INTERIM REPORT

CHARACTERISTICS OF THE GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of Cool Link (Holdings) Limited (the "Company" and together with its subsidiaries, the "Group") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

17. SHARE OPTION SCHEME

The Company operates a share option scheme (the "Scheme") for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Eligible participants include (i) any Directors (whether executive or non-executive and whether independent or not) and any employee (whether full time or part time) of the Group; (ii) any consultants or advisers (in the areas of legal, technical, financial or corporate managerial) of the Group (whether on an employment or contractual or honorary basis or otherwise and whether paid or unpaid); any provider of goods and/or services to the Group; any customer of the Group; or any holder of securities issued by any member of the Group; and (iii) any other person, who at the sole discretion of the Board, has contributed to the Group. The Scheme became effective on 30 August 2017 and, unless otherwise cancelled or amended, will remain in force for 9 years from that date.

The maximum number of unexercised share options currently permitted to be granted under the Scheme is an amount equivalent, upon their exercise, to 10% of the shares of the Company in issue at any time. The maximum number of shares issuable under share options to each eligible participant in the Scheme within any 12-month period is limited to 1% of the shares of the Company in issue at any time. Any further grant of shares options in excess of this limit is subject to shareholders' approval in a general meeting.

Share options granted to a director, chief executive or substantial shareholder of the Company, or to any of their associates, are subject to approval in advance by the independent non-executive directors. In addition, any share options granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their associates, in excess of 0.1% of the shares of the Company in issue at any time or with an aggregate value (based on the price of the Company's shares at the date of the grant) in excess of HK\$5 million, within any 12-month period, are subject to shareholders' approval in advance in a general meeting.

The offer of a grant of share options may be accepted within 10 days from the date of the offer. The amount payable by the grantee to the Company on acceptance of the offer shall be a nominal amount to be determined by the Board. The exercise period of the share options granted is determinable by the directors, and commences after a certain vesting period and ends on a date which is not later than five years from the date of the offer of the share options or the expiry date of the Scheme, if earlier.

The exercise price of the share options is determinable by the directors, but may not be less than the highest of (i) the Stock Exchange closing price of the Company's shares on the date of the offer of the share options; (ii) the average Stock Exchange closing price of the Company's shares for the five trading days immediately preceding the date of the offer; and (iii) the nominal value of the Company's shares on the date of the offer, when applicable.

Share options do not confer rights on the holder to dividends or to vote at shareholders' meetings.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group is principally engaged in food and healthcare supplies business. During the six months ended 30 June 2024, the Group continued to supply products to ship chandlers, retailers and customers who are in the related service industry.

The Group's suppliers mainly comprise manufacturers and trading companies around the globe, including but not limited to Asia, Europe and Middle East. The process of procuring products from our overseas suppliers requires coordination between our suppliers (who are either original manufacturers, or trading companies), overseas freight forwarders, local freight forwarders and us. Our local suppliers deliver their products to our warehouse directly at their own cost. On occasion, where the need is urgent, we may collect the products from these local suppliers ourselves.

As regards our typical sales process, we maintain an orderly system established for customers to enquire and obtain quotations for products. We coordinate and communicate with customers on their orders. Once such requests for quotations are received, we prepare quotations based on our product offering, stock level and price. Once our response is received and accepted by the customer, the customer then submits a purchase order to us. We receive the purchase order, then issue invoices for the accepted orders and arrange for packing and delivery.

We supply various types of food products mainly including canned food and packaged beverages in the dry category, various dairy products in the chilled category and ice cream and frozen cakes and pies in the frozen category to our customers, who consist mainly of ship chandlers based in Singapore. Our major products being sold include cheeses, juices, milk, ice-cream and bread etc. We also provide certain value-added food processing services.
