The Group commenced its hotel business in Singapore with the opening of Link Hotel in 2007, and commenced its distressed debt assets management business in 2017. The Group also opened a spa hotel, namely Hanatsubaki Spa Hotel in Japan in 2019.

For the Review Period, the Group continued to stay focused on the operation of its hotel business in Singapore and Japan. Nevertheless, the development of the resort hotel situated in Bintan, Indonesia pursuant to the master plan of the development of the Bintan Assets (as defined in the prospectus of the Company dated 30 June 2014 (the "**Prospectus**")) has been suspended since the outbreak of the COVID-19 pandemic in early 2020. Save as disclosed in this report, there is no material change in the Group's businesses during the Review Period.

The Group's principal hotel, namely Link Hotel in Singapore resumed normal business in April 2022. While the normal business of Link Hotel has been gradually improving, the Group also successfully retained the contract with the local government for using part of the hotel as quarantine accommodation during the Review Period, which provided the Group with a steady stream of income. Such arrangement will be terminated in the last quarter of 2023.

FINANCIAL REVIEW

For the Review Period, the Group recorded a total revenue from hotel operation of approximately HK\$42.2 million (2022: approximately HK\$19.9 million), representing an increase of approximately 111.50% as compared to the corresponding period last year. With the cornerstone set and unwavering efforts made to recover business from the COVID-19 pandemic, the occupancy rate of normal accommodation business of Link Hotel in Singapore in the Review Period has increased significantly.

Management Discussion and Analysis

For the Review Period, loss attributable to owners of the Company was approximately HK\$69.7 million (2022: approximately HK\$31.6 million). This was mainly attributable to the net effect of (i) the increase in revenue of approximately HK\$22.2 million and gross profit of approximately HK\$20.1 million respectively for the abovementioned reason; (ii) the increase in finance costs on the interest-bearing bank borrowings and bank overdraft of approximately HK\$10.4 million; (iii) the legal and professional fee for the refinancing of the interest-bearing bank borrowings of approximately HK\$20.0 million (2022: nil); and (iv) the mandate fee on the termination of refinance plan with a contracted party of approximately HK\$10.4 million (2022: nil) in the Review Period.

Basic loss per share for the Review Period was approximately HK cents 1.715 (2022: basic loss per share of approximately HK cents 0.907).

Hotel operation

For the Review Period, room revenue amounted to approximately HK\$35.1 million (2022: approximately HK\$13.4 million), accounting for approximately 83.2% (2022: approximately 67.0%) of the Group's total revenue from hotel operation. Room revenue mainly represents revenue generated from hotel accommodation in Singapore, which accounted for approximately 98.4% of total room revenue for the Review Period (2022: approximately 89.4%), and depends in part on the achieved average room rate and occupancy rate.

Regarding the Group's spa hotel in Japan, in view of the then expected difficult operating situation amid the subsisting and uncertain development of the COVID-19 pandemic in previous years, the Group's tight financial resources and its non-profitable situation at the material time, the Company temporarily closed the hotel in May 2022 until there is an optimistic anticipation on its profitability. Given that the COVID-19 pandemic restrictions have been gradually lifted in Japan, the Company reopened the spa hotel in Japan in the third quarter of 2023.

Since early 2020, although the normal business of Link Hotel in Singapore was adversely affected by worldwide travel restrictions and lockdown measures due to the COVID-19 pandemic, the hotel has been used as quarantine accommodation for local residents since the second quarter of 2020. During the Review Period, such engagement, which shall end in December 2023, covered certain number of hotel rooms of Link Hotel. As a result, the Group secured certain stable income during the Review Period with government engagement for part of the hotel; while it also benefited from the gradual resumption of business upon the lifting of travel restrictions worldwide in respect of the part of hotel which has opened for normal accommodation of tourists.

Management Discussion and Analysis

The following table sets out the total available room nights, occupancy rate, average room rate and Revenue per Available Room ("**RevPAR**") of the Group's principal hotel, i.e. Link Hotel for the periods indicated:

	For the nine months ended	
	30 September	2022
	2023	2022
Total available room nights	74,802	74,802
Occupancy rate	71%	23%
Average room rate (HK\$)	593.1	633.1
RevPAR (HK\$)	419.5	145.1

For the Review Period, food and beverage ("**F&B**") revenue was approximately HK\$2.6 million (2022: approximately HK\$2.0 million), representing approximately 6.3% (2022: approximately 10.0%) of the total revenue from hotel operation. F&B revenue represents the sale of F&B in the restaurants, bars, room services and meeting spaces of the Group's hotels.

The Group leases shop units in its Link Hotel in Singapore and receives rental income from hotel tenants. For the Review Period, rental income from hotel tenants was approximately HK\$4.0 million, representing approximately 9.6% of the total revenue from hotel business (2022: approximately HK\$3.7 million).

Bintan Assets

The construction contract for the first stage of the first phase of the Bintan Development Plan (as defined in the Prospectus) was signed in September 2016 (details were disclosed in the Company's announcement dated 29 September 2016). Since 2020 and up to the Review Period, due to the tight financial resources and the COVID-19 pandemic in previous years, the construction progress was suspended. With the continued recovery of the COVID-19 pandemic and tourism, the Company expected that, on the basis of having adequate funding, the construction of the resort project will be completed in 18 months.

Management Discussion and Analysis

Distressed debt assets management business

During the Review Period, the Group recorded loss from distressed debts assets (net of modification loss) of approximately HK\$73,000 (2022: loss of approximately HK\$544,000).

Measures to address the going concern issue

During the Review Period and up to the date of this quarterly report, in order to address the uncertainties which may cast doubt regarding the Group's ability to continue as a going concern, the Company had taken and intends to continue to implement the following measures to mitigate the liquidity pressure and to improve its cash flows, including but not limited to:

- (1) the Group has been communicating with the contractor for further extension of the repayment of the construction payable and an amicable repayment schedule so as to reduce the liquidity pressure to the Group. Further details will be discussed with the contractor upon completion of the on-site assessment of the bills of quantities of the construction works by the overseas construction team of the contractor;
- (2) the Group has started the operation of its spa hotel in Japan in the third quarter of 2023 in order to generate working capital and strengthen the Group's liquidity position;
- (3) the Company has sought financial support from its major shareholders in order to ease the pressure from immediate operating capital;
- (4) as disclosed in the announcement of the Company dated 13 September 2023, the Company has entered into a standstill agreement ("**Standstill Agreement**") with the convertible bond holder on the defaulted sum in respect of the convertible bonds. As the period for Standstill Agreement will end on 31 December 2023, the Company will continue its negotiation with the convertible bond holder for an amicable repayment schedule in respect of the convertible bonds which matured in November 2020; and
- (5) the Company will seek external debt financing in order to avoid a cash deficit position.

Management Discussion and Analysis

Breach of convertible bonds by the Company

Pursuant to the convertible bonds (the **"2015 Convertible Bonds"**) issued by the Company on 30 November 2015 in favour of the convertible bond holder (the **"CB Holder"**), the Company was required to redeem the 2015 Convertible Bonds in the principal amount of approximately HK\$25.3 million on the maturity date, i.e. 30 November 2020. Given that the Group has failed to redeem the 2015 Convertible Bonds, which constituted an event of default, the CB Holder has issued two letters in December 2020 and a further letter in November 2021 to the Company demanding for the immediate repayment of the principal sum and default penalty under the 2015 Convertible Bonds together with all default interest. As disclosed in the announcement of the Company dated 13 September 2023, the Company entered into the Standstill Agreement with the CB Holder, pursuant to which (i) the CB Holder shall not initiate or pursue any legal proceedings in respect of the defaults under the 2015 Convertible Bonds for a period from 13 September 2023 to 31 December 2023 (the **"Standstill Period"**), and (ii) the Company shall make partial repayments to the CB Holder in the manner specified therein. As at the date of this report, the Company was in the course of negotiating with the CB Holder to further extend the Standstill Period and to agree on a repayment schedule for the remaining amount due under the 2015 Convertible Bonds.

Transfer of the 2020 Convertible Bonds

Pursuant to the subscription agreement dated 21 June 2020 (the **"Subscription Agreement"**) entered into between the Company and Mr. Ng Meng Chit (**"Mr. Ng"**), the Company issued the zero-coupon convertible bonds (the **"2020 Convertible Bonds"**) in the principal amount of HK\$25,128,000 and due in June 2025. Based on the conversion price of HK\$0.036 (the **"Conversion Price"**) per conversion share (the **"Conversion Share"**), a total of 698,000,000 Conversion Shares will be allotted and issued upon exercise of the conversion rights attaching to the 2020 Convertible Bonds in full, which represent 20% of the existing issued share capital of the Company and approximately 16.67% of the issued share capital of the Company as enlarged by the allotment and issue of the Conversion Shares. Details of the 2020 Convertible Bonds is set out in the announcement of the Company dated 21 June 2020.

On 26 January 2023, Mr. Ng transferred the 2020 Convertible Bonds in the principal amount of HK\$5,760,000 to Lao Sao Chan, HK\$5,760,000 to Ao leong Fan and HK\$6,408,000 to Ng Sam Meng. Upon exercise of the conversion rights attaching to such transferred 2020 Convertible Bonds in full, 160,000,000 Shares, 160,000,000 Shares and 178,000,000 Shares will be issued to Lao Sao Chan, Ao leong Fan and Ng Sam Meng respectively, representing approximately 3.82%, 3.28% and 4.25% of the total issued share capital of the Company respectively as enlarged by the allotment and issue of 698,000,000 Conversion Shares.

Management Discussion and Analysis

Conversion of the 2020 Convertible Bonds

On 30 January 2023, the Company received conversion notices from holders of the 2020 Convertible Bonds in relation to the exercise of the conversion rights attached to the 2020 Convertible Bonds with the aggregate principal amount of HK\$25,128,000 at the Conversion Price of HK\$0.036 per Conversion Share (the "**Conversion**"). Upon completion of the Conversion, all the outstanding 2020 Convertible Bonds were fully converted.

OUTLOOK

The Company is cautiously optimistic about its future prospects as it navigates the recovery from the COVID-19 pandemic. As the global vaccination rollout continues and travel restrictions gradually ease, the tourism industry is poised for a robust recovery. The Company is well-positioned to benefit from this resurgence, thanks to its diverse property portfolio and commitment to delivering exceptional experiences for its guests, subject to timely refinancing being obtained.

In the past, the Company has invested in non-performing loans and special assets. The Company will continue to evaluate its existing portfolio and seek suitable investments in special assets and restructuring opportunities. Management Discussion and Analysis

The Japanese hot spring resort is another promising venture contributing to the Company's future growth, subject to the timely refinancing. In recent years, there has been growing interest in wellness tourism, and the resort is well-positioned to cater to this demand. Given that the COVID-19 pandemic restrictions have been gradually lifted in Japan, the Company has reopened the spa hotel in Japan in the third quarter of 2023.

The Bintan resort development represents an exciting opportunity for the Company to expand its regional footprint, subject to successful and timely refinancing. Bintan, a popular island destination in Indonesia, is known for its sandy beaches, lush greenery, and crystal-clear waters. The Company is carefully assessing the potential continuation of the Bintan development to cater to the growing demand for luxury accommodations, providing guests with a unique and memorable island getaway experience. The Bintan resort, if completed, will bolster the Company's presence in the region's burgeoning tourism market, helping diversify revenue streams and contribute to overall growth, provided that necessary refinancing is obtained in a timely manner.

The Company recognizes the gravity of its current liquidity challenges. Active efforts are being made to secure refinancing to stabilize the financial position. Engagement with financial institutions and potential investors to explore various refinancing options is ongoing, with a strong commitment to identifying the most suitable solution for the Company.

Looking to the future, the focus remains on continuous improvement, and creating unforgettable experiences for guests, while closely monitoring the refinancing process and constantly assessing the hotel portfolio. The Company is excited about the opportunities that lie ahead, including the potential Bintan resort development, and remains committed to working diligently to achieve its vision of becoming a leading hospitality provider in the region, subject to successful and timely refinancing.

With a commitment to delivering exceptional guest experiences, enhancing the value of properties, and strategically investing in special assets and restructuring opportunities, the Company looks forward to a bright future, provided that timely refinancing is obtained.
