(Incorporated in the Cayman Islands with limited liability)
(Stock Code : 8206)

THIRD QUARTERLY REPORT 2022/23

Characteristics of the GEM of the Stock Exchange of Hong Kong Limited (the “Stock Exchange”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of Shentong Robot Education Group Company Limited (the “Company”, together with its subsidiaries, the “Group”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief: (1) the information contained in this report is accurate and complete in all material respects and not misleading or deceptive; and (2) there are no other matters the omission of which would make any statement herein or this report misleading.

Highlights

- Revenue of the Group for the nine months ended 31 December 2022 was approximately HK\$12,216,000.
- Profit attributable to owners of the Company was approximately HK\$231,000 for the nine months ended 31 December 2022.
- Earnings per share for the nine months ended 31 December 2022 was approximately HK0.01 cent.
- The board of the Directors (the “Board”) does not recommend the payment of a dividend for the nine months ended 31 December 2022.

The Directors hereby present the unaudited consolidated results of the Company together with its subsidiaries (collectively the “Group”) for the nine months ended 31 December 2022.

FINANCIAL PERFORMANCE

The Group recorded consolidated revenue of approximately HK\$12,216,000 for the nine months ended 31 December 2022, representing an increase of approximately 27.1% as compared to approximately HK\$9,613,000 for the nine months ended 31 December 2021.

The Group made a profit attributable to owners of the Company of approximately HK\$231,000 for the nine months ended 31 December 2022, as compared to loss of approximately HK\$78,698,000 for the nine months ended 31 December 2021. The improvement was mainly due to the increase in revenue and there was a derecognition of intangible assets of approximately HK\$89,501,000 (the “Derecognition”) for the nine months ended 31 December 2021. The Derecognition is non-cash and non-recurring in nature.

BUSINESS REVIEW AND PROSPECTS

The principal business activities of the Group are the provision of promotion and management services for an electronic smart card “Designated Shentong Card” in the PRC (the “Promotion and Management Business”) and the provision of robotics related education and training in the PRC (the “Robotics Business”). The Group recorded an increase of approximately 27.1% in revenue for the nine months ended 31 December 2022 as compared with that for the nine months ended 31 December 2021.

As the COVID-19 outbreak has widespread and negatively impacted all businesses in general, the businesses of the ultimate customers of CCC, being a company which wholly owns CCI which in turn is a substantial shareholder of the Company, have been adversely affected while some of which had even become insolvent, and the scale-down of CCC’s ultimate customers and its implementation of cost control measures, had led to a decrease in the revenue of CCC from hotline rental and server hosting and hence a decrease in promotion and after-sale services fees received by the Group. Further, the revenue generated from the Promotion and Management Business had decreased due to the reasons that marketing and promotion activities, such as client pitching are seriously interrupted due to the outbreak of COVID-19 in the PRC. As there were less active players for CCC’s card game mobile application which uses the Designated Shentong Card system, the Group had been putting more resources into the Robotics Business as the growth of the Promotion and Management Business was low or even negative before the COVID-19 outbreak. In relation to the Robotics Business, physical robotics classes of our Group which are normally conducted at schools and training centres of the Group have been suspended for the period from August 2021 to December 2021, from March 2022 to early June 2022 and from late September 2022 to January 2023 due to the precautionary measures imposed by the local government in the PRC.

It is expected by the Group, based on its assessment of the current circumstances, that the increasing vaccinated population and effective containing measures imposed should have a positive influence on the COVID-19 outbreak. The restriction measures should be gradually eased and the revenue will gradually recover. However, the revenue level as recorded by the Group before the COVID-19 outbreak may not be attained in the short future.

The Company expects that, after the release of the current restriction measures imposed by the government authority, more training classes will gradually resume operation depending on the recovery of demand for students to attend the classes, and it is expected that the results will have a steady growth.

Notes to the Quarterly Financial Information

FOR THE NINE MONTHS ENDED 31 DECEMBER 2022

1. GENERAL

The Company was incorporated as an exempted company with limited liability under the Companies Law of the Cayman Islands. The address of its registered office is P.O. Box 309, Ugland House, Grand Cayman, KY1-1104, Cayman Islands. The address of its principal place of business in Hong Kong is Unit 3006, 30/F, West Tower, Shun Tak Centre, 168–200 Connaught Road Central, Hong Kong. The Company's shares are listed on the GEM of The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

2. BASIS OF PREPARATION

The unaudited quarterly financial information ("Financial Information") has been prepared by the directors of the Company (the "Directors") in accordance with the applicable disclosure requirements of Chapter 18 of the GEM listing Rules of the Stock Exchange.

The amounts included in the Financial Information have been computed in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") applicable to the interim periods. However, it does not contain sufficient information to constitute an interim financial report as defined in HKFRSs.

The Financial Information should be read in conjunction with the 2022 annual financial statements. The accounting policies (including the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty) and methods of computation used in the preparation of the Financial Information are consistent with those used in the annual financial statements for the year ended 31 March 2022.

The Group had net current liabilities and net liabilities of approximately HK\$49,504,000 and HK\$49,669,000 respectively as at 31 December 2022. This condition indicates the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern and, therefore, it may be unable to realise its assets and discharge its liabilities in the normal course of business.

Nevertheless, the Directors had adopted the going concern basis in the preparation of this Financial Information of the Group based on the following:

- (a) On 1 November 2022, the Group agreed with China Communication Investment Limited (“CCI”), a substantial shareholder of the Company, to postpone the repayment date to 15 November 2023 for an amount of HK\$95,100,000 due to CCI. The Directors expect that the repayment date can be further postponed if required.
- (b) CCI agreed not to demand repayment of loans amounting HK\$19,850,000 until the Group has the ability to do so.
- (c) The Directors have obtained the confirmation from 神州通信集團有限公司 (China Communication Group Co., Ltd.*) (“CCC”), the holding company of CCI and a substantial shareholder of the Company, that CCC will continue to provide adequate funds for the Group to meet its present and future financial obligations as they fall due, and to cause CCI to postpone the repayment dates of any present and future liabilities due to CCI by the Group when necessary.
- (d) Notwithstanding the derecognition of intangible assets of Exclusive Rights on December 2021, the Group has been continuing to provide robotic education and training courses under the Group’s own brand.

Having regard to the financial support of CCC and CCI, at a level sufficient to finance the working capital requirements of the Group, the Directors are therefore of the opinion that it is appropriate to prepare this Financial Information on a going concern basis. Should the Group be unable to continue as a going concern, adjustments would have to be made to the Financial Information to adjust the value of the Group’s assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and liabilities as current assets and liabilities, respectively.

3. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

The accounting policies applied for this Financial Information are the same as those applied in the Group's consolidated financial statements as at and for the year ended 31 March 2022. In the current period, the Group has adopted all the new and revised Hong Kong Financial Reporting Standards issued by the HKICPA that are relevant to its operations and effective for its accounting year beginning on 1 April 2022 but they do not have a material effect on the Group's financial statements.

A number of new standards and amendments to standards are effective for annual periods beginning after 1 April 2022 and earlier application is permitted. The Group has not early adopted any of the forthcoming new or amended standards in preparing this Financial Information.

4. REVENUE

The Group's operations and main revenue streams are those described in the last annual financial statements. The Group's revenue is derived from contracts with customers.
