INSIDE INFORMATION PROPOSED OFFERING OF US\$1.5 BILLION CONVERTIBLE SENIOR NOTES

This announcement is issued by JD.com, Inc. (“**JD.com**” or the “**Company**”) pursuant to Rule 13.09 and Rule 13.10B of The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and under Part XIVA of the Securities and Futures Ordinance (Cap. 571).

The Company today announced a proposed offering (the “**Notes Offering**”) of convertible senior notes in an aggregate principal amount of US\$1.5 billion due 2029 (the “**Notes**”), subject to market conditions and other factors. The Company intends to grant an option to the initial purchasers in the Notes Offering, exercisable within a 30-day period, beginning on and including the date of the Notes Offering, to purchase up to an additional US\$225 million in aggregate principal amount of the Notes.

The Company plans to use the net proceeds from the Notes Offering (a) for the Concurrent Repurchase (as described below) and to repurchase on the open market, after the pricing of the Notes and from time to time, additional Class A ordinary shares and/or American depositary shares (“**ADSs**”), each representing two Class A ordinary shares, of the Company pursuant to its share repurchase program(s), (b) to expand its overseas business, (c) to further improve its supply chain network and (d) for working capital needs.

Expected Terms of the Notes

When issued, the Notes will be senior, unsecured obligations of the Company. The Notes will mature on June 1, 2029, unless earlier redeemed, repurchased or converted in accordance with their terms prior to such date.

Holder of the Notes may convert their Notes at their option at any time prior to the close of business on the third scheduled trading day immediately preceding the maturity date. Upon conversion, the Company will pay or deliver, as the case may be, cash, ADSs, or a combination of cash and ADSs, at the Company's election. Holders may elect to receive Class A ordinary shares in lieu of any ADSs deliverable upon conversion, which will be fungible with the Company's Class A ordinary shares listed on The Stock Exchange of Hong Kong Limited (the "**Hong Kong Stock Exchange**") after the resale restriction termination date (as set forth in the terms of the Notes). The interest rate, initial conversion rate and other terms of the Notes will be determined at the time of pricing of the Notes.

Holder of the Notes may require the Company to repurchase all or part of their Notes for cash on June 1, 2027 or in the event of certain fundamental changes, at a repurchase price equal to 100% of the principal amount of the Notes to be repurchased, plus accrued and unpaid interest, if any, to, but excluding, the relevant repurchase date. In addition, on or after June 8, 2027, the Company may redeem all or part of the Notes for cash subject to certain conditions, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the relevant optional redemption date. Furthermore, the Company may redeem all but not part of the Notes in the event of certain changes in the tax laws or if less than 10% of the aggregate principal amount of the Notes originally issued remains outstanding at such time, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the related redemption date.

Concurrent and Future Repurchases

Concurrently with the pricing of the Notes, the Company plans to repurchase a number of its Class A ordinary shares and/or ADSs to be determined at the time of pricing of the Notes from certain purchasers of the Notes in off-market privately negotiated transactions effected through one of the initial purchasers or its affiliates, as the Company's agent (such transactions, the "**Concurrent Repurchase**"). The Concurrent Repurchase is expected to facilitate the initial hedging by purchasers of the Notes who desire to hedge their investments in the Notes, as the Company intends to repurchase the entire initial delta of the transaction. This will allow such purchasers of the Notes to establish short positions that generally correspond to commercially reasonable initial hedges of their investments in the Notes. The Concurrent Repurchase will be made pursuant to the Company's share repurchase program announced in March 2024. The Company expects the purchase price in the Concurrent Repurchase to be (i) in the case of ADSs, the closing price of the Class A ordinary shares on the Hong Kong Stock Exchange on May 21, 2024 as adjusted for the ADS-to-share ratio at a pre-determined exchange rate for U.S. dollars and (ii) in the case of Class A ordinary shares, the closing price of the Class A ordinary shares on the Hong Kong Stock Exchange on May 21, 2024.

In addition to the Concurrent Repurchase, the Company may also repurchase additional Class A ordinary shares and/or ADSs on the open market after the pricing of the Notes and from time to time. The Concurrent Repurchase and future repurchases pursuant to the Company's share repurchase program(s) will be funded by the net proceeds of the Notes Offering and other cash on hand, and, in the aggregate, are generally expected to offset potential dilution to the holders of the Company's ordinary shares (including in the form of ADSs) upon conversion of the Notes.

Other Matters

The repurchase activities by the Company, whether in the Concurrent Repurchase or otherwise pursuant to its share repurchase program(s), could increase, or reduce the magnitude of any decrease in, the market price of the ADSs and/or Class A ordinary shares and/or the trading price of the Notes.

The Company expects that potential purchasers of the Notes may employ a convertible arbitrage strategy to hedge their exposure in connection with the Notes. Any such activities by potential purchasers of the Notes following the pricing of the Notes and prior to the maturity date could affect the market price of the ADSs and/or Class A ordinary shares and/or the trading price of the Notes. The effect, if any, of the activities described in this paragraph, including the direction or magnitude, on the market price of the ADSs and/or Class A ordinary shares and/or the trading price of the Notes will depend on a variety of factors, including market conditions, and cannot be ascertained at this time.

The Notes, the ADSs deliverable upon conversion of the Notes, if any, and the Class A ordinary shares represented thereby or deliverable upon conversion of Notes in lieu thereof have not been and will not be registered under the Securities Act of 1933, as amended (the "**Securities Act**") or securities laws of any other places. They may not be offered or sold within the United States or to U.S. persons, except to persons reasonably believed to be qualified institutional buyers in reliance on the exemption from registration provided by Rule 144A under the Securities Act and to certain non-U.S. persons in offshore transactions in reliance on Regulation S under the Securities Act.

This announcement shall not constitute an offer to sell or a solicitation of an offer to purchase any securities, nor shall there be a sale of the securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful.

This announcement contains information about the pending Notes Offering, and there can be no assurance that the Notes Offering will be completed.
