ANNUAL REPORT

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

*This report, for which the directors (the “**Directors**”) of Vistar Holdings Limited (the “**Company**” and together with its subsidiaries, the “**Group**”) collectively and individually accept full responsibility, includes particulars given in compliance with the GEM Listing Rules for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.*

CHAIRMAN'S STATEMENT

On behalf of the board (the "**Board**") of directors (the "**Directors**") of Vistar Holdings Limited (the "**Company**"), I am pleased to present the annual report of the Company and its subsidiaries (collectively referred to as the "**Group**" or "**We**") for the year ended 31 March 2024 (the "**Reporting Period**") to the shareholders of the Company ("**Shareholders**").

BUSINESS AND FINANCIAL OVERVIEW

The Group's profit attributable to Shareholders was approximately HK\$5.08 million for the Reporting Period (2023: HK\$4.86 million). An increase of 4.53% of profit attributable to Shareholders was recorded as compared to the last year ended 31 March 2023.

During the Reporting Period, the revenue of the Group increased to approximately HK\$313.39 million from approximately HK\$287.06 million for the year ended 31 March 2023.

The Board considers that such profit increment was mainly attributable to events including the increase of gross profit generated from the core business of the Group of approximately HK\$1.27 million which was driven by the increase of revenue being recognised during the Reporting Period, that in turn was offset by the increment of administrative and other operating expenses incurred of approximately HK\$0.61 million and finance costs incurred of approximately HK\$0.65 million during the Reporting Period.

The increase in gross profit generated from the core business of the Group of approximately HK\$1.27 million was driven by the increase in gross profit generated from alteration and addition works and maintenance services during the Reporting Period when compared with the year ended 31 March 2023. Therein, the gross profit margin slightly decreased from 11.14% for the year ended 31 March 2023 to 10.61% for the Reporting Period.

CHAIRMAN'S STATEMENT

PROSPECT

Looking forward, amid many uncertainties, the Directors are of the view that the general outlook of the industry and business environment in which the Group operates remains difficult and challenging. However, the Group will adopt conservative operating strategies, closely monitoring the progress of its existing projects and communicating regularly with suppliers, subcontractors, and customers to stay informed on the latest project schedules and arrangements. The Group will also proactively follow up on any tenders and quotations, and actively respond to new business inquiries to maintain the Group's market competitiveness. Furthermore, the Group continues to explore new business opportunities to improve its operational efficiency and business profitability.

The Directors are of the view that we can achieve sustainable growth and will identify the right expansion opportunities in the years to come.

APPRECIATION

On behalf of the Board, I wish to take this opportunity to thank our dedicated employees for their continued loyalty, diligence and contributions throughout the year. I would also like to express my sincere gratitude to my fellow board members, management team, staff members, business partners and most importantly, our Shareholders and customers for their support to our Group.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group is a registered fire service installation contractor in Hong Kong. With a full range of electrical and mechanical (“**E&M**”) licenses and qualifications, the Group maintains its position as one of the leading E&M engineering companies in Hong Kong, focusing on installation services, alteration and addition works and maintenance services of fire service systems. The Group’s services cover installation and design of fire service systems for buildings under construction or re-development; alteration and addition work on existing fire service systems; and repair and maintenance on fire service systems for built premises.

The recovery of Hong Kong’s economy was beneath expectation due to the weak retail market and local consumption trends.

However, upon the concerted efforts made by all staff of the Group, the Group has delivered a promising result during the Reporting Period when compared with the year ended 31 March 2023. During the Reporting Period, the Group’s profit attributable to equity holders was approximately HK\$5.08 million, representing a slight increase of approximately HK\$0.22 million when compared to the profit attributable to equity holders for the year ended 31 March 2023 which amounted to approximately HK\$4.86 million.

The Board considers that such profit increment was mainly attributable to events including the increase of gross profit generated from the core business of the Group of approximately HK\$1.27 million which was driven by the increase of revenue being recognised during the Reporting Period, that in turn was offset by the increment of administrative and other operating expenses incurred of approximately HK\$0.61 million and finance costs incurred of approximately HK\$0.65 million during the Reporting Period.

The Directors do not recommend the payment of a final dividend in respect of the Reporting Period (2023: Nil).

OUTLOOK

Recently, there are numerous market uncertainties surrounding the business environment of our Group, including trade disputes, geopolitical instability, global interest rate hike cycle, high inflation and economic slowdown. These threats pose significant challenges to the global economy and in turn dampen the economy of Hong Kong where our Group operates in.

In the years to come, the prospects of the Hong Kong market are expected to be driven by large scale infrastructure projects and we will closely monitor potential business and opportunities associated with Hong Kong’s development strategy, including the “Lantau Tomorrow”, the “Northern Metropolis” and the vast public housing development scheme. The Group believes that the construction industry will continue to expand as Hong Kong progresses and further develops.

MANAGEMENT DISCUSSION AND ANALYSIS

Looking forward, amid many uncertainties, the Directors are of the view that the general outlook of the industry and business environment in which the Group operates remains difficult and challenging. However, the Group will adopt a conservative change approach where we would not overreact to adversities, but rather maintain consistent operating measures in line with our competitive strengths and long term strategic plans. Notwithstanding this, the Group will also closely monitor its existing projects' progress, manage relationships with suppliers and subcontractors, maintain close communication with customers on the latest project work schedules and arrangements, proactively follow up with potential customers on tenders and quotations submitted, and actively respond to any business enquiries, tender and quotation invitations to maintain market competitiveness. The Group will continue to strive to improve its operational efficiency and business profitability and will also proactively seek potential business opportunities that can broaden the sources of income of the Group and enhance value to the shareholders of the Company.

The Directors are of the view that we can achieve sustainable growth and will identify the right expansion opportunities in the years to come.

FINANCIAL REVIEW

Revenue

During the Reporting Period, the revenue of the Group increased to approximately HK\$313.39 million from approximately HK\$287.06 million for the year ended 31 March 2023, representing an increase of approximately HK\$26.33 million or 9.17%.

Such increase was mainly attributed to an increase in all segments of revenue. Compared with the year ended 31 March 2023, the installation projects revenue increased the most. The increment was approximately HK\$19.76 million or 10.96%.

The increase in revenue from installation services was attributable to more revenue being recognised in the current projects of its completion or substantial completion stage and new projects which its work was performed during the Reporting Period.

Cost of revenue

The Group's cost of revenue increased from approximately HK\$255.09 million for the year ended 31 March 2023 to approximately HK\$280.15 million for the Reporting Period, representing an increase of approximately HK\$25.06 million or 9.82%.

The increase in cost of revenue was in line with the increase in revenue but at a slightly higher proportional rate. Notwithstanding this, the percentage cost of revenue increased by a greater extent during the Reporting Period as compared with the year ended 31 March 2023. These are mainly due to a combination of events e.g., the Russo-Ukrainian War, the China-US trade tensions and the uncertain changes of US Federal interest rate, which have inflated the cost of revenue and disrupted the global supply chain and complementing logistics, causing allocation inefficiencies including in labour, raw materials, and energy resources. These material and labour costs have again directly increased the Company's cost of revenue.

MANAGEMENT DISCUSSION AND ANALYSIS

Gross profit and gross profit margin

The Group's gross profit increased by approximately HK\$1.27 million or 3.97% from approximately HK\$31.97 million for the year ended 31 March 2023 to approximately HK\$33.24 million for the Reporting Period. The gross profit margin slightly decreased from 11.14% to 10.61%.

The overall increase in gross profit was mainly due to the increase in gross profit generated from alteration and addition works and maintenance services during the Reporting Period when compared with the year ended 31 March 2023.

Administrative and other operating expenses

Administrative and other operating expenses mainly represented the salaries and benefits of the administrative and management staff, insurance, legal and professional fees, depreciation of plant and equipment and right-of-use assets.

The Group's administrative and other operating expenses increased by approximately HK\$0.61 million or 2.31% from approximately HK\$26.42 million for the year ended 31 March 2023 to approximately HK\$27.03 million for the Reporting Period. The increase in administrative and other operating expenses was primarily due to the increase in the salary and benefits of the administrative and management staff and depreciation charge computed from leased assets under the accounting standard HKFRS 16.

Finance costs

Finance costs of the Group incurred were approximately HK\$2.15 million for the Reporting Period (2023: HK\$1.50 million). Finance costs consist of interest on bank borrowings and interest on lease liabilities. The increase in the Group's finance costs for the Reporting Period was due to the increase in bank loans interest as more loans were secured for operation.

Income tax expense

Income tax expense for the Group slightly decreased by approximately HK\$0.21 million or 24.14% from approximately HK\$0.87 million for the year ended 31 March 2023 to approximately HK\$0.66 million for the Reporting Period. The decrease was mainly due to the decrease in taxable profit for the Reporting Period.

Profit for the year attributable to owners of the Company

Profit for the year attributable to owners of the Company increased slightly by approximately HK\$0.22 million or 4.53% from approximately HK\$4.86 million for the year ended 31 March 2023 to approximately HK\$5.08 million for the Reporting Period.

The Board considers that such profit increment was mainly attributable to events including the increase of gross profit generated from the core business of the Group of approximately HK\$1.27 million which was driven by the increase of revenue being recognised during the Reporting Period.

MANAGEMENT DISCUSSION AND ANALYSIS

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

The Group finances its liquidity and capital requirements primarily through cash generated from operations, bank borrowings and equity contributions from shareholders.

As at 31 March 2024, the Group had cash and bank balances of approximately HK\$52.61 million (2023: HK\$39.36 million).

As at 31 March 2024, the Group's total equity attributable to owners of the Company amounted to approximately HK\$156.86 million (2023: HK\$151.61 million). As at the same date, the Group's total debt, comprising bank borrowings and lease liabilities, amounted to approximately HK\$52.55 million (2023: HK\$39.05 million).

BORROWINGS AND GEARING RATIO

As at 31 March 2024, the Group had borrowings of approximately HK\$50.11 million which was denominated in Hong Kong Dollars (2023: HK\$34.17 million). The Group's bank borrowings were primarily used in financing the working capital requirement of its operations.

As at 31 March 2024, the gearing ratio of the Group, calculated as the total interest-bearing liabilities divided by the total equity, was approximately 33.50% (2023: 25.76%).

TREASURY POLICY

The Directors will continue to follow a prudent policy in managing the Group's cash balances and maintain a strong and healthy liquidity to ensure that the Group is well placed to take advantage of future growth opportunities.

FOREIGN EXCHANGE EXPOSURE

All of the revenue-generating operations and borrowings of the Group were mainly transacted in Hong Kong Dollars which is the presentation currency of the Group. As such, the Directors are of the view that the Group did not have significant exposure to foreign exchange risk. The Group currently does not have a foreign currency hedging policy.

CAPITAL STRUCTURE

The shares of the Company were successfully listed on GEM of the Stock Exchange on 12 February 2018. There has been no change in the capital structure of the Group since then. The share capital of the Group only comprises ordinary shares.

As at 31 March 2024, the Company's issued share capital was HK\$12 million and the number of its issued ordinary shares was 1,200,000,000 of HK\$0.01 each.

CAPITAL COMMITMENTS

As at 31 March 2024, the Group did not have any material capital commitments (2023: Nil).

CHARGES ON THE GROUP'S ASSETS

As at 31 March 2024, the Group did not have any charges on the Group's assets (2023: Nil).

MANAGEMENT DISCUSSION AND ANALYSIS

FUTURE PLANS FOR MATERIAL INVESTMENTS AND CAPITAL ASSETS

As of 31 March 2024, the Group did not have other plans for material investments or capital assets.

SIGNIFICANT INVESTMENTS HELD, MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES, ASSOCIATES AND JOINT VENTURES

During the Reporting Period, the Group did not have any significant investments, material acquisitions or disposals of subsidiaries, associates or joint ventures.

CONTINGENT LIABILITIES

As at 31 March 2024, the Group did not have any material contingent liabilities (2023: Nil).

FINAL DIVIDENDS

The Directors do not recommend the payment of a final dividend in respect of the Reporting Period (2023: Nil).

EMPLOYEES AND REMUNERATION POLICY

As at 31 March 2024, the Group had 116 employees in total (2023: 124). The staff costs of the Group including directors' emoluments, and management, administrative and operational staff costs for the Reporting Period were approximately HK\$15.88 million (2023: HK\$14.22 million) in Hong Kong.

The Group recognises the importance of human resources to its success, therefore qualified and experienced personnel were recruited for reviewing and restructuring the Group's existing business, as well as exploring potential investment opportunities.

Remuneration is maintained at competitive levels with discretionary bonuses payable on a merit basis and in line with industrial practice.

A remuneration committee was set up to review the Group's emolument policy and structure for all Directors and senior management of the Group.

SHARE OPTION SCHEME

The Company has a share option scheme (the "Share Option Scheme") which was approved and adopted by the shareholders of the Company by way of written resolutions passed on 24 January 2018.

The Share Option Scheme is effective for a period of 10 years commencing on 12 February 2018, the listing date of the Company. Under the Share Option Scheme, the Board may in its absolute discretion determine the subscription price at the time of grant of the relevant option but the subscription price shall not be less than whichever is the highest of: (i) the closing price of the shares as stated in the Stock Exchange's daily quotations sheet on the date of the granting of the option; (ii) the average closing prices of the shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of the granting of the option; and (iii) the nominal value of a share. An offer of grant of an option may be accepted by a participant within the date as specified in the offer letter issued by the Company, being a date not later than 28 days from the date upon which it is made, by which the participant must accept the offer or be deemed to have declined it, provided that such date shall not be more than 10 years after the date of adoption of the Share Option Scheme.

A consideration of HK\$1 is payable on acceptance of the offer of grant of an option.

MANAGEMENT DISCUSSION AND ANALYSIS

The period as the Board may in its absolute discretion determine and specify in relation to any particular option holder in his option agreement during which the option may be exercised (subject to such restriction on exercisability specified therein), which shall not be greater than the period prescribed by the GEM Listing Rules from time to time (which is, as at the date of adoption of the Share Option Scheme, a period of 10 years from the date of the granting of the option).

The limit on the number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other schemes must not exceed 30% of the shares in issue from time to time. No options may be granted under any schemes of the Company if this will result in the limit being exceeded. The total number of shares which may be issued upon exercise of all options to be granted under the Share Option Scheme and any other schemes of the Company must not in aggregate exceed 10% of the shares in issue at the time dealings in the shares first commenced on the Stock Exchange (excluding the shares which may be issued pursuant to the exercise of the options that may be granted under the Share Option Scheme) which amounts to 120,000,000 shares. Options lapsed in accordance with the terms of the Share Option Scheme or any other schemes will not be counted for the purpose of calculating the 10% limit. No share options were granted under the Share Option Scheme during the year. Share options do not confer rights to the holders to dividends or to vote at shareholders' meetings.

The Directors may, at their absolute discretion, invite any person belonging to any of the following classes of participants, to take up options to subscribe for shares under the Share Option Scheme:

- (a) any employee or proposed employee (whether full-time or part-time and including any executive Director), consultants or advisers of or to the Company, any of the subsidiaries or any entity (the "Invested Entity") in which the Company holds an equity interest;
- (b) any non-executive Directors (including independent non-executive Directors) of the Company, any of the subsidiaries or any Invested Entity;
- (c) any supplier of goods or services to the Company or any of its subsidiaries or any Invested Entity;
- (d) any customer of the Group or any Invested Entity;
- (e) any person or entity that provides research, development or other technological support to the Group or any Invested Entity; and
- (f) any shareholders of the Company or any shareholder of any of its subsidiaries or any Invested Entity or any holder of any securities issued by any member of the Group or any Invested Entity,

and for the purposes of the Share Option Scheme, the options may be granted to any company wholly-owned by one or more persons belonging to any of the above classes of participants.

No share option has been granted, exercised, cancelled or lapsed under the Share Option Scheme since its adoption.

EVENTS AFTER THE REPORTING PERIOD

The Board is not aware of any events after the Reporting Period that require disclosure.

KEY RELATIONSHIPS WITH STAKEHOLDERS

Employees

Our Group recognises employees as our valuable assets. We provide competitive remuneration package to attract, motivate and retain appropriate and suitable personnel to serve our Group. We have also adopted an annual review system to assess the performance of our staff, which forms the basis of our decisions with respect to salary raises and promotions.

Customers

Our five largest customers have long-standing business relationships with us for over ten years and we therefore endeavor to accommodate their demands with our services to capture more opportunities for larger scale projects in the future. Our Group's experience as a quality subcontractor for handling civil engineering projects ensures projects are executed in accordance with standardised quality.

Suppliers and subcontractors

Our Group encompasses working relationships with suppliers and subcontractors to meet customers' needs in an effective and efficient manner. Our Group has set up an approved list of suppliers. We select our suppliers based on the listed prices, quality, past performances and timeliness of delivery.

Subject to our capacity, resources level, types of civil engineering works, cost effectiveness, complexity of the projects and customers' requirements, we may subcontract our works to other subcontractors. We maintain an internal list of approved subcontractors and carefully evaluate the performance of our subcontractors for selection. It is based on their background, technical capability, experience, fee quotation, service quality, labour resources, timeliness of delivery, reputation and safety performance.

MAJOR CUSTOMERS, SUPPLIERS AND SUBCONTRACTORS

For the Reporting Period, our largest customer accounted for approximately 20.34% (2023: 17.70%) of our total revenue, while the percentage of our total revenue is attributable to our five largest customers in aggregate which was approximately 53.13% (2023: 49.47%).

For the Reporting Period, our largest supplier accounted for approximately 16.68% (2023: 14.85%) of our total purchases incurred (excluding subcontracting charges incurred), while the percentage of our total purchases incurred (excluding subcontracting charges incurred) is attributable to our five largest suppliers in aggregate which was approximately 43.94% (2023: 47.11%).

For the Reporting Period, our largest subcontractor amounted to approximately 10.48% (2023: 16.75%) of our total subcontracting charges incurred, while the percentage of our subcontracting charges incurred is attributable to our five largest subcontractors in aggregate which was approximately 44.53% (2023: 51.45%).

None of the Directors, their close associates, or any Shareholders, with the knowledge of the Directors, owned more than 5% of the issued shares of the Company while possessing any interest in any of our five largest customers, suppliers and subcontractors during the Reporting Period.

DIRECTORS' REPORT

ENVIRONMENTAL POLICY

Our Group's operations are subject to certain environmental requirements pursuant to the laws in Hong Kong. In order to comply with the applicable environmental protection laws, we had implemented an environmental management system which was certified to be in compliance with the standard required under ISO 14001:2004. Apart from following the environmental protection policies formulated and required by our customers, we have also established our environmental management policy to ensure proper management of environmental protection, compliance with environmental laws and regulations by both subcontractors and our employees among air pollution, noise control and waste disposal.

During the Reporting Period, our Group did not record any non-compliance with applicable environmental requirements that resulted in prosecution or penalty being brought against our Group.

COMPLIANCE WITH LAWS AND REGULATIONS

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, our Group has complied in material respects with the relevant laws and regulations that have a significant impact on the business and operation of our Group during the Reporting Period.

ANNUAL GENERAL MEETING

The forthcoming annual general meeting of the Company (the "2024 AGM") of the Company will be held on 14 August 2024 at 24/F, Admiralty Centre I, 18 Harcourt Road, Hong Kong.

TAX ALLOWANCES

The Company is not aware of any particular tax allowances granted to the Company's Shareholders due to their interests in its securities.

The composition of the Board during the year and up to the date of this report is set out as follows:

Executive Directors

Mr. Poon Ken Ching Keung (*Chairman*)

Mr. Ng Kwok Wai

Ms. Lee To Yin

Non-Executive Director

Ms. Poon Kam Yee Odilia

Independent Non-Executive Directors

Mr. Yung Chung Hing

Mr. Lam Chung Wai

Mr. Chan Shu Yan Stephen

DIRECTORS' REPORT

In accordance with Article 108(a) of the articles of association of the Company (the "**Articles of Association**"), at each annual general meeting of the Company ("**AGM**"), one-third of the Directors for the time being (or, if their number is not three or a multiple of three, then the number nearest to but not less than one-third), shall retire from office by rotation provided that every director shall be subject to retirement by rotation at least once every three years. A retiring Director shall be eligible for re-election. Particulars of Directors seeking re-election at the 2024 AGM are set out in the related circular to Shareholders.

The Directors' biographical details are set out in the section headed "Biographical Details of Directors and Senior Management" in this report.

The Company has received an annual confirmation of independence from each independent non-executive Director ("**INED**") pursuant to the requirements under Rule 5.09 of the GEM Listing Rules. The Company considers the INEDs to remain independent as at the date of this report.

DIRECTORS' SERVICE CONTRACT

None of the Directors proposed for election at the 2024 AGM has or is proposed to have a service contract with the Company or any of its subsidiaries which is not determinable by our Group within one year without payment of compensation, other than statutory compensation.

PERMITTED INDEMNITY OF DIRECTORS

Pursuant to the Articles of Association, each Director shall be entitled to be indemnified out of the assets of the Company against all losses or liabilities incurred or sustained by him/her as a Director in defending any proceedings, whether civil or criminal, in which judgment is given in his favour, or in which he is acquitted.

Since the listing date of the Company on 12 February 2018, the Company has arranged appropriate insurance cover in respect of claims and legal actions against the Directors and its officers.

DIRECTORS' INTERESTS IN CONTRACT

Apart from the contracts relating to the reorganisation of our Group in relation to the listing of the shares of the Company (the "**Listing**") and save as disclosed in this report, no transactions, arrangements and contracts of significance in relation to our Group's business to which the Company or any of its subsidiaries were a party and in which the Directors or an entity connected to the Directors had a material interest, whether directly or indirectly, subsisted at any time during the Reporting Period.

DIRECTORS' EMOLUMENTS AND THE FIVE HIGHEST PAID INDIVIDUALS

Details of the emoluments of the Directors and the five highest paid individuals of our Group are set out in note 14 to the consolidated financial statements in this report.

DIRECTORS' REPORT

RETIREMENT BENEFITS PLANS

The Group contributes to defined contribution retirement schemes which are available to all employees. For forfeited contributions that are not vested fully, if any, they may be used to reduce the existing level of contributions. As at 31 March 2024, there were no forfeited contributions available to reduce future obligations (2023: Nil). The Group does not have defined benefit plans.

REMUNERATION POLICY

The remuneration committee of the Company will review and determine the remuneration and compensation packages of the Directors with reference to their responsibilities, workload, time devoted to our Group and the performance of our Group. The Directors may also receive options to be granted under the Share Option Scheme.

DIRECTORS' INTEREST IN COMPETING INTERESTS

Other than members of the Group, none of the Directors or their respective close associates (as defined in the GEM Listing Rules) has interest in any business which competes or is likely to compete, directly or indirectly, with the business of the Group.

INTEREST OF CONTROLLING SHAREHOLDERS

Save as disclosed in this report, the Directors are not aware of any business or interest of the Controlling Shareholders nor any of their respective associates (as defined in the GEM Listing Rules) that competes or may compete with the business of the Group and any other conflicts of interest which any such person has or may have with the Group during the Reporting Period.

Save as disclosed in this report, no transactions, arrangements and contracts of significance in relation to our Group's business, to which the Company or any of its subsidiaries was a party and in which the Directors or an entity connected to the Directors, the Controlling Shareholders or the substantial shareholders of the Company had a material interest, whether directly or indirectly, subsisted at any time during the Reporting Period.

COMPLIANCE AND ENFORCEMENT OF THE NON-COMPETITION UNDERTAKINGS FROM CONTROLLING SHAREHOLDERS

As disclosed in the prospectus of the Company dated 31 January 2018 (the "**Prospectus**"), all Controlling Shareholders have entered into the deed of non-competition undertakings ("**Deed of Non-competition**") in favour of the Company (for its own and on behalf of all members of the Group) on 26 January 2018, pursuant to which each of the Controlling Shareholders, irrevocably and unconditionally, undertakes and covenants with the Company that during the period that the Deed of Non-competition remains effective, each of the Controlling Shareholders shall not, and shall procure that none of his/her/its associates (except any member of the Group), directly or indirectly (other than through the Group) engage, participate or hold any right or interest in or render any services to or otherwise be involved, whether as a shareholder, director, employee, partner, agent or otherwise (as the case may be), in any business in competition with or likely to be in competition with the Group's existing business activity and any business activities which may be undertaken by the Group from time to time and/or which any member of the Group may undertake in Hong Kong from time to time. Details of the Deed of Non-competition have been set out in the section headed "Relationship with Controlling Shareholders — Deed of Non-competition" in the Prospectus.

The Company received an annual confirmation in writing from each of the Controlling Shareholders confirming that he/it had complied with the non-competition undertakings provided to the Company under the Deed of Non-competition. The INEDs have reviewed and confirmed that they were not aware of any non-compliance of the undertakings under the Deed of Non-competition by the Controlling Shareholders for the Reporting Period.

As at the date of this report, the Company is not aware of any other matters regarding the compliance of the Deed of Non-competition and there has not been any change in the terms of the Deed of Non-competition since the Listing.

DIRECTORS' REPORT

DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Save as otherwise disclosed in this report, at no time during the Reporting Period were rights to acquire benefits by means of the acquisition of shares in or debentures of the Company granted to any Directors or their respective spouse or children under 18 years of age, or were any such rights exercised by them; or was the Company and any of its subsidiaries a party to any arrangement to enable the Directors, or their respective spouse or children under 18 years of age, to acquire such rights in any other body corporate.

CONNECTED/RELATED PARTY TRANSACTIONS

On 28 February 2022, the lease agreement (the "**Lease Agreement**") entered into between Vistar Alliance Limited owned as to 50% by Mr. Ken Poon and 50% by Mr. Tommy Poon, respectively (the "**Lessor**") and GFE (the "**Lessee**") for the Lessor to lease Workshop 2 on 13th Floor, Tak King Industrial Building, No. 27 Lee Chung Street, Chai Wan, Hong Kong of approximately 2,937 square feet to the Lessee was renewed for the term from 1 April 2022 to 31 March 2023 at a monthly rental of HK\$48,000.

CORPORATE GOVERNANCE REPORT

INTRODUCTION

Pursuant to Rule 18.44(2) of the GEM Listing Rules, the Board is pleased to present hereby the corporate governance report of the Company for the Reporting Period.

The Directors and the management of our Group recognise the significance of sound corporate governance to the long-term and continuing development of our Group. Therefore, the Board is committed to upholding good corporate standards and procedures for the best interests of the Shareholders.

COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE

The Company is committed to fulfilling its responsibilities to the Shareholders and protecting and enhancing Shareholders' value through good corporate governance.

The Directors recognise the importance of good corporate governance in management and internal procedures so as to achieve effective accountability. The Company adopted the code provisions of the Corporate Governance Code (the "**CG Code**") as set out in Appendix C1 of the GEM Listing Rules and had complied with the CG code throughout the year ended 31 March 2024 and up to the date of this report, except the deviation from code provision C.2.1 of the CG Code as disclosed below.

Code provision C.2.1 of the CG Code stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. The division of responsibilities between the chairman and chief executive officer should be clearly established and set out in writing.

Mr. Ken Poon is the chairman and the chief executive officer of the Company. Mr. Ken Poon has been the key leadership figure of the Group with over 36 years of experience in the fire services and water pump installation services in Hong Kong. Mr. Ken Poon has been primarily involved in the overall business development, technical operations and strategic planning of the Group. The Directors are of the view that it would be in the Group's best interest for Mr. Ken Poon to continue performing the two roles, in order to maintain effective management and business development.

Having considered the above factors, the Board considers that the deviation from code provision C.2.1 of the CG Code is appropriate and that the Company has complied with the principles and applicable code provisions of the CG Code during the Reporting Period.

The Board will review and monitor the practices of the Company from time to time with an aim to maintaining and improving high standards of corporate governance practices.

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS

Responsibilities of the Board

The key responsibilities of the Board include formulation of our Group's overall strategies, the setting of management targets and supervision of management performance. The management is delegated with the authority and responsibility by the Board for the management and administration of our Group. In addition, the Board has also delegated various responsibilities to the board committees of the Company. Further details of the board committees of the Company are set out below in this report.

Corporate Governance Functions

The Board is responsible for, among others, performing the corporate governance duties as set out in code provision A.2.1 of the CG Code, which includes:

- (a) to develop and review our Group's policies and practices on corporate governance and make recommendations;
- (b) to review and monitor the training and continuous professional development of the Directors and senior management;
- (c) to review and monitor our Group's policies and practices on compliance with legal and regulatory requirements;
- (d) to develop, review and monitor the code of conduct and compliance manual (if any) applicable to the Directors and employees; and
- (e) to review our Group's compliance with the CG Code and disclosure in the corporate governance report.

CORPORATE GOVERNANCE REPORT

COMPOSITION OF THE BOARD

As at 31 March 2024, our Board consisted of seven Directors, comprising three executive Directors, namely Mr. Ken Poon, Mr. Ng Kwok Wai and Ms. Lee To Yin, one non-executive Director, namely Ms. Odilia Poon and three INEDs, namely Mr. Yung Chung Hing, Mr. Lam Chung Wai and Mr. Chan Shu Yan Stephen.

There is a balance of skills and experience for the Board, which is appropriate for the requirements of the business of the Company. The Directors' biographical information is set out in the section headed "Biographical Details of Directors and Senior Management" of this report.

Pursuant to the code provision B.1.3 of the CG Code, the board should review the implementation and effectiveness of the issuer's policy on board diversity on an annual basis. The Board has adopted the board diversity policy with a view to achieve a sustainable and balanced development of our Group. In designing the Board's composition, board diversity has been considered from a number of aspects, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service.

All Board appointments will be based on meritocracy, and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board. This board diversity policy is reviewed annually by the nomination committee of the Company, and where appropriate, revisions will be made with the approval from the Board.

Relationships between members of the Board

Ms. Odilia Poon was appointed as a non-executive Director and she is also the sister of Mr. Ken Poon, our executive Director. The biographical details of each of the Directors are set out in the section headed "Biographical Details of Directors and Senior Management" of this report.

Save as disclosed above, the Directors have no financial, business, family or other material or relevant relationship with each other.

BOARD DIVERSITY POLICY

The Board has adopted a policy of the Board diversity (the "**Board Diversity Policy**") which set out the approach to achieve a sustainable and balanced development of the Company and also enhance the quality of performance of the Company.

The Company recognizes and embraces the benefits of a diversity of Board members. It endeavours to ensure that the Board has a balance of skills, experience and diversity of perspectives that are required to support the execution of its business strategy. All Board appointments will continue to be made on a merit basis with due regard for the benefits of diversity of the Board members. Selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills and knowledge.

The Board Diversity Policy is available on the website of the Company at www.vistarholdings.com for public information.

The Nomination Committee will review the Board Diversity Policy, as appropriate, to ensure its effectiveness. The Nomination Committee will discuss any revision that may be required and recommend any such revisions to the Board for consideration and approval.

The Board also recognises the importance of diversity at the workforce level. As at 31 March 2024, the gender ratio of the workforce of the Group (including senior management) was 3:1 male to female. For further details related to the Group's employee profile, please refer to the Environmental, Social and Governance Report in this annual report.

CORPORATE GOVERNANCE REPORT

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Mr. Ken Poon has been managing our Group's overall management, corporate development, and strategic planning since August 1991. Our Board believes that the vesting of the roles of chairman and chief executive officer in Mr. Ken Poon is beneficial to the business operations and management of our Group and will provide a strong and consistent leadership to our Group. In addition, due to the presence of three INEDs, our Board considers that no one individual has unfettered power of decision. Accordingly, our Company has not segregated the roles of its chairman and chief executive officer as required by code provision C. 2.1 of the CG Code.

BOARD MEETINGS

Pursuant to code provision C.5.1 of the CG Code, the Board should meet regularly and Board meetings should be held at least four times a year. Additional meetings would be arranged if and when required. Directors may participate either in person or through electronic means of communications. Directors are free to contribute and share their views at meetings and major decisions will only be taken after deliberation at Board meetings. Directors who are considered to have conflict of interests or material interests in the proposed transactions or issues to be discussed will not be counted in the quorum of meeting and will abstain from voting on the relevant resolutions. Full minutes are prepared after the meetings and the draft minutes are sent to all Directors for their comments, and the final version of the draft minutes are endorsed in the subsequent Board meeting. During the Reporting Period, five Board meetings were held on 16 June 2023, 10 August 2023, 28 September 2023, 8 November 2023 and 7 February 2024 and an AGM was held on 16 August 2023. The individual attendance record of the Board meetings and the AGM is set out as follows:

Number of Meetings and Directors' Attendance

| Name of Directors | Meetings attended/ Eligible to attend Board meetings | Annual General Meeting |
|--|--|---------------------------|
| Executive Directors | | |
| Mr. Poon Ken Ching Keung | 5/5 | 1/1 |
| Mr. Ng Kwok Wai | 5/5 | 0/1 |
| Ms. Lee To Yin | 5/5 | 1/1 |
| Non-Executive Director | | |
| Ms. Poon Kam Yee Odilia | 3/5 | 1/1 |
| Independent Non-Executive Directors | | |
| Mr. Yung Chung Hing | 5/5 | 1/1 |
| Mr. Lam Chung Wai | 4/5 | 0/1 |
| Mr. Chan Shu Yan Stephen | 5/5 | 1/1 |

Under code provision F.2.2 of the CG Code, the chairman of the Board should attend annual general meetings of the Company and should also invite the chairmen of the audit committee, remuneration committee, nomination committee and any other committees (as appropriate) of the Company to attend.

CORPORATE GOVERNANCE REPORT

CODE OF CONDUCT FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the required standard of dealings set out in Rules 5.48 to 5.67 of the GEM Listing Rules as the code of conduct regarding securities transactions by the Directors in respect of the shares of the Company (the “**Code of Conduct**”). The Company has made specific enquiry of all Directors, who have confirmed that they were in compliance with the required standard of dealings set out in the Code of Conduct during the Reporting Period and up to the date of this report.

APPOINTMENT, RE-ELECTION AND REMOVAL OF DIRECTORS

The Company has established a nomination committee. The nomination committee of the Company has from time to time identified individuals suitably qualified to become Board members and make recommendations to the Board. The main consideration in selecting candidates for directorships is whether their characters, qualifications and experiences are appropriate for the businesses of our Group. Each of the executive Directors and the non-executive Director has entered into a service contract with the Company for three years. Each INED was appointed under a letter of appointment for a fixed term of three years.

In accordance with Article 108(a) of the Articles of Association, at each AGM one-third of the Directors for the time being, or, if their number is not three or a multiple of three, then the number nearest to but not less than one-third, shall retire from office by rotation provided that every director shall be subject to retirement by rotation at least once every three years. A retiring Director shall be eligible for re-election. In accordance with Article 112 of the Articles of Association, any Director appointed by the Board to fill a casual vacancy shall hold office only until the first general meeting of the Company after his appointment and be subject to re-election at such meeting and any Director appointed by the Board as an addition to the existing Board shall hold office only until the next following annual general meeting of the Company and shall then be eligible for re-election. Particulars of Directors seeking re-election at the 2024 AGM are set out in the related circular to Shareholders.

CONTINUOUS PROFESSIONAL DEVELOPMENT

Our Group acknowledges the importance of continuing professional development for the Directors for better corporate governance and internal control system. In this regard and in compliance with code provision C.1.4 of the CG Code, our Group has provided funding to all Directors to participate in continuous professional development organised in the form of in-house training and seminars to keep them refreshed of their knowledge and skills and understanding of our Group and its business to update their skills and knowledge on the latest development or changes in the relevant statutes, the GEM Listing Rules and corporate governance practices.

CORPORATE GOVERNANCE REPORT

Pursuant to the code provision C.1.4 of the CG Code, during the Reporting Period, all Directors had participated in continuous professional development in the following manner:

| Name of Directors | Attending training on Director's responsibilities provided by the Company's legal consultant | Reading materials issued during the training session |

BOARD COMMITTEES

Our Group established three committees, namely the audit committee, remuneration committee and nomination committee on 24 January 2018 in compliance with the GEM Listing Rules and to assist the Board to discharge its duties. The relevant terms of reference of each of the three committees can be found on our Group's website (www.vistarholdings.com) and the website of the Stock Exchange.

AUDIT COMMITTEE

An audit committee of the Company ("Audit Committee") has been established with its terms of reference in compliance with Rule 5.28 of the GEM Listing Rules, and code provisions D.3.3 and D.3.7 of the CG Code. As at 31 March 2024, the Audit Committee comprised three members, namely Mr. Yung Chung Hing, Mr. Lam Chung Wai and Mr. Chan Shu Yan Stephen, all being INEDs. Mr. Yung Chung Hing currently serves as the chairman of the Audit Committee.

The Audit Committee is to assist the Board in fulfilling its responsibilities by providing an independent review and supervision of financial reporting, by satisfying themselves as to the effectiveness of the internal controls of our Group, and as to the adequacy of the external and internal audits.

CORPORATE GOVERNANCE REPORT

With reference to its terms of reference, the primary duties of the Audit Committee, among others, are as follows:

- (a) to be primarily responsible for making recommendations to the Board on the appointment, reappointment and removal of the external auditors, and to approve and review the remuneration and terms of engagement of the external auditors;
- (b) to review and monitor the external auditors' independence and objectivity and the effectiveness of the audit process in accordance with applicable standards;
- (c) to develop and implement policy on engaging an external auditor to supply non-audit services;
- (d) to monitor the integrity of financial statements and the annual report and accounts, half-year report and quarterly reports of the Company, and to review significant financial reporting judgments contained in them; and
- (e) to discuss the internal control system of the Company with management to ensure that management has performed its duty to have an effective internal control system.

The members of the Audit Committee should meet at least twice a year. During the Reporting Period, three meetings of the Audit Committee were held on 16 June 2023, 10 August 2023 and 8 November 2023.

The attendance of each member at the Audit Committee meetings during the Reporting Period is set out as follows:

| Name of Audit Committee members | Meeting attended/ Eligible to attend |
|---|---|
| Mr. Yung Chung Hing (<i>Chairman</i>) | 3/3 |
| Mr. Lam Chung Wai | 3/3 |
| Mr. Chan Shu Yan Stephen | 3/3 |

During the Reporting Period, the Audit Committee has reviewed the accounting principles and practices adopted by the Group and has discussed with the senior management regarding the auditing, internal control and financial reporting matters.

The Group's audited annual results in respect of the Reporting Period have been reviewed by the Audit Committee which is of the view that such results complied with the applicable accounting standards, the requirements under the GEM Listing Rules and other applicable legal requirements, and that adequate disclosures have been made. There was no disagreement between the Board and the Audit Committee regarding selection and appointment of the external auditors during the Reporting Period.

CORPORATE GOVERNANCE REPORT

REMUNERATION COMMITTEE

A remuneration committee of the Company (the “**Remuneration Committee**”) has been established with its terms of reference in compliance with code provision E.1.2 of the CG Code. As at 31 March 2024, the Remuneration Committee comprised three members, namely Mr. Ken Poon, the executive Director, chairman and chief executive officer of the Company, and Mr. Yung Chung Hing and Mr. Chan Shu Yan Stephen, being INEDs of the Company. Mr. Chan Shu Yan Stephen currently serves as the chairman of the Remuneration Committee.

- (d) to be charged with the responsibility of making recommendations to the Board on the Company’s policy and structure for all Directors’ and senior management remuneration and on the establishment of a formal and transparent procedure for developing policy on such remuneration and also placing recommendations before the Board concerning the total remuneration and/or benefits granted to the Directors and senior management from time to time;
- (e) to review and approve the management’s remuneration proposals with reference to the Board’s corporate goals and objectives;
- (f) to determine with delegated responsibility, the remuneration packages of individual executive Directors and senior management, or to make recommendations to the Board on the remuneration packages of individual executive Directors and senior management. This should include benefits in kind, pension rights and compensation payments, including any compensation payable for loss or termination of their office or appointment;
- (g) to make recommendations to the Board on the remuneration of non-executive Directors;
- (h) to consider salaries paid by comparable companies, time commitment and responsibilities, and employment conditions elsewhere in the Group;

CORPORATE GOVERNANCE REPORT

- (i) to review and approve compensation payable to executive Directors and senior management for any loss or termination of office or appointment to ensure that it is consistent with contractual terms and is otherwise fair and not excessive;
- (j) to review and approve compensation arrangements relating to dismissal or removal of Directors for misconduct to ensure that they are consistent with contractual terms and are otherwise reasonable and appropriate;
- (k) to ensure that no Director or any of his/her associates (as defined in the GEM Listing Rules) is involved in deciding his own remuneration;
- (l) to ensure that adequate retirement arrangements are put in place and maintained in respect of the Chairman, executive Directors and the senior management of the Company in the light of their performance during their time with the Company and not merely in regard to the previous one year's performance;
- (m) to enable the Company to be in a position to offer and maintain competitive and attractive overall benefits to recruit and maintain high quality personnel at the Board level;
- (n) to do any such things to enable the Committee to discharge its powers and functions conferred on it by the Board;
- (o) to conform to any requirement, direction, and regulation that may from time to time be prescribed by the Board or contained in the constitution of the Company or imposed by the GEM Listing Rules or applicable law;
- (p) to ensure the chairman of the Committee, or in the absence of the chairman, another member of the Committee or failing this his duly appointed delegate, to be available to answer questions at the AGM of the Company; and
- (q) to review and/or approve matters relating to share schemes under Chapter 23 of the GEM Listing Rules.

The members of the Remuneration Committee should meet at least once a year. A meeting of the Remuneration Committee was held on 8 November 2023 during the Reporting Period. The Remuneration Committee has reviewed the remuneration packages and emoluments of Directors and senior management and considered that they are fair and reasonable during the Reporting Period.

CORPORATE GOVERNANCE REPORT

As at 31 March 2024, the Nomination Committee comprised three members, namely Mr. Ken Poon, the executive Director, chairman and chief executive officer of the Company, and Mr. Lam Chung Wai and Mr. Chan Shu Yan Stephen, being INEDs of the Company. Mr. Ken Poon currently serves as the chairman of the Nomination Committee.

The Nomination Committee is obliged to report to the Board on its decisions or recommendations. With reference to its terms of reference, the primary duties of the Nomination Committee, among others, are as follows:

- (a) to review the structure, size and composition (including the skills, knowledge and experience) of the Board at least annually and make recommendations on any proposed changes to the Board to complement the Company's corporate strategy;
- (b) to identify individuals suitably qualified to become members of the Board and select or make recommendations to the Board on the selection of individuals nominated for directorships;
- (c) to assess the independence of INEDs; and
- (d) to make recommendations to the Board on the appointment or re-appointment of Directors and succession planning for Directors, in particular the chairman of the Board and the chief executive officer of the Company.

CORPORATE GOVERNANCE REPORT

Board Nomination Policy

Selection and appointment of new directors will be based on a range of diversity perspectives, including but not limited to gender, age, cultural background, educational background, ethnicity, professional ethnicity, skills, knowledge, length of services and such qualities and attributes that may be required by the Board. The ultimate decision will be made upon the merits and contribution that the selected candidates will bring to the Board.

In assessing the suitability of the candidate to the Board regarding the appointment or re-appointment of any existing Director(s), the Nomination Committee will consider the following factors:

- (a) commitment for responsibilities of the Board in respect of available time and effort;
- (b) qualifications, including accomplishment and experience in the relevant industries the Company's business is involved in;
- (c) reputation for integrity;
- (d) experience in the Company's principal business and/or the industry in which the Company operates;
- (e) in the case of an INED, the independence requirements set out in the GEM Listing Rules; and
- (f) diversity in aspects including but not limited to gender, age, cultural and educational background, professional experience, skills, knowledge and the number of directorships in other listed/public companies, and in the case of INEDs, the length of service, where an INED serving more than nine years could be relevant to the determination of a non-executive Director's independence.

Director Nomination Procedures

The Nomination Committee shall convene a meeting to invite nominations of candidates from Directors (if any) or it may also nominate candidates for its consideration. The Nomination Committee may adopt any process it deems appropriate in evaluating the suitability of the candidates, such as interviews, background checks, presentations and third-party reference checks. Upon considering a candidate suitable for the directorship, the Nomination Committee will hold a meeting and/or by way of written resolutions to, if thought fit, approve the recommendation to the Board for appointment. The Board shall have the final decision on all matters relating to its recommendation of candidates to stand for election at any general meeting.

The members of the Nomination Committee should meet at least once a year. A meeting of the Nomination Committee was held on 16 June 2023 during the Reporting Period. The Nomination Committee has reviewed the board diversity policy including its purpose, vision, policy statement, measurable objectives, monitoring and reporting procedures. The Nomination Committee has also reviewed the structure, size and composition of the Board and made recommendations related to its re-election.

CORPORATE GOVERNANCE REPORT

The attendance of each member at the Nomination Committee meeting during the Reporting Period is set out as follows:

CORPORATE GOVERNANCE REPORT

RISK MANAGEMENT AND INTERNAL CONTROL

The Board is responsible for evaluating and determining the nature and extent of the risks it is willing to take in achieving the Group's strategic objectives, ensuring that the Group establishes and maintains appropriate and effective risk management and internal control systems, reviewing their effectiveness on an annual basis. The Board is also responsible for overseeing the design, implementation and monitoring of the risk management and internal control systems, which are designed to provide reasonable, but not absolute, assurance against material misstatement or loss and to manage rather than eliminate risks of failure in operating systems or in achievement of the Group's business objectives.

Under the enterprise risk management framework, policies and procedures are in place to identify, assess, manage, control and report risks. Such risks include strategic, credit, operational (administrative, system, human resources, tangible and reputation), market, liquidity, legal and regulatory risks, as well as environmental, social and climate-related risks. Exposure to these risks is continuously monitored by the Board through the Audit Committee.

In specific terms, the risk management process of the Group is described as follows:

- Risk identification – identify the current risks confronted.
- Risk analysis – conduct analysis on the risks, including the impact extent and possibility of occurrence. The risk scoring and prioritisation process is then performed.
- Risk response – choose proper risk response methods and develop risk mitigation plans.
- Control measures – propose up-to-date internal control measures, policies and processes.
- Risk control – continuously monitor the risks identified and implement relevant internal control measures to ensure the effective operation of the risk mitigation plans.
- Risk monitoring and reporting – enable the Board, the Audit Committee and the division head to determine whether the risk mitigation plans are functioning properly. It is to ensure the plans are properly communicated to those who are responsible for taking actions to address them effectively.

The risk management and internal control mechanisms also include a defined management structure with specified limits of authority. The Board has clearly defined the authorities and key responsibilities of each division to ensure adequate checks and balances. The captioned mechanisms have been designed to safeguard the Group's assets against unauthorised use or disposition, to ensure the maintenance of proper accounting records for producing reliable financial information, and to ensure compliance with applicable laws, regulations and industry standards.

In addition, the Company's Internal Audit Function monitors the Group's internal governance and strives to provide objective assurance to the Board that appropriate, adequate and effective risk management and internal control systems are in place. It has unrestricted access to review all aspects of the Group's activities and internal controls. It also conducts special audits of areas of concern identified by management or the Audit Committee. The Internal Audit Function adopts a risk-based audit approach. All audit reports are brought to the attention of the Audit Committee to ensure that prompt remedial action is taken. The recommendations will be properly followed up to ensure they are implemented within a reasonable period of time. The Internal Audit Function is also responsible for following up the implementation of recommendations and corrective actions.

CORPORATE GOVERNANCE REPORT

For the Reporting Period, the Audit Committee, as delegated by the Board, reviewed and discussed the risk management and internal control systems with management, ensuring that management has performed its duty to have effective risk management and internal control systems in place. The Board has also ensured the resources, staff qualifications and experience, training programmes and the budget of the accounting, internal audit, financial reporting functions, and that the environmental, social and governance performance and reporting were adequate.

The Group has engaged independent professionals, for the Reporting Period, to assess and review its overall risk management system, internal controls and operation processes; and have given recommendations to make relevant enhancements. It has been reported that there were no material deficiencies found. The Board concluded that in general, the Group had set up a control environment and installed necessary control mechanisms to monitor and correct noncompliance or material internal control defects, if any. No significant areas of concern that may affect the financial, operational, compliance controls, and risk management functions of the Group have been identified. The Board considered the Group's risk management and internal control systems during the Reporting Period to be effective and adequate.

Whistle-blowing Policy

The Group has adopted a whistle-blowing policy to allow the employees or other stakeholders (such as suppliers and customers) of the Group to raise concerns, in confidence, with the Audit Committee about the possible improprieties in any matter related to the Group.

Anti-corruption Policy

The Group does not allow or tolerate any forms of corruption. The Group has adopted the Anti-corruption Policy, which outlines the Group's zero-tolerance stance against bribery and corruption, setting out the responsibilities of all business units and employees of the Group, ensuring that they comply with the applicable anti-corruption laws, rules and regulations.

Procedures and internal controls for the handling and dissemination of inside information

The Group has developed an inside information policy for the handling and dissemination of inside information. The policy is compiled with the relevant applicable requirements of the SFO and the GEM Listing Rules in respect of the dissemination of inside information. The Group has disclosed inside information to the public as soon as reasonably practicable unless the information falls within any of the safe harbours as provided for in the SFO. Before the information is fully disclosed to the public, the Group ensures that the information is kept strictly confidential. If the Group believes that the necessary degree of confidentiality cannot be maintained or that confidentiality may have been breached, the Group will immediately disclose the information to the public. The Group is committed to ensure that information contained in announcements and other public disclosures are not false or misleading as to a material fact, or as a result of the omission of a material fact by presenting information in a clear and balanced way, which requires equal disclosure of both positive and negative facts.

DIRECTORS' AND AUDITORS' RESPONSIBILITY FOR CONSOLIDATED FINANCIAL STATEMENTS

The Directors acknowledge their responsibilities for preparing the consolidated financial statements of our Group that give a true and fair view of the state of affairs, results and cash flows of the Group, and are in compliance with the relevant accounting standards and principles, applicable laws and disclosure provisions required of the GEM Listing Rules. As of 31 March 2024, the Board was not aware of any material uncertainties relating to events or conditions that might cast significant doubt upon our Group's ability to continue as a going concern, therefore the Directors continue to adopt the going concern approach in preparing consolidated financial statements.

CORPORATE GOVERNANCE REPORT

The responsibility of the external auditors is to form an independent opinion, based on their audit, on those consolidated financial statements prepared by the Board and to report their opinion to the Shareholders. The independent auditor's report by external auditor, BDO, about their reporting responsibility on the consolidated financial statements of our Group is set out in the independent auditor's report on pages 64 to 69 of this report.

DIVIDEND POLICY

The Board has adopted a revised dividend policy effective on 17 May 2022 as disclosed in the announcement of the Company dated 17 May 2022 (the "**Dividend Policy**") where under normal circumstances, the annual dividend to be distributed by the Company to the Shareholders shall not be less than 30% of the Group's consolidated net profit attributable to Shareholders in any financial year, subject to the criteria set out in the Dividend Policy. In general, any declaration, payment and amount of dividend in the future are subject to the Board's sole discretion having regard to the Group's actual and expected financial performance, working capital requirements and future expansion plans, general economic and market conditions and other factors that the Board deems appropriate.

SHAREHOLDERS' RIGHTS

The AGM is an opportunity for the Board and the Shareholders to communicate directly and exchange views concerning the affairs and overall performance of our Group, and its future developments.

At the AGM, the Directors (including the INEDs) are available to attend to questions raised by the Shareholders. The external auditors of the Company are also invited to be present at the AGM to address the queries of the Shareholders concerning the audit procedures and the auditors' report.

Enquiries to the Board or the Company may be sent by post to the Company's head office and principal place of business in Hong Kong. Information about the head office and principal place of business in Hong Kong of the Company is set out in the section headed "Corporate Information".

Procedures for Shareholders to Convene an Extraordinary General Meeting and Procedures for Shareholders to put Forward Proposals at Shareholders' Meetings

The following procedures for the Shareholders to convene an extraordinary general meeting are subject to the Article 64 of the Articles of Association, and the applicable legislation and regulation, in particular the GEM Listing Rules:

The Board may, whenever it thinks fit, convene an extraordinary general meeting. Extraordinary general meetings shall also be convened on the requisition of one or more Shareholders holding, at the date of deposit of the requisition, not less than one tenth of the voting rights on an one vote per share basis in the share capital of the Company. Such requisition shall be made in writing to the Board or the secretary for the purpose of requiring an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition. Such meeting shall be held within two months after the deposit of such requisition. If within 21 days of such deposit, the Board fails to proceed to convene such meeting, the requisitionist(s) himself (themselves) may do so in the same manner, and all reasonable expenses incurred by the requisitionist(s) as a result of the failure of the Board shall be reimbursed to the requisitionist(s) by the Company.

Shareholders may also use this same method to put forward proposals for the general meeting.

CORPORATE GOVERNANCE REPORT

Procedures for Raising Enquiries

Shareholders should direct their questions about their shareholdings, share transfer, registration and payment of dividend to the Company's Hong Kong share registrar (details of which are set out in the section headed "Corporate Information" of this report).

Should there be any enquiries and concerns from Shareholders, they may send in written enquiries addressed to the head office and principal place of business of the Company in Hong Kong at Unit 2, 13/F., Tak King Industrial Building, 27 Lee Chung Street, Chai Wan, Hong Kong, by post for the attention of the Board and/or the Company Secretary. Shareholders are reminded to lodge their questions together with their detailed contact information for the prompt response from the Company if it deems appropriate.

INVESTOR RELATIONS AND COMMUNICATION

The Company has established a range of communication channels between itself and its Shareholders, and investors. These include answering questions through the annual general meeting, the publication of annual, interim and quarterly reports, notices, announcements and circulars, the Company's website at www.vistarholdings.com and meetings with investors and Shareholders. News update of our Group's business development and operation are also available on the Company's website.

A Shareholder's communication policy was adopted by the Board at the Board meeting held on 9 February 2018 aiming at providing the Shareholders and potential investors with ready and timely access to balanced and understandable information of the Company. The Board reviewed the implementation and effectiveness of the Shareholder's communication policy and considered it to be effective.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

INTRODUCTION

Vistar Holdings Limited, together with its subsidiaries (the “**Group**”) is an established electrical and mechanical (“**E&M**”) engineering service provider in Hong Kong, specialising in the installation, maintenance, alterations and other modifications of fire service systems. Unless specified, this Environmental, Social and Governance (“**ESG**”) Report (the “**ESG Report**”) encompasses the most significant ESG impacts contributed by the Group.

This ESG Report summarises the ESG initiatives, plans and performances of the Group and demonstrates its efforts toward sustainable development. The Group is committed to handling its ESG affairs effectively and responsibly, with its core strategy aligned to make optimal use of resources and create a sustainable future for all.

The ESG Governance Structure

The Group conducts a top-down management approach regarding its ESG issues. The board of directors (“**Board**”) oversees and sets out ESG strategies for the Group. It is responsible for ensuring the effectiveness of the Group’s risk management and internal controls, as well as evaluating, prioritising and managing material ESG-related issues. The Board sets ESG-related goals for the Group and reviews the progress towards these goals regularly, with an ultimate aim of achieving low-carbon operations.

To manage ESG issues systematically, the Group has set up an ESG working group (“**ESG Working Group**”) comprised of staff from various departments. The ESG Working Group is responsible for collecting ESG data and compiling the ESG Report. It periodically reports to the Board, assists in the assessment and identification of the Group’s ESG risks, and evaluates the effectiveness of internal controls. The ESG Working Group also reviews the Group’s ESG performance, including environmental aspects, employment and labour practices, among others.

The ESG Report has been approved by the Board on 19 June 2024.

SCOPE OF REPORTING

This ESG Report covers the Group’s major business of providing E&M engineering services, which is under the Group’s direct control. The scope of reporting aligns with the Group’s annual report for the year ended 31 March 2024. The ESG key performance indicators (“**KPIs**”) data are gathered from the Group’s offices at Chai Wan, Tsim Sha Tsui and a workshop at Yuen Long. The Group will extend the scope of disclosures when and where applicable. The KPIs and explanatory notes are shown in the ESG Report to establish benchmarks for gauging performance.

REPORTING FRAMEWORK

The ESG Report has been prepared in compliance with all applicable provisions set out in the Environmental, Social and Governance Reporting Guide (the “**ESG Reporting Guide**”) contained in Appendix C2 of the Rules Governing the Listing of Securities on the GEM of the Stock Exchange of Hong Kong Limited (the “**HKEX**”). For the Group’s corporate governance practices, please refer to the section “Corporate Governance Report” included in pages 25 to 40 of this annual report for the year.

During the Reporting Period, the Group has implemented appropriate and effective risk management policies and internal control systems for ESG issues and confirmed that the disclosure is adequate and in compliance with the requirements of the ESG Reporting Guide.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

REPORTING PERIOD

The ESG Report describes the ESG activities, challenges and measures taken by the Group during the year ended 31 March 2024 (the “**Reporting Period**”).

REPORTING PRINCIPLES

During the preparation for this ESG Report, the Group has applied the following reporting principles:

Materiality: The Group has collected opinions from stakeholders and conducted a comprehensive materiality assessment for its principal business. The matters material to the Group have been prioritizing, reviewed and confirmed by the management. For further details, please refer to the sections headed “Stakeholder Engagement” and “Materiality Assessment”.

Quantitative: The standards, methodologies and applicable assumptions used in the calculation of KPIs data were supplemented by explanatory notes.

Consistency: Unless otherwise stated, the preparation approach of this ESG Report is consistent with the previous report for comparison. If there are any changes in the scope of disclosure or calculation methodologies that may affect the comparison with previous reports, explanations will be provided to the corresponding data.

Balance: The ESG Report impartially describes the Group’s performance during the Reporting Period to avoid any improper influence on the decisions or judgements of readers.

FORWARD LOOKING STATEMENT

This ESG Report contains forward-looking statements which are based on the current expectations, estimations, projections, beliefs, and assumptions of the Group about the businesses and the markets in which it operates. These forward-looking statements are not guarantees of future performance and are subject to market risks, uncertainties, and factors beyond the control of the Group. Therefore, actual outcomes may differ from the assumptions made and the statements contained in this ESG Report.

STAKEHOLDER ENGAGEMENT

The Group values its stakeholders and their feedback. It takes stakeholders’ expectations into consideration while formulating its businesses and ESG strategies. In order to understand and address their key concerns, the Group has established communication channels with its key stakeholders, including but not limited to shareholders and investors, the Board, customers and business partners, employees, suppliers and subcontractors, regulatory bodies and government authorities, as well as media, non-governmental organisations (“**NGOs**”) and the public. The key engagement channels and stakeholder expectations are outlined below:

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

MATERIALITY ASSESSMENT

The Group has considered feedback from the relevant stakeholders to identify ESG issues and assess the importance of these issues to its businesses and its stakeholders. The materiality of these issues was reviewed and confirmed by the management, and the results of which are shown below:

Key ESG Issues

- | | |
|--|---|
| 1. Health and safety | 9. Employment practice |
| 2. Compliance with laws and regulations | 10. Prevention of child and forced labour |
| 3. Customer satisfaction | 11. Waste management |
| 4. Anti-corruption | 12. Energy management |
| 5. Development and training | 13. Community participation |
| 6. Supply chain management | 14. Greenhouse gas emissions |
| 7. Service quality and standard | 15. Climate change |
| 8. Technology innovation and fire fighting equipment | |

Similar to the previous year, “health and safety” and “compliance with laws and regulations” continue to rank the highest among the key concerns of the Group’s stakeholders. The Group will continue to focus on improving and monitoring these material issues to meet stakeholder expectations.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Notes:

1. GHG emissions data is presented in carbon dioxide equivalent and was in reference to, including but not limited to, the reporting requirements of the "GHG Protocol Corporate Accounting and Reporting Standard" issued by the World Resources Institute and the World Business Council for Sustainable Development, the "How to prepare an ESG Report – Appendix II: Reporting Guidance on Environmental KPIs" issued by the HKEX, the "Sustainability Report 2023" published by the Hong Kong Electric Investments Limited, the "2023 Sustainability Report" published by the CLP Power Hong Kong, and "Global Warming Potential Values" from the IPCC Fifth Assessment Report (AR5), 2014.
2. As of the end of the Reporting Period, the Group had a total of 116 employees (2023: 124 employees). The data is also used for calculating other intensity data.
3. The calculation of unit conversion refers to the Energy Statistics Manual issued by the International Energy Agency.

A. ENVIRONMENTAL

Environmental Goal Setting [KPI A1.5, KPI A1.6, KPI A2.3, KPI A2.4]

The Group has set environmental targets in four areas, namely GHG reduction, waste management, energy conservation and water conservation. The Group will strive to achieve its targets by implementing appropriate measures and reviewing the progress periodically. The progress towards the targets set will be reported to the Board by the ESG Working Group at least once a year, and recommendations on related matters will be made to the Board when appropriate. The corresponding measures to achieve such target are disclosed in detail in the sections headed "Emissions", "Waste Management", "Energy Conservation" and "Water Conservation".

The following table summarises the goals set by the Group:

| Aspect | Targets |
|---------------------|---|
| GHG Emissions | Using FY2022 as the baseline year, the Group will gradually reduce its total GHG intensity. |
| Waste Management | Using FY2022 as the baseline year, the Group will gradually reduce its total non-hazardous waste intensity. |
| Energy Conservation | Using FY2022 as the baseline year, the Group will gradually reduce its total energy consumption intensity. |
| Water Conservation | Using FY2022 as the baseline year, the Group will gradually reduce its total water consumption intensity. |

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A1. EMISSIONS

The Group recognises its responsibilities towards the potential direct and indirect negative environmental impacts associated with its business operations. A firm-wide philosophy of “Green Construction and Energy Conservation” has been ingrained in the Group’s day-to-day operations, and it serves to direct the Group’s collective efforts in becoming a green enterprise. It also conveys the Group’s vision for a sustainable future, and inspires and raises employee awareness on environmental protection.

Specifically, the Group has integrated environmental considerations into its decision-making process. This is achieved through implementing measures that promote energy conservation, waste reduction and any other green initiatives in its procurement and provision of E&M engineering service. The Group is also committed to complying with the relevant environmental laws and regulations.

In order to minimize wastage, the Group has adopted policies to apply the waste management principle of “Reduce”, “Reuse”, “Recycle” and “Replace” (“**4Rs**”). Along with the green philosophy mentioned above, the Group’s waste management principle serves to ensure wastes generated from its operations are disposed of in an environmentally-responsible manner.

The Group has obtained the certification of ISO 14001 Environmental Management System since 2010, which manifested the Group’s efforts on ESG aspects. Apart from the regular review and adjustments made to existing measures, the Group has also appointed external consultants to assess the relevant environmental matters for ensuring compliance with the Group’s overall environmental strategy.

In conclusion, the Group has well-established measures that encompass all major areas for carbon reduction during the Reporting Period. The Group strictly complies with the relevant laws and regulations including but not limited to the Air Pollution Control Ordinance, the Water Pollution Control Ordinance and the Building (Demolition Works) Regulations. During the Reporting Period, the Group was not aware of any material non-compliance with relevant laws and regulations relating to air and GHG emissions, discharges into water and land, and generation of hazardous and non-hazardous waste that would have a significant impact on the Group.

Exhaust Gas Emissions (KPI A1.1, KPI A1.2, KPI A1.5)

Due to the Group’s business nature, air emissions generated from the Group’s business operations are limited. The diesel consumption by the Group’s heavy goods vehicle was the major contribution to air emissions. The consumption has increased in the Reporting Period because of more frequent deliveries to customers located farther away from the Group’s workshop. The increment was also the result of a low base noted in the prior year, when one of the vehicles was only used for nine months due to sick leave of a driver. The Group will continue to strive for reducing the exhaust gas generated from its operations as much as possible.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

GHG Emissions (KPI A1.2, KPI A1.5)

The major sources of the Group's GHG emissions are electricity consumed in its offices and workshop, as well as petrol and diesel consumed by company-owned vehicles. The Group has adopted the following measures to reduce emissions from these sources:

- Use local suppliers to the greatest extent possible to reduce unnecessary transportation;
- Include more construction projects in the "BEAM Plus New Buildings" certification to reduce the impact of the projects to the environment;
- Transition from petrol-powered vehicles to hybrid vehicles to lower the usage of fossil fuels; and
- Apply biodegradable engine oil as needed to increase the life span of vehicles and minimize any repairment required.

The Group's total GHG emissions generated has increased during the Reporting Period, mainly due to the increased use of diesel by the Group's heavy goods vehicle, which was required for more frequent deliveries to customers located at a distance from the Group's workshop. It was also due to a low base noted in the prior year as one of the vehicles was only used for nine months, whereas it was being used for a whole year during the Reporting Period. The Group will review delivery schedules and make better logistics arrangements in order to reduce diesel consumption. Other electricity conservation measures are further described under the section headed "Energy Conservation".

Waste Management

Hazardous Waste Handling Method (KPI A1.3, KPI A1.6)

Due to the Group's business nature, hazardous wastes generated from the Group's business operations are insignificant, and therefore no targets for the reduction of hazardous wastes have been set. The Group has established guidelines governing the management and disposal of hazardous wastes. When hazardous wastes are produced, the Group will use government waste disposal facilities, and comply with the relevant environmental rules and regulations.

Non-hazardous Waste Management (KPI A1.4, KPI A1.6)

The Group adheres to the 4Rs waste management principle mentioned above, and strives to manage and dispose wastes properly as per established guidelines. Its waste management practices comply with the prevailing laws and regulations related to environmental protection. The non-hazardous wastes generated by the Group mainly consist of paper waste from its offices. During the Reporting Period, the Group has participated in more tender invitations, submitting its proposals to undertake projects, resulting in an increase in paper consumption.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group strictly abides by the laws and regulations from the Environmental Protection Department of the Hong Kong Special Administration Region regarding construction projects. The Group's Project Environmental Plan effectively put the 4Rs waste management principle into actual practice. Guidelines for classifying and handling non-hazardous wastes are well-established. The Group advises all its employees to implement and follow such plan closely. It also conducts monthly inspection using the Environmental Monthly Office Inspection Checklist.

Administrative staff of the Group collectively take the responsibilities for waste management in the Group's offices and they have been actively promoting the implementation of the following measures:

- Use electronic communication among staff to the extent possible;
- Recycle paper and toners by placing recycle bins and collection boxes for single-sided paper in the offices;
- Provide waste classification boxes for processing recyclables;
- Sort wastes into appropriate receptacles, and educate employees on proper sorting;
- Encourage double-sided printing and reduce the frequency of printing by using the Enterprise Resource Planning ("ERP") system and reviewing before printing; and
- Engage a qualified metal recycling company to collect and recycle metal waste.

Sewage Discharges

Sewage discharges are insignificant, as the Group has subcontracted out the construction projects to its main contractors. The Group will increase its scope of disclosure on sewage discharges when appropriate.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A2. USE OF RESOURCES

The Group endeavours to optimise the use of resources on all fronts of its business operations. For energy and water consumption, the Group has put in place procedures and policies to ensure efficient use of energy and water resources, and reduce unnecessary consumption.

Energy Conservation (KPI A2.1, KPI A2.3)

The Group has positioned itself as a green enterprise through adherence to the aforementioned “Green Construction and Energy Conservation” philosophy. The Group participated in the Earth Hour organised by World Wide Fund (“**WWF**”) as an effort to protect the earth by consuming less energy. A certificate of appreciation was presented to the Group by the WWF as recognition. The Group pledges to maintain the indoor temperature between 24-26°C so as to reduce energy consumption and electricity cost. The Group also keeps updated with the latest environmental news and trends for optimising existing services, thereby reducing emissions and pollution. The Group’s offices have taken the following energy conservation measures to reduce energy consumption:

- Control the air-conditioning systems and maintain indoor temperature at 24-26°C;
- Turn off air-conditioners, lights, computers, printers, photocopiers and electrical appliances during non-office hours;
- Display signages to remind employees to turn off lights in the offices after work; and
- Turn on energy saving mode when computers are idled for 20 minutes or more.

During the Reporting Period, the use of unleaded petrol has reduced, but the use of diesel has increased due to more frequent deliveries to customers located farther away from the Group’s workshop. The increment was also the result of a low base noted in the prior year, when one of the vehicles was only used for nine months due to sick leave of a driver. The Group is striving to reduce unnecessary use of company-owned vehicles and rationalize logistics requirements of its operations.

The Group’s total energy consumption and its energy intensity has increased correspondingly during the Reporting Period. In the long run, the Group will continue to track its energy consumption for any substantial surge of usage and improve through its energy-saving management where appropriate.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Use of Renewable Energy

The Group has installed solar panels on the rooftop of its Yuen Long workshop since 2023. Solar power is a renewable energy source to as opposed to depletable fossil fuels. The area of solar panels installed totalled 225 m².

The use of solar power results in various advantages to the Group and the environment, the following being the major benefits:–

Clean Source of Power

- Solar energy is clean, it powers the business operations but does not result in any carbon emissions.

Lower Electricity Costs

- Excess solar energy generated can be sold back to the utility company via the power grid, resulting in a reduction of the Group's expenses.

Mitigation of Climate Risks

- Increasing the use of alternative energy will lower the Group's reliance on fossil fuels, which is an effective mitigation of climate risks.

Positive Corporate Image

- The use of solar power greatly enhances the Group's corporate image, and with the global consumer preference shifting towards a favour for socially-responsible corporations, this will result in more business opportunities for the Group in the future.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Water Conservation (KPI A2.2, KPI A2.4)

The Group does not consume a significant amount of water due to its business nature. Nonetheless, the Group has displayed prominent signages to remind employees to save water and enhance their environmental awareness. The Group also endeavours to foster a culture of cherishing natural resources among its employees and encourage them to better utilise water whenever possible.

The increase of water consumption and intensity during the Reporting Period was mainly the result of an erroneous figures recorded by the water meter of the Yuen Long workshop in the prior year. A new water meter has been installed in August 2023 to reflect a more accurate usage. The Group, however, do not have sufficient information to restate prior year figures. The actual consumption of water did not increase materially during the Reporting Period.

Due to the Group's business nature and its operations being based in Hong Kong, the Group does not experience any difficulty in sourcing water that is fit for its purpose.

Use of Packaging Material (KPI A2.5)

The use of packaging materials is not considered to be a material ESG aspect for the Group, as it is principally a provider of E&M engineering services, and the final products delivered to customers are typically being packaged by its suppliers. The Group may pack certain pre-fabrication materials in hem bags for ease of deployment at construction sites. These hem bags are generally made from eco-friendly materials and are durable for repeated use. The usage and consumption intensity of hem bags during the Reporting Period have increased due to more frequent shipments to customers' construction sites. Certain hem bags were purchased to replenish the Group's reserve stock. The actual consumption did not increase materially during the Reporting Period.

A3. The Environment and Natural Resources

The Group pursues the best practices in environment protection and focuses on controlling the impact of its business operations on the environment and surrounding neighbourhood. In addition, the Group has integrated the concept of environmental protection into its decision-making process and daily operations, with the aim of moving towards carbon neutrality.

The Group strictly complies with the relevant environmental laws and regulations. During the Reporting Period, the Group was not aware of any material non-compliance of laws and regulations relating to the environment and natural resources that would have a significant impact to the Group.

Indoor Air Quality (KPI A3.1)

Indoor air quality in the Group's offices is regularly observed and monitored. Policies such as the "No Smoking Policy" has been enforced in the workplace to maintain the quality of indoor air, thereby protecting the health of the Group's office employees.

Minimising Environmental Impact of Projects (KPI A3.1)

The potential environmental impact of the Group's projects includes air pollution and non-hazardous waste discharge. In order to control and mitigate the adverse environmental impacts of its projects, the Group has formulated a series of procedures to assess the environmental risks of its projects in accordance with the standard of ISO 14001 Environmental Management System. Measures to minimize the corresponding environment risks are carried out with regard to the result of the assessment. Moreover, an internal audit on the effectiveness and adequate compliance of the Environmental Management System is carried out annually.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A4. Climate Change

The management of the Group understands that climate change may adversely impact our business and the global economy as a whole. Therefore, other than reducing the carbon footprint caused by the Group's operations, the Group also strives to identify any physical and transition risks caused by climate change, and formulate relevant policies to adapt to any sudden changes and mitigate those identified major risks.

Physical Risks (KPI A4.1)

Extreme weather events are occurring more frequently with increasing severity. Disasters such as floods, rainstorms, and typhoons can greatly impact the Group's supply chain and assets. Events like typhoons pose risks to operations as they may affect power supply, and damage the operation sites. Employees also face the risk of work disruption, injuries and casualties. Damages to the Group's assets and interruption to its supply chain and production are detrimental to the Group's business due to incremental repair costs and suspension of business operations.

In view of these risks, the Group has established relevant policies to better adapt and mitigate these potential risks and to protect our employees and facilities when extreme weather events are about to occur.

Transition Risks (KPI A4.1)

Governments around the world are tightening environmental regulations and enacting climate-related legislation under the global movement for decarbonisation. Hong Kong government has also announced the "Hong Kong's Climate Action Plan 2050" with the participation of the whole community in order to achieve the carbon neutrality before 2050. It is expected that the government authorities will implement more stringent policies and regulations to reduce GHG emissions and waste to promote the awareness of the public on the climate change.

Other than tightening emission regulations, businesses are also required to follow increasingly stringent disclosure and compliance measures for the ESG reporting. The general public is also becoming more aware of the sustainability of different businesses and their commitment to conducting green businesses. Thus, the Group recognises the potential compliance risks such as lawsuits and claims, as well as reputational risks if non-compliance occurs.

The Group will closely monitor the changes in the business environment and policy, and capitalise on the opportunities whenever possible to fulfil its role as a global citizen. In addition, the Group will also adjust and formulate appropriate business strategies to support the global vision of decarbonisation.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B. SOCIAL

B1. Employment

Human resources are the Group's most valuable assets. Hence, the Group has established the Employment Policy for better talent management and capitalise on the full potential of its employees. The Employment Policy is formally documented, and covers topics such as recruitment, compensation, promotion, working hours, rest periods, diversity and equal opportunity. The Group reviews and revises its policy and its employment practices periodically to ensure continuous improvement of its employment standards.

The Group strictly complies with the relevant laws and regulations including but not limited to the Employment Ordinance, the Mandatory Provident Fund Schemes Ordinance and the Minimum Wages Ordinance. During the Reporting Period, the Group was not aware of any material non-compliance with relevant laws and regulations relating to compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination, and other benefits and welfare, that would have a significant impact on the Group.

Employee Composition (KPI B1.1, KPI B1.2)

As of 31 March 2024, the Group had a total of 116 employees (2023: 124 employees), and all of them are full-time employees located in Hong Kong. The employee breakdown by gender, age, and employee category are illustrated below:

| | Number of Employees | Percentage |
|-----------------------------|---------------------|------------|
| By Gender | | |
| Male | 86 | 74.14% |
| Female | 30 | 25.86% |
| By Age | | |
| Below 30 years old | 31 | 26.72% |
| 30-50 years old | 42 | 36.21% |
| Above 50 years old | 43 | 37.07% |
| By Employee Category | | |
| Management | 20 | 17.24% |
| Technical Staff | 69 | 59.48% |
| General Staff | 27 | 23.28% |

Recruitment, Promotion and Dismissal

The Group hires its employees through open recruitment, as well as fair and just appraisals with reference to a set of clear and transparent appraisals standards. The assessment criteria are based on the qualifications, capabilities and work experience of the applicants.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Any promotion of the Group's employees is based on the result of regular performance appraisals. The Group offers promotion and development opportunities for employees with exceptional performance through an open and fair assessment system, so as to give opportunities for employees to develop their full potential, build their careers and meet the Group's needs for continuous growth. The Group ensures that the promotion of employees will not be affected by their genders, ages, nationalities, races, religions, or sex orientations.

Any appointment, promotion or termination of recruitment is based on reasonable and lawful grounds, and is in alignment with the Group's internal policies, such as the Employee Handbook. The Group strictly prohibits any kind of unfair or illegitimate dismissal.

During the Reporting Period, the Group's employee total turnover rate is approximately 27.59% (2023: 29.03%)⁴, the employee turnover rate by gender and age are as follows:

| | Turnover⁴ Rate |
|------------------------------|----------------------------------|
| By Gender⁵ | |
| Male | 24.42% |
| Female | 36.67% |
| By Age⁵ | |
| Below 30 years old | 38.71% |
| 30-50 years old | 35.71% |
| Above 50 years old | 11.63% |

Notes:

4. Employee total turnover rate = Total number of employees leaving employment during the Reporting Period/Total number of employees at the end of the Reporting Period x 100%.
5. Employee turnover rate by category = Total number of employees leaving employment during the Reporting Period in a specific category/Total number of employees as at the end of the Reporting Period in that category x 100%.
6. The breakdown by geographical region is irrelevant to the Group as all its employees are located in Hong Kong.

Compensation and Remuneration

The Group regularly reviews its remuneration and benefits package with reference to the prevailing market benchmarks and is committed to safeguarding the rights and interests of its staff. Remuneration and benefits are adjusted on an annual basis in accordance with the employees' individual performance, contribution and market conditions. For certain individuals with unsatisfactory performance, the Group will give out a verbal warning before issuing a written warning. For those who commit a serious dereliction of duty, or is involved in a severe violation of local laws and regulations, the Group will dismiss the concerned person in accordance with relevant laws in Hong Kong. The Group conducts exit interviews to collect feedback from resigned employees for continuous improvement.

The Group is concerned with employee health and ensures that its employees can achieve a work-life balance. In addition to basic paid annual leaves and statutory holidays as stipulated by the Employment Ordinance, employees are also entitled to various allowances and leaves such as transportation allowance, training allowance and examination leaves. For employees living in remote areas, flexible working hours are arranged.

Diversity, Equal Opportunities and Anti-discrimination

The Group is dedicated to providing equal opportunities in recruitment and promotion. It endeavours to maintain a workplace that is free from discrimination, physical or verbal harassment against any individual on the basis of race, religion, colour, gender, physical or mental disability, age, place of origin, marital status, and sexual orientation. The Group has published an Employee Handbook outlining the terms and conditions of employment, expectations for employee conduct and behaviours, as well as employee rights and benefits. The Group has also established and implemented policies that promote a harmonious and respectful workplace. The Group has zero tolerance for sexual harassment or abuse in any form.

During the Reporting Period, the Group has received certification for its commitment in equal opportunities, and has been enlisted in the list of organisations that have pledged to adopt the Code of Practice against discrimination, as detailed below:

| Issuing Organisation | Date | Participation/Recognition |
|--|-------------------|--|
| Labour and Welfare Bureau | 23 June 2023 | A participating organisation of the Talent-Wise Employment Charter and Inclusive Organisations Recognition Scheme |
| Constitutional and Mainland Affairs Bureau | 30 June 2023 | A pledging organisation to adopt the Code of Practice against Discrimination in Employment on the Ground of Sexual Orientation |
| Equal Opportunities Commission | 30 September 2023 | Certification received in support of the Racial Diversity & Inclusion Charter for Employers |

Communication with Employees

The Group upholds an open and equal work environment. Direct communication with employees is essential to realising this goal. The Group's employees are encouraged to make suggestions or complaints in horizontal or vertical communications via different communication channels, including emails or meetings.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B2. Health and Safety (KPI B2.1, KPI B2.2)

The Group prides itself in providing a safe, effective and congenial work environment to its employees. It takes responsibility of the occupational health and safety at all of its offices and construction sites, and follows the Occupational Health and Safety Guidelines recommended by the Labour Department and Occupational Safety and Health Council.

In order to enhance employee health and safety in the workplace, the Group has introduced suitable plant and equipment, and provided adequate training and protective equipment, to avoid any accidents that may happened in the workplace. All employees are required to wear protective equipment such as helmet with chinstrap and safety shoes when working at construction sites.

The Group strictly complies with the relevant laws and regulations including but not limited to the Employment Ordinance, the Employees' Compensation Ordinance and the Occupational Safety and Health Ordinance. During the Reporting Period, the Group was not aware of any material non-compliance with relevant laws and regulations relating to providing a safe working environment and protecting employees from occupational hazards, that would have a significant impact on the Group.

The number of lost days due to work injury and the number of work-related fatalities in the last three years are listed below. The Group has recorded zero work-related fatalities in the last three years.

| | 2024 | 2023 | 2022 |
|--|------|------|------|
| Number of Lost Days Due to Work Injury | 100 | 100 | 16 |
| Work-related Fatalities | 0 | 0 | 0 |

Risk Assessment (KPI B2.3)

In order to control and mitigate the safety risks of the Group's construction projects, the Group has formulated an occupational health and safety plan in advance to assess the risks of each project.

Moreover, an internal audit on the effectiveness and adequate compliance of occupational health and safety management system is carried out annually. Measures to mitigate any safety risks are carried out in accordance with the results of the project assessment. Different types of protective equipment will be provided with reference to the circumstances of the projects.

Occupational Health and Safety Management (KPI B2.3)

The Group has outlined specific instructions on workplace safety, and it actively promotes the importance of occupational health and safety among its employees. The Group has set up an accountability mechanism regarding safety affairs. It has also appointed a third-party organisation to conduct annual assessment, to ascertain the quality and effectiveness of its safety management measures. Measures to avoid accidents include regular safety inspections of construction sites and site equipment, and the implementation of corrective measures when risks are identified.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group has acquired the certification of ISO 45001 Occupational Health and Safety Management System Standard, which manifested the Group's efforts to improve employee safety, reduce workplace risks and create better, safer working conditions.

Since the COVID-19 pandemic, the Group has strengthened the sanitization of facilities and provided disinfection supplies in the offices. Precautionary measures such as temperature screening before entering the office premises are also taken.

Safety Training (KPI B2.3)

Employees are required to attend the safety training organised by the Group. Emergency and evacuation procedures have been established to respond timely and orderly in event of major accidents. Employees are also encouraged to provide feedback on improving workplace safety.

B3. Development and Training

Employee Development and Training (KPI B3.1, KPI B3.2)

The professional development of employees is essential to the success of the Group. The Group provides ongoing training to help employees refresh existing skills, while acquiring new skills to cope with the fast-changing and evolving industrial landscape.

The Group encourages and supports employees' effort in personal and professional training. On-the-job training is provided to engineers and new joiners, and the culture of knowledge and experience sharing is nurtured within the Group.

During the Reporting Period, approximately 55.17% (2023: 116.94%)⁷ of employees participated in training. The figure is inclusive of employees who received company training but left during the year. The average training hours per employee is approximately 1.99 hours (2023: 2.15 hours)⁸. The breakdown of the number of employees trained, percentage of employees trained and the amount of average training hours by gender and employee category are as follows:

| | Breakdown of employees trained ⁹ | Percentage of employees trained ¹⁰ | Average training hours per employee ¹¹ |
|-----------------------------|---|---|---|
| By Gender | | | |
| Male | 73.44% | 54.65% | 2.40 |
| Female | 26.56% | 56.67% | 0.83 |
| By Employee Category | | | |
| Management | 21.88% | 70.00% | 2.00 |
| Technical Staff | 60.94% | 56.52% | 0.17 |
| General Staff | 17.18% | 40.74% | 6.63 |

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Notes:

7. Total percentage of employees trained = Total employees trained during the Reporting Period/Total number of employees at the end of the Reporting Period*100%.
8. Average training hours per employee = Total training hours during the Reporting Period/Total number of employees at the end of the Reporting Period.
9. Breakdown of employees trained = Total employees trained during the Reporting Period in a specific category/Total employees trained during the Reporting Period x 100%.
10. Percentage of employees trained by category = Number of employees trained in a specific category during the Reporting Period/Number of employees in that category at the end of the Reporting Period x 100%.
11. The average training hours per employee by category = Number of training hours in a specific category during the Reporting Period/Number of employees in that category at the end of the Reporting Periods.

Professional Training and Skill Development

In order to enhance employees' professional skills and keep them abreast with the latest technological trends in fire service installation, the Group provides on-the-job training and organises seminars periodically for its employees. The Group is also dedicated to establishing a technical team to enhance employees' professional knowledge, techniques and skills.

Orientation and Induction Training

The Group has organised orientation and induction training for new employees to help them adapt to the Group's culture and environment. Topics of induction training include an introduction of the Group's background, general practices and briefing on the Employee Handbook. Employees will then be able to get familiar with their responsibilities and benefits.

B4. Labour Standards

During the Reporting Period, the Group strictly complies with child and forced labour related laws and regulations including but not limited to the Employment Ordinance and Employment of Children Regulations. The Group was not aware of any material non-compliance with relevant laws and regulations relating to preventing child and forced labour, that would have a significant impact to the Group.

Prevention of Child Labour and Forced Labour (KPI B4.1, KPI B4.2)

Child labour is strictly prohibited during the recruitment process. Identification records are collected during the recruitment process to assist in the selection of suitable candidates and to verify candidates' personal data. The Human Resources Department also ensures identity documents are carefully checked.

Forced labour is strictly prohibited within the Group, and standard office hours are regulated by the Employee Handbook. The Group has offered flexible working hours subject to the job requirement. If any violation of the child or forced labour is discovered, it will be handled strictly according to the policy stated in the Group's Employee Handbook.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B5. Supply Chain Management

The Group understands the importance of supply chain management in mitigating indirect environmental and social risks. The Group takes consideration of the environmental and social practices of its suppliers and subcontractors, and tries to engage suppliers and subcontractors who has more comprehensive measures towards environmental protection.

Local Sourcing (KPI B5.1)

During the Reporting Period, the Group had a total of 84 major suppliers (2023: 85 suppliers), all of which are located in Hong Kong.

Supplier Appointment (KPI B5.2, KPI B5.3)

In order to ensure that the suppliers and subcontractors have met the Group's requirements regarding quality, environmental and safety standards, the Group has formulated standards and stringent procedures in selecting suppliers and subcontractors. Suppliers' and subcontractors' environmental and social performances are also considered as criteria for establishing a long-term relationship. The project directors will maintain an approved list of suppliers and subcontractors. During the Reporting Period, the Group has implemented supplier engagement related practices for all major suppliers.

Assessments of the work performed and materials sourced from suppliers and subcontractors are conducted by the project directors and managing director on a regular basis. If the suppliers or subcontractors continuously fail to meet the standards of the Group, they may be suspended or removed from the approved list. The supplier relationship may also be terminated in the event of any substantial violation of environmental and labour laws and regulations. The Group will review supply chain policies and practices to ensure their effectiveness regularly.

Fair and Open Procurement (KPI B5.2)

The Group has formulated related procedures to ensure that the suppliers and the subcontractor could participate in competitions in a fair and open way. The Group should not have differentiated or discriminated treatment on certain suppliers and subcontractors. It will strictly monitor and prevent all kinds of business bribery. Employees or personnel having any conflict of interest with the supplier should not be involved in the related business activity.

Sustainable Procurement (KPI B5.4)

The Group has adopted the green procurement philosophy and formulated strategies for daily operations. It has actively advocated green procurement when evaluating suppliers. The Group implements its sustainable procurement practices by including environment and social factors as part of its supplier selection consideration. Procurement personnel will inquire on and understand suppliers' operational practices to make an overall assessment of their competence. Specifically, factors such as suppliers' energy efficiency and the use of low-carbon, recyclable materials will be taken into consideration. The procurement process is continuously monitored by respective procurement personnel for effective execution. Improvement to the procurement process will be made when appropriate.

The Group will leverage on its green procurement strategy to manage risks in its supply chain. It will also take advantage of the Group's purchasing power to build a sustainable supply chain.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B6. Product Responsibility

Maintenance of high-quality services is crucial to the sustainable development of the Group. Satisfactory project completion is instrumental to growing the business, building reputation and also increasing business opportunities in the future. In order to ensure that the Group delivers high-quality services to its customers, the process of projects is controlled and monitored regularly by the ISO 9001 Quality Management System.

The Group strictly complies with related laws and regulations in Hong Kong, including but not limited to the Trade Description Ordinance, the Sale of Goods Ordinance, the Personal Data (Privacy) Ordinance and the Supply of Services (Implied Terms) Ordinance of Hong Kong. During the Reporting Period, the Group was not aware of any material non-compliance with relevant laws and regulations relating to health and safety, advertising, labelling and privacy matters relating to products and services provided and methods of redress, that would have a significant impact to the Group.

Quality Assurance (KPI B6.1, KPI B6.2, KPI B6.4)

With Quality Management System established in accordance with the requirements of ISO 9001, the Group has developed a sustainable culture to pursue continuous improvement on quality rather than adopting a short-term and project-based approach. It has developed a customer satisfaction review for evaluating the quality of customer service. In event of any complaints on quality and safety, the Group will immediately conduct an investigation to find out the cause, and adopt appropriate measures to minimise its impacts.

In the Reporting Period, there were no product recalls for safety and health reasons and no significant written complaints related to the Group's products and services. In an event when a product recall is required or may be required, the Group will apply the following procedures:

- Communicate with the customer to understand any defects or safety concerns;
- Respond promptly to retrieve the defective products when it is determined that a recall is necessary;
- Notify the production department for a thorough quality inspection and identification of the problem;
- Review the production process thoroughly and make appropriate improvements to avoid occurrence of the same events;
- Notify suppliers if the problem has originated from their products and re-assess their eligibility as the Group's suppliers; and
- Provide adequate training and periodic reminders to all employees on the importance of product quality.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Protection of Intellectual Property Rights (KPI B6.3)

To protect the intellectual property rights, the Group complies with relevant industry standards and specifications and it will only purchase genuine products under its procurement policy.

Protection of Customer Information and Privacy (KPI B6.5)

To protect customer data and privacy, the Group strictly complies with the Hong Kong Personal Data (Privacy) Ordinance. The IT system and server of the Group are properly protected by security system and only authorised persons with passwords can access such information. The system is monitored continuously, if there is any data leakage or violations, the Group will take appropriate actions.

Advertising and Labelling

The Group has formulated the sales and promotion campaigns to strengthen relationships with customers and to ensure the advertisement of its products are truthful, fair and reasonable, and free of misleading elements for protection of the customers' interests.

B7. Anti-corruption

The Group strives to achieve high standards of ethics in its business operations. It is committed to building and cultivating a corporate culture with the highest level of integrity and ethics. Employees must follow the Code of Conduct when carrying out daily operations. Fraudulent behaviours such as corruption, bribery, and collusion are strictly prohibited. Employees should comply with the rules stated in the Employee Handbook when performing business activities, and they should report to the management if they suspect any professional misconduct.

The Group strictly complies with the relevant laws and regulations, including but not limited to the Anti-Money Laundering and Counter-Terrorist Financing Ordinance, the Prevention of Bribery Ordinance, the Personal Data (Privacy) Ordinance, and the Supply of Services (Implied Terms) Ordinance. During the Reporting Period, the Group was not aware of any material non-compliance with the relevant laws and regulations relating to bribery, extortion, fraud and money laundering that would have a significant impact on the Group.

Anti-corruption (KPI B7.1)

The Group does not tolerate any forms of corruption. The Group has adopted the Code of Conduct governing anti-corruption for business activities. Regulations formulated are:

- Directors and employees should avoid conflicts between personal interests and their professional functions;
- Employees shall declare any conflicts of interest to their corresponding managers; and
- Employees are strictly prohibited from using their powers to influence the Group's decisions and actions, or accessing the Group's assets and information for private or personal benefits.

During the Reporting Period, the Group did not have any concluded legal cases regarding corrupt practices brought against the Group or its employees.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Whistle-blowing Mechanism (KPI B7.2)

The Group adopts a Whistle-blowing Policy for all levels. Employees can raise concerns, in confidence, about possible improprieties such as misconduct and malpractice in any matter related to the Group. Reports and complaints received will be handled in a prompt and fair manner. All cases will be kept confidential so as to protect the whistle-blowers from unfair dismissal, victimisation and unwarranted disciplinary actions. The Group will review the policy regularly to ensure its effectiveness.

Anti-corruption Training (KPI B7.3)

During the Reporting Period, two directors have attended approximately two hours of training in total. Such training serves to enrich their professional skills and knowledge regarding anti-corruption and business ethics.

B8. Community Investment

Being a responsible corporation, the Group is committed to emboldening and supporting the public by the means of community participation. The Group formulated internal policy to understand the needs of the community and allocate appropriate resources to empower the community.

Corporate Social Responsibility (KPI B8.1, KPI B8.2)

The Group has identified youth empowerment and local charity as our focus of community investment. The Group participates in various community activities, for example, donations, volunteering services, and sponsorships. Apart from active participation in community events to help the needy, the Group also regularly communicates with local charities to understand the community's needs. The Group believes it helps to connect with the local community, and maintain a mutually beneficial relationship with society as a whole.

During the Reporting Period, the Group donated HK\$50,000 to the Community Chest, for participation in the Sports for Millions event. The event featured an array of sports competitions and team-building games to promote a healthy lifestyle and team spirit. Besides the donation, the Group sent a team of employees to participate in the games to foster team belongingness and employee well-being. Proceeds of the event were used to support the projects designed to promote positive attitudes, cope with difficulties faced by young people, and develop sense of responsibility for the youth community.

The Group has donated HK5,000 to Orbis to support treatment and eye surgery of visually-impaired people around the world. The Group has also sponsored HK\$5,000 to support the labour safety campaign organized by Gammon Construction Limited at the LOHAS Park.

Social Responsibility Education (KPI B8.1, KPI B8.2)

The Group encourages employees to participate in charity events, volunteer works, and environmental protection activities in order to make contributions to the society. The Group believes that through participation in these activities, its employees can build positive value and be a socially-responsible citizen.

TO THE SHAREHOLDERS OF VISTAR HOLDINGS LIMITED

(Incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Vistar Holdings Limited (the “**Company**”) and its subsidiaries (together the “**Group**”) set out on pages 70 to 135, which comprise the consolidated statement of financial position as at 31 March 2024, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2024, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”) issued by the Hong Kong Institute of Certified Public Accountants (the “**HKICPA**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“**HKSAs**”) issued by the HKICPA. Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We are independent of the Group in accordance with the HKICPA’s “Code of Ethics for Professional Accountants” (the “**Code**”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters.

Revenue recognition of provision of Construction Works

Refer to Notes 4(e), 5(a) and 7 to the consolidated financial statements.

The Group is engaged in the provision of installation services, alteration and addition works of electrical and mechanical engineering systems in Hong Kong (together the “**Construction Works**”). The Group’s revenue from provision of the Construction Works of approximately HK\$305,240,000 for the year ended 31 March 2024 was recognised over time using the input method by reference to the costs incurred up to the reporting date as a proportion of the total estimated costs of each construction contract.

INDEPENDENT AUDITOR'S REPORT

KEY AUDIT MATTERS *(Continued)*

Revenue recognition of provision of Construction Works *(Continued)*

We identified the revenue recognition of provision of the Construction Works as a key audit matter given the significant judgements and estimates involved in determining the total budgeted contract costs and the contract costs incurred for work performed to date as the contract progress towards complete satisfaction of the performance obligation on individual contract.

Our response:

Our procedures in relation to the revenue recognition of provision of the Construction Works included the following:

- (i) Evaluating the Group's estimation of revenue and profit recognised from the provision of the Construction Works, on a sample basis, by:
 - Comparing the contract sum and budgeted costs to respective signed contracts or related documents and approved budgets;
 - Obtaining an understanding from management and project managers about how the approved budgets were prepared and the progress towards complete satisfaction of the performance obligation was determined with reference to the status of completion of each contract at the end of the reporting period;
 - Checking the existence and valuation of variations to correspondences with customers; and
 - Testing the calculations of contract revenue based on the estimate of the progress of contract work.
- (ii) Assessing the reliability of the approved budgets by comparing the actual outcome against management's estimation of completed contracts on a sample basis; and
- (iii) Assessing the appropriateness of the Group's revenue recognition policy under the requirements of HKFRS 15 by inspecting a sample of representative contracts with customers.

INDEPENDENT AUDITOR'S REPORT

KEY AUDIT MATTERS *(Continued)*

Impairment assessment on trade receivables and contract assets

Refer to Notes 4(d)(ii), 5(b), 18, 19(a) and 36(a) to the consolidated financial statements.

As at 31 March 2024, the Group's gross trade receivables and contract assets and their related impairment allowances amounted to HK\$24,843,000, HK\$200,120,000, and HK\$797,000 respectively.

The Group applied the HKFRS 9 simplified approach to measure lifetime expected credit losses ("ECLs") of trade receivables and contract assets. Management estimated the ECLs rates of trade receivables and contract assets by considering the market conditions, their knowledge about the customers (including their reputation, financial capability and payment history), and the current and forward-looking information on macroeconomic factors that relevant to determine the ability of customers to settle the receivables in the future. The Group determined the ECLs rates of contract assets based on those rates applied to trade receivables, as contract assets and trade receivables are from the same customer bases.

We identified impairment of trade receivables and contract assets as a key audit matter because of the management's judgements involved in the impairment assessment and the significance of the trade receivables and contract assets balances to the Group's consolidated financial statements.

Our response:

Our procedures in relation to the impairment assessment on trade receivables and contract assets included the following:

- (i) Discussing with management to understand the methodologies, inputs and estimates used to assess the ECLs rates for trade receivables and contract assets. Evaluating management's estimated ECLs by considering the reputation and financial capability of the customers against the publicly available information, and the cash collection performance against the historical payment records and also considering and evaluating the appropriateness of the ECLs model adopted by management;
- (ii) Evaluating management's judgement in determining the ECLs of trade receivables and contract assets, including reasonableness of ECLs rates for customers that are assessed individually;
- (iii) Evaluating whether management's assessment on the current and forward-looking macroeconomic factors that impact on the ability of customers to settle the receivables in the future was appropriate by considering the external market information; and
- (iv) Testing the accuracy of information prepared by management to assess ECLs including aging categories of trade receivables by checking to the related invoices on a sample basis.

INDEPENDENT AUDITOR'S REPORT

OTHER INFORMATION IN THE ANNUAL REPORT

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

DIRECTORS' RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are also responsible for overseeing the Group's financial reporting process. The Audit Committee assists the directors in discharging their responsibility in this regard.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

(a) Adoption of new and amended HKFRSs

The Hong Kong Institute of Certified Public Accountants (the “HKICPA”) has issued a number of new and amended HKFRSs those are first effective for the current accounting period of the Group:

| | |
|--|---|
| HKFRS 17 | Insurance Contracts |
| Amendments to HKAS 1 and HKFRS Practice Statement 2 | Disclosure of Accounting Policies |
| Amendments to HKAS 8 | Definition of Accounting Estimates |
| Amendments to HKAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single Transaction |
| Amendments to HKAS 12 | International Tax Reform – Pillar Two Model Rules |

The Group has not early adopted any amended HKFRSs that are not yet effective for the current accounting period.

Impact of the adoption of these new and amended HKFRSs on the Group’s results, financial position and disclosure for current or prior period are discussed below.

HKFRS 17, Insurance Contracts

HKFRS 17 was issued by the HKICPA in 2018 and replaces HKFRS 4 for annual reporting periods beginning on or after 1 April 2023.

HKFRS 17 introduces an internationally consistent approach to the accounting for insurance contracts. Prior to HKFRS 17, significant diversity has existed worldwide relating to the accounting for and disclosure of insurance contracts, with HKFRS 4 permitting many previous accounting approaches to be followed.

Since HKFRS 17 applies to all insurance contracts issued by an entity (with limited scope exclusions), its adoption may have an effect on non-insurers such as the Group. The Group carried out an assessment of its contracts and operations and concluded that the adoption of HKFRS 17 has had no effect on the consolidated financial statements of the Group.

Amendments to HKAS 1 and HKFRS Practice Statement 2, Disclosure of Accounting Policies

The HKICPA issued HKFRS Practice Statement 2 *Making Materiality Judgements* in March 2021 to provide entities with non-mandatory guidance on how to make materiality judgements when preparing their general purpose financial statements in accordance with HKFRS. In April 2021, the HKICPA issued amendments to HKAS 1 and HKFRS Practice Statement 2. The amendments aim to make accounting policy disclosures more informative by replacing the requirement to disclose “significant accounting policies” with “material accounting policy information”. The amendments also provide guidance under what circumstance, the accounting policy information is likely to be considered material and therefore requiring disclosure.

These amendments have no effect on the measurement or presentation of any items in the consolidated financial statements of the Group but affect the disclosure of accounting policies of the Group.

The Group has revisited the accounting policy information disclosed in Note 4 and considered it is consistent with the amendments.

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

(a) Adoption of new and amended HKFRSs (Continued)

Amendments to HKAS 8, Definition of Accounting Estimates

The amendments to HKAS 8, which added the definition of accounting estimates, clarify that the effects of a change in an input or measurement technique are changes in accounting estimates, unless resulting from the correction of prior period errors. These amendments clarify how entities make the distinction between changes in accounting estimate, changes in accounting policy and prior period errors.

These amendments do not have a material impact on these consolidated financial statements as the Group’s approach in distinguishing changes in accounting policies and changes in accounting estimates is consistent with the amendments.

Amendments to HKAS 12, Deferred Tax related to Assets and Liabilities arising from a Single Transaction

In June 2021, the HKICPA issued amendments to HKAS 12, which clarify whether the initial recognition exemption applies to certain transactions that result in both an asset and a liability being recognised simultaneously (e.g. a lease in the scope of HKFRS 16). The amendments introduce an additional criterion for the initial recognition exemption, whereby the exemption does not apply to the initial recognition of an asset or liability which at the time of the transaction, gives rise to equal taxable and deductible temporary differences.

Prior to the amendments, the Group determined the temporary difference arising from a right-of-use assets and the related lease liabilities on a net basis on the basis they arise from a single transaction. Following the amendments, the Group has determined the temporary differences in relation to right-of-use assets and lease liabilities separately. The change primarily impacts disclosures of components of deferred tax assets and liabilities, but does not impact the overall deferred tax balances presented in the consolidated statement of financial position as the related deferred tax balances qualify for offsetting under HKAS 12.

Amendments to HKAS 12, International Tax Reform – Pillar Two Model Rules

In December 2021, the Organisation for Economic Co-operation and Development (“**OECD**”) released a draft legislative framework for a global minimum tax that is expected to be used by individual jurisdictions. The goal of the framework is to reduce the shifting of profit from one jurisdiction to another in order to reduce global tax obligations in corporate structures. In March 2022, the OECD released detailed technical guidance on Pillar Two of the rules.

Stakeholders raised concerns with International Accounting Standards Board (“**IASB**”) about the potential implications on income tax accounting, especially accounting for deferred taxes, arising from the Pillar Two model rules. The IASB issued the final amendments International Tax Reform – Pillar Two Model Rules, in response to stakeholder concerns, on 23 May 2023. The HKICPA published the equivalent amendments to HKAS 12 (the “**Amendments**”) on 21 July 2023. The amendments were effective immediately upon being released.

The Amendments introduce a mandatory exception to entities from the recognition and disclosure of information about deferred tax assets and liabilities related to Pillar Two model rules. The Amendments also provide for additional disclosure requirements with respect to an entity’s exposure to Pillar Two income taxes.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

(a) Adoption of new and amended HKFRSs (Continued)

Amendments to HKAS 12, International Tax Reform – Pillar Two Model Rules (Continued)

Although the Group operates in jurisdictions that fall within the scope of OECD’s Pillar Two model rules, the domestic tax laws of these jurisdictions have not been enacted or substantively enacted as at 31 March 2024. Therefore the Amendments to HKAS 12 are not applicable to the Group.

(b) New Guidance on accounting implications of the abolition of the MPF-LSP offsetting mechanism in Hong Kong issued by HKICPA

In June 2022, Employment and Retirement Schemes Legislation (Offsetting Arrangement) (Amendment) Ordinance 2022 (the “**Amendment Ordinance**”) was enacted. The Amendment Ordinance abolishes the use of the accrued benefits derived from employers’ mandatory contributions under the mandatory provident fund (“**MPF**”) to offset severance payment (“**SP**”) and long service payments (the “**LSP**”) (the “**Abolition**”). Subsequently, the Government of HKSAR announced that the Abolition will take effect on 1 May 2025 (the “**Transition Date**”). The following key changes will take effect since the Transition Date:

- Accrued benefits derived from employers’ mandatory MPF contributions cannot be used to offset the LSP/SP in respect of the employment period after the Transition Date.
- The pre-transition LSP/SP is calculated using the last month’s salary immediately preceding the Transition Date, instead of using the salary of employment termination date.

Due to the complexities of the accounting for the offsetting of accrued benefits derived from an employer’s MPF contributions and its LSP obligation and the accounting for offsetting mechanism could become material in light of the Abolition, the HKICPA published ‘Accounting implications of the abolition of the MPF-LSP offsetting mechanism in Hong Kong (the “**Guidance**”) in July 2023 to provide guidance to account for the offsetting mechanism and the Abolition. The HKICPA concluded that there are two acceptable accounting approaches, for the offsetting mechanism being:

Approach 1: Account for the amount expected to be offset as a deemed employee contribution towards that employee’s LSP benefits in terms of HKAS 19.93(a)

Approach 2: Account for the employer MPF contributions and the offsetting mechanism as a funding mechanism for the LSP obligation

After the assessment by the Group, the application of the Guidance had no material effect on the consolidated financial statements of the Group.

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

(c) Amended HKFRSs that have been issued but are not yet effective

The following amended HKFRSs, potentially relevant to the Group’s consolidated financial statements, have been issued, but are not yet effective and have not been early adopted by the Group. The Group’s current intention is to apply these changes on the date they become effective.

| | |
|----------------------------------|---|
| Amendments to HKAS 1 | Classification of Liabilities as Current or Non-current (the “ 2020 Amendments ”) ^{1,2} |
| Amendments to HKAS 1 | Non-current Liabilities with Covenants (the “ 2022 Amendments ”) ¹ |
| Amendments to HKFRS 16 | Lease Liability in a Sale and Leaseback ¹ |
| Amendments to HKAS 7 and HKFRS 7 | Supplier Finance Arrangements ¹ |
| Amendments to HKAS 21 | Lack of Exchangeability ³ |

¹ Effective for annual periods beginning on or after 1 April 2024.

² As a consequence of the 2022 Amendments, the effective date of the 2020 Amendments was deferred to annual periods beginning on or after 1 April 2024. In addition, as a consequence of the 2020 Amendments and 2022 Amendments, Hong Kong Interpretation 5 (Revised) Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause was revised to align the corresponding wording with no change in conclusion.

³ Effective for annual periods beginning on or after 1 April 2025.

Amendments to HKAS 1, Classification of Liabilities as Current or Non-current

The 2020 Amendments provide clarification that if an entity’s right to defer settlement of a liability is subject to compliance with future covenants, the entity has a right to defer settlement of the liability even if it does not comply with those covenants at the end of the reporting period. Classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement of the liability. The 2020 Amendments also clarify the situations that are considered as a settlement of a liability. The 2020 Amendments are effective for annual periods beginning on or after 1 April 2024 and shall be applied retrospectively. Earlier application of the 2020 Amendments is permitted. However, an entity that applies the 2020 Amendments early is also required to apply the 2022 Amendments, and vice versa.

The directors of the Company do not anticipate that the application of the amendments in the future will have significant impact on the consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

(c) Amended HKFRSs that have been issued but are not yet effective (Continued)

Amendments to HKAS 1, Non-current Liabilities with Covenants

The 2022 Amendments clarify how to treat liabilities that are subject to covenants to be complied with, at a date subsequent to the reporting period. The 2022 Amendments improve the information an entity provides when its right to defer settlement of a liability for at least twelve months is subject to compliance with covenants. The 2022 Amendments clarify that only covenants with which an entity must comply on or before the reporting date will affect a liability’s classification as current or non-current. The 2022 Amendments are effective for annual periods beginning on or after 1 April 2024 and shall be applied retrospectively. Earlier application of the 2022 Amendments is permitted.

Based on the Group’s outstanding liabilities as at 31 March 2024, the directors of the Company do not anticipate that the application of the amendments will result in reclassification of the Group’s liabilities.

Amendments to HKFRS 16, Lease Liability in a Sale and Leaseback

The amendments specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right to use it retains.

The directors of the Company do not anticipate that the application of the amendments in the future will have significant impact on the consolidated financial statements.

Amendments to HKAS 7 and HKFRS 7, Supplier Finance Arrangements

The amendments require entities to provide certain specific disclosures (qualitative and quantitative) related to supplier finance arrangements. The amendments also provide guidance on characteristics of supplier finance arrangements.

The directors of the Company do not anticipate that the application of the amendments and revision in the future will have significant impact on the consolidated financial statements.

Amendments to HKAS 21, Lack of Exchangeability

The amendments introduce requirements to assess when a currency is exchangeable into another currency and when it is not. The amendments require an entity to estimate the spot exchange rate when it concludes that a currency is not exchangeable into another currency.

The directors of the Company is currently assessing the impact that the application of the amendments will have on the Group’s consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 March 2024

3. BASIS OF PREPARATION

(a) Statement of compliance

The consolidated financial statements have been prepared in accordance with all applicable HKFRSs, Hong Kong Accounting Standards (“**HKASs**”) and Interpretations (hereinafter collectively referred to as the “**HKFRS**”) and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”).

(b) Basis of measurement

The consolidated financial statements have been prepared under the historical cost basis except for financial assets at fair value through profit or loss, which were measured at fair value.

(c) Functional and presentation currency

The consolidated financial statements are presented in Hong Kong dollars (“**HK\$**”), which is the same as the functional currency of the Company and its subsidiaries.

(d) Restatement of comparative figures

The following comparative figures in consolidated statement of financial position have been reclassified to conform with the current year’s presentation of the Group:

- Reclassification of the long service payment liabilities in the amount of approximately HK\$1,054,000 from trade and other payables included in current liabilities to non-current liabilities as the liabilities was expected to be settled after more than one year.

The following table summarises the impacts of the reclassification of on the comparatives presented in the Group’s consolidated statement of financial position and consolidated statement of cash flows:

| | As previously reported HK\$'000 | Impacts HK\$'000 | As restated HK\$'000 |
|---|---------------------------------------|---------------------|-------------------------|
| Consolidated statement of financial position | | | |
| as at 31 March 2023: | | | |
| Trade and other payables | 79,022 | (1,054) | 77,968 |
| Total current liabilities | 120,873 | (1,054) | 119,819 |
| Net current assets | 144,622 | 1,054 | 145,676 |
| Total assets less current liabilities | 153,435 | 1,054 | 154,489 |
| Long service payment liabilities | – | 1,054 | 1,054 |
| Total non-current liabilities | 1,830 | 1,054 | 2,884 |
| Consolidated statement of cash flows | | | |
| for the year ended 31 March 2023: | | | |
| Increase in trade and other payables | 732 | (185) | 547 |
| Increase in long service payment liabilities | – | 185 | 185 |

In the opinion of the directors of the Company, the reclassification made to the comparative figures has insignificant impact on the Group’s consolidated statement of financial position as at 31 March 2023.

4. SUMMARY OF MATERIAL ACCOUNTING POLICIES

(a) Property, plant and equipment (other than right-of-use assets)

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

The cost of property, plant and equipment includes its purchase price and the costs directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

Property, plant and equipment are depreciated so as to write off their cost net of expected residual value over their estimated useful lives on a straight-line basis. The useful lives, residual value and depreciation method are reviewed, and adjusted if appropriate, at the end of each of the reporting period. The estimated useful lives are as follows:

| | |
|-------------------------|--|
| Leasehold improvements | Over the shorter of lease terms or 3 years |
| Furniture and equipment | 4 to 5 years |
| Motor vehicles | 4 years |
| Machinery | 4 years |

An asset is impaired immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount (see Note 4(h)).

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from the continued use of the asset or disposal.

The gain and loss on disposal of an item of property, plant and equipment is the difference between the net sale proceeds and its carrying amount, and is recognised in profit or loss on disposal.

(b) Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable and the amounts are deducted from the related expense.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

4. SUMMARY OF MATERIAL ACCOUNTING POLICIES *(Continued)*

(c) Leases

The Group as a lessee

All leases are required to be capitalised in the consolidated statement of financial position as right-of-use assets and lease liabilities, but accounting policy choices exist for an entity to choose not to capitalise (i) leases which are short-term leases and/or (ii) leases for which the underlying asset is of low-value. The Group has elected not to recognise right-of-use assets and lease liabilities for low-value assets and leases for which at the commencement date have a lease term of less than 12 months and do not contain a purchase option. The lease payments associated with those leases have been expensed on straight-line basis over the lease term.

Right-of-use asset

The right-of-use asset is initially recognised at cost and would comprise:

- (i) the amount of the initial measurement of the lease liability (see below for the accounting policy to account for lease liability);
- (ii) any lease payments made at or before the commencement date, less any lease incentives received;
- (iii) any initial direct costs incurred by the lessee; and
- (iv) an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

The Group measures the right-of-use assets applying a cost model. Under the cost model, the Group measures the right-of-use assets at cost, less any accumulated depreciation and any accumulated impairment losses, and adjusted for any remeasurement of lease liability. Right-of-use assets are depreciated on a straight line basis over their expected useful lives on the same basis as owned assets, or where shorter, the term of the relevant lease.

The Group presents right-of-use assets within the same line item of “property, plant and equipment”.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 March 2024

4. SUMMARY OF MATERIAL ACCOUNTING POLICIES *(Continued)*

(c) Leases *(Continued)*

The Group as a lessee *(Continued)*

Lease liability

The lease liability is recognised at the present value of the lease payments that are not paid at the date of commencement of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, which is generally the case of the Group, the Group uses the lessee's incremental borrowing rate (the "IBR").

The following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date of the lease are considered to be lease payments:

- (i) fixed lease payments less any lease incentives receivable;
- (ii) variable lease payments that depend on an index or a rate, initially measured using the index or rate as at commencement date;
- (iii) amounts expected to be payable by the lessee under residual value guarantees;
- (iv) exercise price of a purchase option, if the lessee is reasonably certain to exercise that option; and
- (v) payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

Subsequent to the commencement date, the Group measures the lease liability by:

- (i) increasing the carrying amount to reflect interest on the lease liability;
- (ii) reducing the carrying amount to reflect the lease payments made; and
- (iii) remeasuring the carrying amount to reflect any reassessment or lease modification, or to reflect revised in-substance fixed lease payments.

(c) Leases (Continued)

The Group as a lessee (Continued)

Lease liability (Continued)

When the Group revises its estimate of the term of any lease (because, for example, it re-assesses the probability of a lessee extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except the discount rate remains unchanged. In both cases, an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortised over the remaining (revised) lease term. If the carrying amount of the right-of-use asset is adjusted to zero, any further reduction is recognised in profit or loss.

When the Group renegotiates the contractual terms of a lease with the lessor, if the renegotiation results in one or more additional assets being leased for an amount commensurate with the standalone price for the additional rights to use obtained, the modification is accounted for as a separate lease, in all other cases, where the renegotiated increases the scope of the lease (whether that is an extension to the lease term, or one or more additional assets being leased), the lease liability is remeasured using the discount rate applicable on the modification date, with the right-of-use asset being adjusted by the same amount. If the renegotiation results in a decrease in the scope of the lease, both the carrying amount of the lease liability and right-of-use asset are reduced by the same proportion to reflect the partial or full termination of the lease with any difference recognised in profit or loss. The lease liability is then further adjusted to ensure its carrying amount reflects the amount of the renegotiated payments over the renegotiated term, with the modified lease payments discounted at the rate applicable on the modification date and the right-of-use asset is adjusted by the same amount.

(d) Financial instruments

(i) Financial assets

A financial asset (unless it is a trade receivable without a significant financing component) is initially measured at fair value plus, for an item not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the assets and the cash flow characteristics of the asset.

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets at amortised cost are subsequently measured using the effective interest method. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain on derecognition is recognised in profit or loss.

Unlisted investment fund

Unlisted investment fund was stated in the consolidated statement of financial position at fair value with changes in fair value recognised in the consolidated statement of comprehensive income in the other income and gains and losses line based on the net asset value of the respective fund obtained from the relevant fund administrator. When the net asset value of an investment fund is not executable, the Group reviews the valuations of the underlying investments to assess the appropriateness of the net asset value as provided by the relevant fund administrator.

(ii) Impairment loss on financial assets

The Group recognises loss allowances for expected credit losses (“**ECLs**”) on trade receivables, contract assets and other financial assets measured at amortised cost. The ECLs are measured on either of the following bases:

- (1) 12-month ECLs: these are the ECLs that result from possible default events within the 12 months after the reporting date; and
- (2) lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. The shortfall is then discounted at an approximation to the assets’ original effective interest rate.

The Group has elected to measure loss allowances for trade receivables and contract assets using HKFRS 9 simplified approach and has calculated ECLs based on lifetime ECLs. The Group has established a provision matrix that is based on the Group’s historical credit loss experience except for the amounts have been more than 365 days past due, which are assessed individually. The ECLs also adjusted for forward-looking factors specific to the debtors and the economic environment.

For other financial assets at amortised cost, the ECLs are based on the 12-month ECLs. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information analysis, based on the Group’s historical experience and informed credit assessment and including forward-looking information.

4. SUMMARY OF MATERIAL ACCOUNTING POLICIES *(Continued)*

(d) Financial instruments *(Continued)*

(ii) Impairment loss on financial assets *(Continued)*

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Group considers a financial asset to be credit-impaired when: (1) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (2) the financial asset is more than 90 days past due.

Depending on the nature of the financial instruments, the assessment of a significant increase in credit risk is performed on either an individual or a collective basis. When the assessment is performed on a collective basis, the financial instruments are grouped based on shared credit risk characteristics, such as past due status.

The Group considers a financial asset to be credit-impaired upon occurrence of the following:

- the debtor is in significant financial difficulty;
- a breach of contract, such as a default or being more than 90 days past due;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

The Group writes off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

Interest income on credit-impaired financial assets is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset. For non credit-impaired financial assets, interest income is calculated based on the gross carrying amount.

(d) Financial instruments *(Continued)*

(iii) Financial liabilities at amortised cost

Financial liabilities at amortised cost including trade and other payables and bank borrowings are subsequently measured at amortised cost, using the effective interest method. The related interest expense is recognised in profit or loss.

Gains or losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

(iv) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument. A financial guarantee contract issued by the Group and not designated as at FVTPL is recognised initially at its fair value less transaction costs that are directly attributable to the issue of the financial guarantee contract. Subsequent to initial recognition, the Group measures the financial guarantee contract at the higher of: (i) the amount of the loss allowance, being the ECLs provision measured in accordance with principles of the accounting policy; and (ii) the amount initially recognised less, when appropriate, cumulative amortisation recognised over the guarantee period.

(v) Derecognition

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with HKFRS 9.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

Provision of Construction Works

The Group provides the installation services and alteration and addition works (together the "Construction Works") based on contracts entered into with customers before commencement of the construction projects. Installation services involves supplying and carrying out fire prevention system installation services; while alteration and addition works involve provision of alteration and addition services on existing fire prevention system of customers. The Construction Works provide a distinct and significant integration contract work which are considered a single performance obligation with regard to the contracts. In addition, the performance obligation on the contracts is assessed to be satisfied over time as the Group provides the Construction Works on customers' sites which creates an asset that the customers control. Progress towards complete satisfaction of performance obligation on the contracts is measured using the input method that is established by reference to the costs incurred up to the reporting date as a proportion of the total estimated costs.

Contract costs incurred comprise cost of materials sourced from outside vendors, engineer cost and other costs of personnel directly engaged in the contracts and where applicable subcontracting cost and attributable overheads.

For warranty included in the construction contracts, the Group accounts for the warranty in accordance with HKAS 37 Provisions, Contingent Liabilities and Contingent Assets unless the warranty provides the customer with a service in addition to the assurance that the Construction Works comply with the agreed-upon specifications.

If at any time the unavoidable costs of meeting contractual obligations are estimated to exceed the remaining amount of the economic benefits expected to be received under the contract, a provision is recognised in accordance with the policy set out in "Onerous contracts" below.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the net cost of fulfilling it and any compensation or penalties arising from failure to fulfil it.

Provision of maintenance services

The Group provides maintenance services based on contracts entered with customers. Under the terms of the contracts, the customers simultaneously receive and consume the benefits as and when the Group provides these services. Accordingly, the Group recognises revenue from maintenance services over time on a straight line basis over the terms of the maintenance contracts.

Contract assets and liabilities

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration or an amount of consideration is due from the customer.

A contract asset and a contract liability relating to the same contract are accounted for and presented on a net basis.

Interest income

Interest income is recognised as it accrues using the effective interest method. For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the asset. For credit-impaired financial assets, the effective interest rate is applied to the amortised cost (i.e. gross carrying amount net of loss allowance) of the asset.

(f) Income taxes

Income taxes comprise current tax and deferred tax.

Current tax is based on the profit or loss from ordinary activities adjusted for items that are non-assessable or disallowable for income tax purposes and is calculated using tax rates that have been enacted or substantively enacted at the end of the reporting period. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects any uncertainty related to income tax.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

4. SUMMARY OF MATERIAL ACCOUNTING POLICIES (Continued)

(f) Income taxes (Continued)

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for tax purposes. Except for goodwill not deductible for tax purposes and initial recognition of assets and liabilities that are not part of the business combination which affect neither accounting nor taxable profits and does not give rise to equal taxable and deductible temporary differences, taxable temporary differences arising on investments in subsidiaries, where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised, provided that the deductible temporary differences are not arises from initial recognition of assets and liabilities in a transaction other than in a business combination that affects neither taxable profit nor the accounting profit and does not give rise to equal taxable and deductible temporary differences. Deferred tax is measured at the tax rates appropriate to the expected manner in which the carrying amount of the asset or liability is realised or settled and that have been enacted or substantively enacted at the end of the reporting period, and reflects any uncertainty related to income taxes.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income tax levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

(g) Employee benefits

(i) Short-term employee benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service.

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the reporting period.

Non-accumulating compensated absences such as sick leave and maternity leave are not recognised until the time of leave.

(g) Employee benefits (Continued)

(ii) Defined contribution retirement plans

The Group's subsidiaries which operates in Hong Kong operate a defined contribution Mandatory Provident Fund retirement benefit scheme (the "**MPF Scheme**") under the Mandatory Provident Fund Schemes Ordinance for its employees. Contributions are made based on a percentage of the employees' basic salaries and are charged to the statement of profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

Contributions to defined contribution retirement plans are recognised as an expense in profit or loss when the services are rendered by the employees. For forfeited contributions that are not vest fully, if any, may be used to reduce the existing level of contributions.

(iii) Termination benefits

Termination benefits are recognised on the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises restructuring costs involving the payment of termination benefits.

(iv) Employee benefits – Defined benefit schemes

Long service payment under ("**LSP**") the Hong Kong Employment Ordinance (the "**Ordinance**") is categorised as a defined benefit plan. Employees qualified under the Ordinance are entitled to LSP in certain circumstances specified in the Ordinance. There are no legal funding requirements on employers and the Group does not have any arrangement in place to settle its payment obligation in the future.

The Group's obligation to LSP is measured at:

- Gross LSP obligation which is estimated using the projected unit credit method discounted to its present value using market yields available on high quality corporate bonds (or government bonds if there is no deep market in such high quality corporate bonds) that have maturity dates approximating to the terms of the liabilities and are denominated in Hong Kong Dollars which is the currency of the LSP obligations; less
- Negative service costs. Under the Ordinance and the MFP Schemes Ordinance, the Group can offset the accrued benefits derived from the Group's MPF contributions against the Group's LSP obligations. The Group regards these MPF contributions are deemed contributions by employees towards the LSP benefits. The nature is negative service costs. These deemed contributions are estimated by applying an expected investment return rate on the MPF contributions and then attributed to periods of service using the same attribution method for gross LSP obligation.

(g) Employee benefits *(Continued)*

(iv) Employee benefits – Defined benefit schemes *(Continued)*

Service costs are recognised in profit or loss, and include current and past service costs (including result from a plan amendment).

Interest expense is recognised in profit or loss, and is calculated by applying the discount rate used to measure the LSP obligation at the beginning of the annual period to the balance of the LSP obligation, considering the effects of benefit payments during the period.

Remeasurements of the LSP obligation, including actuarial gains and losses, are recognised in other comprehensive income.

(h) Impairment of non-financial assets

At the end of each of the reporting period, the Group reviews the carrying amounts of property, plant and equipment (including right-of-use assets) and intangible assets with finite useful lives to determine whether there is any indication that those assets have suffered an impairment loss or an impairment loss previously recognised no longer exists or may have decreased.

If the recoverable amount (i.e. the higher of the fair value less costs of disposal and value in use) of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised in profit or loss immediately.

5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

The key sources of estimation uncertainty that have significant risks of resulting in material adjustments to the carrying amounts of assets and liabilities within next financial year are as follows:

(a) Revenue recognition of provision of the Construction Works

Management measured the progress towards complete satisfaction of performance obligation of individual construction contract using the input method by reference to the costs incurred up to the reporting date as a proportion of the total estimated costs each construction contract. Total contract costs to completion of individual contract, which mainly comprise subcontracting charges, cost of materials and direct labour, are estimated based on latest available budgets prepared by the management on the basis of estimated costs quoted by subcontractors, suppliers or vendors as well as the experience of the project team. In order to ensure that the total estimated contract costs are accurate and up-to-date such that contract revenue can be estimated reliably, management reviews the contract budget, costs incurred to date and costs to completion regularly, in particular in the case of costs over-runs, if any, and revises the estimated contract costs where necessary.

Notwithstanding that the management regularly reviews and revises the estimates of total contract costs for each construction contract as the contract progresses, the actual outcome of the contract in terms of its total costs may be higher or lower than the estimates and this will affect the revenue and profit recognised.

(b) Impairment of trade receivables and contract assets

The impairment allowances for trade receivables and contract assets are measured by lifetime ECLs. The management estimated the ECLs rates by considering the market conditions, management's knowledge about the customers (including their reputation, financial capability and historical payment history), and the current and forward-looking information on macroeconomic factors that relevant to determine the ability of customers to settle the receivables at the end of each of the reporting period. As at 31 March 2024, the Group's gross trade receivables and contract assets and their related impairment allowances amounted to HK\$24,843,000, HK\$200,120,000, and HK\$797,000 (2023: HK\$39,508,000, HK\$168,446,000, and HK\$1,033,000) respectively.

5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

Key sources of estimation uncertainty (Continued)

(c) Estimated IBR in the lease

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its IBR to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use assets in a similar economic environment. The IBR therefore reflects what the Group “would have to pay”, which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when they need to be adjusted to reflect the terms and condition of the lease. The Group estimates the IBR using observable inputs (such as market interest rate) when available and is required to make certain entity specific estimates (such as the subsidiary’s stand-alone credit rating). As at 31 March 2024, the Group’s lease liabilities amounted to HK\$2,448,000 (2023: HK\$4,882,000).

6. SEGMENT REPORTING

The executive directors of the Company, who are the chief operating decision-makers of the Group, review the Group’s internal reporting in order to assess performance and allocate resources. Management has determined the operating segments based on reports reviewed by the executive directors of the Company that are used to make strategic decisions.

The Group has three reportable segments. The segments are managed separately as each business offers different services and requires different business strategies.

The following summary describes the operations in each of the Group’s reportable segments:

- Installation services – supply and carrying out installation services;
- Alteration and addition works – provision of alteration and addition works on existing system of customers; and
- Maintenance services – provision of repair and maintenance services.

The Group’s chief operating decision-makers made decision according to the segment performance which is evaluated based on reportable segment profit or loss, without the allocation of other income and gains and losses, net reversal of impairment losses of trade receivables and contract assets, administrative and other operating expenses, transfer listing expenses and finance costs.

Since total assets, liabilities and capital expenditures for each reportable segment are not regularly reviewed by the chief operating decision-makers, the directors are of the opinion that the disclosure of such information is not necessary.

Moreover, as the directors consider the Group’s revenue (determined based on the location of customers) and results are all materially derived in Hong Kong and no material consolidated assets of the Group are located outside Hong Kong, geographical segment information is therefore not presented.

| Alteration and addition works: | | |
| Customer III | 35,697 | N/A ¹ |

¹ Revenue from the customer contributed less than 10% of the total revenue of the Group for the respective year.

7. REVENUE

Revenue mainly represents income from provision of installation services, alteration and addition works and maintenance services during the reporting period.

(a) Disaggregation of the Group's revenue from contracts with customers

|--|------------------|------------------|
| Provision of installation services | 225,664 | 298,417 |
| Provision of alteration and addition works | 9,584 | 10,251 |

Based on the information available to the Group at the end of the reporting period, the management of the Group expects the transaction price amounting to HK\$235,248,000 (2023: HK\$308,668,000) allocated to the contracts under installation services and alteration and addition works as at 31 March 2024 will be recognised as revenue in the next 31 months (2023: 36 months).

The Group has applied the practical expedient under HKFRS 15 so that transaction price allocated to unsatisfied performance obligations under contracts for maintenance services is not disclosed as such contracts have an original expected duration of one year or less.

Under the ESS, the Group had to commit to spend these grants on payroll expenses, and not reduce employee head count below prescribed levels for a specified period of time. The Group had no unfulfilled obligations relating to this program as at 31 March 2023. The grants were deducted from payroll expenses recorded in cost of revenue and administrative and other operating expenses respectively.
- (ii) For the years ended 31 March 2024 and 31 March 2023, there were neither contributions forfeited by the Group nor had there been any utilisation of such forfeited contributions to reduce future contributions. As at 31 March 2024 and 31 March 2023, there were no forfeited contributions which were available for utilisation by the Group to reduce the existing level of contributions to the government defined contribution retirement benefit scheme.

| – Under/(over) provision in prior years | 6 | (10) |
| Deferred tax (note (b)) | (97) | 26 |
| | 658 | 868 |

For the years ended 31 March 2024 and 31 March 2023, subsidiaries operating in Hong Kong are subject to Hong Kong profits tax. Under two-tiered profits tax rates regime, if the entity has one or more connected entity, the two-tiered profits tax rates would only apply to the one which is nominated to be chargeable at the two-tiered rates. Hong Kong profits tax of the nominated entity is calculated at 8.25% on assessable profits up to HK\$2 million and 16.5% on any part of assessable profits over HK\$2 million.

11. INCOME TAX AND DEFERRED TAX (Continued)

(a) The amount of income tax in the consolidated statement of comprehensive income represents: (Continued)

For those entities which do not qualify for two-tiered profits tax rates, a profits tax rate of 16.5% on assessable profit shall remain in calculating Hong Kong profits tax.

The income tax for the reporting period can be reconciled to the profit before income tax in the consolidated statement of comprehensive income as follows:

| | 2024 HK\$'000 | 2023 HK\$'000 |
|--|------------------|------------------|
| Profit before income tax | 5,736 | 5,724 |
| Tax thereon at Hong Kong profits tax rate of 16.5% (2023: 16.5%) | 947 | 944 |
| Tax effect of income not taxable for tax purposes | (135) | (640) |
| Tax effect of expenses not deductible for tax purposes | 17 | 749 |
| Income tax at concessionary rate | (165) | (165) |
| Under/(over) provision in prior years | 6 | (10) |

12. BASIC AND DILUTED EARNINGS PER SHARE

The calculation of basic and diluted earnings per share is based on the following data.

| | 2024 HK\$'000 | 2023 HK\$'000 |
|---------------------|------------------|------------------|
| Earnings | | |
| Profit for the year | 5,078 | 4,856 |

|---|------------------|------------------|
| Financial assets measured at FVTPL | | |
| Unlisted investment fund | – | 4,453 |

The Group's investment in the above unlisted investment fund was mandatorily classified as financial assets at FVTPL as its contractual cash flows are not solely payments of principal and interest and this is not an equity instrument. Unlisted investment fund is stated at fair value based on the net asset value of the respective fund obtained from the relevant fund administrator. When the net asset value of an investment fund is not executable, the Group reviews the valuations of the underlying investments to assess the appropriateness of the net asset value as provided by the relevant fund administrator.

The unlisted investment fund has been fully redeemed during the year ended 31 March 2024.

Details of the fair value hierarchy of the financial assets at FVTPL are set out in Note 37 to the consolidated financial statements.

Notes:

- (a) The credit period granted to customers is normally 14 days. The ageing analysis of trade receivables, net of impairment, and based on invoice date as at the end of each of the reporting period is as follows:

| | 2024 HK\$'000 | 2023 HK\$'000 |
|----------------|------------------|------------------|
| Within 30 days | 9,573 | 21,406 |

19. CONTRACT ASSETS AND CONTRACT LIABILITIES

(a) Contract assets

| | 2024 HK\$'000 | 2023 HK\$'000 |
|---|------------------|------------------|
| Contract assets | | |
| Arising from performance under installation services and alteration and addition works (note (i)) | 178,358 | 146,816 |
| Retention receivables (note (i)) | 21,762 | 21,630 |
| | 200,120 | 168,446 |
| Less: Provision for impairment (note (iii)) | (169) | (251) |
| Contract assets, net | 199,951 | 168,195 |

Changes of contract assets during the year ended 31 March 2024 were mainly due to net impact on: (1) increase in the amount of retention receivables in accordance with the increase of certified amount of revenue during the year; and (2) increase in unbilled revenue due to the size and number of contracts in respect of the Construction Works that the relevant services were provided but yet certified by customers or external surveyors at the end of the reporting period.

Notes:

- (i) Invoices on revenue from installation services and alteration and addition works are issued according to the payment certificates approved by customers once certain milestones are reached. If the Group recognises the related revenue before it being unconditionally entitled to the consideration (i.e. when invoices are issued), the entitlement to consideration is classified as contract asset. Similarly, a contract liability is recognised when a customer pays consideration, or is contractually required to pay consideration and the amount is already due, before the Group recognises the related revenue.

Retention monies are retained by customers based on progress of projects. Generally 50% of the retention receivables will be released upon issuance of certificate of practical completion of the installation services and the remaining 50% of the balances will be released upon expiry of defect liability period as specified in the engineering contracts, which is usually 12 months.

The expected timing of recovery or settlement for contract assets as at each of the reporting period are as follows:

| | 2024 HK\$'000 | 2023 HK\$'000 |
|---|------------------|------------------|
| Within one year | 179,794 | 152,564 |
| More than one year and less than two years | 7,639 | 12,625 |
| More than two years and less than three years | 12,518 | 3,006 |
| Total contract assets | 199,951 | 168,195 |

- (ii) As at 1 April 2022, the balance of contract assets, net of impairment, was HK\$157,975,000.
- (iii) The Group recognised impairment of contract assets for the years ended 31 March 2024 and 31 March 2023 based on the related accounting policies stated in Note 4(d)(ii). Further details are set out in Note 36(a).

| At 31 March | 8,839 | 4,628 |

20. PLEDGED DEPOSITS

Pledged deposits are placed with financial institutions as collaterals for the surety bonds issued in favour of the customers of certain engineering contracts (Note 32). The Group has unconditionally and irrevocably agreed to indemnify the financial institutions for claims and losses the financial institutions may incur in respect of the surety bonds.

21. PLEDGED BANK DEPOSITS

Pledged bank deposits are pledged to secure facilities of the Group granted by banks as collaterals for the surety bonds issued in favour of the customers of certain engineering contracts (Note 32).

23. LEASE LIABILITIES

Nature of leasing activities

The Group leases a number of properties in Hong Kong and the periodic rent is fixed over the lease term. The Group also leases certain items of office equipment and motor vehicles. Leases of office equipment and motor vehicles comprise only fixed payments over the lease terms.

(a) Lease liabilities

The carrying amount of lease liabilities and the movements during the year are as follows:

| | 2024 HK\$'000 | 2023 HK\$'000 |
|-------------------------------------|------------------|------------------|
| At 1 April | 4,882 | 5,859 |

24. BANK BORROWINGS, SECURED

| | 2024 HK\$'000 | 2023 HK\$'000 |
|--|------------------|------------------|
| Current liabilities | | |
| <i>Secured and interest-bearing bank borrowings</i> | | |
| – Bank loans due for repayment within one year | 29,019 | 28,323 |
| – Bank loans due for repayment after one year (Note (b)) | 3,128 | – |
| – Bank overdrafts | 17,960 | 5,848 |
| | 50,107 | 34,171 |

Notes:

- (a) Bank loans and bank overdrafts are interest-bearing at floating rate. The interest rates of the Group's bank loans and bank overdrafts as at 31 March 2024 granted under banking facilities are ranged from 5.4% to 6.6% (2023: 4.4% to 6.5%) per annum.
- (b) The current liabilities as at 31 March 2024 include such bank loans that are not scheduled to repay within one year after the end of the reporting period. They are classified as current liabilities as the related loan agreements contain a clause that provides the lenders with an unconditional right to demand repayment at any time at their own discretion.
- (c) The Group's bank facilities are secured by corporate guarantee of the Company.

The Group's bank borrowings are scheduled to repay as of the end of the reporting period as follows:

| | 2024 HK\$'000 | 2023 HK\$'000 |
|---|------------------|------------------|
| On demand or within one year | 46,979 | 34,171 |
| More than one year, but not exceeding two years | 3,128 | – |
| | 50,107 | 34,171 |

The amounts due as disclosed above are based on the scheduled repayment dates in the loan agreements and no effect of any repayment on demand clause is taken into account.

25. LONG SERVICE PAYMENT LIABILITIES

Defined benefit scheme characteristics and funding

Under Employment Ordinance, Cap.57, an employee who has been employed under a continuous contract for not less than 5 years of service is eligible for LSP under the following circumstances:

- The employee resigns at age of 65 or above;
- The employee dies during employment;
- The employee resigns on ground of ill health;
- The fixed term employment contract expires without being renewed;
- The employee is dismissed which is not because of redundancy or serious misconduct

The LSP benefit is determined with reference to the employee's last full month's salary (capped at HK\$22,500) and number of years of service. The LSP benefit is capped at HK\$390,000 for each eligible employee. The accrued benefits derived from the Group's mandatory contributions under the mandatory provident fund scheme in respect of that employee can be used to offset the LSP benefit.

Under the Mandatory Provident Fund Schemes Ordinance, Cap. 485, the Group, as an employer, is required to make mandatory MPF contribution at 5% of the employee's monthly salary (capped at HK\$1,500). The Group makes the contribution to separate trustees. MPF scheme has attributes of a defined contribution plan.

In June 2022, Employment and Retirement Schemes Legislation (Offsetting Arrangement) (Amendment) Ordinance 2022 ("**the Amendment Ordinance**") was enacted. The Amendment Ordinance abolishes the use of the accrued benefits derived from employers' mandatory MPF contributions to offset LSP ("**the Abolition**"). Subsequently, the Government of HKSAR announced that the Abolition will take effect on 1 May 2025 ("**the Transition Date**").

The following key changes will take effect since the Transition Date:

- Accrued benefits derived from employers' mandatory MPF contributions cannot be used to offset the LSP in respect of the employment period after the Transition Date.
- The pre-transition LSP is calculated using the last month's salary immediately preceding the Transition Date, instead of using the last month's salary of employment termination date.

The accounting for the Group's LSP obligation, MPF contribution and the MPF-LSP offsetting is detailed in note 4(h).

25. LONG SERVICE PAYMENT LIABILITIES (Continued)

Long service payment

The net long service payment obligations are exposed to interest rate risk, the risk arising from changes in employees' average longevity at retirement or termination of employment, expected rate of future salary increase and market risk associated with investment returns of employees' MPF Scheme.

The most recent actuarial valuation of the present value of the net defined benefit obligations was carried out on 31 March 2024 by independent professional valuer, BonVision International Appraisals Limited, using the projected unit credit actuarial valuation method.

The movements in the net defined benefit obligations are as follows:

| | 2024 HK\$'000 | 2023 HK\$'000 |
|---|------------------|------------------|
| At 1 April | 1,054 | 869 |
| Expenses recognised in profit or loss: | | |
| Current service cost | 326 | 185 |
| Interest cost | 86 | – |
| Remeasurements recognised in other comprehensive income: | | |
| Actuarial gains arising from changes in financial assumptions | (178) | – |
| At 31 March | 1,288 | 1,054 |

The weighted average duration of the defined benefit obligation is ranged from 18 years and 19 years (2023: 16 years and 22 years).

Significant actuarial assumptions and sensitivity analysis are as follows:

| | 2024 | 2023 |
|------------------------|-------------|-------------|
| Discount rate | 3.7% | 3.2% |
| Employee turnover rate | 29.5%-34.2% | 28.9%-32.6% |

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

25. LONG SERVICE PAYMENT LIABILITIES *(Continued)*

The below analysis shows how the defined benefit obligation would have increased/decreased as a result of 1% change in the significant actuarial assumptions:

| | 2024 | | 2023 | |
|-----------------------------------|---|----------|---|----------|
| | Change in significant actuarial assumptions | HK\$'000 | Change in significant actuarial assumptions | HK\$'000 |
| Discount rate – increase | 1% | (155) | 1% | (195) |
| Discount rate – decrease | (1)% | 244 | (1)% | 263 |
| Employee turnover rate – increase | 1% | (36) | 1% | (37) |
| Employee turnover rate – decrease | (1)% | 48 | (1)% | 85 |

The above sensitivity analysis is based on the assumption that changes in actuarial assumptions are not correlated and therefore it does not take into account the correlations between the actuarial assumptions.

27. SHARE OPTION SCHEME

A share option scheme (the “**Scheme**”) was approved and adopted by the Company on 24 January 2018.

The Scheme is effective for a period of 10 years commencing on 12 February 2018 of the Company. Under the Scheme, the board of directors may in its absolute discretion determine the subscription price at the time of grant of the relevant option but the subscription price shall not be less than whichever is the highest of: (i) the closing price of the shares as stated in the Stock Exchange’s daily quotations sheet on the date of the granting of the option; (ii) the average closing prices of the shares as stated in the Stock Exchange’s daily quotation sheets for the five business days immediately preceding the date of the granting of the option; and (iii) the nominal value of a share. An offer of grant of an option may be accepted by a participant within the date as specified in the offer letter issued by the Company, being a date not later than 28 days from the date upon which it is made, by which the participant must accept the offer or be deemed to have declined it, provided that such date shall not be more than 10 years after the date of adoption of the Scheme. A consideration of HK\$1 is payable on acceptance of the offer of grant of an option.

The period as the board of directors may in its absolute discretion determine and specify in relation to any particular option holder in his option agreement during which the option may be exercised (subject to such restriction on exercisability specified therein), which shall be not greater than the period prescribed by the GEM Listing Rules from time to time (which is, as at the date of adoption of the Scheme, a period of 10 years from the date of the grant of the option).

The limit on the number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and any other schemes must not exceed 30% of the shares in issue from time to time. No options may be granted under any schemes of the Company if this will result in the limit being exceeded. The total number of shares which may be issued upon exercise of all options to be granted under the Scheme and any other schemes of the Company must not in aggregate exceed 10% of the shares in issue at the time dealings in the shares first commenced on the Stock Exchange (excluding the shares which may be issued pursuant to the exercise of the options that may be granted under the Scheme) which amounts to 120,000,000 shares. Options lapsed in accordance with the terms of the Scheme or any other schemes will not be counted for the purpose of calculating the 10% limit.

No share options were granted under the Scheme up to 31 March 2024. Share options do not confer rights to the holders to dividends or to vote at shareholders’ meetings.

29. RESERVES

Details of the movements in the Group's reserves are as set out in the consolidated statement of changes in equity in these consolidated financial statements. The natures and purposes of reserves within equity are as follows:

- (a) Share premium account of the Company represents the excess of the proceeds received over the par value of the Company's shares issued.
- (b) Other reserve account represents the difference between the consideration of the GFE acquisition and the par value of the shares of the Company issued in exchange thereof pursuant to a reorganisation underwent in 2017.
- (c) In accordance with the provisions of the Macau Commercial Code, the Group is required to transfer a minimum of 25% of the annual net profit arising from its branch in Macau to legal reserve on the appropriation of profits to dividends until the reserve equals half of the Group's capital injection in the branch.

Details of the movements on the Company's reserves are as follows:

31. RELATED PARTY TRANSACTIONS

- (a) Save for those disclosed elsewhere in these consolidated financial statements, the Group has the following significant transaction with a related party:

| Related party identity and relationship | Type of transaction | 2024 HK\$'000 | 2023 HK\$'000 |
|--|-----------------------|------------------|------------------|
| Vistar Alliance Limited (“Vistar Alliance”), a related company | Lease payments (note) | 600 | 576 |

Note:

Vistar Alliance is owned by Mr. Poon Ken Ching Keung and Mr. Poon Ching Tong Tommy. GFE and Vistar Alliance renewed a lease agreement dated 8 March 2023, pursuant to which Vistar Alliance agreed to lease a property to GFE for a term of not more than two years from the date of the lease agreement at a monthly rental of HK\$50,000 (2023: HK\$48,000).

The terms of the above transaction was based on those agreed between the Group and the related company and the director.

(b) Compensation of key management personnel

Remuneration of key management personnel, who are directors of the Company, during the reporting period were disclosed in Note 14.

32. GUARANTEES

The Group provided guarantees in respect of the surety bonds issued in favour of the customers of certain engineering contracts. Details of these guarantees as of the end of the reporting period are as follows:

| | 2024 HK\$'000 | 2023 HK\$'000 |
|---|------------------|------------------|
| Aggregate value of the surety bonds issued in favour of customers | 36,829 | 24,309 |

The directors are of the opinion that it is not probable that the financial institutions would claim the Group for losses in respect of the guarantee contracts as it is unlikely that the Group is unable to fulfil the performance requirements of the relevant contracts. Accordingly, no provision for the Group's obligations under the guarantees has been made as at the end of the reporting period.

As at the end of the reporting period or during the reporting period, unless stated otherwise, the Group's bonding lines granted by the financial institutions and banks are secured by:

- (i) the Group's deposits in financial institutions and banks (Note 20 and Note 21); and
- (ii) corporate guarantees of group companies and the Company.

35. SUMMARY OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES BY CATEGORY

The following table shows the carrying amounts of financial assets and liabilities:

| | 2024 HK\$'000 | 2023 HK\$'000 |
|--|------------------|------------------|
| Financial assets | | |
| Financial assets at FVTPL | | |
| – Unlisted investment fund | – | 4,453 |
| Financial assets at amortised cost | | |

| – Pledged bank deposits | 8,563 | 5,589 |
| – Bank balances and cash | 52,612 | 39,356 |
| Financial liabilities | | |
| Financial liabilities at amortised cost | | |
| – Trade and other payables | 84,245 | 77,968 |
| – Bank borrowings, secured | 50,107 | 34,171 |

Note:

The carrying amounts of the financial assets at amortised cost included above approximate their fair values due to their short-term nature.

The carrying amounts of the financial liabilities (including current portion of bank borrowings) included above approximate their fair values due to their short-term nature.

The fair values of the non-current portion of bank borrowings have been calculated by discounting the expected future cash flows using rates currently available for borrowings with similar terms, credit risk and remaining maturities. The Group's own non-performance risk for bank borrowings as at 31 March 2024 and 31 March 2023 were assessed to be insignificant.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

36. FINANCIAL RISK MANAGEMENT AND CAPITAL MANAGEMENT

The Group is exposed to a variety of financial risks which comprise credit risk, interest rate risk and liquidity risk. The Group's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance. Risk management is carried out by the key management under the policies approved by the board of directors. The Group does not have written risk management policies. However, the directors meet regularly to identify and evaluate risks and to formulate strategies to manage financial risks.

Generally, the Group employs a conservative strategy regarding its financial risk management. As the directors consider that the Group's exposure to financial risk is kept at a minimum level, the Group has not used any derivatives or other instruments for hedging purposes. The most significant risks to which the Group is exposed to are described below:

(a) Credit risk

Credit risk refers to the risk that the counterparty to a financial instrument would fail to discharge its obligation under the terms of the financial instrument and cause a financial loss to the Group.

The Group's credit risk is primarily attributable to its trade and other receivables, contract assets, pledged deposits, pledged bank deposits and bank balances. Management has a credit policy in place and the exposures to credit risk are monitored on an ongoing basis.

The Group does not obtain collateral from the counterparties. At the end of the reporting period, the Group has a certain concentration of credit risk as 50% (2023: 34%) of the total trade receivables was due from the Group's five largest customers.

Trade receivables and contract assets

The Group measures the loss allowance for trade receivables and contract assets at an amount equal to lifetime ECLs. To measure the ECLs, the trade receivables and contracts assets have been grouped based on shared credit risk characteristics, such as past due status. The ECLs on trade receivables and contract assets are estimated using a provision matrix by reference to past default experience of the debtor over the past 3 (2023: 3) years, current market condition in relation to each debtor's exposure except for the amounts have been more than 365 days past due, which are assessed individually. The ECLs also incorporated forward-looking information with reference to general macroeconomic conditions that may affect the ability of the debtors to settle receivables.

36. FINANCIAL RISK MANAGEMENT AND CAPITAL MANAGEMENT (Continued)

(a) Credit risk (Continued)

Trade receivables and contract assets (Continued)

The movements in the allowances for impairment of trade receivables and contract assets are as follows:

| | Trade receivables HK\$'000 | Contract assets HK\$'000 | Total HK\$'000 |
|--|----------------------------------|--------------------------------|-------------------|
| At 1 April 2022 | 1,751 | 627 | 2,378 |

| Reversal of impairment losses recognised during the year | (1,135) | (376) | (1,511) |
| At 31 March 2023 and 1 April 2023 | 782 | 251 | 1,033 |
| Impairment losses recognised during the year | 478 | – | 478 |
| Reversal of impairment losses recognised during the year | (632) | (82) | (714) |
| At 31 March 2024 | 628 | 169 | 797 |

Other receivables

ECLs model for other receivables is summarised below:

Other receivables that are not credit-impaired on initial recognition are classified in "Stage 1" and have their credit risk continuously monitored by the Group. The ECLs are measured on a 12-month basis.

- If a significant increase in credit risk (as define below) since initial recognition is identified, the financial instrument is moved to "Stage 2" but is not yet deemed to be credit-impaired. The ECLs are measured on lifetime basis.
- If the financial instrument is credit-impaired, the financial instrument is then moved to "Stage 3". The ECLs are measured on lifetime basis.
- At Stages 1 and 2, interest income is calculated on the gross carrying amount (without deducting the loss allowance). If a financial instrument subsequently becomes credit-impaired (Stage 3), the Group is required to calculate the interest income by applying the effective interest method in subsequent reporting period to the amortised cost of the financial asset (the gross carrying amount net of loss allowance) rather than the gross carrying amount.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

36. FINANCIAL RISK MANAGEMENT AND CAPITAL MANAGEMENT *(Continued)*

(a) Credit risk *(Continued)*

Other receivables *(Continued)*

As at 31 March 2024 and 31 March 2023, no provision was made against the gross amount of other receivables because the Group considered the impact of the impairment of other receivables to be insignificant based on past credit history and the nature of the other receivables.

Pledged deposits, pledged bank deposits and bank balances

In respect of bank balances, pledged deposits and pledged bank deposits, the credit risk is limited because majority of the deposits are placed with reputable financial institutions.

The Group provides guarantees in respect of the surety bonds issued in favour of several customers. As at 31 March 2024 and 31 March 2023, the maximum exposure to credit risk of guarantees issued by the Group represented the maximum amount the Group could be required to pay if the guarantees were called on, which are disclosed in Note 32. Management considers that it is unlikely that the Group is unable to fulfil the performance requirements of the relevant contracts and accordingly, the Group's exposure to credit risk in this regard is low.

The credit policies have been consistently applied and are considered to be effective in managing the Group's exposure.

(b) Interest rate risk

Interest rate risk relates to the risk that the fair value or cash flows of a financial instrument will fluctuate because of changes in market interest rate. The Group's interest rate risk mainly arises from bank borrowings. Borrowings arranged at variable rates exposes the Group to cash flow interest rate risk.

All of the Group's bank borrowings at the end of the reporting period bear interest at floating rates. Details of bank borrowings are disclosed in Note 24.

The Group currently does not have an interest rate hedging policy. However, the management closely monitors interest rate exposure and will consider hedging significant interest rate exposure should the need arise.

Sensitivity analysis

The following sensitivity analysis demonstrates the Group's exposure to a reasonably possible change in interest rates on its floating-rate bank borrowings with all other variables held constant at the end of the reporting period (in practice, the results may differ from the sensitivity analysis below and the difference could be material):

| | Increase/(decrease) in profit and retained earnings | |
|---------------------------------|--|------------------|
| | 2024 HK\$'000 | 2023 HK\$'000 |
| Changes in interest rate | | |
| +1% | (418) | (285) |
| -1% | 418 | 285 |

The changes in interest rates do not affect the Group's other component of equity. The above sensitivity analysis is prepared based on the assumption that the borrowings period of the bank borrowing outstanding at the end of the reporting period resembles that of the corresponding financial years or periods. The assumed changes in interest rate are considered to be reasonably possible based on observation of current market conditions and represents management's assessment of a reasonably possible change in interest rate over the period until the next 12-month period.

(c) Liquidity risk

Liquidity risk relates to the risk that the Group will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group is exposed to liquidity risk in respect of settlement of trade and other payables, bank borrowings and lease liabilities, and also in respect of its cash flow management. The Group's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term. The liquidity policy has been followed by the Group for years and is considered to be effective in managing liquidity risks.

The following tables summarise the remaining contractual maturities of the Group's financial liabilities including bank loans with repayment on demand clause, based on undiscounted cash flows (including interest payments computed using contractual rates or if floating, based on rates ruling at the end of the reporting period) and the earliest date the Group can be required to pay.

Specifically, for bank loans which contains repayment on demand clause which can be exercised at banks' sole discretion, the analysis shows the cash outflow based on the earliest period in which the Group can be required to pay, that is if any of the lender was to invoke its unconditional rights to call the loan with immediate effect.

The amounts included above for financial guarantee contracts are the maximum amounts the Group could be required to settle under the arrangement for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee. Based on expectations at the end of the reporting period, the management considers that it is more likely than not that no amount will be payable under the arrangement. However, this estimate is subject to change depending on the probability of the counterparty claiming under the guarantee.

The following tables summarise the maturity analysis of the Group's bank loans with repayment on demand clause based on agreed scheduled repayments set out in the loan agreements. The amounts include interest payments computed using contractual rates. As a result, these amounts were greater than the amounts disclosed in the "on demand" time banding in the maturity analysis contained above. Taking into account the Group's financial position, the directors do not consider that it is probable that the bank will exercise its discretion to demand immediate repayment. The directors believe that such bank borrowings will be repaid in accordance with the scheduled repayment dates set out in the loan agreements.

(d) Capital management

The Group's capital management objectives are to safeguard the Group's ability to continue as a going concern in order to provide returns to shareholders and benefits for other stakeholders, to maintain an optimal capital structure, to reduce the cost of capital and to support the Group's stability and growth.

The Group monitors capital using gearing ratio, which is total debts to equity. Total debts include bank borrowings and lease liabilities. Equity represents total equity of the Group.

The directors of the Company actively and regularly review and manage the Group's capital structure, taking into consideration the future capital requirements of the Group, to ensure optimal shareholders' returns. The Group manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, raise new debts or sells assets to reduce debts.

37. FAIR VALUE MEASUREMENTS

Fair values of the Group's financial assets and liabilities at amortised cost are not materially different from their carrying amounts as explained in Note 35.

Financial instruments measured at fair value

Fair value hierarchy

The following table presents the fair value of the Group's financial instruments measured at the reporting date on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13 Fair Value Measurement. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follow:

- Level 1: Fair value measured using only Level 1 inputs, i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date;
- Level 2: Fair value measured using Level 2 inputs, i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available;
- Level 3: Fair value measured using significant unobservable inputs (i.e. not derived from market data).

Financial instruments measured at fair value (Continued)

Fair value hierarchy (Continued)

Reconciliation for financial instruments carried at fair value based on significant unobservable inputs (Level 3) are as follows:

| | 2024 HK\$'000 | 2023 HK\$'000 |
|---|------------------|------------------|
| At 1 April | 4,453 | 4,504 |
| Changes in fair value recognised in profit or loss (Note 8) | - | (51) |
| Redemption during the year | (4,431) | - |
| Loss on redemption | (22) | - |
| At 31 March | - | 4,453 |

The following table presents the Group's assets that are measured at fair value:

| | Level 1 HK\$'000 | Level 2 HK\$'000 | Level 3 HK\$'000 | Total HK\$'000 |
|--|---------------------|---------------------|---------------------|-------------------|
| Financial assets at FVTPL (Current) | | | | |
| - Unlisted investment fund | | | | |
| At 31 March 2023 | - | - | 4,453 | 4,453 |

The Group reviews the valuations of the underlying investments held by the investment fund by assessing the appropriateness of the net asset value as provided by the relevant fund administrator, and may make adjustments as it considers appropriate.

The Group considers that the change in the input to the valuation models disclosed above would not have a significant effect on the consolidated financial statements. No quantitative analysis has been presented.

As at 31 March 2022, the investment fund was stated with reference to the net asset value provided by the relevant fund administrator. A 1% increase/decrease in the fair value of assets and liabilities of the investee would result in an increase/a decrease in the fair value of the unlisted fund investment of HK\$45,000.

The Group did not have financial liabilities measured at fair value as at 31 March 2024 and 31 March 2023.

38. APPROVAL OF CONSOLIDATED FINANCIAL STATEMENTS
