TECHNOVATOR INTERNATIONAL LIMITED

同方泰德國際科技有限公司*

(incorporated in Singapore with limited liability)

(Stock Code: 1206)

PROFIT WARNING

This announcement is published by Technovator International Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors of the Company (the “**Board**”) would like to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on the preliminary review of the unaudited management accounts of the Group for the six months ended 30 June 2024, the Group is expected to record a loss ranging from approximately RMB70 million to RMB80 million for the six months ended 30 June 2024, as compared with the loss of approximately RMB13.9 million for the six months ended 30 June 2023. The increase in loss for the six months ended 30 June 2024 was mainly attributable to the decrease in revenue as a result of the delay in project investments, which was affected by the market environment and adjustments of government investment policies. Meanwhile, due to the increasingly keener competition in the industry, the Group maintained a lower gross profit margin to secure its market position, resulting in a significant adverse impact on net profit.

The information contained in this announcement is only based on a preliminary assessment by the Board based on the information currently available, including the unaudited consolidated management accounts of the Group for the six months ended 30 June 2024. Such information has not been audited by the Company’s auditors, or confirmed or reviewed by the audit committee of the Company. Detailed financial results of the Group for the six months ended 30 June 2024 will be disclosed in the Group’s interim results announcement, which is expected to be published by the end of August 2024.
