the Group regarding Chapter 14 and Chapter 14A of the Listing Rules;
- (iii) updating and providing more detailed guidelines to its staff on notifiable and connected transactions. We have obtained the updated guidelines on connected transactions specifying the detailed procedures including, among others, documenting list of connected persons, identifying the connected transactions, preparing annual plan for connected transactions, monitoring the amount of continuing connected transactions, and delivering quarterly report to the Management;
- (iv) continuing to review and monitor the internal control measures of the Group to ensure all current and future transactions shall be in compliance with the applicable requirements of the Listing Rules and other relevant laws and regulations; and

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

- (v) retaining Hong Kong legal adviser for advice on compliance with the Listing Rules. We have obtained the engagement letter of retaining Watson Farley & Williams LLP as Hong Kong legal adviser for advice on compliance with the Listing Rules.

Having considered that (i) the Company has adopted internal control measures which provide that the transactions contemplated under the Financial Advances Framework Agreement shall comply with the applicable requirements under Chapter 14 and Chapter 14A of the Listing Rule; (ii) the transactions contemplated under the Financial Advances Framework Agreement will be annually reviewed by the independent non-executive Directors and the external auditors of the Company; and (iii) the effective remedial measures and enhanced internal control system have been in place, we concur with the Directors' view that the above internal control measures adopted by the Company in respect of the transactions under the Financial Advances Framework Agreement are appropriate and that they will give sufficient assurance to the Shareholders that the transactions under the Financial Advances Framework Agreement will be appropriately monitored.

RECOMMENDATION

Having considered the above principal factors and reasons, we are of the opinion that although the entering into of the Financial Advances Framework Agreement was not in the ordinary and usual course of business of the Group, the terms of the Financial Advances Framework Agreement, the transactions contemplated thereunder, and the proposed Caps are fair and reasonable and on normal commercial terms so far as the Company and the Independent Shareholders are concerned and in the interests of the Company and the Shareholders as a whole. Accordingly, we recommend the Independent Board Committee to advise the Independent Shareholders to vote in favour of the relevant resolution(s) for approving the Financial Advances Framework Agreement, the transactions contemplated thereunder, and the proposed Caps at the EGM.

Yours faithfully,

2. INDEBTEDNESS STATEMENT

As at 30 June 2022, being the most recent practicable date for the purpose of compiling this indebtedness statement of the Group prior to the printing of this circular, the indebtedness of the Group was as follows:

Borrowings

The Group had bank loans and other borrowings repayable within one year and after one year of approximately RMB2,237,628,000 and approximately RMB2,330,425,000, respectively, all of which are secured loans. As at 30 June 2022, certain of the Group's borrowings of RMB50,000,000 were guaranteed by Mr. Shi Zhongan, a non-executive director of the Company, and all other borrowings are unguaranteed. Except for certain bank and other borrowings amounting to approximately RMB774,000,000 that bear interest at fixed rates, all bank loans bear interest at floating rates.

Contract liabilities

The Group had contract liabilities of approximately RMB2,442,252,000. Contract liabilities are recognised when payments are received or payments are due (whichever are earlier) from a customer before the Group transfers the related properties, goods or services. Contract liabilities are recognised as revenue when the Group performs under the contract (i.e., transfers control of the related properties, goods or services to the customer).

Lease liabilities

The Group had lease liabilities of approximately RMB170,104,000. Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for termination of a lease, if the lease term reflects the Group exercising the option to terminate the lease. The variable lease payments that do not depend on an index or a rate are recognised as an expense in the period in which the event or condition that triggers the payment occurs.

Amounts due to related companies

The Group had amounts due to related companies of approximately RMB563,874,000, which were interest-free, unsecured and have no fixed terms of repayment.

Guarantees and contingent liabilities

The Group had contingent liabilities of approximately RMB370,040,000, which were mainly the guarantees provided by the Group in favour of certain banks for the grant of mortgage loans to purchasers of the Group's properties.

Save as disclosed above and apart from intra-group liabilities, the Group did not have any outstanding mortgages, charges, debt securities, term loans and overdrafts, hire purchase commitments, liabilities under acceptances (other than normal trade bills) or acceptance credits, other borrowings or indebtedness in the nature of borrowings or any other guarantees or material contingent liabilities as at 30 June 2022.

As at the Latest Practicable Date, the Directors are not aware of any material adverse and unusual changes in the indebtedness position and contingent liabilities of the Group since the close of business on 30 June 2022.

3. WORKING CAPITAL SUFFICIENCY

The Directors are of the opinion that, after taking into account (i) the Group's internal financial resources, including but not limited to cash flows to be generated from the operating activities and existing cash and bank balances, and (ii) the effect of the Advances under the Financial Advances Framework Agreement, the Group has sufficient working capital for its present requirements for at least 12 months from the date of this circular.

4. FINANCIAL AND TRADING PROSPECTS OF THE GROUP

The Group is principally engaged in commercial property development, leasing and hotel operations. The Group recorded revenue of approximately RMB700 million and RMB871 million for the two years ended 31 December 2020 and 2021, respectively.

With the improvement of industry outlook, accelerated development of metropolitan areas, and the “**Three Red Lines**” policy, an era of permeable regulation in the real estate industry will begin and the core factor affecting the real estate market in 2022 will be the national policy.

Looking forward to the second half of 2022, the Central People's Government of the People's Republic of China (“**PRC**”) will adopt the approach of “**housing, not speculating**” and achieve the goal of “**three stabilities**”. Credit conditions are expected to improve markedly as a result of deepened adjustment of the housing market and the overall trend is likely to continue in the second half of 2022.

It is expected that “maintaining healthy development of the real estate market and safeguarding the legal rights and interests of consumers” will be implemented this year, the local insurance policy may be further improved and there is a higher possibility of revising the pre-sale funds' supervision in order to maintain a new balance between ensuring completion delivery and improving the efficiency of corporate funds' utilisation.

Therefore, with continuous upgrading and improvement of the policy environment, the development momentum of the real estate market has been supported and the fundamentals of the industry have not collapsed. If the policies effectively restore the confidence of real estate corporations and speed up land supply again, the growth rate of real estate investment may stabilise and recover, which will promote the integration of the real estate industry development into the process of high-quality development of national economy.

Furthermore, the real estate market is a typical cyclical market and will demonstrate the characteristics of mean returns. According to many industry experts, the market will definitely revert to the mean. As long as we face it positively, we will eventually end the dangerous cycle.

5. MATERIAL ADVERSE CHANGE

As at the Latest Practicable Date, there is no material adverse change in the financial or trading position or outlook of the Group since 31 December 2021, being the date to which the latest published audited consolidated financial statements of the Company was made up.
