Chairman's Statement

On behalf of the Board of Directors, I am pleased to announce the results of Space Group Limited (the "Company") and its subsidiaries (collectively the "Group") for the year ended 31 December 2023.

In 2023, the Group was proactive in overcoming the challenges brought about by the economic downturn and the recurrence of the COVID-19, the potential for "delinking", the energy crisis in Europe and the surge in inflation, which led to a severe recession in the global economy, coupled with the downturn in the domestic real estate cycle and the weakening of domestic real estate investment, which exerted a greater drag on the economy. We are grateful to the Group's management and staff for their concerted efforts in pulling through despite the setback in performance and outperforming the industry.

In the short span of a few years since its listing, the Group has experienced many ups and downs in the global economy, but the Group has remained steadfast in its belief in never giving up and its perseverance in moving forward, and has been bold and far-sighted in developing new businesses and expanding its business footprint in the face of adversity.

The Group will further improve its organizational structure and team, return to its original entrepreneurial spirit, initiate a new round of rapid development, consolidate its business layout in different regions, and accelerate its business expansion so that it can once again resume rapid development, achieve new breakthroughs and scale new heights.

ACKNOWLEDGEMENTS

On behalf of the Board, I would like to express my deepest gratitude to our shareholders, customers, suppliers and business partners for their continued support and trust in the Group.

I would also like to express my sincere gratitude to the Directors and all the staff of the Group for their tireless efforts in upholding the Group's resilience and dedication to excellence during this difficult and challenging period. The Group will continue to focus on the development of its businesses and generate solid returns for our shareholders.

Management Discussion and Analysis

BUSINESS REVIEW

In 2023, the Company encountered a wide range of challenges. Externally, the economic environment presented the Company with uncertainties and difficulties, including a global economic slowdown, financial market volatility, intense market competition, and increased cost pressures. Internally, the Company has also been grappling with financial pressures, which greatly impacted our business operations. Nevertheless, we will approach these difficulties with unwavering positivity and steadfast confidence to seek effective solutions.

FINANCIAL REVIEW

For the year ended 31 December 2023, the Group's revenue was approximately MOP273.2 million (2022: approximately MOP477.1 million). For the year ended 31 December 2023, the Group recorded loss for the year of approximately MOP126.9 million (2022: profit approximately MOP20.5 million). During the year ended 31 December 2023, the Group completed 4 fitting-out projects, and was awarded 1 fitting-out projects.

Revenue

For the year ended 31 December 2023, revenue of the Group amounted to approximately MOP273.2 million, representing a decrease of approximately 42.7% from approximately MOP477.1 million in 2022.

The decrease of the Group's revenue was mainly attributable to the decrease in the revenue derived from fitting-out works and financial services.

The revenue from fitting-out works decreased from approximately MOP434.9 million for the year ended 31 December 2022 to approximately MOP250.3 million for the year ended 31 December 2023. Such decrease was mainly attributable to decrease in contract sum of construction contracts being awarded.

The revenue from financial services amounted to approximately MOP22.9 million for the year ended 31 December 2023 (2022: approximately: MOP42.2 million). As at 31 December 2023, the client assets (including cash and stocks) of the licensed institutions were approximately MOP304.2 million (2022: approximately MOP1,519.3 million).

Gross Profit and Gross Profit Margin

Gross profit decreased by approximately 50.1% to approximately MOP59.0 million for the year ended 31 December 2023 from approximately MOP118.3 million for the year ended 31 December 2022, while the Group's gross profit margin was approximately 21.6% for the year ended 31 December 2023 as compared to a gross profit margin of 24.8% for the year ended 31 December 2022. The decrease in gross profit margin was mainly due to the decrease in gross profit margin from fitting-out works and financial services.

Management Discussion and Analysis (continued)

Other Income and Gains, net

We had other income and gains, net of approximately MOP0.9 million and MOP1.9 million in 2023 and 2022 respectively. The decrease in other income and gains, net for the year ended 31 December 2023 was mainly due to the decrease of government subsidies of approximately MOP1.5 million for the year ended 31 December 2023.

Administrative and Other Expenses

The Group's administrative expenses and other expenses decreased to approximately MOP38.7 million for the year ended 31 December 2023 from approximately MOP50.5 million in 2022, representing a decrease by approximately 23.5%. The decrease in administrative expenses and other expenses was mainly due to the decrease in depreciation and advertisement expenses for the year ended 31 December 2023.

Finance Costs

The Group's finance costs increased to approximately MOP27.4 million for the year ended 31 December 2023 from approximately MOP18.5 million in 2022. The increase of approximately 47.7% was mainly due to the increase in interest rate for the year ended 31 December 2023.

Income Tax

The Group's income tax credit for the year was approximately MOP64,000 which was mainly due to the tax credit arising from the fair value loss on investment properties.

Loss for the Year

Loss for the year was approximately MOP126.9 million for the year ended 31 December 2023, which was mainly attributable to the combined effects of the aforementioned items.

CORPORATE FINANCE AND RISK MANAGEMENT

Liquidity, Financial and Capital Resources

Cash Position

As at 31 December 2023, the Group had an aggregate of pledged deposits, bank deposit, and cash and bank balances of approximately MOP26.1 million (2022: approximately MOP181.0 million), representing a decrease of approximately 85.6% as compared to that as at 31 December 2022. As at 31 December 2023, bank deposits of approximately MOP5.8 million (2022: approximately MOP126.1 million) are pledged to secure banking facilities (including bank loans and overdraft and issuance of performance bonds).

Management Discussion and Analysis (continued)

Borrowings and Charges on the Group's Assets

As at 31 December 2023, the Group had bank loans and overdraft and other borrowings of approximately MOP303.6 million (2022: approximately MOP448.1 million) which are repayable within one year or on demand.

As at 31 December 2023, bank loans and overdraft and other borrowings of approximately MOP303.6 million (2022: approximately MOP448.1 million) were secured by land held by the Group, pledged deposits of the Group, corporate guarantees provided by the Company and certain subsidiaries of the Group and investment in an insurance contract.

As at 31 December 2023, the assets pledged to secure certain banking facilities granted to the Group amounted to approximately MOP100.6 million (2022: approximately MOP227.0 million).

Gearing Ratio

As at 31 December 2023, the gearing ratio (calculated by total debts divided by total equity; total debts include bank loans and overdrafts and other borrowings) decreased to approximately 0.528 (2022: approximately 0.712), which was mainly due to the decrease of bank loans and overdrafts and other borrowings.

Treasury Policies

The Group strives to reduce exposure to credit risk by performing ongoing credit assessments and evaluations of the financial status of its customers. The Group is holding sufficient credit limit to support its operating activities and business development plan. To manage liquidity risk, the Board closely monitors the Group's liquidity position to ensure that the liquidity structure of the Group's assets, liabilities and other commitments can meet its funding requirements from time to time.

Foreign Currency Risk

The Group has no significant exposure to foreign currency risk as substantial Group's transactions are denominated in Macau Pataca and Hong Kong dollar, which is pegged to Macau Pataca.

Capital Structure

Authorised share capital

As at 31 December 2023, the authorised share capital of the Company was HK\$20,000,000 divided into 2,000,000,000 shares (the "Shares") of HK\$0.01 each.

Management Discussion and Analysis (continued)

Issued share capital

As at 31 December 2023, the number of Shares in issue was 1,160,640,000 Shares of HK\$0.01 each (31 December 2022: 806,000,000 Shares).

On 21 June 2023, the Company had completed the placing of 161,200,000 new Shares (the “Placing”) at the placing price of HK\$0.20 per share pursuant to a placing agreement entered into between the Company and Space Securities Limited (as placing agent) dated 5 June 2023. The net proceeds from the issue of new Shares under the Placing were approximately HK\$31.9 million, which were intended to be used for potential new projects and as general working capital of the Company. For further details of the Placing, please refer to the Company’s announcements dated 5 June 2023, 9 June 2023 and 21 June 2023, respectively.

On 8 August 2023, the Company had completed the subscriptions of 193,440,000 new Shares (the “Subscriptions”) at the subscription price of HK\$0.202 per share pursuant to six subscription agreements entered into between the Company and six subscribers (the “Subscribers”). Each of the Subscriber is an independent private investor. The net proceeds from the issue of new Shares under the said Subscriptions were approximately HK\$38.7 million, which were intended to be used for potential new construction projects and as general working capital of the Company. For further details of the Subscription, please refer to the Company’s announcements dated 26 July 2023 and 8 August 2023, respectively.

The Directors are of the view that the Placing and the Subscriptions represent a good opportunity for the Group to raise additional capital for its potential new construction projects.

Save as disclosed in this report, there was no change to the issued share capital of the Company during the year ended 31 December 2023.

Capital Commitments

As at 31 December 2023, the Group had no capital commitments (2022: Nil).

Contingent Liabilities

As at 31 December 2023, the Group had contingent liabilities of approximately MOP13.0 million (2022: approximately MOP13.0 million). There is no change during the year of 31 December 2023.

EMPLOYEES AND REMUNERATION POLICIES

As at 31 December 2023, the Group had 78 employees (as at 31 December 2022: 78). Total staff costs (including Directors’ emoluments) were approximately MOP26.5 million for the year ended 31 December 2023, as compared with approximately MOP29.0 million for the year ended 31 December 2022. The decrease was mainly attributable to the decrease in bonus paid to employees during the year ended 31 December 2023.

Management Discussion and Analysis (continued)

Remuneration is determined with reference to market norms and individual employees' performance, qualification and experience. The remuneration package generally includes basic salaries, bonuses and employee benefits such as housing allowances. We conduct annual review on employee salary and promotion based on their respective performances. The Group also operates the Share Option Scheme, pursuant to which options to subscribe for Shares may be granted to the Directors and employees of the Group. The Group provides orientation programmes for new employees to familiarise them with our general working environment and work culture. The Group will also arrange on-the-job trainings for our employees such as accounting trainings conducted by external parties, which aims at developing their skills so as to meet our strategic goals, customer requirements, regulatory requirements and contractual obligations. The Group has also provided specific site trainings to our site personnel in respect of management of quality, environmental protection, health and safety matters.

SHARE OPTION SCHEME

On 20 December 2017, a share option scheme (the "Share Option Scheme") was approved and adopted by the Shareholders of the Company (the "Shareholders"), under which, options may be granted to any Eligible Participants (as defined in the Share Option Scheme) to subscribe for Shares subject to the terms and conditions stipulated in the Share Option Scheme. The Company has adopted the Share Option Scheme as an incentive to Directors, eligible employees and other eligible participants.

The subscription price for the ordinary shares under the Share Option Scheme shall be determined by the Board and shall not be less than the highest of: (i) the closing price of the Shares as stated in the Stock Exchange of Hong Kong Limited's (the "Stock Exchange") daily quotation sheets on the date of grant, which must be a day on which the Stock Exchange is open for the business of dealing in securities; (ii) the average of the closing prices of the Shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of grant; and (iii) the nominal value of a Share. The Share Option Scheme will be valid and effective for a period of 10 years commencing on 20 December 2017 and remains in force until 19 December 2028. Since the adoption of the Share Option Scheme and up to the date of this report, no option was granted, exercised, cancelled or lapsed under the Share Option Scheme.

EVENTS AFTER THE REPORTING PERIOD

The Increase in Authorised Share Capital, Share Consolidation and Rights Issue are subject to shareholders' approval at an extraordinary general meeting of the Company. For further details on the Increase in Authorised Share Capital, Share Consolidation and Rights Issue, please refer to the announcements of the Company dated 1 March 2024 and 25 March 2024.

Management Discussion and Analysis (continued)

Disposal of interest in subsidiary

On 22 March 2024, Space Construction (BVI) Limited (a wholly-owned subsidiary of the Company), Leong Lap Kun and Lei Heng Lit entered into a disposal agreement for the disposal of Space Construction (BVI) Limited's 61.39% interest in its subsidiary, Space Financial Holdings Limited. The total consideration for disposal is HK\$4,600,000 (approximately MOP4,738,000). Upon completion of the disposal, the Group's indirect shareholding in Space Financial Holdings Limited will be reduced from 93.02% to 31.63%, and Space Financial Holdings Limited become an associate of the Group. For further details of the disposal, please refer to the announcement of the Company dated 22 March 2024.

DIVIDEND AND DIVIDEND POLICY

The Board did not recommend the payment of a final dividend by the Company for the year ended 31 December 2023.

The Company has adopted a dividend policy (the "Dividend Policy"). In deciding whether to propose any dividend, the Board will consider, among others, the Group's actual and expected financial performance, retained earnings and distributable reserves of the Group and each of the members of the Group, the level of the Group's debts to equity ratio, return on equity and the relevant financial covenants, the Group's capacity from current and future operation, future commitments at the time of preparing and making the distribution, any restrictions on payment of dividends that may be imposed by the Group's lenders, any restrictions under the laws of Hong Kong and Cayman Islands and the Company's Articles of Association, and any other factors that the Board deems appropriate.

The declaration and payment of the dividend by the Company is also subject to any restrictions under the Companies Law of the Cayman Islands and the Company's Articles of Association and any other applicable laws and regulations. The Board will continually review the Dividend Policy and reserves the right in its sole and absolute discretion to update, amend, modify and/or cancel the Dividend Policy at any time. The Dividend Policy shall in no way constitute a legally binding commitment by the Group in respect of its future dividend and/or in no way obligate the Group to declare a dividend at any time or from time to time.

PROSPECTS AND STRATEGIES

The Company maintains unwavering confidence in future operations, firmly believing in the potential improvement of the economic environment with the support of policies from the governments of Hong Kong and Macau. Moreover, the governments are also expected to launch more large-scale infrastructure projects, and the Company will seize opportunities to enhance its profitability.

Corporate Governance Report

COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE

The Company is committed to maintaining high standards of corporate governance to protect the interests of its Shareholders and to enhance corporate value and accountability. The Board has reviewed the Company's corporate governance practices and is satisfied that the Company has complied with all code provisions and, where applicable, the recommended best practices of the Corporate Governance Code ("CG Code") set out in Appendix C1 of the Listing Rules since 1 January 2023 and up to 31 December 2023 (the "Relevant Period").

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix C3 to the Listing Rules as its own code of conduct regarding Directors' securities transactions. Having made specific enquiries with all the Directors, each of the Directors has confirmed that he/she has complied with the Model Code during the Relevant Period.

BOARD OF DIRECTORS

Composition

The Board comprises eight Directors and their respective role are as follows:

Executive Directors

Mr. Che Chan U (*Chairman*)
Ms. Lei Soi Kun
Mr. Lok Wai Tak
Mr. Ho Kwong Yu

Independent Non-executive Directors

Mr. Eulógio dos Remédios, José António
Mr. Li Guohui
Mr. Lam Chi Wing
Mr. Choi King Leung

The biographical details of the Directors are set out in the section headed "Biographical Details of Directors and Senior Management" of this annual report. Save as disclosed therein, there is no relationship (whether financial, business, family or other material or relevant relationships) amongst members of the Board, senior management or substantial shareholder or controlling shareholder of the Company.

Corporate Governance Report (continued)

The composition of the Board is well balanced with each Director having extensive corporate and strategic planning experience, sound industry knowledge and/or professional expertise. All independent non-executive Directors have offered sufficient time and efforts to serve the business affairs of the Company. They also possess appropriate academic and professional qualifications and related management experience and have contributed to the Board with their professional opinion. The Board believes that the ratio among executive Directors and independent non-executive Directors is reasonable and appropriate. The Board also believes that the participation of independent non-executive Directors shall offer their independent judgment on issues relating to strategy, performance, conflict of interest and management process such that the interests of all Shareholders and the Group are considered and safeguarded.

Role and Function

The Board is fully responsible for the formulation of business policies and strategies in relation to the business operation of the Group and to ensure the availability of resources as well as the effectiveness of its system of internal control.

Implementation and execution of the policies and strategies formulated by the Board and the daily operations are delegated from the Board to the management of the Company. In addition, an audit committee (the "Audit Committee"), a remuneration committee (the "Remuneration Committee") and a nomination committee (the "Nomination Committee") were set up to assist the Board in fulfilling certain responsibilities. Further details of these committees are set out in the paragraph headed "Board Committees" of this annual report.

Independence of Independent Non-executive Directors

Pursuant to the requirement of Rule 3.10 of the Listing Rules, the Company has appointed three independent non-executive Directors, one of whom has appropriate professional qualification in accounting and financial management expertise. All independent non-executive Directors have confirmed their independence, as set out in Rule 3.13 of the Listing Rules, to the Company and the Board considers that all independent non-executive Directors have satisfied their independence of the Group.

Directors' and Officers' Liabilities Insurance

The Company has arranged appropriate insurance cover for Directors' and officers' liabilities in respect of legal actions against Directors, officers and senior management of the Company arising out of corporate activities. During the Relevant Period, no claim was made against the Directors, officers and senior management of the Company.

Corporate Governance Report (continued)

Board Meetings' and Director's Attendance Records

The Board meets regularly to discuss the overall strategy as well as the operation and financial performance of the Group, in addition to the meetings for reviewing and approving the Group's annual and interim results. The Directors had participated in the Board meetings as indicated below. For those Directors who could not attend these meetings in person, they participated through electronic media.

The company secretary of the Company (the "Company Secretary") assists the Chairman to prepare the agenda of the meetings and each Director may request to include any relevant matters on the agenda. Generally, at least 14 days' notice is given for the regular meetings by the Company. All substantive agenda items have comprehensive briefing papers, which are, in general, circulated three days before convening each Board meeting.

All Directors are able to seek advice and services from the Company Secretary on the Board procedures and all applicable laws, rules and regulations, and corporate governance matters. Draft minutes of Board meetings and meetings of the Board committees are circulated to all Directors for comment and approval as soon as practicable after the meetings. Minutes of Board meetings and meetings of Board committee are kept by the Company Secretary and all Board members are given a copy of the minutes for their record. Should a matter being considered involves a potential conflict of interest of a Director, the Director involved in the transaction would be requested to leave the boardroom and abstain from voting. The matter would be discussed and resolved by other Directors. Policy is in place that Directors, upon reasonable request, may seek independent professional advice on issues related to the Group's business at the Company's expenses. The Company Secretary has complied with Rule 3.29 of the Listing Rules in relation to the professional training requirements.

During the Relevant Period, the attendance of the individual Directors at the meetings is set out below:

3. Mr. Choi King Leung was appointed as a Director in October 2023.

BOARD DIVERSITY POLICY

During the year ended 31 December 2023, the Board adopted a board diversity policy setting out the approach to achieve diversity on the Board. The Company considered diversity of board members can be achieved through consideration of a number of aspects, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service. All Board appointments will be based on meritocracy, and candidates will be considered against selection criteria, having regard for the benefits of diversity on the Board.

Selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, professional experience, skills and knowledge. The ultimate decision will be made upon the merits and contribution that the selected candidates will bring to the Board.

Corporate Governance Report (continued)

The Board is committed to achieving gender diversity and other diversity perspectives, with the ultimate goal of achieving gender parity on the Board.

As at 31 December 2023, the workforce (including senior management) comprised of 46.2% female and 53.8% male. The Company is determined to and will continue to achieve and maintain gender diversity and equality in terms of the Board and the general workforce.

BOARD NOMINATION POLICY

The Nomination Committee shall consider a number of factors as a reference in assessing the suitability of a proposed candidate, including reputation for integrity, accomplishment and experience in the industry, relevant skills and experience to contribute to the Board, commitment in respect of available time and relevant interest, diversity in all its aspects, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service. These factors are for reference only, and not meant to be exhaustive and decisive. The Nomination Committee has the discretion to nominate any person, as it considers appropriate.

BOARD COMMITTEES

The Board has established three committees, namely the Audit Committee, Remuneration Committee and Nomination Committee with specific terms of reference to oversee particular aspects of the Company's affairs.

Audit Committee

Audit Committee was established with written terms of reference in compliance with Rule 3.21 of the Listing Rules and the CG Code. The primary duties of the Audit Committee are to review and supervise the financial reporting process, internal control system and risk management system of the Group, to oversee the audit process and to perform other duties and responsibilities as assigned by the Board.

Members of the Audit Committee are Mr. Li Guohui, Mr. Eulógio Dos Remédios, José António and Mr. Choi King Leung (all are independent non-executive Directors). Mr. Li Guohui currently serves as the chairman of the Audit Committee. Pursuant to the meeting of the Audit Committee, the Audit Committee reviewed, among other things, the audited financial statements for the year ended 31 December 2023 with recommendations to the Board for approval and discussed with the management and the external auditor the accounting policies and practices which may affect the Group, the report prepared by the external auditor covering major findings in the course of the audit and the accounting and financial reporting matters.

During the year ended 31 December 2023, the Audit Committee held 3 meetings.

The annual results for the year ended 31 December 2023 have been reviewed by the Audit Committee before submission to the Board for approval.

Corporate Governance Report (continued)

Remuneration Committee

The Remuneration Committee was established with written terms of reference in compliance with Rule 3.25 of the Listing Rules and the CG Code. The primary duties of the Remuneration Committee are to establish and review the policy and structure of the remuneration for the Directors and senior management and make recommendations on the remuneration packages of individual Directors and senior management and on other employee benefit arrangements.

The Remuneration Committee consists of three independent non-executive Directors, namely Mr. Eulógio Dos Remédios, José António, Mr. Lam Chi Wing and Mr. Choi King Leung and two executive Directors, namely Mr. Lok Wai Tak and Mr. Ho Kwong Yu. Mr. Eulógio Dos Remédios, José António currently serves as the chairman of the Remuneration Committee. Pursuant to the meeting of the Remuneration Committee on 28 March 2024, the Remuneration Committee has assessed the performance of the Directors and senior management of the Company, and reviewed and recommended to the Board the remuneration policy and structure relating to the Directors and senior management of the Company. No Director nor any of his/her associates is involved in deciding his/her own remuneration.

During the year ended 31 December 2023, the Remuneration Committee held 3 meetings. The remuneration for the Directors and senior management comprises basic salary, retirement benefits and discretionary bonus. Details of the amount of emoluments of Directors paid for the year ended 31 December 2023 are set out in note 9 to the consolidated financial statements.

The remuneration of members of the senior management (excluding Directors) by band for the year ended 31 December 2023 is set out below:

Remuneration bands	Number of person(s)
Nil to HK\$500,000	1
HK\$500,001 to HK\$1,000,000	3
HK\$1,000,001 to HK\$1,500,000	Nil

Nomination Committee

The Nomination Committee was established with written terms of reference in compliance with the CG Code. The primary duties of the Nomination Committee are to make recommendations to the Board on appointments of our Directors, to assess the independence of the independent non-executive Directors, to take up references and to consider related matters.

The Nomination Committee consists of three independent non-executive Directors, namely Mr. Li Guohui, Mr. Eulógio Dos Remédios, José António and Mr. Choi King Leung, and two executive Directors, namely Mr. Che Chan U and Ms. Lei Soi Kun. Mr. Che Chan U currently serves as the chairman of the Nomination Committee.

Corporate Governance Report (continued)

The Nomination Committee carries out the process of selecting and recommending candidates for directorships by making reference to the balance of expertise, skills, experience, professional knowledge, personal integrity and time commitments of such individuals, the requirements of the business of the Group and other relevant statutory requirements and regulations. An external recruitment agency may be engaged to carry out the recruitment and selection process when necessary. Further, pursuant to the terms of reference of the Nomination Committee, the Nomination Committee, when reviewing the composition of the Board, will have regard to the diversity of the Board, which includes gender, age, cultural and educational background, length of service, skills, knowledge and professional experience of the Board. The Company recognises and embraces the benefits of diversity of Board members.

During the year ended 31 December 2023, the Nomination Committee held 3 meetings.

Mr. Ho Kwong Yu (何光宇) joined our Group on 7 April 2017 as company secretary and chief financial officer and was appointed as our director on 29 July 2020. The biographical details of Mr. Ho are set out under the section headed “Biographical Details of Directors and Senior Management”.

In accordance with Rule 3.29 of the Listing Rules, Mr. Ho has taken no less than 15 hours of relevant professional training during the year ended 31 December 2023.

CORPORATE GOVERNANCE FUNCTIONS

The Board is responsible for performing the corporate governance duties set out in code provision A.2.1 of the CG Code, namely: (i) to develop and review the Company’s policies and practices on corporate governance; (ii) to review and monitor the training and continuous professional development of Directors and senior management; (iii) to review and monitor the Company’s policies and practices on compliance with legal and regulatory requirements; (iv) to develop, review and monitor the code of conduct and compliance manual (including in relation to securities trading) applicable to employees and Directors; and (v) to review the Company’s compliance with the CG Code and disclosure in the corporate governance report in the Company’s annual report.

The Board held 6 meetings during the Relevant Period, at which the Board reviewed the Company’s policies and practices on corporate governance and legal and regulatory compliance, training and continuous professional development participations of the Directors, as well as the Company’s compliance with the CG Code.

The Board acknowledges its responsibility in maintaining a sound and effective internal control and risk management systems for the Group to safeguard Shareholders’ investments and assets of the Company at all times.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Mr. Che Chan U is the chairman of the Board. The Company has not appointed any chief executive officer since its inception. Given the current size and structure of the Company, the Board considers that such appointment is not required as the existing structure has a well-balanced of authorities, responsibilities and accountability among the members of the Board (which comprises experienced and high caliber individuals who meet regularly to discuss issues and affairs affecting the operations of the Company) and the senior management of the Company.

Corporate Governance Report (continued)

RISK MANAGEMENT AND INTERNAL CONTROL

The Company conducts an annual review on whether there is a need for an internal audit department. Given the Group's simple operating structure, as opposed to a separate internal audit department, the Board is directly responsible for the establishment, maintenance and review of the Group's system of internal controls and risk management throughout the year ended 31 December 2023 and their effectiveness. The Board, through the Audit Committee, has overseen the Company's risk management and internal control systems on an ongoing basis. A year-end review of the effectiveness of the Group's risk management and internal control systems has been conducted annually by the Audit Committee, and the significant risk issues, if any, are referred to the Board with management responses and recommendations for consideration. The Company has engaged an external independent professional advisory firm (the "Independent Advisor") to review the effectiveness and adequacy of risk management and internal control systems in 2023 so as to ensure the effectiveness and adequacy of risk management and internal controls system. The Independent Advisor had reviewed and analysed all material controls of the Group, including financial, operational and compliance controls and their associated risks. The relevant reports from the Independent Advisor were presented to and reviewed by the Audit Committee and the Board.

The Board considered the risk management and internal control systems of the Group to be adequate and effective for the year ended 31 December 2023. The Board also conducted a review of the adequacy of resources, qualifications and experience of staff of the Group's accounting and financial reporting function, and their training programs and budget which are considered to be adequate for the year ended 31 December 2023. For the year ended 31 December 2023, the Board have complied with the code provisions on risk management and internal control as set out in the CG Code.

The Board wishes to emphasise that risk management and internal control systems are designed to manage rather than eliminate risk of failure to achieve business objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Company has established a whistleblowing policy. Whistleblowing channels are published in all workplace. The policy is to facilitate employees, partners and customers to report complaints and internal malpractices to the finance department of the Company, who will review, investigate and follow up these complaints. Once cases are verified, investigation results will be announced within the Company as warnings.

PROCEDURES AND INTERNAL CONTROLS FOR THE HANDLING AND DISSEMINATION OF INSIDE INFORMATION

The Group strictly follows the requirements of the Securities and Futures Ordinance of Hong Kong (the "SFO") and the Listing Rules and ensures that inside information is disclosed to the public as soon as reasonably practicable unless the information falls within any of the safe harbours of the SFO. Before inside information is fully disclosed to the public, such information is kept strictly confidential. In addition, the Group adopted the policy of disclosing relevant information only to appropriate staff within the Group.

DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Directors acknowledge their responsibilities for the preparation of the consolidated financial statements of the Company for the year ended 31 December 2023 and ensure that they are prepared in accordance with the statutory requirements and applicable accounting standards. The Directors also ensure the timely publication of the consolidated financial statements.

The statement of the external auditor of the Company with regard to their reporting responsibilities on the Company's consolidated financial statements, is set out in the Independent Auditor's Report on pages 67 to 69 of this annual report.

Disclaimer of Opinion (the "Disclaimer of Opinion")

The Company's auditor, Global Link CPA Limited (the "Auditor") issued a disclaimer of opinion on the consolidated financial statements of the Group, details of which are set out in the independent auditor's report.

Basis for Disclaimer of Opinion

Multiple Uncertainties Relating to Going Concern

As described in Note 1 to the consolidated financial statements, as at 31 December 2023, the Group had accumulated profits of approximately MOP144,912,000 (2022: MOP271,169,000), the Group's total borrowings amounted to approximately MOP338,626,000 (2022: MOP448,085,000) while its cash and cash equivalents amounted to approximately MOP20,255,000 (2022: MOP54,898,000) and pledged bank deposits amounted to approximately MOP5,818,000 (2022: MOP126,100,000). As at 31 December 2023, the Group has overdue trade receivables amounted to MOP407,607,000. The above conditions indicate the existence of material uncertainties which may cast significant doubt about the Group's ability to continue as a going concern.

The directors of the Company have been formulating and undertaking a number of plans and measures to mitigate the Group's liquidity pressure, to improve the financial position of the Group and to remediate the delayed repayments to financial institutions.

The consolidated financial statements had been prepared on a going concern basis, the validity of which depends on the outcome of those plans and measures as mentioned in Note 1 to the consolidated financial statements, which are subject to multiple uncertainties.

Corporate Governance Report (continued)

However, we have not been able to obtain sufficient appropriate audit evidence to satisfy ourselves that the events or conditions underpinning the cash flow forecast of the Group for going concern assessment are reasonable and supportable because of (i) the lack of sufficient supporting basis from the management on the successfulness of negotiation with the financial institutions on restructuring or extension of repayment terms of bank borrowings; (ii) the lack of sufficient supporting basis for the company to collect outstanding trade receivables, other receivables, deposits and prepayments and contract assets balances in future; (iii) the lack of sufficient supporting basis that the improvement of future operating results and cash flows would be realized; and (iv) the lack of sufficient basis from the management on the successfulness of raising fund by way of right issues, in particular, the uncertainty of outcome of those plans and measures and how variability in outcome would affect the future cash flows of the Group. Hence, we were unable to satisfy ourselves about the appropriateness of the use of the going concern basis of accounting in the preparation of the consolidated financial statements by the management of the Group.

Should the Group fail to achieve its plans and measures as mentioned in Note 1 to the consolidated financial statements, it might not be able to continue as a going concern, and adjustments would have to be made to write down the carrying values of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and non-current liabilities as current assets and current liabilities. The effects of these adjustments have not been reflected in these consolidated financial statements.

In view of the significance of and the potential interaction of the multiple uncertainties described above and their possible cumulative effects on the consolidated financial statements, we disclaimed our audit opinion on the consolidated financial statements relating to the going concern issue only and not any other issues for the year ended 31 December 2023 and also for the possible effect of the comparability of the current year's figures and the corresponding figures.

The Management's Position, View and Assessment on the Disclaimer of Opinion

In view of the uncertainties relating to going concern, the Directors have undertaken several plans and measures to improve the Group's liquidity and financial position, to enable the Group to meet its financial obligations as and when they fall due for the foreseeable future including:

(i) Restructure of bank borrowings

The bank borrowings which are repayable on demand or within one year and were defaulted in repayment amounted to approximately MOP300,611,000 as at 31 December 2023.

The Group is negotiating with the bank for loan restructuring. The management is of the view that the Group will be able to obtain consent from the banks to extend the repayment of borrowings and continue to provide the banking facility to improve the liquidity position of the Group with reference to the proposed right issues for repayment of bank borrowings.

Corporate Governance Report (continued)

(ii) Collection of outstanding trade receivables

The Group is negotiating with the customers for the settle plan on the outstanding trade receivables.

(iii) Exercise strict control on the credit policy

The Group will exercise strict control on the credit policy for customers to minimize future potential impairment on trade receivables.

(iv) Cash inflow from operations

The Group will continue to solve the liquidity issues via ways including but not limited to discussing restructuring or extension of bank borrowings and raising funds by way of right issues.

(v) Proceeds from right issues

On 1 March 2024, the Company announced (i) the proposed increase in authorised share capital from the existing authorised share capital of the Company of HK\$20,000,000.00 divided into 2,000,000,000 Existing Shares with a par value of HK\$0.01 each to HK\$100,000,000.00 divided into 10,000,000,000 Existing Shares with a par value of HK\$0.01 each (the "Increase in Authorised Share Capital"); (ii) the share consolidation of every twenty (20) issued and unissued Existing Shares of par value HK\$0.01 each into one (1) consolidated share ("Consolidated Share") of par value of HK\$0.20 each (the "Share Consolidation"); and (iii) the proposed rights issue on the basis of four (4) rights share for every one (1) Consolidated Share on a non-underwritten basis (the "Rights Issue"). The Increase in Authorised Share Capital, Share Consolidation and Rights Issue are subject to shareholders' approval at an extraordinary general meeting of the Company. Assuming full subscription under the Rights Issue, the expected gross proceeds of the Rights Issue will be up to approximately HK\$157.847 million and the relevant expenses would be approximately HK\$2.587 million, which includes placing commission and professional fees payable to financial adviser, legal advisers and other parties involved in the Rights Issue.

The Company intends to apply the net proceeds from the Rights Issue in the following manner:

- (i) approximately 90% (being approximately MOP143.925 million) for repayment of bank loans and overdrafts of the Group within around three months upon completion of the Rights Issue; and
- (ii) approximately 10% (being approximately MOP15.991 million) as general working capital of the Group, including but not limited to its daily operational expenses and its staff cost of the Group for the forthcoming 6 months upon completion of the Rights Issue.

In the event that there is an under subscription of the Rights Issue, the net proceeds will be utilised on a pro rata basis as set out above.

For further details on the Increase in Authorised Share Capital, Share Consolidation and Rights Issue, please refer to the announcements of the Company dated 1 March 2024 and 25 March 2024.

Corporate Governance Report (continued)

The Board believes that, taking into account the above plans and measures, the Group will have sufficient working capital to satisfy its present requirements for the year ending 31 December 2024. However, should the Group fail to achieve the above mentioned plans and measures, the Group may be unable to operate as a going concern, in which case adjustments might have to be made to the carrying values of the Group's assets to state them at their realisable values, to provide for any further liabilities which might arise and to reclassify its non-current assets and non-current liabilities to current assets and current liabilities, respectively.

The Company will continue to take proactive measures so to resolve its liquidity issue and will publish an appropriate announcement if there is any material development in accordance with the Listing Rules and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The Auditor has indicated to the Company that whether the multiple uncertainties relating to going concern can be adequately addressed depends on the implementation of the Company's actions taken/proposed plans and measures to be taken as mentioned above to address the Disclaimer of Opinion.

Audit Committee's View on the Disclaimer of Opinion

The Audit Committee had critically reviewed the Disclaimer of Opinion, the management's position concerning the Disclaimer of Opinion (the "Management's Position") and measures taken by the Group for addressing the Disclaimer of Opinion. The Audit Committee agreed with the Management's Position based on the reasons above. Moreover, the Audit Committee requested the management to take all necessary actions to address the uncertainties regarding going concern underlying the Disclaimer of Opinion that no such Disclaimer of Opinion will be made in the forthcoming audited financial statements. The Audit Committee had also discussed with the Auditor regarding the financial position of the Group, measures taken and to be taken by the Group, and considered the Auditor's rationale and understood their consideration in arriving their opinion.

The auditor's responsibilities are set out in the Independent Auditor's Report.

AUDITOR'S REMUNERATION

For the year ended 31 December 2023, services provided to the Company by its external auditor, Global Link CPA Limited ("Global Link"), and the respective fees paid were:

INVESTOR RELATIONS AND COMMUNICATION WITH SHAREHOLDERS

The Board established a Shareholders' communication policy to ensure that Shareholders and potential investors are provided with ready, equal and timely access to information of the Company.

The Company has maintained a corporate website at www.spacegroup.com.mo through which the Company's updated financial information, business development, announcements, circulars, notices of meetings, press releases and contact details can be accessed by the Shareholders and investors.

The AGM also provides an important opportunity for constructive communication between the Board and Shareholders. The Chairman and other members of the Board are present at the AGM to answer questions raised by the Shareholders. The annual report together with AGM circular is distributed to Shareholders at least 20 clear business days before the AGM.

The Company has reviewed the Shareholders' communication policy conducted for the year ended 31 December 2023 and considered that the Shareholders' communication policy has been well implemented and effective.

CONSTITUTIONAL DOCUMENTS

The Company adopted an amended and restated memorandum and articles of association on 20 December 2017, an amended and restated memorandum and articles of association on 16 January 2018 and an amended and restated memorandum and articles of association on 23 June 2023. Save as disclosed, there was no change in the constitutional documents of the Company during the Relevant Period and up to the date of this report.

Environmental, Social and Governance Report

This is the Environmental, Social and Governance Report (the “ESG Report”) of Space Group Holdings Limited (the “Company”), together with its subsidiaries (collectively, the “Group”) for the year ended 31 December 2023.

SCOPE AND REPORTING PERIOD

This is the Environmental, Social, and Governance (“ESG”) report of Space Group Holding Limited (the “Company”, and collectively with its subsidiaries referred as the “Group” or “we”), which lays out the principles and concept of sustainable development to which we adhere while performing our corporate social responsibilities, summarises the relationship of the Group with the stakeholders, and states our vision and mission for the social responsibilities.

The Group undertake fitting-out projects primarily in the private sector, including hotel and casinos, restaurants and retail shops, and other properties in Hong Kong, Macau and Singapore. The Group also established the finance servicing arm, which holds Type 1, 4, & 9 licenses issued by the Securities & Futures Commissions of Hong Kong conducting financial services such as securities trading, investment advice and asset management. This report covers the fitting-out business and finance service business, as well as their operational locations, which include Hong Kong, Macau, Guangdong, Zhuhai, and Shanxi from 1 January 2023 to 31 December 2023, unless otherwise stated.

REPORTING PRINCIPLES

The Report is prepared in accordance with the “Environmental, Social and Governance Reporting Guide” set out in Appendix C2 to the Listing Rules of the Stock Exchange (the “Guide”). The contents covered herein are in compliance with the provision of “Comply or Explain” as well as four reporting principles of materiality, quantitiveness, balance and consistency required in the Guide.

Materiality – Materiality assessments have been carried out to identify material environmental and social issues that have major impacts on investors and other stakeholders, the significant stakeholders, procedures, and results of the engagement of which are presented in the section “Stakeholder Engagement and Materiality” in the Report.

Quantitiveness – Key performance indicators (“KPI”s) have been established, and are measurable and applicable to make valid comparisons under appropriate conditions; information on the standards, methodologies, assumptions, and/or calculation tools used, and sources of conversion factors used, have been disclosed when applicable.

Balance – The Report presents the Group’s performance during the Reporting Period in an impartial manner, avoiding choices, omissions or presentation formats that may unduly influence readers’ decisions or judgements.

Consistency – Consistent statistical methodologies and presentation of KPIs have been used to allow meaningful comparisons of related data over time.

REPORTING LANGUAGE

The Report is published in both English and Traditional Chinese versions. In case of discrepancies the English version shall prevail.

STAKEHOLDERS' FEEDBACK

Your opinions about the Report are highly valued by the Group. If you have any enquiries or advice, please contact us by e-mail space@spacegroup.com.

THE STATEMENT OF THE BOARD OF DIRECTORS

The Group recognizes the importance of the Board's leadership and involvement in implementing sustainable development strategies. Therefore, the Board is responsible for overseeing and leading ESG-related matters, as well as seizing opportunities and addressing risks related to sustainable development. The Board regularly decides on and monitors ESG policies and strategies, including setting ESG-related goals, reviewing progress towards those goals, evaluating materiality, and setting priorities.

THE GROUP'S FUTURE DEVELOPMENT AND COMMITMENTS

The Group recognizes the correlation between business activities and ESG issues in various aspects. We intends to transform the traditional business into a sustainable one in the long run. We plans to take a top-down approach to promote the significance of sustainability and will consider suggestions from different stakeholders that can improve the Group's sustainability. To monitor progress, we will conduct an annual review and engage professional parties to evaluate the Group's sustainability.

ESG governance is a top priority for the Group and we aim to work collaboratively with employees, investors, shareholders, customers, suppliers, governments, and community groups to achieve mutual benefits and contribute to social progress, economic growth, and environmental governance. We are committed to promoting sustainable business practices and fulfilling corporate social responsibilities to capture industry development opportunities and create value for stakeholders. Moving forward, the Group will continue to proactively assume corporate social responsibilities for achieving sustainable development. We will actively comply with relevant government policies and requirements, support society-wide low-carbon development, and participate in society-wide actions for energy conservation and emission reduction.

Environmental, Social and Governance Report (continued)

SUSTAINABILITY GOVERNANCE

The Group's operations are built upon a foundation of strong corporate governance. We believe that establishing and implementing sound ESG principles and practices will increase the investment value of our enterprise and provide long-term returns to our stakeholders. The Board is responsible for overseeing sustainability issues related to the Group's operations and strategy. By setting a strategic direction, the Board establishes a clear vision and strategy to guide ESG measures and systems that reflect the Group's core values. The Board will utilize the following methods to identify, manage, and review material ESG issues:

Identify: The Board will collaborate with essential stakeholders such as major customers, major suppliers, management team, and employees to recognize significant ESG issues and risks associated with the Group's business operations. The Board recognizes that open communication with stakeholders is essential for ensuring business sustainability.

Assess: Apart from assessing the performance of the Group's ESG measures through discussion with the Group's stakeholders, the Board will engage a third party to identify and assess our performance in respect of environmental protection and climate change.

Review: The Board will review the progress made against ESG-related goals to guide the Group to achieve better ESG performance. Through the Group's ESG Policy, a set of systematic risk management practices have been put in place to ensure financial and operational functions, compliance control systems, material control, asset management and risk management all operate effectively.

Environmental, Social and Governance Report (continued)

STAKEHOLDER ENGAGEMENT AND MATERIALITY

In order to effectively promote our sustainable development and bring positive impact to the long-term development of the environment and community, we continuously communicate and exchange opinions with our internal and external stakeholders (including shareholders/investors, staff, customers, business partners, suppliers, regulatory authorities and community/non-governmental organisations) to understand their views and expectations. We also incorporate the opinions of various stakeholders as far as possible when assessing and determining ESG risks and formulating relevant risk management and business strategies. Through the following communication channels, we hear their advice and feedback on the sustainable development of the Group, so as to improve our operations and practices accordingly.

Through ongoing dialogues and stakeholder engagement exercise throughout the Reporting Period, the Group has received feedback and suggestions from stakeholders that are invaluable to its sustainable development journey.

Environmental, Social and Governance Report (continued)

During the Reporting Period, the Group has specifically engaged its board of directors, senior management, shareholders, suppliers, frontline employees, clients, and third-party professionals to gain further insights on ESG aspects they find material and relevant challenges that they may induce. A materiality assessment has then been produced according to the engagement as follows.

Environmental	Labour Practices	Operational Practices
1 Energy	8 Employment	12 Supply Chain Management
2 Water	9 Occupational Health and Safety	13 Intellectual Property
3 Air Emission	10 Development and Training	14 Data Protection
4 Waste and Effluent	11 Labour Standards	15 Customer Service
5 Other Raw Materials Consumption		16 Product/Service Quality
6 Environmental Protection Measures		17 Anti-corruption
7 Climate Change		18 Community Investment

Environmental, Social and Governance Report (continued)

According to the assessment, the five most material topics to the Group are therefore,

1. Anti-corruption
2. Labour standards
3. Water
4. Environmental Protection Measures
5. Other Raw Materials Consumption

The Group aims to keep close communication with its stakeholders for the identified aspects and continues to improve its ESG performance. The Group also hopes to have better management on ESG-related risks for future business development. In alignment with the Group's vision on sustainability, the business will continue to operate with high ethical standards and provide sustainable returns to stakeholders.

A. ENVIRONMENTAL

A1. Emissions

The Group attaches great importance to environmental protection, and strictly abides by related laws and regulations. While developing our business, the Group thoroughly implement the concept of energy conservation and environmental protection through adopting a variety of measures, and continue to pursue clean, efficient and green development. We have formulated internal policies, aiming to save energy, water, paper and other resources, reduce greenhouse gas ("GHG") emissions and air pollutants from vehicles, as well as promote and support environmental policies including mitigation of climate change, while raising employees' awareness toward environmental protection. We will review and examine the implementation progress of various environmental protection measures, monitor each emission source, identify more opportunities for energy conservation and emission reduction, and establish relevant policies to effectively ensure that resources are used properly, aiming to reduce the environmental footprint.

The Group's fitting-out projects have minimal impacts on the environment and natural resources. Our carbon footprints mainly come from the use of electricity, the use of water, the use of materials and waste generated. The finance service business is conducted within an office setting and has a negligible impact on the environment. We have carried out environmental protection measures in relation to energy management, water resource management and waste reduction, so as to minimise the impact on the environment and natural resources. During the Reporting Period, the Group did not note any cases of material non-compliance relating to air and greenhouse gas emissions, discharge into water and land, and the generation of hazardous and non-hazardous waste as required by the applicable laws and regulations that had a significant impact on the Group.

Environmental, Social and Governance Report (continued)

A1.1 Air Emissions

The office did not generate direct air emissions. Fitting-out works carried out by sub-contractors may generate some indoor air pollutants, and the liability shall be borne by the sub-contractors. Meanwhile, the Group has deployed project managers at the site to supervise sub-contractors' work.

Passenger cars consuming petrol were used for daily business operations. Their combustion generated several air emissions including nitrogen oxides (NO_x), sulphur oxides (SO_x), and respiratory suspended particles (PM). The Group has generated a total amount of 0.07 kg SO_x, 2.92 kg NO_x and 0.21 kg PM during the Reporting Period.

A1.2 Greenhouse Gas (GHG) Emissions

Emissions from the Group were generated directly from the consumption of mobile fuel petrol, and indirectly from the consumption of purchased electricity, land filling of waste papers, and business air travel.

There were 64.55 tonnes CO₂, with an intensity of 0.23 tonne per one million Hong Kong Dollar revenue (/HK\$m revenue) of carbon dioxide equivalent (tCO₂e) GHG emitted from the Group's operation during the Reporting Period.

The reported GHG emissions were attributed to the following activities:

- Direct emission (scope 1): combustion of petrol for the Group-owned vehicles;
- Indirect emission (scope 2): purchased electricity;
- Other indirect emission (scope 3): business air travel and paper waste disposal.

Scope of GHG emissions	Emission sources	GHG Emission (in tCO ₂ e)	Sub-total (in tCO ₂ e)	Total GHG emission (in percentage)
Scope 1 Direct emission ¹	Combustion of gasoline in mobile sources	11.13	11.13	17%
Scope 2 Energy indirect emission ²	Purchased electricity	50.70	50.70	79%
Scope 3 Other indirect emission	Paper waste disposed at landfills	0.73	2.72	4%
	Business air travel by employees ³	1.99		
Total (in tCO ₂ e)			64.55	100%
Intensity (tonne CO ₂ e/ HK\$m revenue)			0.23	

Environmental, Social and Governance Report (continued)

Notes:

- 1 Emission factors were referred to Appendix 27 of the Listing Rules and their referred documentation as set out by Hong Kong Exchanges and Clearing Limited, unless stated otherwise.
- 2 Emission factor of 0.6101 tCO₂e/kWh was used for purchased electricity from the Grid of PRC.
- 3 Emissions were calculated using the online tool provided by the International Civil Aviation Organization.

A1.3 Hazardous Waste

The business operations of the Group did not involve generation of any significant hazardous waste. Hence, no such information is presented in this report.

A1.4 Non-hazardous Waste

The Group follows waste management principles and aims to manage and dispose of waste generated by our business activities in a proper manner. Our waste management practices comply with relevant environmental protection laws and regulations. The non-hazardous waste generated by the Group's operations primarily consists of paper and toner cartridges. During the Reporting Period, the Group has utilised and disposed 0.73 tonnes of paper and 4 pieces of toner cartridge.

A1.5 Measures to Mitigate Emissions

The Group's operations generally resulted in insignificant emissions. The main source of emission was electricity used for daily operations, as well as petrol used by vehicles, details of which has presented in section A2. In the Reporting Period, the Group has set annual targets for air emissions, which were mainly focused on reducing GHG emissions. To achieve the targets, the Group has taken the following measures:

- arranging regular inspections for each fitting-out projects to ensure that waste water, noise, and air emissions are compliant with regulations and do not pose any health risks to employees;
- encouraging employees to take public and shared transportation;
- encouraging employees to replace business travel and long-distance face-to-face meetings with telephone or video conferences, and use public transportation to reduce the use of private cars;
- designating personnel to turn off lighting and ensure the reasonable use of air conditioning; and
- conducting monthly electricity statistics to analyse electricity efficiency and usage distribution to monitor the Group's electricity consumption in the long term.

Through these measures, the Group aims to achieve a 10% reduction in overall emissions intensity in 10 years.

Environmental, Social and Governance Report (continued)

A1.6 Waste Reduction and Initiatives

The Group regularly monitor paper, toner cartridge, and ink cartridge consumption and have implemented measures to reduce waste. The Group provides facilities and encourages employees to sort and recycle waste to achieve waste mitigation, reuse, and recycling objectives. We place a high standard on waste reduction and educate employees on the significance of sustainable development, providing relevant support to enhance their skills and knowledge.

In addition to recycling, the office has implemented programs and activities to encourage waste reduction, such as promoting green information and electronic communication to implement a paperless system, placing “Green Message” reminders on equipment, using double-sided printing and recycled paper, and only using single-sided printing for official or confidential documents when necessary. The Group does not produce any hazardous waste in its business activities.

A2. Use of Resources

The Group recognizes that the building materials used directly impact the quality of the building and surrounding environment, and has implemented several environmental procurement measures. We prioritize the purchase of environmentally-friendly indoor and outdoor building materials that provide a comfortable environment while saving natural resources. We also prioritize the selection of locally-sourced materials and consider recycling to reduce carbon emissions and construction waste generated from transportation.

The Group's energy consumption, electricity consumption, and water consumption are relatively low, and we have established policies and procedures for environmental management, including energy management. Electricity and petrol consumption account for a significant portion of our carbon emissions.

A2.1 Energy Consumption

Direct/Indirect Energy Sources	Consumption (in Litre)	Consumption (in kWh)
Electricity	N/A	93,458.70
Petrol	4,716.52	45,709.52
Total		139,168.22

The Group's business operations resulted in total energy consumption of 139,168.22 kWh from the use of electricity and petrol, recording a 13% drop from the last Reporting Period. The Group's energy intensity was 509.4 kWh/MOP'm revenue.

Environmental, Social and Governance Report (continued)

A2.2 Water Consumption

Up to the year ending on 31 December 2023, the Group haven't consumed any water in out fitting-our business because the related construction site has been completed. As our office building are all managed by building management company, we do not have any water utilization record. However, the amount of water we used for office operation is insignificant.

A2.3 Energy Use Efficiency Initiatives

We advocate the principles of green energy conservation and making good use of resources, and are committed to optimizing the use of resources throughout our business. We formulate relevant energy-saving policies and measures to reflect our emphasis on energy efficiency. Power consumption of the Group is primarily generated from the lighting, air conditioning and other equipment in the Group's offices and day-to-day operations. For electronic devices, we use products with high energy efficiency certification and power-saving modes, such as computers and printers that can automatically enter the standby or sleep mode when idling. We also procure electronic devices that are able to accommodate multiple servers, such as printing facilities with multi-functional printing and copying devices, and avoid using a single server with higher capacity to save electricity. During the Reporting Period, the Group has set annual targets to reduce its electricity and energy consumption during operation and shall strive to keep on improving consumption efficiency. The Group aims to achieve a 10% reduction in overall energy use intensity in 10 years.

A2.4 Water Use Efficiency Initiatives

The Group strictly abides by the rules and regulations in relation to water pollution control. Our building site's fitting-out project was where water usage was most prevalent. We create and implement a water management strategy that includes plumbing system maintenance, monitoring, and leak detection. We've been able to further reduce our water usage by teaching employees the value of water conservation.

The domestic water we use is supplied by our property buildings, and we have no problem in sourcing water that is fit for purpose. The Group has set annual targets for the use of water resources of which were mainly focused on reducing water waste and improving the use efficiency of water resources. To achieve the targets, the Group has taken the following measures:

- installing water-saving sprinklers in washing bays; and
- installing motion-sensor water tap in toilets;

A2.5 Packaging Materials

The Group's operations did not involve any regular use of packaging materials.

Environmental, Social and Governance Report (continued)

A3. The Environment and Natural Resources

The Group is committed to implementing environmentally-friendly practices and minimizing the impact of its business activities on the environment and natural resources. Despite not being in a pollution-intensive industry, we prioritize reducing greenhouse gas emissions, solid waste generation, and resource consumption. We comply with relevant environmental laws and regulations and integrate environmental protection into our internal management and daily operations. Our goal is to achieve environmental sustainability and promote the effective use of resources. We continuously monitor potential environmental impacts of our operations and adopt green office and construction practices to reduce waste and consumption. We prioritize green purchasing and practical technologies to protect natural resources.

Effective project management is crucial for efficient resource use, and we implement environmentally-friendly construction measures and comply with building energy conservation regulations. We prioritize waste reduction and management, with a hierarchical system of avoidance, reuse, and recycling before disposal. For construction waste, we require subcontractors to collect and classify waste centrally and transport it promptly to prevent dumping in the environment. We regularly review our environmental protection policies and take necessary precautions to comply with relevant laws and regulations.

During the 2023 fiscal year, the Group remained compliant with all environmental laws and regulations and took steps to minimize significant environmental impacts.

A3.1 Significant Impacts of Activities on the Environment

The Group has established internal policies to reduce its consumption of resources and to minimise business travel. The Group is also committed purchasing from qualified suppliers who follow national environmental rules and regulations. Indirect environmental impacts of the Group are mitigated by promoting pro-environmental behaviours among its employees. The Group will continuously monitor its air emissions and solid waste generation to minimise its impacts on the environment.

A4. Climate Change

Climate change is now one of the global issues and challenges, and the Group understands that the impact of climate change is increasing day by day. Climate change poses a huge threat to all businesses, and that of the Group's is not an exception.

Physical risk

More frequent or severe natural disasters, such as floods and heavy rainfall, which will result in delays in the delivery of our outdoor projects, and affect operational efficiency and punctuality rate, thereby affecting market sales performance.

Risk of extreme weather events, such as storms, floods, or heatwaves, which can disrupt construction timelines and damage the completed structures.

Climate change can impact the availability and cost of natural resources, such as water and energy, which are essential for the construction process.

Environmental, Social and Governance Report (continued)

How to mitigate physical risk

Our production team will consider climate risk as a major factor starting from the planning of all projects. Historical climate data of production location will be carefully analyzed to minimize the possibility of extreme weather. During the production process, everyday observatory prediction will be closely monitored. Furthermore, our finance team will factor in extreme weather risks during our budget planning.

Transition Risk

Fitting-out engineering contractors may also face increased costs due to new regulations and standards related to climate change mitigation and adaptation. As a result, our contractors must take steps to adapt to the changing climate conditions and implement strategies to mitigate potential risks.

Our finance service arm may also face reputational risks if our operation are perceived as not taking sufficient action to address climate change concerns.

How to mitigate climate risk

The Group has strictly followed all environmental-related rules and guidance from local and national authorities. To mitigate these risks, our finance services sectors will consider the potential impacts of climate change on our business activities and operations, and implement strategies to adapt to changing conditions and support the transition towards a low carbon economy. This includes introducing investment opportunities in sustainable and climate-resilient projects, developing and implementing climate risk management strategies, and engaging with stakeholders to promote climate action.

In the future, the Group will continue to proactively assume corporate social responsibilities for responding to climate change, and take effective measures to cope with the challenges brought by climate change, so as to achieve its own sustainable development. The Group will actively respond to and implement relevant government policies and requirements in response to climate change, and actively engage in society-wide common actions to mitigate its negative impacts.

Our brief climate risk assessment

Climate-related Risk	Timeframe	Likelihood	Impact
Extreme weather (Acute)	Long term	Medium	Medium
Extreme weather (Chronic)	Long term	Medium	Medium
Tightening of climate-related policies	Short-term	Low	Low
Cost to transition to lower emissions technology	Short-term	Low	Low
Changing customer behaviour	Short-term	Low	Low

1. Employment and Labour Practices

B1. Employment

B1.1 Employment Figures

The Group regard employees as the key driving force for our sustainable growth. Adhering to the people-oriented principle, we respect and protect the legitimate rights and interests of every employee, regulates employment management, protects employees' occupational health and safety, and creates a working environment of health, safety and inclusiveness, so as to consolidate the close and long-term cooperation between our employees and us.

The Group also complies strictly with the relevant laws and regulations to ensure employees' interests are protected. In addition, we have formulated a staff handbook to facilitate the building of talent teams and strive to create an equal, inclusive, healthy and safe working environment. Our staff handbook mandates human resource management policies, including equal employment, attendance management, remuneration and benefits, recruitment and promotion, training and development, health and safety, performance assessment, code of conduct, etc., so as to keep employees aware of the Group's management basis and their own interests. The Group did not note any cases of material non-compliance in relation to employment during the Reporting Period.

B1.3 Employee Recruitment, Compensation and Benefits

The Group complies strictly with all applicable laws and regulations in relation to recruitments, pursuant to which the Group is to select, recruit and promote its employees at all levels in a fair, just and open manner based on their knowledge, integrity, ability and experience in either public recruitment or internal promotion, so as to ensure meritocracy and attract the best professional elites in the industry. The recruitment process is arranged by the human resources department, with interviews arranged for the selected candidates. Qualified applicants shall provide their identity documents, academic certificates and resumes. The applicants shall pass the prescribed recruitment process, and become officially employed after signing the employment contracts. The Group ensures to carefully go over the identities and birth certificates of the qualified applicants to eliminate child labour at the source. During the Reporting Period, the Group was not aware of any instance of child labour and forced labour.

The Group highly appreciates the continued services of its employees. When an employee presents his/her resignation, the human resources department will arrange an interview with him/her to understand his/her motives and identify issues in relation to management and employee turnover rates, so as to make timely improvements and retain talents.

Environmental, Social and Governance Report (continued)

The remunerations of employees are determined based on their competitiveness, experience, skills and qualifications for their positions. An annual performance assessment will be carried out to evaluate each employee based on their target achievement, key competence and overall performance. Remuneration adjustments and annual performance-related bonus distribution are planned in accordance with the market conditions and operating results of the Group, so as to encourage employees to strive for greater contribution to the Group. In addition, the Group makes contributions to mandatory social insurance funds, including pension, occupational injury insurance, maternity insurance, medical insurance and unemployment insurance for employees.

The Group complies with all working hours, rest, and vacation regulations of the Chinese, Hong Kong and Macau Labor Law to ensure the physical and mental health of all employees. The Group does not force employees to work overtime. Employees may apply for overtime in advance, and overtime pay is paid after approval by the manager. Employees are entitled to public holidays recognised by PRC, as well as paid time off from the Group, which include but not limited to annual leave, marriage leave, maternity leave, sick leave, etc.

During the Reporting Period, the Group was not aware of any violation cases relating to compensation, recruitment and promotion, working hours, holidays, equal opportunity, diversity, anti-discrimination, and other benefits and welfare that have a significant impact on the operations of the Group.

B1.4 Employee Communication

Through induction training for new employees, the Group promotes a culture of belonging and career development planning to create a cohesive and competitive working environment that encourages self-development.

The Group attaches great importance to the opinions of employees. We understand that employees are our close and long-term partners. Maintaining effective and positive mutual communication can not only promote smooth operations, but also enhance mutual understanding and trust, and contribute to the stable development of the Group. The Group fully protects the two-way communication channels with its employees, these include corporate messages from the Group to employees, channels for employees to report information to the Group, opinion surveys, etc. The Group mainly releases information and key issues to employees through internal office platforms, which include but not limited to emails, announcements, and corporate micro-channels. The Group carefully reviews and considers all opinion from its employees and makes corresponding improvement to ensure their rights and interests.

B1.5 Equal Opportunity and Anti-discrimination

The Group attaches particular importance to equal employment opportunities and comply strictly with anti-discrimination laws. The Group has also formulated internal policy on equal employment opportunities, aiming to treat both employees and job applicants fairly and ensure they are not discriminated for their gender, marital status, pregnancy, age, family status, disability, ethnicity, nationality or religion. The Group treats each of its employees fairly and justly and offer equal opportunities to them in recruitment, promotion, rewards, training, etc., and promise that no discrimination will be tolerated. The Group shall consider disciplinary punishments on anyone who violates this policy. In compliance with the law, the Group organises face-to-face lectures and provides online training courses from time to time to prevent employees from being discriminated, harassed, and harmed during work.

Environmental, Social and Governance Report (continued)

B2. Employee Health and Safety

The Group places great importance on occupational safety and has established an occupational health and safety management system to ensure a safe working environment for office employees. We strictly follow relevant health and safety regulations in Macau, Hong Kong, and PRC. The Group is committed to providing a safe and healthy work environment for their employees and subcontractors, and regards occupational health and safety as a top priority for maintaining their reputation.

The Group has implemented a safety management system in Macau based on the OHSAS 18001 international standard. The system takes a preventive approach and focuses on crisis management and risk assessment. The Group conducts regular internal risk assessments and reviews every six months to provide information, training, and supervision for different types of work. This is done to enhance risk awareness and to be better prepared for emergencies.

The Group has also established and maintains a safety management system for our Macau operations. We properly manage any violations of the system and take remedial measures after recording and reviewing to ensure site safety and health management is properly implemented at all construction sites they manage. The Group complies with applicable laws and regulations regarding safety and health management.

COVID-19 Measures

When the coronavirus disease broke out, the Group was highly cautious of the most up-to-date situations as employees' health and safety is the Group's priority. The Group has taken lead in setting up preventive measures and arrangements for employees, some practices include:

- Strictly enforce the quarantine measures required in accordance with the requirement of the Government
- Adopting work rotation, home officing, and other distancing measures as appropriate
- Strengthening health surveillance measures, such as measuring body temperatures
- Frequent disinfection of areas with high density
- Sourcing and providing anti-virus supplies, such as surgical masks, sanitisers

The Group remained vigilant and released information promptly whenever any cases worthy of concern was identified.

During the Reporting Period, the Group did not receive any complaints or lawsuits regarding violations of health and safety-related laws, and there was no work-related death in the past three years.

B3. Development and Training

The Group continuously monitors employees' job performance in order to identify training needs. Employees are encouraged to participate in work-related and personal development trainings through on-the-job trainings and external trainings to understand market trends and increase their competence. Training provided was mostly duty-related courses or seminars delivered by both related experts in the Group or external service providers.

To promote the joint growth of the Group and its employees, the Group has invested a lot of resources in talent training. The Group has standardized and improved its employee training system to develop exclusive development paths to employees, which offers basic skills training, professional skills training, product training, and management skills training. At the same time, the Group also encourages employees to actively participate in various training courses organized by various brand manufacturers, which include but not limited to products, skills, management upgrades. During the Reporting Period, the Group has provided its employees with multiple online and offline training courses.

13 employees received 24 hours of anti-corruption training, 8 employees received 21 hours of occupational health and safety training, and 8 employees obtained 10 hours of training for a Licence Type 6 Continuous during the Reporting Period.

B4. Labour Standards

There was no child nor forced labour in the Group's operation during the Reporting Period. All original identification cards of job candidates are first checked by the Group to confirm their age is above 16 years old. In addition, the Group conducts regular checking to ensure that there is no child labour nor forced labour in its operations.

The Group also refrains from working with suppliers and subcontractors that are already known to use forced or child labor in their operations.

Environmental, Social and Governance Report (continued)

The Group complies with all applicable laws and rules, including the Labor Relations Law and the Convention on the Prohibition of and Immediate Action Toward the Elimination of the Worst Forms of Child Labor.

2. Operating Practices

B5. Supply Chain Management

The Group maintains an approved list of suppliers from Macau, Hong Kong, and the PRC. When selecting suppliers for a project, we evaluate them based on their scale of operation, past experience working together, ability to meet project requirements, price, and delivery time. The group regularly reviews and updates this list. The procurement department coordinates with the project manager to select a supplier from the approved list and negotiate purchase terms. Before execution, the executive directors review and approve the proposed supplier purchase order forms. The quantity surveyor examines the quantity and quality of materials ordered and the timing of delivery to ensure that they meet project schedules.

The Group's procurement department is responsible for ongoing project evaluation and annual assessment of suppliers. The evaluation results serve as the basis for supplier management. Suppliers are expected to take effective measures to improve their services if they receive unfavorable assessment results. The Group has the right to terminate cooperation with service providers who violate the rules or fail to meet targets. The Group maintains close communication with its suppliers to monitor their performance and ensure that they meet their service commitments.

The Group attaches great importance to the environmental and social risks within its supply chain and sub-contractors. The Group regularly reviews the updates of policies and laws related to the supply chain, and communicates with internal and external stakeholders to understand and identify potential environmental and social risks within its supply chain. In view of this, under the Group's sub-contractor supervision mechanism, the Group also requires sub-contractors to meet compliant standards in their environmental and social performance.

B6. Product Responsibility

The Group places a high priority on the quality and safety of its services. We have established quality and safety inspection policies for different projects, and we communicate with our customers to confirm project expectations and directions before initiating any project. The Group actively coordinates projects with our customers during the service provision process. We continuously improve our customer service and complaint handling mechanisms to protect the rights and interests of consumers and provide comfortable services.

The Group has also established a system for selecting and managing subcontractors. This includes maintaining a list of approved subcontractors and regularly inspecting the quality and progress of work performed by project managers. Subcontractors must comply with relevant laws and regulations related to site safety and illegal labor. They are required to adopt all safety, building, and structural measures and procedures specified in the group's safety management plan.

Environmental, Social and Governance Report (continued)

The Group places great emphasis on property construction quality control, including the purchase of building materials, external and interior decoration, and machinery used on construction projects. We ensure compliance with our quality standards and relevant legislation and regulations through project monitoring. Maintenance technicians should carry out detailed inspections on the automobiles according to the requirements of each brand, including computer diagnosis, and regularly maintain the automobiles before delivery.

B6.1 Intellectual Property Rights

The Group attaches great importance to the protection of intellectual property rights, and complies with the relevant laws and regulations. In order to effectively carry out the works relating to the management and protection of intellectual property rights, the Group has established internal control procedures, which systematically manages work involving intellectual property rights:

- The Group's application, maintenance and transfer of intellectual property rights will be handled in an appropriate manner;
- When the Group's intellectual property rights are infringed by third parties or may be subject to other infringement disputes, the Group will preserve relevant evidence in a timely manner and take measures to protect our intellectual property rights as soon as possible; and
- The Group is not only serious about the protection of intellectual property rights relating to its own business, but also respects the copyright protection efforts of other products. Genuine software has been installed and used on all of the Group's terminal equipment, and installation and use of unauthorised software on its terminal equipment is strictly prohibited. Additionally, the software and database used in our information system must be authenticated and are allowed to be used for commercial purposes.

During the Reporting Period, there had been no cases that violate intellectual property rights.

B6.2 Quality Assurance

The Group's corporate motto is "Customer for Life", and it is central to its corporate culture. The Group strives to deliver optimal services in its daily operations. Thus, the Group attaches great importance to customers' opinions and treats providing customer support as an opportunity to improve its relationship with the customer, and aims to address customer's concern in a timely manner.

The Group has established a number of communication channels aiming to collect customer feedback in a more efficient manner, which include daily operation/communication, telephone, WeChat and e-mail.

Environmental, Social and Governance Report (continued)

A comprehensive mechanism for handling customer complaint was established to manage the collection, transmission, and handling of customer complaints as well as return visits. Upon receiving relevant complaint, such complaints will be reported to relevant departments and suppliers in a timely manner, where they shall understand the root cause of the issue, proactively seek solutions, and formulate relevant measures to prevent similar situations from reoccurring. If the Group receives a material complaint, a special handling team will be set up in order to jointly formulate a handling plan, while ensuring the comprehensiveness, rationality and compliance of the plan as much as possible, and also strengthening communication with customers and strive to properly solve the related problems. The Group's customer relations managers will maintain close communication with its customers. In addition, the Group provides employees with training to improve their efficiency and capacity in handling customer complaints.

During the Reporting Period, our engineering work in the fitting-out construction site has been completed, we don't have any complaints record from our clients.

B6.3 Confidential Information

The Group pays close attention to risk management relating to its information technology systems as storage and protection of customer data and other related information is critical. The Group has adopted a set of security safeguard measures to protect the data it has accumulated and stored, including, but not limited to, encryption technology for data transmission and storage, conducting data classification management and applying strict user data access and usage management policies.

Under such mechanisms and procedures, any operation violating information security regulations will result in internal disciplinary action. The Group's staffs are expected to undertake periodical training on data protection. The Group also has a comprehensive data backup system to encrypt and store data on servers in different locations in order to minimize the risk of data loss. Furthermore, the Group has designated personnel to be responsible for inspecting and reporting any suspicious data deriving and transmitting activities, as well as enhancing its data protection system pursuant to the changes of laws and regulations and technology development. Meanwhile, such personnel has been designated to take charge of reviewing, discussing and improving technologies in managing information security and internal control system to ensure adequate protection is given to the Group's database.

The Group complies with all applicable laws regarding confidential information and data protection of the PRC. During the Reporting Period, the Group received no complaints or litigations relating to data protection and privacy protection.

Environmental, Social and Governance Report (continued)

B7. Anti-corruption

The Group regards knowledge and compliance with laws as the foundation of our business. The Group always adheres to its core values and establish an honest, trustworthy, standardised and transparent business environment. In order to ensure the compliance of the Group's business operations and the suitability of relevant regulations in the industry, the Group has formulated internal policies which cover management system in different scopes, including board governance, business operations, financial management, personnel management, general management and information security. The Group will regularly review the prevailing laws and regulations, industry norms and its business development, so as to update and revise the compiled articles in due course. During the Reporting Period, the Group was not aware of any material incompliance with relevant laws and regulations.

In additions, the Group attaches great importance to the corporate culture of integrity and anti-corruption, adheres to the highest standards of ethics and business integrity at all times, and abides by the laws and regulations to prevent bribery, corruption, money laundering and fraud in its business operation. The Group has formulated the anti-corruption and anti-bribery policies which are required to be strictly followed by all employees.

In order to enhance the anti-corruption awareness and level of employees, during the Reporting Period, the 8 employees of the Group received 22 hours of anti-corruption training. Topics of anti-corruption training included anti-corruption laws and cases, roles of directors and employees in combating corruption, job embezzlement, fraud, and misappropriation of funds, etc.

The Group has also formulated sound whistle-blowing policies to encourage all directors, employees and third parties (including customers and suppliers of the Group) to report any misconduct, dereliction of duty or violations. The whistle-blower can report any suspected illegal acts or dereliction of duty to the Group in the form of writing such as mails or e-mails. The identity of the whistle-blower will be kept strictly confidential. The whistle-blowing mechanism is coordinated by the Group's internal audit department. Upon receiving whistle-blowing incidents, the department will analyse and sort out the whistle-blowing information. After preliminary review and verification, if it is believed that the reported person does have the facts of disciplinary violations, the investigation shall be formally filed and handled in accordance with the relevant regulations of the discipline inspection and supervision department.

During the Reporting Period, the Group did not have any lawsuits related to, nor violated relevant laws and regulations that have a significant impact on the operations of the Group.

Environmental, Social and Governance Report (continued)

B8. Community Investment

Through various means of community participation and contribution, the Group is committed to spreading the spirit of service in the community and building a sustainable and inclusive society. While actively developing its business, the Group never forgets to support various community engagements in order to give back to the society. The Group has always provided long-term and stable job opportunities to the society, maintained good employment relationships, provided employment opportunities for the society, increased local taxation, and improved the local automobile sales brand, thus promoting local economic development, and achieving self-development and a win-win situation with the local community.

In the future, the Group will continue to proactively cooperate with charitable organizations and participate in various community investment and charitable activities. The Group will continue to devote more resources to the education and social needs of society and environmental protection areas and take up corporate social responsibility to contribute to the creation of a harmonious and healthy society.

BUSINESS REVIEW

A fair review of the business of the Group during the year and a discussion on the Group's future business development are set out in the sections headed "Chairman's Statement" and "Management Discussion and Analysis" on pages 3 to 9 of this annual report.

The above discussions form part of this directors' report.

PRINCIPAL RISKS AND UNCERTAINTY

Various risks and uncertainties that the Group may face: (i) the Group's contracts are awarded through tendering or quotation processes and not recurring in nature and its future business depends on our continual success in project tenders or quotations; (ii) the Group's performance is dependent on market conditions and trends in the fitting-out industry and building construction industry in Macau which may change adversely; and (iii) the Group depends on its subcontractors to complete a substantial part of the works of its projects and bear the risks associated with fluctuations in subcontracting fees, substandard performance and stability of their operations. In view of the risks associated with financial instruments, the objectives and policies of Group are set out in note 27 to the consolidated financial statements.

COMPLIANCE WITH LAWS AND REGULATIONS

Strenuous efforts are exerted to ensure compliance with the laws and regulations of the jurisdictions in which the Company operates.

In relation to human resources, the Group provides and maintains statutory benefits for its staff, including but not limited to entitlement to mandatory provident fund, basic medical insurance, work injury insurance, etc. staff is entitled to day-off on public holidays and maternity leave.

At the corporate level, the Group complies with the requirements under the Listing Rules and the Securities and Futures Ordinance, Cap. 571 of the laws of Hong Kong (the "SFO") for, among other things, the disclosure of information and corporate governance, and the Group has adopted the Model Code set out in Appendix 10 to the Listing Rules.

Report of the Directors (continued)

KEY RELATIONSHIPS WITH EMPLOYEES, CUSTOMERS AND SUPPLIERS

The Group's success also depends on the support from key stakeholders which comprise employees, customers and subcontractors and suppliers.

Employees

Employees are regarded as important and valuable assets of the Group. The objective of the Group's human resource management is to reward and recognise performing staff by providing a competitive remuneration package and implementing a sound performance appraisal system with appropriate incentives, and to promote career development and progression by appropriate training and providing opportunities within the Group for career advancement.

Customers

The Group's major customers included hotel and casino gaming operators and main contractors in Macau. The Group provides professional and quality services in fitting-out business whilst maintaining long term profitability, business and asset growth.

Subcontractors and Suppliers

The Group firmly believes that its subcontractors and suppliers are equally important in cost control and increasing our bargaining power on procurement of materials, which further secures our competitive position when bidding for tenders. The Group proactively communicates with its subcontractors and suppliers to ensure they are committed to delivering high-quality and sustainable products and services. Unless the customers require the Group to engage subcontractors and suppliers nominated by them, the Group will select subcontractors and suppliers from our pre-qualified lists of subcontractors and suppliers. In addition, during the continuance of the contracts with our subcontractors, the Group will supply them with our internal guidelines on safety and environmental issues and require them to follow. The Group effectively implements the subcontractor assessment process by conducting regular site visit, evaluation on the performance of contract and other measures, to ensure the performance of our subcontractors.

ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group believes that its business also depends on our ability to meet our customers' requirements in respect of safety, quality and environmental aspects. To meet our customers' requirements on safety, quality and environmental aspects, we have established safety, quality and environmental management systems. Through the systematic and effective control of our operations, compliance with safety, quality and environmental requirements can be further assured. We believe that our certifications to ISO 9001 and ISO 14001 enhance our public image and credibility and also help us to improve our customers' confidence in our services. Details of the Group's environmental policies and performance are set out in the section headed "Environmental, Social and Governance Report".

Report of the Directors (continued)

SHARE OPTION SCHEME

On 20 December 2017, a share option scheme (the “Share Option Scheme”) was approved and adopted by the Shareholders, under which, options may be granted to any Eligible Participants (as defined below) to subscribe for Shares subject to the terms and conditions stipulated in the Share Option Scheme. The Company has adopted the Share Option Scheme as an incentive to Directors and eligible employees.

The Share Option Scheme will provide the Eligible Participants an opportunity to have a personal stake in the Company with the view to achieving the following objectives: (i) motivating the Eligible Participants to optimise their performance efficiency for the benefit of the Group; and (ii) attracting and retaining or otherwise maintaining on-going business relationships with the Eligible Participants whose contributions are or will be beneficial to the long-term growth of the Group.

The Board may, at its discretion, offer to grant an option to subscribe for such number of new Shares to eligible participants as the Board may determine (the “Eligible Participants”), which include the following persons: (i) any full-time or part-time employees, executives or officers of the Company or any of its subsidiaries; (ii) any directors (including non-executive directors and independent non-executive directors) of the Company or any of its subsidiaries; and (iii) service providers of the Company or any of its subsidiaries.

The maximum number of Shares which may be issued upon exercise of all options (excluding, for this purpose, options which have lapsed in accordance with the terms of the Share Option Scheme and any other share option scheme of the Company) to be granted under the Share Option Scheme and any other share scheme of the Company must not in aggregate exceed 76,000,000 Shares (representing approximately 6.55% of the number of shares in issue as at the date of this report), being 10% of the shares in issue of the Company as at the date on which the shares of the Company first listed on the Stock Exchange on 16 January 2018.

As no share options were granted under the Share Option Scheme since the adoption thereof and during the year ended 31 December 2023, the number of Shares which were issued or may be issued in respect of options or awards granted under the Share Option Scheme or any other share schemes of the Company during the year ended 31 December 2023 divided by the weighted average number of shares of the relevant class in issue for the year ended 31 December 2023 is nil.

The total number of Shares issued and which may fall to be issued upon exercise of the options granted under the Share Option Scheme and any other scheme of the Company (including both exercised and outstanding options) to each participant in any 12-month period shall not exceed 1% of the issued share capital of the Company for the time being. Any further grant of options in excess of the 1% limit shall be subject to shareholders’ approval in general meeting with such participant and his associates abstaining from voting.

An offer for the grant of option must be accepted within 28 days from the offer date. Options granted shall be taken up upon payment of HK\$1 as consideration for the grant of option. Options may be exercised at any time from the date which option is deemed to be granted and accepted and expired on the date as the Board in its absolute discretion determine and which shall not exceeding a period of 10 years from the date on which the share options are deemed to be granted and accepted but subject to the provisions for early termination thereof contained in the Share Option Scheme.

Report of the Directors (continued)

The subscription price for the ordinary shares under the Share Option Scheme shall be determined by the Board and shall not be less than the highest of: (i) the closing price of the Shares as stated in the Stock Exchange's daily quotation sheets on the date of grant, which must be a day on which the Stock Exchange is open for the business of dealing in securities; (ii) the average of the closing prices of the Shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of grant; and (iii) the nominal value of a Share.

The Share Option Scheme shall be valid and effective for a period of 10 years commencing from 20 December 2017.

No share option has been granted by the Company under the Share Option Scheme since its adoption up to the date of this annual report.

SUBSTANTIAL SHAREHOLDERS' INTERESTS

As at the date of this annual report, so far as it is known to the Directors, the following persons (not being a Director or chief executive of the Company) had or were deemed to have interests or short positions in Shares or underlying Shares which were recorded in the register required to be kept by the Company under section 336 of the SFO, or which would fall to be disclosed under the provision of Divisions 2 and 3 Part XV of the SFO:

Name of Shareholders	Capacity	Number of Shares held/ interested ⁽¹⁾	Approximate percentage of the total issued Shares
Space Investment (BVI) Ltd	Beneficial owner ⁽²⁾	162,033,400 Shares (L)	13.96%
Ms. Ng Lai Kuan ("Ms. Ng")	Interest of spouse ⁽³⁾	163,633,400 Shares (L)	14.10%

Notes:

- (1) The letter "L" denotes the Directors' long position in the Shares.
- (2) Space Investment is directly interested in 13.96% of the Shares in the Company.
- (3) Ms. Ng is the spouse of Mr. Che. Accordingly, Ms. Ng is deemed to be interested in the Shares held by Mr. Che under part XV of the SFO.

Save as disclosed above, as at the date of this annual report, no other person (other than a Director or CEO) had registered an interest or short position in the Shares, underlying Shares and debentures of the Company which fell to be disclosed to the Company under Divisions 2 and 3 of Part XV of the SFO.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SPACE GROUP HOLDINGS LIMITED *(Incorporated in the Cayman Islands with limited liability)*

DISCLAIMER OF OPINION

We were engaged to audit the consolidated financial statements of Space Group Holdings Limited (the “**Company**”) and its subsidiaries (hereinafter collectively referred to as the “**Group**”), which comprise the consolidated statement of financial position as at 31 December 2023, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

We do not express an opinion on the consolidated financial statements of the Group. Because of the significance of the matters described in the “Basis for Disclaimer of Opinion” section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these consolidated financial statements. In all other respects, in our opinion, the consolidated financial statements have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR DISCLAIMER OF OPINION

Multiple Uncertainties Relating to Going Concern

As described in the consolidated financial statements, the Group had a net loss of approximately MOP126,927,000 for the year ended 31 December 2023 and as at 31 December 2023, the Group's total borrowings amounted to approximately MOP338,626,000, of which current borrowings amounted to approximately MOP301,787,000, while its cash and cash equivalents amounted to approximately MOP20,255,000 and pledged bank deposits amounted to approximately MOP5,818,000. As at the date of this report, the Group defaulted on payment of certain bank borrowings, which also triggered cross-default of other bank borrowings, such that they will become due for immediate repayment. These conditions, together with other matters described in the consolidated financial statements, indicate the existence of material uncertainties which may cast significant doubt about the Group's ability to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT (continued)

BASIS FOR DISCLAIMER OF OPINION (Continued)

Multiple Uncertainties Relating to Going Concern (Continued)

The directors of the Company have been undertaking a number of measures to improve the Group's liquidity pressure and the financial position of the Group which are set out in the consolidated financial statements. The consolidated financial statements had been prepared by the directors of the Company on a going concern basis, the validity of which depends on the outcome of those plans and measures, which are subject to multiple uncertainties, including (i) the successful negotiations with the lenders for the renewal of extension for repayment of outstanding bank borrowings; (ii) the collection of outstanding trade receivables, other receivables, deposits and prepayments and contract assets balances; (iii) successfully managing the impact of the economic downturn on the Group's operations from time to time and generate sufficient cash flows from its operations; (iv) the result of the proposed rights issue. We are unable to determine whether the use of the going concern assumption in the preparation of the consolidated financial statements is appropriate.

Should the Group fail to achieve the abovementioned measures, it might not be able to continue to operate as a going concern, and adjustments would have to be made to write down the carrying values of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and non-current liabilities as current assets and current liabilities. The effects of these adjustments have not been reflected in these consolidated financial statements.

RESPONSIBILITIES OF DIRECTORS OF THE COMPANY AND AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors of the Company determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Audit Committee are responsible for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT (continued)

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our responsibility is to conduct an audit of the Group's consolidated financial statements in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these consolidated financial statements.

The engagement partner on the audit resulting in this independent auditor's report is Au Yeung Ming Yin Gordon.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Macau Pataca unless otherwise indicated)

1. GENERAL INFORMATION AND BASIS OF PREPARATION

Space Group Holdings Limited (the “Company”) and its subsidiaries (together, the “Group”) are principally engaged in fitting-out works.

The Company was incorporated in the Cayman Islands on 24 April 2017 as an exempted company with limited liability under the Companies Law, Cap. 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands. The address of its registered office is Cricket Square, Hutchins Drive, Grand Cayman KY1-1111, Cayman Islands and its principal place of business in Hong Kong is Suite 1905–07, Tower 6, The Gateway, 9 Canton Road, Tsim Sha Tsui, Kowloon, Hong Kong. Its parent and ultimate parent is Space Investment (BVI) Limited, incorporated in the British Virgin Islands. Its ultimate controlling parties are Mr. Che Chan U and Ms. Lei Soi Kun.

The Company’s shares were listed on The Stock Exchange of Hong Kong Limited on 16 January 2018.

These consolidated financial statements are presented in Macau Pataca (“MOP”), unless otherwise stated.

Going concern basis

As at 31 December 2023, the Group had accumulated profits of approximately MOP144,912,000 (2022: MOP271,169,000), the Group’s total borrowings amounted to approximately MOP338,626,000 (2022: MOP448,085,000) while its cash and cash equivalents amounted to approximately MOP20,255,000 (2022: MOP54,898,000) and pledged bank deposits amounted to approximately MOP5,818,000 (2022: MOP126,100,000). As at 31 December 2023, the Group has overdue trade receivables amounted to MOP407,607,000. The above conditions indicate the existence of material uncertainties which may cast significant doubt about the Group’s ability to continue as a going concern.

In view of such circumstances, the directors of the Company have given careful consideration to the future liquidity and performance of the Group and its available sources of financing in assessing whether the Group will have sufficient financial resources to continue as a going concern. Certain measures have been taken to mitigate the liquidity pressure and to improve its financial position which include, but are not limited to, the following:

- (i) The Group is negotiating with several financial institutions and seeking for renewal of the existing bank facilities to finance the Group’s working capital and commitments in the foreseeable future;
- (ii) The Group will continue to take active measures to control administrative costs through various channels including human resources optimization and capital expenditure control. This measure may reduce the cash outflows of the Group;
- (iii) The Group will exercise strict control on the credit policy for customers to minimize future potential impairment on receivables; and

(Expressed in Macau Pataca unless otherwise indicated)

1. GENERAL INFORMATION AND BASIS OF PREPARATION (Continued)

Going concern basis (Continued)

- (iv) The Group proposed subject to raise gross proceeds of up to approximately HK\$157,847,040 (before expenses) by issuing up to 232,128,000 consolidated shares by way of rights issue at the subscription price of HK\$0.034 per rights share (or HK\$0.68 per consolidated share after the share consolidation becoming effective) on the basis of four (4) rights share for every one (1) consolidated shares held on the record date (the "Rights Issue"), details of the Rights Issue are set out in the Group's announcement dated 3 January 2024. The Rights Issue is expected to complete in June 2024. The Board currently intends to apply the net proceeds from the Rights Issue primarily for repayment of bank loans and overdrafts, and for general working capital of the Group.

The directors of the Company have reviewed the Group's cash flow projections prepared by the management. The cash flow projections cover a period of twelve months from the date of this report. They are of the opinion that, taking into account the above-mentioned plans and measures, the Group will have sufficient working capital to finance its operations. Accordingly, the directors of the Company are satisfied that it is appropriate to prepare the consolidated financial statements on a going concern basis.

Should the Group failed to achieve the above-mentioned plans and measures, it might not be able to continue to operate as a going concern, and adjustments would have to be made to write down the carrying values of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise, and to reclassify non-current assets and non-current liabilities as current assets and current liabilities, respectively. The effects of these adjustments have not been reflected in these consolidated financial statements.

Statement of compliance

These consolidated financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance (Cap. 622). These consolidated financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited. Significant accounting policies adopted by the Group are disclosed below.

2. SIGNIFICANT ACCOUNTING POLICIES

In the current year, the Group has applied, for its first time, the following amendments to Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) which are effective for the Group’s financial year beginning 1 January 2023:

HKAS 1 and HKFRS Practice Statement 2 (Amendments)	Amendments to HKAS 1 and HKFRS Practice Statement 2 – Disclosure of Accounting Policies
HKAS 8 (Amendments)	Amendments to HKAS 8 – Definition of Accounting Estimates
HKAS 12 (Amendments)	Amendments to HKAS 12 – Deferred Tax related to Assets and Liabilities arising from a Single Transaction
HKAS 12 (Amendments)	Amendments to HKAS 12 – International Tax Reform – Pillar Two Model Rules
HKFRS 17	Insurance Contracts
HKFRS 17	Initial Application of HKFRS 17 and HKFRS 9 – Comparative Information
HKFRS 17 (Amendments)	Amendments to HKFRS 17 – Insurance Contracts

The application of the amendments to HKFRSs in the current year has had no material effect on the Group’s financial performance and positions for the current and prior periods and/or on the disclosures set out in these consolidated financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

New and amendments to HKFRSs issued but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective.

		Effective for accounting period beginning on or after
HKAS 1 (Amendments)	Amendments to HKAS 1 – Classification of Liabilities as Current or Non-current	1 January 2024
HKAS 1 (Amendments)	Amendments to HKAS 1 – Non-current Liabilities with Covenants	1 January 2024
HKFRS 16 (Amendments)	Amendments to HKFRS 16 – Lease Liability in a Sale and Leaseback	1 January 2024
Hong Kong Interpretation 5 (Revised)	Revised Hong Kong Interpretation 5 – Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause	1 January 2024
HKAS 7 and HKFRS 7 (Amendments)	HKAS 7 and HKFRS 7 – Supplier Finance Arrangements	1 January 2024
HKAS 21 (Amendments)	Amendments to HKAS 21 – Lack of Exchangeability	1 January 2025
HKAS 28 and HKFRS 10 (Amendments)	Amendments to HKAS 28 and HKFRS 10 – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	To be determined

The directors of the Company anticipate that the application of the new and amendments to HKFRSs will have no material impact on the results and the financial position of the Group.

The measurement basis used in the preparation of the financial statements is the historical cost basis, except that an investment in an insurance contract is stated at its cash surrender value and investment properties, and financial assets at fair value through profit or loss are measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date regardless of whether that price is directly observable or estimated using another valuation technique. Details of fair value measurement are explained in the accounting policies set out below.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

New and amendments to HKFRSs issued but not yet effective (Continued)

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. If a subsidiary prepares its financial statements using accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that subsidiary's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

(a) Subsidiaries and non-controlling interests

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

The Group reassess whether it controls an investee if facts and circumstances indicate that there are changes to one or more of these elements of control stated above.

Subsidiaries are fully consolidated from the date that control is transferred to the Group until the date that control ceases.

Income and expenses of subsidiaries are included in the consolidated statement of profit or loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income of subsidiaries are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Intra-group balances, transactions and unrealised profits arising from intra-group transactions are eliminated. Unrealised losses resulting from intra-group transactions are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

Non-controlling interests represent the equity in a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(a) Subsidiaries and non-controlling interests (Continued)

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to the equity shareholders of the Company. Non-controlling interests in the results of the Group are presented in the consolidated statement of profit or loss and other comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the equity shareholders of the Company.

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made between the carrying amounts of controlling and non-controlling interests to reflect their relative interests in the subsidiary, but no adjustments are made to goodwill and profit or loss.

In the Company's statement of financial position, investments in subsidiaries are stated at cost less impairment losses (see note 2(h)(ii)). Cost includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividends received and receivable.

(b) Business combinations

The acquisition method of accounting is used to account for all business combinations, except for business combination under common control, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the:

- fair values of the assets transferred;
- liabilities incurred to the former owners of the acquired business;
- equity interests issued by the Group;
- fair value of any asset or liability resulting from a contingent consideration arrangement; and
- fair value of any pre-existing equity interest in the subsidiary.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Acquisition-related costs incurred to effect a business combination are recognised in profit or loss as incurred.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Business combinations (Continued)

The excess of the consideration transferred, amount of any non-controlling interest in the acquired entity and acquisition-date fair value of any previous equity interest in the acquired entity over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognised directly in profit or loss as a bargain purchase.

Goodwill arising from a business combination is carried at cost less accumulated impairment losses, if any.

(c) Intangible asset acquired in a business combination

Intangible asset acquired in a business combination are recognised separately from goodwill and are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible asset with indefinite useful lives are carried at cost less any subsequent accumulated impairment losses.

(d) Property, plant and equipment

Property, plant and equipment (including right-of-use assets) are stated in the consolidated statement of financial position at cost less accumulated depreciation and impairment losses (see note 2(h)(iii)).

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Depreciation is calculated using the straight line method to allocate their cost to their estimated residual value over their estimated useful lives as follows:

- | | |
|-------------------------------------|--|
| – Leasehold improvement | Over the shorter of term of leases, or 5 years |
| – Furniture, fixtures and equipment | 5 years |
| – Motor vehicles | 5 years |

Both the useful live and residual value of an asset are reviewed and adjusted if appropriate, at the end of each reporting period.

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(e) Investment properties

Investment properties are land which is owned by the Group that is being constructed or developed for future use to earn rental income and/or for capital appreciation.

Investment property is measured initially at its cost, including any directly attributable expenditure. After initial recognition, investment property is carried at fair value. Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. These valuations are reviewed annually determined by external appraisers. Changes in fair values are recognised in profit or loss.

Construction costs incurred for investment properties under construction are capitalised as part of the carrying amount of the investment properties under construction.

Subsequent expenditure is charged to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

(f) Leases

Definition of a lease

A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration.

The Group as lessee

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less from the commencement date and do not contain a purchase option) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Group.

Contracts may contain both lease and non-lease components. For leases of real estate for which the Group is a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Leases (Continued)

The Group as lessee (Continued)

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable by the Group under residual value guarantees;
- the exercise price of a purchase option if the Group is reasonably certain to exercise that option; and
- payments of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

The lease liability is presented as a separate line in the consolidated statement of financial position.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Leases (Continued)

The Group as lessee (Continued)

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of the corresponding lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs; and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life. The right-of-use assets are subsequently stated at cost less accumulated depreciation and impairment loss (see note 2(h)(iii)).

The Group presents right-of-use assets in property, plant and equipment.

When the Group enters into a lease in respect of a low-value asset, the Group decides whether to capitalise the lease on a lease-by-lease basis. For the Group, low-value assets are typically laptops or office furniture. The lease payments associated with those leases which are not capitalised are recognised as an expense on a systematic basis over the lease term.

(g) Investments and other financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI"), and fair value through profit or loss ("FVPL").

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them.

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Investments and other financial assets (Continued)

(i) Classification

At initial recognition, the Group classifies its financial assets as (i) financial assets at fair value through profit or loss or (ii) financial assets at amortised cost.

(a) *Financial assets at fair value through profit or loss*

For the debt instruments, the objective of the Group's business model is not to hold the assets to collect the contractual cash flows, and not both hold the financial assets to collect the contractual cash flows and to sell the financial assets. Assets in this category are classified as current assets if expected to be settled within 12 months; otherwise, they are classified as non-current assets. All equity instruments are measured at fair value through profit or loss.

(b) *Financial assets at amortised cost*

For those financial assets that the Group holds to collect the contractual cash flows that are solely payments of principal and interest on the principal outstanding on specified dates, they are classified as financial assets at amortised cost. Financial assets in this category are classified as current assets if expected to be settled or with maturities within 12 months; otherwise, they are classified as non-current assets. The Group's assets in this category include trade and other receivables, contract assets, pledged deposits, bank deposits, cash and bank balances.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Investments and other financial assets (Continued)

(ii) *Recognition, de-recognition and measurement*

Purchases and sales of financial assets are recognised on trade day – the date on which the Group commits to purchase or sell the assets. Financial assets carried at fair value through profit or loss are initially recognised at fair value, with the transaction costs expensed in profit or loss. Financial assets not carried at fair value through profit or loss are initially recognised at fair value plus transaction costs.

Financial assets are de-recognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

Subsequent measurement depends on the classification of the financial assets as follows:

(a) *Financial assets at fair value through profit or loss*

The Group measures these financial assets at fair value. Net gains or losses on financial assets that are subsequently measured at fair value through profit or loss, including dividend income and interest income, are recognised in the consolidated statement of profit or loss. This information is shown under other income and gains, net.

(b) *Financial assets at amortised cost*

Interest income from these financial assets is recognised in the other income and gain, net.

(iii) *Impairment*

The Group assesses on a forward-looking basis the expected credit losses associated with its debt instruments carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables and contract assets, the Group applies the simplified approach permitted by HKFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables, see note (h) for further details.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Impairment of assets

(i) *Impairment of financial assets and contract assets*

The Group assesses impairment based on expected credit losses (ECLs) using on a forward-looking basis on the following items:

- financial assets measured at amortised cost (including cash and bank balances), bank deposits, pledged deposits and trade and other receivables); and
- contract assets (see note 2(i)).

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

The expected cash shortfalls of fixed-rate financial assets such as trade and other receivables and contract assets are discounted using the effective interest rate determined at initial recognition or an approximation thereof where the effect of discounting is material.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

In measuring ECLs, the Group takes into account reasonable and supportable information that is available without undue cost or effort. This includes information about past events, current conditions and forecasts of future economic conditions.

ECLs are measured on either of the following bases:

- 12-month ECLs: these are losses that are expected to result from possible default events within the 12 months after the reporting date; and
- Lifetime ECLs: these are losses that are expected to result from all possible default events over the expected lives of the items to which the ECL model applies.

For trade receivables and contract assets, the Group considers that there is no significant financing component. The Group applies HKFRS 9 simplified approach in measuring ECL of such assets, which uses a lifetime expected loss allowances.

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Impairment of assets (Continued)

(i) Impairment of financial assets and contract assets (Continued)

Measurement of ECLs (Continued)

For all other financial assets at amortised cost, the Group recognises a loss allowance equal to 12-month ECLs unless there has been a significant increase in credit risk of the financial instrument since initial recognition, in which case the loss allowance is measured at an amount equal to lifetime ECLs.

ECLs on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for the factors reasonable and supportive forward-looking information that is available, including the external credit rating and its expected change specific to the debtors and an assessment of both the current and forecast general economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligations at the reporting date.

Significant increases in credit risk

In assessing whether the credit risk of a financial instrument has increased significantly since initial recognition, the Group compares the risk of default occurring on the financial instrument assessed at the reporting date with that assessed at the date of initial recognition. In making this reassessment, the Group considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (ii) the financial asset is 2 years past due. The Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- failure to make payments of principal or interest on their contractually due dates;
- an actual or expected significant deterioration in a financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- existing or forecast changes in the technological, market, economic or legal environment that have a significant adverse effect on the debtor's ability to meet its obligation to the Group.

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Impairment of assets (Continued)

(i) Impairment of financial assets and contract assets (Continued)

Significant increases in credit risk (Continued)

Depending on the nature of the financial instruments, the assessment of a significant increase in credit risk is performed on either an individual basis or a collective basis. When the assessment is performed on a collective basis, the financial instruments are grouped based on shared credit risk characteristics, such as past due status and credit risk ratings.

ECLs are remeasured at each reporting date to reflect changes in the financial instrument's credit risk since initial recognition. An exposure will migrate through the ECL stages as credit risk changes. If, in a subsequent period, asset quality improves and also reverses any previously assessed significant increase in credit risk since origination, then the provision for doubtful debts reverts from lifetime ECL to 12-month ECL.

Basis of calculation of interest income

Interest income recognised is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired.

Credit-impaired financial assets

At each reporting date, the Group assesses whether a financial asset is credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable events:

- significant financial difficulties of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- it becoming probable that the borrower will enter into bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; or
- the disappearance of an active market for a security because of financial difficulties of the issuer.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Impairment of assets (Continued)

(i) *Impairment of financial assets and contract assets (Continued)*

Write-off policy

The gross carrying amount of a financial asset or contract asset is written off (either partially or in full) to the extent that there is no reasonable expectation of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Subsequent recoveries of amounts previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

(ii) *Impairment of goodwill*

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit (or groups of cash-generating units) to which goodwill has been allocated is tested for impairment annually or more frequently when there is indication that the unit may be impaired. For goodwill arising on an acquisition in a reporting period, the cash-generating unit (or groups of cash-generating units) to which goodwill has been allocated is tested for impairment before the end of that reporting period. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit on a pro rata basis based on the carrying amount of each asset in the unit (or groups of cash-generating units). Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Impairment of assets (Continued)

(iii) Impairment of non-current assets (other than goodwill)

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that property, plant and equipment and investments in subsidiaries may be impaired or, an impairment loss previously recognised no longer exists or may have decreased.

If any such indication exists, the asset's recoverable amount is estimated.

Intangible assets with indefinite useful lives are tested for impairment at least annually, and whenever there is an indication that then may be impaired.

– Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit) ("CGU").

– Recognition of impairment losses

An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated to reduce the carrying amount of the assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measurable) or value in use (if determinable).

An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(i) Contract assets/contract liabilities

A contract asset represents the Group's right to consideration from customers in exchange for the provision of fitting-out works and building construction works that the Group has transferred to the customers that is not yet unconditional. Contract assets are assessed for expected credit losses (ECL) in accordance with the policy set out in note 2(h)(i) and are reclassified to receivables when the right to the consideration has become unconditional (see note 2(j)).

A contract liability represents the Group's obligation to transfer the aforesaid services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

For a single contract with the customer, either a net contract asset or a net contract liability is presented.

When the contract includes a significant financing component, the contract balance includes interest accrued under the effective interest method.

Contract assets and contract liabilities are classified as current if the collection of the payment or the payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Trade and other receivables

Trade and other receivables are recognised when the Group has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due. If revenue has been recognised before the Group has an unconditional right to receive consideration, the amount is presented as a contract asset (see note 2(i)).

(k) Prepayments

Prepayments of the Group are to subcontractors and suppliers and the classification of prepayments depends on the nature of their underlying assets and expense. Prepayments are classified as current, except for prepayments for acquisition of non-current assets and prepayment for expense over 12 months where these are classified as non-current.

(l) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition.

Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are also included as a component of cash and cash equivalents for the purpose of the consolidated cash flow statement. Bank overdrafts are shown within bank loans and overdrafts and other borrowings in current liabilities in the consolidated statement of financial position.

(m) Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a group entity are recognised at the proceeds received, net of direct issue costs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(n) Trade and other payables

Trade and other payables are initially recognised at fair value and are subsequently measured at amortised cost using the effective interest method. Trade and other payables are presented as current liabilities unless payment is not due with 12 months after the reporting period (or beyond the normal operating cycle of business).

(o) Borrowings

Borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, borrowings are stated at amortised cost, with any difference between the amount initially recognised, being the proceeds net of transaction costs, and the redemption value being recognised in the consolidated profit or loss over the period of the borrowings, using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

(p) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised during the period of time that is required to complete and prepare such asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred.

(q) Employee Benefits

(i) *Short term employee benefits*

Salaries, annual bonuses, paid annual leave, and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(ii) *Retirement benefits*

The Group operates only defined contribution retirement schemes (including the Mandatory Provident Fund) for its employees. The schemes are generally funded by contributions from the relevant Group companies.

The Group pays contributions to publicly or privately administered pension insurance plans on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

The Group's contributions to the defined contribution retirement schemes are recognised as an expense in the profit or loss in the period to which the contributions relate.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(r) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss except to the extent that they relate to items recognised in other comprehensive income or directly in equity, in which case the relevant amounts are recognised in other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the end of the reporting period and are expected to apply when the related deferred tax asset is realised and the deferred tax liability is settled. Deferred tax assets and liabilities are not discounted.

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profits will be available.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(r) Income tax (Continued)

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Company or the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Company or the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
 - the same taxable entity; or
 - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

For the purposes of measuring deferred tax liabilities or deferred tax assets for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities. For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 Income Taxes requirements to the leasing transaction as a whole. Temporary differences relating to right-of-use assets and lease liabilities are assessed on a net basis. Excess of depreciation on right-of-use assets over the lease payments for the principal portion of lease liabilities results in net deductible temporary differences.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(s) Provisions and contingent liabilities

(i) *Provisions and contingent liabilities*

Provisions are recognised when the Group has a present legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation. The increase in provision due to the passage of time is recognised as interest expense.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

(ii) *Onerous contracts*

An onerous contract exists when the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract. Provisions for onerous contracts are measured at the present value of the lower of the expected cost of terminating the contract and the net cost of continuing with the contract.

(t) Investment in an insurance contract

The management life insurance contract of the Group includes both investment and insurance elements. The investment insurance contract is initially recognised at the amount of the premium paid and subsequently carried at the amount that could be realised under the corresponding insurance contract (cash surrender value) at the end of each reporting period, with changes in value being recognised in profit or loss.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(u) Revenue and other income

Income is classified by the Group as revenue when it arises from the construction contracts and financial service contracts.

Revenue is recognised when the control over a service is transferred to the customer at the amount of promised consideration to which the Group is expected to be received or receivable, excluding those amounts collected on behalf of third parties. Depending on the terms of the contract and the laws that apply to the contract, control of the services may be transferred over time or at a point in time.

(i) Construction contracts

The Group provides fitting-out works based on contracts entered with customers. Such contracts are entered into before the services begin. Under the terms of the contracts, the works performed by the Group create or enhance an asset under the customer's control.

Revenue from provision of fitting-out works is recognised over time using the output method, i.e. based on direct measurements of the value of services delivered and the estimated total revenue for the contracts entered into by the Group. When the outcome of a construction contract cannot be reasonably measured, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable provided that the value of contract work performed can be measured reliably. Variations in contract work are recognised as contract revenue to the extent that the modification has been expected by the parties to the contracts and it is highly probable that a significant revenue reversal will not occur when the uncertainty associated with it is subsequently resolved.

When the outcome of the contract cannot be reasonably measured, revenue is recognised only to the extent of contract costs incurred that are expected to be recovered.

If at any time the costs to complete the contract are estimated to exceed the remaining amount of the consideration under the contract, then a provision is recognised in accordance with the policy set out in note 2(s).

(ii) Commission income

The commission income is recognised at a point in time when the Group satisfies its performance obligation, usually upon execution of the underlying transaction. The amount of commission received or receivable represents the transaction price for the services identified as distinct performance obligations. Such income includes brokerage commission income, placing commission income and underwriting commission income.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(u) Revenue and other income (Continued)

(iii) *Management fee income*

Asset management services to customers are recognised over time as the Group provides asset management services and the customers simultaneously receives and consumes the benefit provided by the Group. The asset management income is charged at a fixed percentage per annum of the asset value of the accounts under management of the Group.

(iv) *Business consultancy services*

Consultancy services to customers are recognised in both at a point in time and over time based on the terms of the services contract. The consultancy income is recognised at a point in time when the Group satisfies its performance obligation, usually upon execution of the underlying transaction. The amount of income received or receivable represents the transaction price for the services identified as distinct performance obligations. The Group recognized the revenue over time when the customers simultaneously receives and consumes the benefit provided by the Group's performance, measures at an amount that the Group has the right to invoice based on the terms of the relevant contracts.

Interest income

Interest income is recognised on a time-apportioned basis using the effective interest method. For credit-impaired financial assets, the effective interest rate is applied to the amortised cost (i.e. gross carrying amount net of loss allowance) of the financial asset (see note 2(h)(i)).

(v) Translation of foreign currencies

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Macau Pataca ("MOP"), which is the Company's functional and the Group's presentation currency.

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised in profit or loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the foreign exchange rates ruling at the transaction dates (i.e. the date on which the Group initially recognises such non-monetary assets or liabilities). Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated using the foreign exchange rates ruling at the dates the fair value was measured.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Expressed in Macau Pataca unless otherwise indicated)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(v) Translation of foreign currencies (Continued)

The results of foreign operations are translated into Macau Pataca at the exchange rates approximating the foreign exchange rates ruling at the dates of the transactions. Statement of financial position items are translated into Macau Pataca at the closing foreign exchange rates at the end of the reporting period. The resulting exchange differences are recognised in other comprehensive income and accumulated separately in the exchange reserve under equity.

On disposal of a foreign operation, the cumulative amount of the exchange differences relating to that foreign operation is reclassified from equity to profit or loss when the profit or loss on disposal is recognised.

(w) Related parties

- (1) A person, or a close member of that person's family, is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or the Group's parent.
- (2) An entity is related to the Group if any of the following conditions applies:
 - (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
 - (vi) The entity is controlled or jointly controlled by a person identified in (1).
 - (vii) A person identified in (1)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.
 - (ix) Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(x) Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to costs are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate. The Group presented government grants relating to employee benefits with staff cost in other income and gains, net in gross.

(y) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (the "CODM"). The CODM has been identified as Group's most senior executive management, who is responsible for allocating resources to, and assessing the performance of the operating segments.

(z) Dividend distribution

Dividend distribution to the Company's equity shareholders is recognised as a liability in the Group's consolidated financial statements and the Company's financial statements in the period in which the dividend is approved by the Company's shareholders or directors, where appropriate.

3. ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the consolidated financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Sources of estimation uncertainty

The key assumption concerning the future and other key sources of estimation uncertainty at the end of each reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

(a) *Loss allowances on trade receivables and contract assets*

For trade receivables and contract assets the Group applies the simplified approach to provide for ECL as prescribed by HKFRS 9, which requires the use of the lifetime ECL allowance for all trade receivables and contract assets. The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the loss allowance calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of reporting period. Management reassesses the loss allowance by the end of each reporting period. At 31 December 2023, the Group has trade receivables, net of allowance, of approximately MOP608,135,000 (2022: MOP546,514,000) and contract assets of approximately MOP106,173,000 (2022: MOP100,602,000).

(b) *Accounting for construction contracts*

As explained in policy note 2(u), revenue from construction contracts are recognised over time. Such revenue and profit recognition on uncompleted projects is dependent on estimating the total outcome of the contract, as well as the work done to date. Based on the Group's recent experience and the nature of the construction activities undertaken by the Group, the Group has made estimates of the point at which it considered the work was sufficiently advanced such that the outcome of the contract can be reasonably measured. When the outcome of a construction contract cannot be reasonably measured, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable. Contract costs are recognised when work is performed, together with any provisions for expected contract losses.

Management reviews and revises the estimates of contract revenue by reference to the certificate of completion issued by the customers or payment applications or confirmation received from customers, contract costs and variation orders for each construction contract by comparing the most current budgeted amounts with corresponding actual amounts as the contract work progresses.

3. ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

Sources of estimation uncertainty (Continued)

(c) *Taxation*

The Group is subject to taxation in Hong Kong, Macau and Mainland China. The Group makes provision for income tax based on estimated taxable income for the year, which significant judgment is required in determining the provision for income taxes. There are transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for potential tax exposures based on the most likely amounts of the estimated outcome. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the financial period in which such determination is made.

(d) *Valuation of investment properties*

As at 31 December 2023, the Group's investment properties amounted to MOP94,760,000 (2022: MOP99,292,000). They are stated at estimated fair value, determined by directors, based on an independent external appraisal. The valuation of the Group's property portfolio is inherently subjective due to a number of factors including the nature of each property, its location and expected development value, which is particularly relevant in light of the market uncertainty due to the COVID-19 pandemic. As a result, the valuations placed on the property portfolio are subject to a degree of uncertainty and are made on the basis of assumptions that may not prove to be accurate, particularly in years of volatility or low transaction flow in the market.

(e) *Purchase Price Allocation ("PPA") and Impairment assessment of goodwill*

During the year ended 31 December 2022, the Group acquired 100% equity interest in Advent Corporate Finance Limited ("Advent") which principally engaged in carrying out Type 6 regulated activity (advising on corporate finance) under the Securities and Futures Ordinance. An intangible asset and goodwill of approximately MOP1,803,000 and MOP20,681,000 are recognised.

Pursuant to HKFRS 3 Business Combinations, the Group is required to measure the fair value of identifiable asset acquired, including any identifiable intangible asset, and liabilities assumed at the date of the acquisition. The fair value assessment of the identifiable assets and liabilities assumed requires significant judgements and estimates adopted in the purchase price allocation exercised by an independent valuer and the management of the Group, in particular the identification of intangible asset acquired.

Determining whether goodwill and intangible asset is impaired requires an estimation of the value in use of the relevant cash-generating units. The value in use calculation requires the Group to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate the present value. Where the actual future cash flows are less than expected, a material impairment loss may arise. As at 31 December 2023, goodwill was impaired and amounted to MOP12,039,000 after impairment. Details of the recoverable amount calculation are disclosed in notes 17.

4. REVENUE AND SEGMENT INFORMATION (Continued)

(b) Segment information

The Group manages its businesses by business lines. In a manner consistent with the way in which information is reported internally to the Group's chief operating decision makers ("CODM"), for the purposes of resource allocation and performance assessment, the Group has presented the following two reportable segments. No operating segments have been aggregated to form the following reportable segments.

- Fitting-out works: this segment is involved in the execution of fitting-out works, including procurement of materials, site supervision, management of subcontractors, overall project management, interior decorative and modification works for existing buildings.
- Financial services: this segment is involved in the provision of securities brokerage services, underwriting services, margin financing and money lending and securities and asset management advisory services ("licensed activities") and business consultancy services to the clients.

Segment assets and liabilities of the Group are not reported to the Group's CODM regularly. As a result, reportable assets and liabilities have not been presented in the consolidated financial statements.

(i) Segment results

Information regarding the performance of the Group's reportable segments for the years ended 31 December 2023 and 2022 is set out below.

Notes:

- (i) The Group is not subject to any income tax in the Cayman Islands and British Virgin Islands pursuant to the rules and regulations in the corresponding jurisdictions.
- (ii) For the years ended 31 December 2023 and 2022, a special tax incentive is provided to effect that tax free income threshold of MOP600,000 and Macau Complementary Tax is calculated at 12% (2022: 12%) of the estimated assessable profits exceeding MOP600,000 (2022: MOP600,000) for the year ended 31 December 2022.
- (iii) The Hong Kong Government introduced a two-tiered profits tax rate regime by enacting the Inland Revenue (Amendment) (No. 3) Ordinance 2018 (the "Ordinance"). Under the two-tiered profits tax rate regime, the first HK\$2 million of assessable profits of qualifying corporations is taxed at 8.25% and profits above HK\$2 million will be taxed at 16.5%. Hong Kong profits tax of the qualified entity of the Group is calculated in accordance with the two-tiered profits tax rates regime. The profits of other Group entities in Hong Kong not qualifying for the two-tiered profits tax rates regime will continue to be taxed at the flat rate of 16.5%.
- (iv) Corporate Income Tax in the People's Republic of China ("the PRC") for 2023 is calculated at 25% (2022: 25%). No enterprise income tax has been provided because the entity in the PRC has no assessable profits for the years ended 31 December 2023 and 2022.

12(a). PROPERTY, PLANT AND EQUIPMENT (Continued)

Note: The Group obtains right to control the use of various properties for a period of time through lease arrangements. Lease arrangements are negotiated on an individual basis and contain a range of different terms and conditions including lease payments and lease terms ranging from 1 to 5 years (2022: 1 to 5 years). Except for lease covenants mainly related to the maintenance and use of the leased assets that are commonly found in lease arrangements, there are no other covenants or restrictions imposed by the lease agreements. The leased assets are not used as security for borrowing purposes.

As at 31 December 2023, right-of-use assets comprise buildings of MOP5,752,000 (2022: MOP12,023,000) and car parks of MOP56,000 (2022: MOP78,000). During the year ended 31 December 2023, the depreciation of the right-of-use assets of buildings and car parks are approximately MOP6,409,000 and MOP22,000 respectively (2022: MOP7,715,000 and MOP22,000).

13. INVESTMENT PROPERTIES

	2023 MOP'000	2022 MOP'000
As at 31 December	94,760	99,292

During the year ended 31 December 2023, the movement represents the fair value loss of approximately MOP4,532,000 (2022: MOP10,917,000).

a. Fair value hierarchy

All investment properties are included in level 3 without transfers in or transfers out of such fair value hierarchy levels during the year. For summary of quantitative information about the significant unobservable inputs used in level 3 fair value measurement, see note 13(c) below.

b. Valuation process

The fair values of the Group's investment properties as at 31 December 2023 and 2022 have been determined on the basis of valuations carried out by Vigers International Property Consultants, an independent firm of qualified property valuers. The valuations, which conform to the International Valuation Standards issued by the International Valuation Standards Council, were arrived at using residual method.

c. Fair value measurement using significant unobservable inputs

Fair values of investment properties are generally derived using the residual method. The residual method is essentially a means of valuing land by reference to its development potential by deducting costs and developer's profit from its estimated completed development value.

Investment properties	Valuation technique	2023 and 2022		Relationship of unobservable inputs to fair value
		Significant unobservable inputs	Rate	
Nos. 23, 25, 27, 32 and 34, Rua Du Cunha, Coloane, Macau	Residual method	Construction costs	MOP40,000,000	The higher the estimated construction costs, the lower the fair value
		Development profit	20% on gross development value	The higher development profit, the higher the fair value

Investment properties amounting to MOP94,760,000 (2022: MOP99,292,000) are pledged as security for the bank loans of the Group (Note 22).

As at 31 December	–	2,823

* The amount is less than MOP1,000.

Investment in an insurance contract represents a life insurance policy for key management staff (the "Insurance Policy"). The Group is the beneficiary of the Insurance Policy. As at 31 December 2022, the Insurance Policy of MOP2,823,000 was pledged to a bank to secure certain banking facilities of the Group, which include performance bonds and loan facilities granted to the Group as set out in Note 22.

16. INTANGIBLE ASSET

As at 1 January	1,803	–
Arising on acquisition of a subsidiary	–	1,803
As at 31 December	1,803	1,803

The amount represents license used for the Group's operation and are renewable every year at a minimal cost. The directors of the Company are of the opinion that the Group would renew the license continuously and has the ability to do so.

As a result, the license is considered by the management of the Group as having an indefinite useful life because it is expected to contribute to net cash inflows indefinitely. The license will not be amortised until its useful life is determined to be finite. Instead it will be tested for impairment annually and whenever there is an indication that it may be impaired. No impairment is considered necessary for the year ended 31 December 2023.

Impairment of goodwill	(8,642)	–
Arising on acquisition of a subsidiary	–	20,681
As at 31 December	12,039	20,681

For the purposes of impairment testing, goodwill has been allocated to an individual cash-generating unit and representing the operating segment on financial services. The carrying amount of goodwill as at 31 December 2023 and 2022 is allocated to this unit.

As at 31 December 2023, the directors of the Company performed an impairment assessment of this cash generating unit comprising goodwill, intangible asset and property, plant and equipment of MOP12,039,000, MOP1,803,000 and MOP20,555 respectively (2022: MOP20,681,000, MOP1,803,000 and MOP736,000 respectively).

The recoverable amount of above CGU was determined with reference to a value-in-use calculation of the related CGU. That calculation used cash flow projections based on financial budget approved by the directors of the Company covering a five-year period, with discount rate at 15.2% per annum respectively. Cash flows beyond the 5-year period are extrapolated using a 2% growth rate. Key assumptions include the expected growth in revenues and operating margins, estimated compound growth rates, selection of discount rates. Management prepared the financial budgets reflecting actual and prior year performance and market development expectations.

Movements in the loss allowance of contract assets during the year were as follows:

	2023 MOP'000	2022 MOP'000
As at 1 January	2,882	824
(Reversal of)/impairment losses	(2,154)	2,058
As at 31 December	728	2,882

Typical payment terms which impact on the amount of contract assets recognised are as follow:

Construction contracts

As at 31 December 2023, contract assets of MOP728,000 (2022: MOP2,882,000) were considered as impaired and were provided for.

The carrying amount of contract assets as at 1 January 2022 and 31 December 2022 are MOP67,378,000 and MOP100,602,000.

The Group's construction contracts include payment schedules which require stage payments over the construction period once milestones are reached. These payment schedules prevent the build-up of significant contract assets. The Group also typically agrees to a one to three year retention period for 5–10% of the contract value. Such retentions are included in contract assets until the end of the retention period as the Group's entitlement to this final payment is conditional on the Group's work satisfactorily passing inspection.

The amount of contract assets that is expected to be recovered after more than one year is MOP106,173,000 (2022: MOP100,602,000), which is within the normal operating cycle and is classified as current.

19(a). TRADE AND OTHER RECEIVABLES (Continued)

As at 31 December 2023, loss allowance for other receivables was approximately MOP434,000 (2022: MOP1,158,000). There is no significant increase in credit risk and therefore the Group measures the loss allowance for other receivables at an amount equal to 12-month ECL.

Movements in the loss allowance of trade receivables during the year were as follows:

	2023 MOP'000	2022 MOP'000
As at 1 January	25,073	11,116
Impairment losses recognised	110,560	13,957
As at 31 December	135,633	25,073

The Group measures the loss allowance for trade receivables at an amount equal to lifetime ECL. The expected credit losses on trade receivables are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

22. BANK LOANS AND OVERDRAFTS AND OTHER BORROWING (Continued)

As at 31 December 2023, the banking facilities (including bank loans and overdrafts and performance bonds) granted to the Group were secured by:

- (i) Investment properties held by the Group with carrying amount of MOP94,760,000 (2022: MOP99,292,000);
- (ii) Pledged deposits of MOP5,818,000 (2022: MOP126,100,000);
- (iii) Corporate guarantees provided by the Company and certain subsidiaries;
- (iv) Investment in an insurance contract of MOPNil (2022: MOP2,823,000); and
- (v) Guarantees provided by HKMC Insurance Limited under the HKMC SME Financing Guarantee Scheme.
- (vi) During the year, the Company issued one 1.00% bond of MOP 35,020,000 due in March 2023 to an independent third party.

Some of the Group's banking facilities were subject to the fulfillment of covenants relating to certain of the Group's statement of financial position ratios which are commonly found in lending arrangement with financial institutions. If the Group were to breach the covenants, the drawn down facilities would become payable on demand. The Group regularly monitors its compliance with these covenants.

During the year ended 31 December 2023, in respect of bank borrowings and bank overdrafts with a carrying amount of approximately MOP288,933,000 and MOP 11,678,000 respectively as at 31 December 2023, the Group was default in repayment. Thus, the relevant bank borrowings become immediately due and payable should the lenders exercise their rights under the bank loan agreement. The directors of the Company commenced to discuss the terms of the borrowings with the relevant banks. Up to the date of approval for issuance of the consolidated financial statements, the negotiations are still in progress.

23. DEFERRED TAX ASSETS/LIABILITIES

The following is the analysis of the deferred tax assets (liabilities) for financial reporting purposes:

The Group had unutilised estimated tax losses relating to the subsidiaries in Macau and Hong Kong for which no deferred income tax assets have been recognised of MOP11,336,000 (2022: MOP5,690,000) to carry forward for deduction against future taxable income. The tax losses of MOP5,698,000 (2022: MOP5,116,000), relating to Macau incorporated companies, will expire within 1 to 3 years from 31 December 2023 (2022: 1 to 3 years from 31 December 2022). The remaining portion of the tax losses of MOP5,638,000 (2022: MOP574,000), mainly relating to Hong Kong incorporated companies, can be carried forward indefinitely. The tax losses relating to Hong Kong incorporated companies is arising from the new acquired subsidiary.

24. EMPLOYEE RETIREMENT BENEFITS

Eligible employees of the Group are covered by a government-mandated defined contribution plan pursuant to which a fixed amount of retirement benefit would be determined and paid by the Macau Government. Contributions are generally made by both employees and employers by paying a fixed amount on a monthly basis to the Social Security Fund Contribution managed by the Macau Government. The Group funds the entire contribution and has no further commitments beyond its monthly contributions. Contributions to the plan vest immediately.

The Group operates a Mandatory Provident Fund Scheme (“the MPF Scheme”) under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The MPF Scheme is a defined contribution retirement plan administered by an independent trustee. Under the MPF Scheme, the Group and its employees are each required to make contributions to the plan at 5% of the employees’ relevant income, subject to a cap of monthly relevant income of HK\$30,000. As at 31 December 2023, no forfeited contribution under the retirement benefit scheme of the Group is available to reduce the contribution payable in the future years.

Employees of the subsidiary in the PRC are members of pension schemes operated by the PRC government. The Group is required to contribute, based on a certain percentage of the employees’ remuneration, to these pension schemes to fund the benefits. The only obligation for the Group with respect to these pension schemes is the required contribution under the central pension scheme. Contributions to these scheme vest immediately.

26. CAPITAL MANAGEMENT

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to fund its construction business and financial services business and provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The Group actively and regularly reviews and manages its capital structure to maintain a balance between the higher shareholder returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position, and makes adjustments to the capital structure in light of changes in economic conditions.

In addition, subsidiaries of the Group licensed by the SFC are obliged to meet the regulatory liquid capital requirements under the Securities and Futures (Financial Resources) Rules ("SF(FR)R") at all times.

For the licensed subsidiaries, the Group ensures each of them maintains a liquid capital level adequate to support the activities level with sufficient buffer to accommodate the increase in liquidity requirements arising from potential increases in business activities. SF(FR)R returns are filed to the SFC by the licensed subsidiaries on a monthly or semi-annually basis as required. During the current and prior financial years, all the licensed subsidiaries complied with the liquid capital requirements under the SF(FR)R.

The Group monitors its capital structure on the basis of gearing ratio (calculated by total debts divided by total equity; total debts include bank loans and overdrafts and other borrowings). The Group's strategy was to maintain a relatively low gearing ratio. In order to maintain or adjust the ratio, the Group may adjust the amount of dividends paid to shareholders, issue new shares, return capital to shareholders, raise new debt financing or sell assets to reduce debt.

The Group's gearing ratio as at 31 December 2023 and 2022 was as follows:

	Note	2023 MOP'000	2022 MOP'000
Current liabilities:			
Bank loans and overdrafts and other borrowings	22	338,626	448,085
Total debts		338,626	448,085
Total equity		573,353	628,939
Gearing ratio		0.59 times	0.71 times

Except for the fulfillment of covenants of lending arrangement with financial institutions as disclosed in note 22 and licensed subsidiaries obliged to meet the regulatory liquid capital requirements under the Securities and Futures (Financial Resources) Rules ("SF(FR)R") at all times, neither the Company nor any of its subsidiaries are subject to any other externally imposed capital requirements.

27. FINANCIAL RISK MANAGEMENT AND FAIR VALUES

Exposure to credit, liquidity and interest rate risks arises in the normal course of the Group's business. The Group's exposure to these risks and the financial risk management policies and practices used by the Group to manage these risks are described below.

Categories of financial instruments

	2023 MOP'000	2022 MOP'000
Financial assets		
At amortised cost	640,249	759,157
At fair value through profit or loss	40	33
Financial liabilities		
At amortised cost	497,224	564,641

(a) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. The Group's credit risk is primarily attributable to trade receivables and contract assets. The Group's exposure to credit risk arising from cash and bank balances and bank deposits is limited because the counterparties are banks for which the Group considers to have low credit risk.

Trade receivables and contract assets

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer rather than the industry or country in which the customers operate and therefore significant concentrations of credit risk primarily arise when the Group has significant exposure to individual customers. At the end of the reporting period, 35% (2022: 30%) and 100% (2022: 80%) of the total trade receivables and contract assets was due from the Group's largest customer and the five largest customers respectively.

Individual credit evaluations are performed on all customers requiring credit over a certain amount. These evaluations focus on the customer's past history of making payments when due and current ability to pay, and take into account information specific to the customer as well as pertaining to the economic environment in which the customer operates. Normally, the Group does not obtain collateral from customers.

The Group measures loss allowance for expected credit losses for trade receivables and contract assets using lifetime ECLs, which is calculated using provision matrices. As the Group's historical credit loss experience does not indicate significantly different loss patterns for different customer segments, the loss allowance based on past due status is not further distinguished between the Group's different customer bases.

27. FINANCIAL RISK MANAGEMENT AND FAIR VALUES (Continued)

(a) Credit risk (Continued)

Trade receivables and contract assets (Continued)

The following table provides information about the Group's exposure to credit risk and ECLs for trade receivables as at 31 December 2023:

	Weighted average expected credit loss rate %	Gross carrying amount MOP'000	Loss allowance MOP'000
Within 1 month	0.9	120,484	1,063
1 to 3 months	6.0	31,093	1,880
3 to 6 months	6.0	81,298	4,917
6 to 12 months	6.6	111,919	7,334
Over 1 year but less than 2 years	25.6	367,592	94,230
Over 2 years but less than 3 years	83.5	31,382	26,209
		743,768	135,633

The following table provides information about the Group's exposure to credit risk and ECLs for contract assets as at 31 December 2023:

	Weighted average expected credit loss rate %	Gross carrying amount MOP'000	Loss allowance MOP'000
Within 1 year	0.3	89,620	310
Over 1 year but less than 2 years	2.4	17,281	419
		106,901	729

Expected loss rates are based on actual loss experience over the past years. These rates are adjusted to reflect differences between economic conditions during the period over which the historic data has been collected, current conditions and the Group's view of economic conditions over the recovery of the trade receivables and contract assets.

(Expressed in Macau Pataca unless otherwise indicated)

27. FINANCIAL RISK MANAGEMENT AND FAIR VALUES (Continued)

(a) Credit risk (Continued)

Trade receivables and contract assets (Continued)

The maximum exposure to credit risk is represented by the carrying amount of each financial asset at amortised cost, including trade receivables and other receivables (excluding prepayment), pledged deposits, cash and bank balances in the consolidated statement of financial position. Except for the guarantees given by the Group as disclosed in note 30, the Group does not provide any other guarantees which would expose the Group to credit risk.

(b) Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements and its compliance with lending covenants, to ensure that it maintains sufficient reserves of cash and adequate committed funding lines from major financial institutions to meet its liquidity requirements in the short and longer term. Management believes there is no significant liquidity risk as the Group has sufficient cash and committed facilities to fund its operations and debt servicing requirements.

The following table details the remaining contractual maturities at the end of the reporting period of the Group's financial liabilities, which are based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on rates current at the end of the reporting period) and the earliest date the Group can be required to pay.

Certain of the Group's bank borrowings and bank overdrafts that are repayable on demand due to default in payment, as disclosed in Note 22, are included in the "on demand or within one year" time band in the below maturity analysis. As at 31 December 2023, the aggregate carrying amounts of these bank borrowings and bank overdrafts amounted to MOP288,933,000 and MOP11,678,000 respectively (2022: MOPNil). The Group is actively formulating and undertaking a number of plans and measures as disclosed in Note 1 to remediate the default in payment.

27. FINANCIAL RISK MANAGEMENT AND FAIR VALUES (Continued)

(c) Interest rate risk

The Group's interest rate risk arises primarily from bank loans and overdrafts. Borrowings at variable rates expose the Group to cash flow interest rate risk. The Group's interest rate profile as monitored by management is set out in (i) below.

(i) Interest rate profile

The following table details the interest rate profile of the Group's borrowings at the end of the reporting period:

	2023		2022	
	Effective interest rate %	Amount MOP'000	Effective interest rate %	Amount MOP'000
Variable rate borrowings:				
Bank overdrafts	6.35% to 6.63%	11,678	4.25% to 5.75%	19,215
Bank loans	3.63% to 8.15%	291,928	2% to 6.125%	428,870
		303,606		448,085
Total borrowings		303,606		448,085

(ii) Sensitivity analysis

As at 31 December 2023, it is estimated that a increase/decrease of 100 basis points in interest rates, with all other variables held constant, the Group's profit after taxation for the year and total equity would have decreased/increased by approximately MOP2,535,000 (2022: MOP3,742,000).

The sensitivity analysis above has been determined assuming that the change in interest rates had occurred at the end of the reporting period and had been applied to the exposure to interest rate risk for non-derivative financial instruments in existence at that date. The impact on the Group's profit after tax and total equity is estimated as an annualised impact on interest expense of such changes in interest rates. The analysis has been performed on the same basis as 2022.

27. FINANCIAL RISK MANAGEMENT AND FAIR VALUES (Continued)

(d) Foreign currency risk

The Group has no significant exposure to foreign currency risk as substantially all of the Group's transactions are denominated in Hong Kong dollar or Macau Pataca which is pegged to Hong Kong dollar.

(e) Fair values measurement

The carrying amounts of the Group's financial assets and liabilities carried at amortised cost are not materially different from their fair values at the end of the reporting period.

28. MATERIAL RELATED PARTY TRANSACTIONS

In addition to transactions and balances disclosed elsewhere in these financial statements, the Group entered into the following material related party transactions.

(a) Transactions with key management personnel

All members of key management personnel are the directors of the Group and their emoluments are disclosed in note 9.

(b) Balance with related parties

The amounts due to directors as at 31 December 2023 and 2022 are unsecured, non-interest bearing, and repayable on demand. This related party transaction constitutes connected transaction for the Company under Chapter 14A of the Listing Rules, but is, pursuant to Rule 14A.09 of the Listing Rules, fully exempt from the reporting, announcement and independent shareholders' approval requirements under Chapter 14A of the Listing Rules as this related party transaction constitutes financial assistance received by the Group from a connected person on normal commercial terms or better and not secured by assets of the Group.

29. CONTINGENT LIABILITIES

At the end of the reporting period, contingent liabilities not provided for in these financial statements were as follows:

	2023 MOP'000	2022 MOP'000
Performance bonds given to customers for due and proper performance of projects undertaken by the Group's subsidiaries	13,043	13,043
