Ranking of the Notes

The Notes will be general unsecured obligations of the Company and will (1) rank equally in right of payment with all of the Company's existing and future senior unsecured indebtedness, including the Existing Notes and amounts outstanding under our Revolving Credit Facility and our Second Revolving Credit Facility; (2) rank senior to all of the Company's existing and future subordinated indebtedness; (3) be effectively subordinated to all of the Company's future secured indebtedness to the extent of the value of the assets securing such debt; and (4) be structurally subordinated to all existing and future obligations of the Company's subsidiaries.

Redemption

Optional Redemption

At its option, the Company may redeem the Notes, in whole or in part, at any time or from time to time prior to their stated maturity.

The redemption price for the Notes that are redeemed before June 26, 2027 will be equal to the greater of (a) 100% of the principal amount of the Notes to be redeemed and (b) a “make-whole” amount as determined by an independent investment banker in accordance with the terms of the Indenture, plus accrued and unpaid interest, if any, and additional amounts, if any, to, but not including, the redemption date. Prior to June 26, 2027, the Company may also redeem up to 35% of the aggregate principal amount of the Notes with the net cash proceeds from certain equity offerings. On or after June 26, 2027, the Company may redeem the Notes, in whole or in part, at a premium declining ratably to zero, plus accrued and unpaid interest, if any, and additional amounts, if any, to, but not including, the redemption date.

Redemption for Tax Reasons

All payments under or with respect to the Notes will be made without withholding or deduction for any taxes or other governmental charges, except to the extent required by law. If withholding or deduction is required by law, subject to certain exceptions, the Company will pay additional amounts so that the net amount received is no less than the amount that would have been received in the absence of such withholding or deduction.

The Company may redeem the Notes in whole, but not in part, at any time, upon giving prior notice, if certain changes in tax law impose certain withholding taxes on amounts payable on the Notes, and, as a result, the Company is required to pay additional amounts with respect to such withholding taxes. If the Company exercises such redemption right, it must pay the holders of Notes a price equal to 100% of the principal amount of the Notes plus accrued and unpaid interest, if any, and additional amounts, if any, to, but not including the date of redemption.

Gaming Redemption

The Indenture grants the Company the power to redeem the Notes if any Gaming Authority requires that a person who is a holder or the beneficial owner of Notes be licensed, qualified or found suitable under applicable gaming laws and such holder or beneficial owner, as the case may be, fails to apply or become licensed or qualified within the required time period or is found unsuitable.

Repurchase at the option of the holders of the Notes for Change of Control Triggering Event

If the Company experiences a Change of Control Triggering Event, each holder of the Notes will have the right to require the Company to repurchase all or any part of that holder's Notes at 101% of their principal amount plus accrued and unpaid interest, if any, and any additional amount, if any, to, but not including the date of such repurchase in accordance with the terms of the Indenture. The circumstances that will constitute a change of control include the occurrence of any of the following:

- (1) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of the Company and its subsidiaries, taken as a whole, to any "person" (as that term is used in Section 13(d)(3) of the United States Securities Exchange Act of 1934, as amended), other than to MGM Resorts International or a related party thereof as described in the Indenture;
- (2) the adoption of a plan relating to the liquidation or dissolution of the Company or any successor thereto;
- (3) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any "person" (as defined in clause (1) above), other than MGM Resorts International and any of its related parties (as described in the Indenture) becomes the beneficial owner, directly or indirectly, of more than 50% of the outstanding voting stock of the Company, measured by voting power rather than number of equity interests; or
- (4) the first day on which the Company ceases to own, directly or indirectly, at least 60% of the outstanding equity interests of (and at least a 60% economic interest in) MGM Grand Paradise Limited.

Special Put Option

Upon the occurrence of (1) any event after which none of the Company or any of its subsidiaries has such licenses, concessions or other permits or authorizations as are necessary for the Company and its subsidiaries to own or manage casino or gaming areas or operate casino games of fortune and chance in Macau in substantially the same manner and scope as the Company and its subsidiaries are entitled to at the issue date, for a period of ten consecutive days or more, and such event has a material adverse effect on the financial condition, business, properties, or results of operations of the Company and its subsidiaries, taken as a whole; or (2) the termination, rescission, revocation or modification of any gaming license which has had a material adverse effect on the financial condition, business, properties, or results of operations of the Company and its subsidiaries, taken as a whole, excluding any termination or rescission resulting from or in connection with any renewal, tender or other process conducted by the Macau Government in connection with the granting or renewal of any gaming license; provided that such renewal, tender or other process results in the granting or renewal of the relevant gaming license, each holder of the Notes will have the right to require the Company to

repurchase all or any part of such holder's Notes at a purchase price in cash equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, and additional amounts, if any, to, but not including the date of repurchase.

The Company's obligation to make a special put option offer following a Special Put Option Triggering Event will cease to be of effect upon the repayment in full of the Existing Notes or, if earlier, at such time as each provision equivalent to the special put option offer applicable in respect of each series of Existing Notes ceases to be of effect.

Covenants

The Notes and the Indenture will limit the Company's ability to, among other things, whether directly or indirectly:

- (1) consolidate or merge with or into another person (whether or not the Company is the surviving entity); or
- (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of the Company and its subsidiaries, taken as a whole, in one or more related transactions, to another person.

For the avoidance of doubt, a pledge, mortgage, charge, lien, encumbrance, hypothecation or grant of any other security interest on an asset or property shall not be considered as a sale, assignment, transfer, conveyance or disposal of such asset or property.

Events of Default

The events of default under the Notes include, among others:

- (1) default for 30 days in the payment when due of interest on the Notes;
- (2) default in the payment when due (at maturity, upon redemption, repurchase or otherwise) of the principal of, or premium, if any, on the Notes;
- (3) failure by the Company to comply with (a) any payment obligations (including, without limitation, obligations as to the timing or amount of such payments) at the option of the holders of the Notes upon certain change of control triggering events or special put option triggering events as described in the Indenture; or (b) the covenant relating to merger, consolidation or sale of assets;
- (4) failure by the Company for 60 days after receipt of written notice from the Trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding voting as a single class to comply with any of the other agreements in the Indenture not identified in clauses (1), (2) or (3) above;

- (5) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by the Company or any of its subsidiaries (or the payment of which is guaranteed by the Company or any of its subsidiaries), whether such indebtedness or guarantee existed on the date of the Indenture, or is created after the date of the Indenture, if that default results in the acceleration of such indebtedness prior to its express maturity, and, in each case, the principal amount of any such indebtedness, together with the principal amount of any other such indebtedness the maturity of which has been so accelerated, aggregates US\$75.0 million or more (or the dollar equivalent thereof), if such acceleration is not annulled within 30 days after written notice as provided in the Indenture;
- (6) failure by the Company or any of its Significant Subsidiaries to pay final non-appealable judgments (not paid or covered by insurance as to which the relevant insurance company has not denied responsibility) rendered against the Company or any Significant Subsidiary aggregating in excess of US\$75.0 million (or the dollar equivalent thereof), which judgments are not paid, bonded, discharged or stayed for a period of 60 days; and
- (7) certain events of bankruptcy or insolvency described in the Indenture.

The Company proposes to seek a listing of the Notes on the Stock Exchange by way of debt issue to Professional Investors only and has received an eligibility letter from the Stock Exchange for the listing of the Notes. Admission of the Notes to the Stock Exchange and quotation of any Notes on the Stock Exchange is not to be taken as an indication of the merits of the Company, the Group or the Notes.
