**ANNUAL RESULTS ANNOUNCEMENT  
FOR THE YEAR ENDED 31 DECEMBER 2024**

The board (the “**Board**”) of directors (the “**Directors**”) of Grace Life-tech Holdings Limited (the “**Company**”) is pleased to announce the audited consolidated financial results of the Company and its subsidiaries for the year ended 31 December 2024. This announcement, containing the full text of the 2024 Annual Report of the Company, complies with the relevant requirements of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) in relation to information to accompany preliminary announcement of annual results.

By Order of the Board  
**Grace Life-tech Holdings Limited**  
**Ng Khing Yeu**  
*Chairman*

Hong Kong, 31 March 2025

*As at the date of this announcement, the executive Directors are Mr. Ng Khing Yeu, Ms. Li Xiaolan and Mr. Wang Er, and the independent non-executive Directors are Dr. Wang Ling, Mr. Dong Jie and Mr. Leung Yiu Cho.*

Basic loss per share (US cents)		<b>3.21</b>	2.63	
Proposed final dividend (US cents)		–	–	

## Notes:

1. Net loss margin is calculated by dividing attributable to owners of the Company by revenue.
2. Return on assets represents the net loss attributable to the owners of the Company as percentage of the average of period-beginning balance and period-ending balance of total assets.
3. Current ratio is the ratio of total current assets to total current liabilities.

# CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the Board of Directors of Grace Life-Tech Holdings Limited, I am pleased to present the 2024 annual report to the Shareholders.

According to the "World Economic Outlook" report released by the International Monetary Fund (IMF) on 17 January the global economic growth rate in 2025 is expected to be 3.3%, an upward revision of 0.1 percentage points from the forecast in October 2024. The global economic growth rate for 2025 is also expected to be 3.3%, consistent with the October 2024 forecast. The report indicates that the global average inflation rate is declining, with an expected rate of 4.2% in 2025 and 3.5% in 2026. The world economy is gradually recovering to its pre-pandemic growth momentum, but the development gap between economies is widening. Among developed countries, the Eurozone's economic growth is relatively slow, with an expected growth rate of 1% in 2025. The main constraints on economic growth include weak manufacturing, low consumer confidence, and energy price shocks. The economic growth rate of emerging markets and developing economies is expected to be 4.2% in 2025. Due to uncertainties in trade-related policies, demand in many countries remains weak. However, these uncertainties are expected to gradually diminish in the future, leading to a steady recovery in economic activity.

On 5 March 2025, the State Council of China released the Government Work Report ("Government Work Report"). According to the Government Work Report, China's gross domestic product (GDP) in 2024 reached RMB134.9 trillion, growing by 5%, ranking among the highest among major global economies, with a contribution to global economic growth remaining around 30%. Employment and prices remained generally stable, with 12.56 million new urban jobs created, an average urban surveyed unemployment rate of 5.1%, and a consumer price index (CPI) increase of 0.2%. The balance of international payments was basically stable, with foreign trade reaching a historic high, a steady increase in the international market share, and foreign exchange reserves exceeding US\$3.2 trillion. Social security and livelihood protection were solid, with a real increase of 5.1% in per capita disposable income. The achievements in poverty alleviation continued to be consolidated and expanded, and the support for compulsory education, basic pension, basic medical care, and social assistance was strengthened. Key risk areas were effectively mitigated in an orderly manner, and overall social stability was maintained.

The Government Work Report sets key economic growth targets for 2025, including a GDP growth of around 5%, an urban surveyed unemployment rate of around 5.5%, and a consumer price increase of around 2%. Currently, domestic demand remains weak, and the profit growth rate and return on equity (ROE) of listed companies are under overall pressure. There is still a need for pro-growth policies. Policy measures include "implementing a more proactive fiscal policy and a moderately accommodative monetary policy," with the deficit ratio planned at around 4%. The issuance of ultra-long-term special government bonds is planned at RMB1.3 trillion, with an additional RMB500 billion in special government bonds to support capital replenishment for large state-owned commercial banks. The top five government work priorities for this year are: (1) "Vigorously boosting consumption and improving investment efficiency, comprehensively expanding domestic demand," (2) "Developing new quality productivity based on local conditions and accelerating the construction of a modern industrial system," (3) "Deeply implementing the strategy of invigorating the country through science and education and enhancing the overall efficiency of the national innovation system," (4) "Accelerating the implementation of landmark reform measures to better leverage economic system reforms," and (5) "Expanding high-level opening-up and actively stabilizing foreign trade and foreign investment."

## CHAIRMAN'S STATEMENT

During the reporting period, the company continued to maintain steady growth in the plant stem cell business and further increased investment in research and market expansion. Driven by innovation and technological breakthroughs, the company continuously optimized the efficacy and application scope of plant stem cell products, significantly enhancing their market competitiveness. The continuous growth in sales revenue has further solidified the position of the plant stem cell business as a core part of the company's overall operations and strengthened its leading advantage in the industry. The company remains committed to technological innovation as its core strategy, driving product upgrades and market expansion to meet the growing consumer demand and enhance brand influence.

As the core business segment for the company's future development, the plant stem cell business continues to focus on innovation, sustainability, and industrial advancement. The company is strengthening product research and development, launching more competitive plant stem cell products, and actively exploring diversified applications in healthcare, beauty, and pharmaceuticals to expand market coverage. Additionally, the company remains committed to sustainability by adopting environmentally friendly measures in production, ensuring efficient resource utilization, and reducing carbon emissions to meet the highest environmental standards in the industry. At the same time, the company actively promotes industry development through deep cooperation with domestic and international research institutions and industry partners, jointly driving innovation and progress in the plant stem cell industry. Moving forward, the company will continue to dedicate efforts to technological research, market expansion, and sustainable operations to consolidate its competitive advantage in the global market.

Regarding mining assets, in 2024, the company's iron ore business in Malaysia faced severe challenges due to the decline in iron ore prices and rising outsourcing costs, resulting in a significant impact on profitability. To address operational pressures, the company decided to temporarily suspend production and will resume operations once the market recovers and costs return to reasonable levels. Despite the business suspension, the company remains proactive in seeking strategic investors to optimize production, reduce costs, expand sales channels, and enhance cash flow, laying a foundation for future recovery. Meanwhile, the company will closely monitor industry trends and adjust operational strategies accordingly to ensure the long-term value and sustainable development of its mining assets.

Overall, in 2025, the company will continue to steadfastly execute its strategic plan, focusing on innovation and sustainable development to drive the steady advancement of both its plant stem cell and mining businesses. Amid the ever-changing global economic environment, the company will maintain flexibility, actively respond to market challenges, and remain committed to creating long-term value for shareholders and stakeholders.

During 2024, our revenue was approximately US\$14 million, representing a decrease of approximately 49% as compared to US\$27 million recorded in 2023. Our gross profit for 2024 was approximately US\$2.2 million, as compared to a gross profit of approximately US\$2.8 million in 2023. We recorded a loss for the year of US\$48 million in 2024, representing an increase of approximately 22% as compared to US\$40 million in 2023.

Finally, I would like to take this opportunity to sincerely thank the management team and all employees for their dedication and hard work. I also extend my gratitude to our investors, banks, and business partners for their continuous trust and strong support of Grace Life-Tech Holdings Limited.

**Ng Khing Yeu**

*Chairman and Chief Executive Officer*

Hong Kong, 31 March 2025

# MANAGEMENT DISCUSSION AND ANALYSIS

## OVERVIEW OF BUSINESS DEVELOPMENT

The Company acts as an investment holding Company, and its principal business activities are: 1) the research, development, and application of plant stem cell technology, providing holistic health solutions and product sales; 2) iron ore exploration, mining, crushing and beneficiation as well as sale of iron ore products; and 3) investment holding. The Group is also engaged in the trading of other products during the year ended 31 December 2024 (“Year”). The primary mining asset of the Group is the iron-ore reserves in Ibam Mine, which is located in the State of Pahang, Malaysia.

### Further Expansion of the Plant Stem Cell Business

During the Period, the performance of the Group’s plant stem cell business remained stable. Not only did its proportion of the Company’s total revenue further increase, but significant progress was also achieved in terms of business breadth and depth. This business has become one of the Company’s most important revenue sources, with growth momentum expected to continue in the second half of the year. In response to the growing market demand for plant stem cell products, the Company has decided to expand further into the construction and operation of traditional Chinese medicine (TCM) production bases. By integrating modern biotechnology with traditional Chinese medicine concepts, the Company plans to launch innovative plant stem cell-based TCM products to meet the market demand for high-quality health products. The Company will continue to strengthen its leadership in this field and consolidate its market share through ongoing innovation and product optimization to achieve sustainable business growth.

## CORE PRODUCTS AND MARKET DEPLOYMENT

### “Human Health” Sector

The Company continues to expand its research and development of functional health products, covering anti-aging skincare products, oral nutritional supplements, and precision medical-grade plant active ingredient products designed for chronic disease management. Leveraging plant stem cell technology, the Company has introduced a series of products catering to different consumer needs, including immune enhancement, metabolic improvement, and cardiovascular health maintenance. Additionally, functional fast-moving consumer goods (FMCG) beverages will be a market focus in 2025, with plans to launch innovative products such as Seuyuan Ginseng Beverage and Sweet Tea Ginseng Tissue Culture Beverage to meet the growing consumer demand for healthy drinks.

For market deployment, the Company will utilize diversified distribution channels, including distributors, private domain traffic platforms, and offline health management centers. The Company will also expand its automated vending machine network, planning to install 10,000 vending machines in high-footfall locations such as shopping malls, office buildings, and hotels across China to reach a broader consumer base.

### “Soil Health” Sector

The Company has launched soil remediation agents and plant disease-resistant growth-promoting enzymes, utilizing advanced plant-based microbial community-directed regulation technology. These products effectively degrade pesticide residues and heavy metal pollution in soil while enhancing soil self-recovery capabilities, providing a green and sustainable solution for modern agriculture. In 2025, the Company will implement large-scale soil improvement programs in sugarcane-growing regions such as Zhanjiang in Guangdong and Chongzuo in Guangxi. Additionally, a pilot organic agriculture soil restoration project will be introduced in the Maojian tea plantations of Xinyang, Henan, to support the sustainable cultivation of high-end agricultural products.

# MANAGEMENT DISCUSSION AND ANALYSIS

## “Water Health” Sector

The Company focuses on the application of aquatic ecosystem restoration technology, developing water purification products based on plant stem cell microecological synthesis. These products effectively decompose pollutants in water, reduce harmful substance accumulation in aquaculture environments, and enhance the survival and growth quality of aquatic organisms. The crayfish farming industry in Qianjiang, Hubei, has become an important partner of the Company. Based on prior experimental data, the Company plans to fully implement water restoration technology in the aquaculture industry in 2025 to improve water environments and promote the sustainable development of the aquaculture sector.

## “Air Health” Sector

Utilizing plant stem cell extraction technology, the Company has developed an active fuel efficiency enhancer that effectively improves fuel molecular structure, enhances combustion efficiency, reduces vehicle emissions, lowers carbon emissions, and extends engine lifespan. In the future, the Company will promote this product online through e-commerce platforms such as Douyin and Xiaohongshu while expanding traditional sales channels by establishing long-term partnerships with auto repair shops, gas stations, and logistics companies to drive the adoption of green mobility concepts.

## Adjustment and Future Outlook of the Iron Ore Business

In the mining segment, the Company’s iron ore business in Malaysia faced severe challenges in 2024. Due to the further decline in iron ore prices compared to 2023, the Company’s profitability was significantly impacted. Additionally, rising costs from outsourced service providers further increased operational pressure, making iron ore production unprofitable. Against this backdrop, the Company has decided to suspend its iron ore business until market prices recover and production costs return to reasonable levels.

Despite the temporary suspension, the Company is actively seeking strategic investors to optimize production processes, reduce operating costs, expand sales channels, and introduce additional cash flow, laying a foundation for future business recovery. The Company will continue monitoring industry trends, assessing market changes, and adjusting operational strategies at the appropriate time to ensure the long-term value and sustainability of its mining assets.

## Continuous Advancement of Diversified Development Strategy

To maintain core competitiveness, the Company will continue to deepen its technology research and development in 2025. It plans to establish a global R&D center and engage in in-depth collaborations with renowned research institutions such as the Chinese Academy of Sciences and MIT Plant Laboratory. These efforts will focus on key technological breakthroughs in targeted plant stem cell cultivation and biosynthesis of active ingredients. Additionally, the Company will accelerate its patent portfolio, covering extraction processes, application technologies, and product design, to strengthen technological barriers and consolidate its industry-leading position.

Regarding market expansion, the Company will fully promote the distribution of functional beverage FMCG products by deploying 10,000 vending machines nationwide and establishing dedicated counters for plant stem cell skincare products in high-end shopping malls to enhance brand influence. Furthermore, the Company will accelerate the development of health management centers, planning to establish over 50 plant stem cell health management chain centers across the country in 2025. These centers will provide personalized health solutions for various consumer needs and advance the clinical application and certification of plant-derived active ingredients in precision medicine through collaborations with medical institutions.

# MANAGEMENT DISCUSSION AND ANALYSIS

In the environmental health sector, the Company will actively participate in government environmental protection projects by offering customized pollution control solutions, including urban wastewater treatment and soil remediation projects. Additionally, it will develop customized ecological restoration solutions tailored to specialty agricultural industries to support sustainable agricultural development.

For industry chain synergy, the Company will continue improving its entire industry chain layout, from upstream raw material production to downstream product applications. Plans are in place to establish a domestic plant stem cell production base to ensure the control and stable supply of key raw materials. Simultaneously, the Company will strengthen cooperation with biotechnology enterprises to expand product application scenarios, providing efficient and targeted health solutions for a broader population with suboptimal health conditions.

## MARKET REVIEW AND OUTLOOK

### The Big Health Industry

Health is a comprehensive concept proposed in response to changes in the times, societal needs, and disease patterns. “Big Health” refers to the collective activities of health maintenance, health restoration, and health promotion, including the production of health-related products, the provision of health services, and the dissemination of health information. It encompasses multiple sectors closely related to human health, such as the pharmaceutical industry, medical services, elderly care, nutrition and health food, medical and healthcare equipment, wellness services, and health consulting and management.

The “Healthy China 2030” Planning Outline issued by the Central Committee of the Communist Party of China and the State Council emphasizes that health should be prioritized in strategic development, ensuring a positive and coordinated development between health and the economy. Meanwhile, with the upgrading of China’s consumption structure, the increasing awareness of health among residents, and continuous innovations in health products and technologies, the potential of the health consumption market is rapidly being unleashed. Data indicates that by 2030, China’s health industry is expected to reach a total output value of 16 trillion yuan, making the Big Health industry one of the most promising industries of the 21st century.

As population aging accelerates and the number of chronic disease patients continues to rise, market demand for the health industry will continue to climb. According to the “China Population Situation Report 2024,” the proportion of the elderly population aged 65 and above reached 15.4% in 2023, and it is expected to exceed 20% around 2030, entering the stage of a “super-aged society.” By 2084, China’s elderly population is projected to account for about half of the total population. The growing demand for elderly care, medical services, and specialized health products is fueling the momentum of the health industry. Additionally, with the increasing number of sub-healthy individuals, the rise of young and middle-aged health-conscious consumers is becoming an unstoppable trend. They place greater emphasis on healthy diets, nutritional supplements, and physical exercise, bringing new growth opportunities to the health industry.

# MANAGEMENT DISCUSSION AND ANALYSIS

## Health Supplements Market

China's health supplements industry continues to expand with strong growth momentum. The steady rise in urban residents' per capita disposable income, the intensification of population aging, and the increasing awareness of health are driving the continuous release of demand in the health supplement market, with penetration rates steadily increasing. According to iiMedia Research, the market size of China's health supplement industry reached 387.9 billion yuan in 2023, a year-on-year increase of 29.78%. It is projected to reach 506.7 billion yuan by 2028, with an annual growth rate of 19.59%. Data from Euromonitor shows that between 2018 and 2023, the compound annual growth rate (CAGR) of China's health supplement market was 6.9%, outpacing the United States, the United Kingdom, and Japan. However, China's per capita consumption of health supplements remains relatively low – only US\$405 in 2023, far below developed countries – indicating significant market growth potential in the future.

Rising consumer purchasing power is driving industry development. In 2023, China's per capita GDP reached 89,358 yuan, a year-on-year increase of 5.4%, surpassing the global average. Urban residents' per capita disposable income increased from 19,000 yuan in 2010 to 52,000 yuan in 2023. The rise in purchasing power and consumption upgrading have led people to pursue a higher quality of life, laying the foundation for the expansion of the health supplement market. Additionally, medical and healthcare expenditures are growing rapidly. In 2023, the per capita healthcare expenditure of urban residents reached 2,850 yuan, a substantial increase from 318.07 yuan in 2000, reflecting a higher level of public attention to health, further driving the demand for health supplements.

Population aging presents new opportunities. According to the National Bureau of Statistics, the population aged 60 and above increased from 185 million (13.7%) in 2011 to 297 million (21.1%) in 2023. Particularly after the COVID-19 pandemic, elderly individuals have become more health-conscious, leading to increased demand for health supplements. The rise in life expectancy has also further stimulated market demand, with China's average life expectancy increasing from 65 years in 1981 to 78 years in 2020. In 2023, the proportion of people aged 65 and above reached 14.27%, and the accelerating aging trend is making the health supplement market increasingly promising.

## Iron Ore Market Review and Outlook

In the first quarter of 2024, under the dominance of pessimistic expectations in the ferrous metals market, the contraction of steel profits suppressed steel mills' willingness to restart production. After the Chinese New Year, hot metal production declined counter-seasonally, leading to a rapid accumulation of iron ore inventory and a weakening of prices alongside the broader ferrous market. After the Qingming Festival, as overseas manufacturing PMI expanded again, the reflationary logic triggered a rapid rebound in the ferrous sector. However, with apparent demand for steel declining due to the traditional off-season, the rebound in iron ore prices lasted only a month before falling back. The ferrous sector entered a four-month negative feedback cycle, bringing downstream steel inventories to historically low levels. On September 24, the State Council of China announced a package of policies, shifting the market's expectations toward future demand recovery. This led to a strong pre-National Day holiday restocking-driven rebound, which has continued since. For the whole year of 2024, the Platts Iron Ore Index averaged US\$109.47 per dry metric ton, down US\$10.39 per dry metric ton from 2023.

# MANAGEMENT DISCUSSION AND ANALYSIS

In 2025, the iron ore market is expected to remain in a state of oversupply, with equilibrium prices likely to continue declining. On the demand side, China's crude steel demand is unlikely to see a rapid improvement, and iron ore demand will remain under pressure. On the supply side, overseas mines are entering the early stages of a new round of production expansion, with supply gradually increasing. However, as many of these projects will not reach full capacity or will only come online in the second half of 2025, the exact increase in supply remains uncertain. Nonetheless, the potential for higher supply capacity may exert significant pressure on long-term iron ore prices. Overall, in 2025, domestic and international iron ore production capacity will continue to grow, but demand remains highly uncertain. While new demand sources are emerging, traditional steel demand is further weakening, exacerbating the supply surplus in the iron ore market. As a result, iron ore prices are expected to face downward pressure in 2025.

## BUSINESS AND OPERATIONS REVIEW

### Operation update of Project Ibam

The Group's principal mining site is Project Ibam. Based on the "Independent Technical Report" (see Appendix IV of the prospectus of the Company date 20 June 2013 (the "Prospectus") for full report), there is approximately 151 Mt of ore resource altogether in the Project Ibam at a grade higher than or equal to 35%, with an average grade of 46.5% total iron, and it has a mine life expected to be more than 26 years as of 31 December 2012. The Group uses the open-pit mining method to simplify operations and reduce production costs. The Group produces iron ore products through a relatively low cost process which includes ballmilling, magnetic separation process and dewatering. The processing method is environmentally friendly as it does not require chemical additives and reduces the amount of waste water produced.

### Operating Results

The sales analysis for the Group is as follows:

	For the year ended 31 December 2024	For the year ended 31 December 2023	Change
Sales revenue	<b>US\$13,764,000</b>	US\$27,255,000	-49.5%
– Iron ores	–	US\$8,588,000	-100.0%
– Other products	<b>US\$514,000</b>	US\$626,000	-17.9%
– Healthcare products	<b>US\$13,250,000</b>	US\$13,017,000	+1.79%
– Electronic products	–	US\$5,024,000	-100.0%
Gross profit	<b>US\$2,166,000</b>	US\$2,849,000	-24.0%
Gross profit margin	<b>15.74%</b>	10.45%	+5.3 percentage points

# MANAGEMENT DISCUSSION AND ANALYSIS

## FINANCIAL REVIEW PROFIT AND OTHER COMPREHENSIVE INCOME

### Revenue

During the year ended 31 December 2024, no revenue generated from the sale of iron ore products as compared to US\$8.6 million revenue for the year ended 31 December 2023.

During the year ended 31 December 2024, no revenue generated from sales of electronic products as compared to US\$5.0 million for the year ended 31 December 2023, which was primarily driven by a significant reduction in orders from downstream customers, who have either delayed or scaled back their procurement activities due to ongoing market uncertainties and cost-cutting measures.

Additionally, sales of health products and other products recorded by the Company amounted to approximately US\$13.8 million for 2024, an increase of approximately US\$0.2 million compared to US\$13.6 million in 2023.

### Cost of Sales

During the year ended 31 December 2024, the Group's cost of sales reached approximately US\$11.6 million, a decrease of about 52.5% from approximately \$24.4 million recorded in 2023. The cost of sales primarily includes the purchase costs of health products and other goods involved in trading activities, with significant reductions in the procurement of iron ore and electronic products contributing to the overall decrease in cost of sales.

### Gross Profit

During the year ended 31 December 2024, the gross profit was approximately US\$2.2 million, compared to approximately \$2.8 million for the year ended 31 December 2023. The decrease in gross profit was primarily due to a decline in overall revenue as a result of the lack of sales from iron ore and electronic products, which offset the slight increase in health product sales.

## ADMINISTRATIVE AND OTHER EXPENSES

During the year ended 31 December 2024, the Group's administrative expenses reached approximately US\$2.6 million, a decrease of about 35.7% from approximately US\$4.1 million recorded in 2023. The decrease was primarily due to lower labor costs, including reduced staffing requirements, salary adjustments, and the implementation of cost-saving measures within the administrative and operational teams.

## FINANCE COSTS

During the year ended 31 December 2024, the Group's financial costs reached approximately US\$17.6 million, an increase of about 16.1% from approximately US\$15.2 million recorded for the year ended 31 December 2023. The increase was mainly due to an increase in interest expense on notes. During the reporting period, no nominal interest expenses were incurred on loans from the controlling shareholder, Cosmo Field Holdings Limited ("Cosmo Field").

## INCOME TAX EXPENSE

During the year ended 31 December 2024, the Group recorded income tax expense of approximately US\$0.03 million, compared to an income tax expense of US\$0.6 million for the year ended 31 December 2023.

# MANAGEMENT DISCUSSION AND ANALYSIS

## LOSS FOR THE YEAR

As a result of the above, the Group incurred a loss of approximately US\$48.2 million for the year ended 31 December 2024, compared to a loss of approximately US\$39.6 million for the year ended 31 December 2023. The increase in losses was mainly attributable to an increase in impairment losses on financial assets.

## LIQUIDITY AND CAPITAL RESOURCES

The capital deficiencies of the Group as at 31 December 2024 were approximately US\$167.5 million (31 December 2023: capital deficiencies of US\$119.9 million). The Group generally finances its operations with internally generated cash flow, interest-bearing bank and other borrowings, and interest-free and security-free shareholder loans from our Controlling Shareholder. Primary uses of funds during the year included payment of operating expenses and repayment of bonds.

As at 31 December 2024, current assets of approximately US\$61.3 million primarily comprised US\$59.2 million in trade receivables, US\$1.2 million in prepayments, deposits and other receivables, and US\$0.2 million in cash and cash equivalents. Current liabilities of approximately US\$243.9 million mainly comprised US\$6.6 million in trade payables, US\$39.5 million in other payables and accruals, US\$55.0 million in interest-bearing bank and other borrowings, US\$78.2 million in notes payable, and US\$3.4 million in tax payable. Current ratio, being total current assets to total current liabilities was 0.25 as at 31 December 2024 (2023: 0.4). As at 31 December 2023, the Group had certain interest-bearing bank and other borrowings of US\$55.1 million in total (2023: US\$54.7 million). The bank and other borrowings were mainly used to finance the issuance of letter of credit and working capital of the Group.

### Trade receivables

The Group's trade receivables decreased by 33.8% from approximately US\$89.5 million as at 31 December 2023 to approximately US\$59.2 million as at 31 December 2024, which was mainly due to the increase in expected loss allowance of trade receivables and decrease of sales revenue. Major customers were granted credit on open account basis or allowed to settle by documentary letter of credit. Overdue balances are reviewed regularly by senior management, if any. The Group does not hold any collateral or other credit enhancements over its trade receivable balances. Trade receivables are non-interest-bearing. As of 31 December 2024, the Group had made a provision of impairment loss amounted to approximately US\$165.1 million against overdue trade receivables in accordance with accounting standards, as reviewed by management.

### Deposits, prepayments and other receivables

As at 31 December 2024, the Group's deposits, prepayments and other receivables amounted to approximately US\$1.2 million (2023: approximately US\$0.2 million). The increase was mainly due to an increase in prepayments.

### Trade payables

Trade payables mainly consist of payables to suppliers for purchase of other commodities and other products for trading activities. The Group's trade payables amounted to approximately US\$6.6 million as at 31 December 2024 and approximately US\$5.9 million as at 31 December 2023.

# MANAGEMENT DISCUSSION AND ANALYSIS

## Other payables and accruals

The Group's other payables and accrued expenses were approximately US\$39.5 million as at 31 December 2024, representing an increase of approximately 16.2% from approximately US\$34.0 million as at 31 December 2023. The increase was mainly due to an increase in interest payables.

## Net current liabilities position

During the year, there was an increase in the Group's net current liabilities, from net current liabilities of approximately US\$134.4 million as at 31 December 2023 to net current liabilities of approximately US\$182.5 million as at 31 December 2024. The increase was mainly due to a decrease in trade receivables of approximately US\$30.3 million and an increase in notes of approximately US\$11.8 million.

## Borrowings

As at 31 December 2024, the Group's borrowings consisted mainly of: (i) a loan of approximately US\$36.8 million due to a commercial bank; (ii) a loan of approximately US\$18.3 million; and (iii) notes amounting to approximately US\$78.2 million. As at 31 December 2024, the Company also owed shareholder loans of US\$60.0 million (2023: US\$60.0 million) to Cosmo Field (the Controlling Shareholder) which were interest-free and unsecured.

## Cash and Cash Equivalents

Cash and cash equivalents of the Group in 2024 was approximately US\$0.2 million as compared to approximately US\$0.1 million in 2023.

Detailed cash flow analysis is as follows:

	For the year ended	
	31 December	
	2024	2023
	US\$'000	US\$'000
Cash and cash equivalents in the consolidated statement of cash flows at beginning of year	131	183
Net cash used in operating activities	(75)	(27)
Net cash used in investing activities	(3)	(26)
Net cash from financing activities	193	–
Net increase/(decrease) in cash and cash equivalents	115	(53)
Effect of foreign exchange rate changes	2	1
Cash and cash equivalents at end of year	248	131

## Net cash flows used in operating activities

The Group's net cash used in operating activities for the year ended 31 December 2024 was approximately US\$0.08 million compared to approximately US\$0.03 million for the year ended 31 December 2023. The increase was mainly due to an increase in deposits, prepayments and other receivables.

## Net cash flows used in investing activities

The Group's net cash used in investing activities decreased from approximately US\$0.03 million for the year ended 31 December 2023 to approximately US\$3,000 for the year ended 31 December 2024 due to a decrease in purchase of property, plant and equipment.

# MANAGEMENT DISCUSSION AND ANALYSIS

## Net cash from financing activities

The Group's net cash from financing activities amounted to US\$0.19 million for the year ended 31 December 2024 mainly due to proceed from bank borrowing.

## LEGAL PROCEEDINGS

On 4 June 2021, the Company had filed a petition with the Grand Court of the Cayman Islands for the appointment of joint provisional liquidators for restructuring purpose only. As of this date, no restructure proposal has been submitted. For more details, please refer to the announcement of the Company dated 20 June 2021.

As disclosed in the announcement dated 18 May 2020, a bank has instituted legal proceedings against Cosmo Field Holdings Limited ("Cosmo Field", the controlling shareholder of the Company wholly owned by Mr. Li Yang ("Mr. Li")) and Mr. Li (as guarantor) for a loan advanced to Cosmo Field. For details, please refer to the said announcement.

As disclosed in the announcement dated 20 January 2020, a bank instituted legal proceedings against Mr. Li (as guarantor) for breach of loan advanced to a subsidiary of the Company. For details, please refer to the said announcement.

An alleged creditor has purportedly demanded Company to repay alleged debt, details of which are set out in announcements dated 10 March 2023 and 17 March 2023.

## CAPITAL STRUCTURE

The Group is currently funding its capital expenditure through internal funds generated from its operations, bank borrowings, notes and bond issued and loan from Cosmo Field. The Group monitors capital using a gearing ratio, which is net debt divided by total equity plus net debt. Net debt is defined as interest-bearing bank and other borrowings, notes and an amount due to Cosmo Field, net of cash and bank balances and it excludes liabilities incurred for working capital purposes. Equity includes equity attributable to the equity shareholders of the Company and non-controlling interest.

The Group continued to conduct its operational business mainly in USD. The Group did not arrange any forward currency contracts for hedging purposes.

## FOREIGN CURRENCY RISK

The Group has transactional currency exposures. These exposures arise from sales or purchases by operating units in currencies other than the units' functional currencies. The Group is also exposed to currency risk in respect of its equity investments designated as at fair value through other comprehensive income which are denominated in a currency other than the relevant units' functional currencies.

## CAPITAL EXPENDITURE

During the year, the Company did not incur any material capital expenditure for the purchase or upgrade of property, plant and equipment and payment in advance (31 December 2023: US\$Nil).

# MANAGEMENT DISCUSSION AND ANALYSIS

## CHARGE ON ASSETS

Save for trade receivables pledged for bank and other borrowing as disclosed in note 35 to the Financial Statements, the Group did not have any pledges on its assets as at 31 December 2024.

## CONTINGENT LIABILITIES

At at 31 December 2024 and 2023, the Group had no material contingent liabilities.

## EMPLOYEES AND EMOLUMENT POLICIES

The Group values its human resources and recognizes the importance of attracting and retaining qualified staff for its continuing success. As at 31 December 2024, the Group had 40 employees (2023: 45). For the year ended 31 December 2024, total staff cost including Directors' emolument amounted to approximately US\$1.3 million (2023: US\$1.3 million).

The remuneration policy for the Directors, senior management members and other employees is determined based on their experiences, responsibilities and general market conditions. Certain members of the Board hold their offices without remuneration. In addition to fixed salaries, the employees may be granted allowances and year-end bonuses subject to departmental and personal performance appraisal. Any discretionary bonus and other merit payments are linked to the performance of the Group and the individual performance of the Directors, senior management members and other employees.

## OTHER INFORMATION

### RESOURCE AND RESERVES OF IBAM MINE UNDER JORC CODE AS AT 31 DECEMBER 2024

**Mineral resources of the Ibam Mine for ore with iron grade greater than or equal to 35% as at 31 December 2024 (Note):**

Classification	Quantity (Mt)	Fe Grade (%)
Measured	102	46.7
Indicated	–	–
Inferred	42	46.6
<hr/>		
Subtotal	144	46.6

**Ore reserves of the Ibam Mine for ore with iron grade greater than or equal to 35% as at 31 December 2024:**

Classification	Quantity (Mt)	Fe Grade (%)
Proved	–	–
Probable	102	44.6

Note: The figures were calculated by the resource and reserves as at 31 December 2013 under the JORC Code (confirmed by Geos Mining Minerals Consultants, Australia which is a specialist independent geological and mineral exploration consultant) less the mining volume since then.

# MANAGEMENT DISCUSSION AND ANALYSIS

All assumptions and technical parameters set out in the technical report of Geos Mining (the “Independent Technical Adviser”) which is prepared under JORC Code as shown in the prospectus of the Company dated 20 June 2013 with respect to the Ibam Mine have not been materially changed and continued to apply to the above disclosed data.

## EXPLORATION, DEVELOPMENT AND MINING PRODUCTION ACTIVITIES

During the year ended 31 December 2024, no exploration and development activities were carried out. The Group did not incur any investment in equipment upgrade during the year ended 31 December 2024.

## CONTRACTUAL OBLIGATIONS

Save as disclosed in note 34 to the Notes to Financial Statements, as at 31 December 2024, the Group had no material contractual obligations to disclose (31 December 2023: nil).

## SIGNIFICANT ACQUISITIONS, DISPOSALS AND INVESTMENTS

The Group’s acquisitions, disposals and investments under planning included (but are not limited to) the projects described in the section “Overview of business development” above. Save as disclosed herein, the Company does not have any future plan for significant acquisition, disposal and investment during the year and as at the date of this report.

## RELATED PARTY TRANSACTIONS

Details of the related party transactions as stated in note 36 to the Notes to Financial Statements comprise: (i) an interest-free loans from Cosmo Field, the controlling shareholder of the Company, for the principal amount of USD60 million as at 31 December 2024, all of which are interest-free, security free and fully exempted connected transactions; (ii) compensation of key management personnel of the Group for the amount of USD0.2 million (2023: USD0.3 million); (iii) guarantees provided by Mr. Li Yang (controlling shareholder), his father and Cosmo Field.

## PURCHASE, SALE OR REDEMPTION OF THE COMPANY’S LISTED SECURITIES

Neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the Company’s listed securities throughout the year ended 31 December 2024.

## EVENTS AFTER THE REPORTING PERIOD

The Board is not aware of any events after the reporting period that require disclosure.

## FINAL DIVIDEND

The Directors did not recommend the payment of any final dividend for the year ended 31 December 2024 (2023: Nil).

# CORPORATE GOVERNANCE REPORT

The Board of Directors is committed to maintaining appropriate corporate governance practices to enhance the accountability and transparency of the Company in order to protect Shareholders' interests and to ensure that the Company complies with the latest statutory requirements and professional standards.

The Company has complied with the code provisions set out in CG Code for the year ended 31 December 2024 except for the deviation as disclosed in this corporate governance report.

## MODEL CODE FOR DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code as its code of conduct for dealing in securities by the Directors. Having made specific enquiry to all the Directors, all the Directors have confirmed that they had complied with the required standards set out in the Model Code for the year ended 31 December 2024.

## BOARD OF DIRECTORS

The Board is responsible for leadership and control of the Company and oversees the Group's businesses, strategic decisions and performance. The Board has delegated to the Chief Executive Officer, and through him, to the senior management the authority and responsibility for the day-to-day management and operation of the Group.

All Directors have carried out their duties in good faith, in compliance with applicable laws and regulations and in the interests of the Company and its Shareholders at all times.

## DELEGATION OF MANAGEMENT FUNCTIONS

The Board reserves for its decision all major matters of the Company, including: approval and monitoring of all policy matters, overall strategies and budgets, internal control and risk management systems, material transactions (in particular those that may involve conflict of interests), financial information, appointment of directors and other significant financial and operational matters.

All Directors have full and timely access to all relevant information as well as the advice and services of the company secretary, with a view to ensuring that Board procedures and all applicable laws and regulations are followed. Each Director is able to seek independent professional advice in appropriate circumstances at the Company's expense, upon making request to the Board.

The day-to-day management, administration and operation of the Company are delegated to the Chief Executive Officer and the senior management. The delegated functions and responsibilities are periodically reviewed. Approval has to be obtained from the Board prior to any significant transactions entered into by the aforesaid officers.

# CORPORATE GOVERNANCE REPORT

As at 31 December 2024 and up to the date of this corporate governance report, the Board comprised three executive Directors and three independent non-executive Directors.

## **Executive Directors**

Mr. Ng Khing Yeu (*Chairman*)

Ms. Li Xiaolan

Mr. Wang Er

## **Independent Non-Executive Directors**

Mr. Dong Jie (appointed on 17 January 2024)

Dr. Wang Ling

Mr. Leung Yiu Cho

Dr. Li Zhongquan (resigned on 17 January 2024)

The biographical details of the Directors and the relationship among the members of the Board are set out in the section of “Profiles of Directors and Senior Management” of this annual report. Ms. Li Xiaolan is the younger sister of Mr. Li Yang’s father.

The Company has received from each of the independent non-executive Directors an annual confirmation of their independence as required under Rule 3.13 of the Listing Rules.

Each of the independent non-executive Directors has taken up the role as an independent non-executive Director for an initial term of 2 to 3 years and is subject to retirement and re-election in accordance with the Articles of Association.

## **CORPORATE GOVERNANCE FUNCTIONS**

The Board is responsible for performing the functions set out in the code provision A.2 of the CG Code.

The Board reviewed the Company’s corporate governance policies and practices, training and continuing professional development of Directors and senior management, the Company’s policies and practices on compliance with legal and regulatory requirements, the compliance with Model Code, and the Company’s compliance with the CG Code and disclosure in this corporate governance report.

# CORPORATE GOVERNANCE REPORT

## COMPANY SECRETARY

Mr. Chen Kun, has been appointed as the company secretary of the Company on 11 March 2022 and has complied with Rule 3.29 of the Listing Rules in relation to the professional training requirements.

## MEETINGS OF THE BOARD

Notices of regular Board meetings are given to all the Directors in accordance with the Articles of Association. Schedules and agenda of each meeting are made available to the Directors in advance. All the Directors are given an opportunity to include matters in the agenda for regular Board meetings. For other Board and committee meetings, notices are given within reasonable times in advance. Minutes of all Board meetings and committee meetings are kept by the company secretary and open for the Directors' inspection. Draft and final version of minutes are circulated to the Directors for their comment and record within a reasonable time after the Board meeting is held.

The attendances at the Board, respective Board committees meetings and the AGM held either in person or through other electronic means of communication for the year ended 31 December 2024 are as follows:

	Board	Audit Committee	Nomination Committee	Remuneration Committee	AGM/EGM
<b>Executive Directors</b>					
Ms. Li Xiaolan	5/5	N.A.	2/2	2/2	1/1
Mr. Wang Er	5/5	N.A.	N.A.	N.A.	1/1
Mr. Ng Khing Yeu	5/5	N.A.	N.A.	N.A.	1/1
<b>Independent non-executive Directors</b>					
Mr. Dong Jie	5/5	2/2	2/2	2/2	1/1
Dr. Wang Ling	5/5	2/2	2/2	2/2	1/1
Mr. Leung Yiu Cho	5/5	2/2	N.A.	N.A.	1/1

Note: number of meeting attended is shown as numerator and total number of meetings a director eligible to attend and held is shown as denominator.

Note: Mr. Dong Jie was appointed on 17 January 2024.

The Company confirmed that all independent non-executive Directors attended the general meetings either in person or by telephone conference if he was not able to attend the meeting physically.

# CORPORATE GOVERNANCE REPORT

## COMMITTEES OF THE BOARD

The Board has established the Audit Committee, the Nomination Committee and the Remuneration Committee to oversee particular aspects of the affairs of the Company. Each of these committees is set up with specific written terms of reference in compliance with the CG Code. Each committee is delegated with authorities and duties within its terms of reference. The terms of reference of the Board committees are posted on the Company's website and the Stock Exchange's website and are available to Shareholders upon request.

The majority of the members of each Board committee are independent non-executive Directors and the list of the chairman and members of each Board committee is set out under "Corporate Information" of this annual report.

Board committees are provided with sufficient resources to discharge their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstances at the Company's expense.

The Company has established the Audit Committee in compliance with Rule 3.21 of the Listing Rules. The primary duties of the Audit Committee are to review and supervise the financial reporting process, internal control and risk management system of the Group, and to make proposals to the Board as to the appointment, re-appointment and removal of the Company's independent auditors and the related remuneration and appointment terms. The Audit Committee has reviewed the accounting standards and practices adopted by the Group and discussed with the management about the internal control and financial reporting matters.

The Company's and the Group's audited financial statements for the year ended 31 December 2024 have been reviewed by the Audit Committee, who was of the opinion that these statements complied with the applicable accounting standards, the Listing Rules and the legal requirements, and that adequate disclosures had been made. For the year ended 31 December 2024 and up to the date of this annual report, two committee meetings were held and the attendance records of individual members are set out below:

<b>Name of Directors</b>	<b>Number of meetings attended/held</b>
Dr. Wang Ling	2/2
Mr. Dong Jie	2/2
Mr. Leung Yiu Cho	2/2

Note: Mr. Dong Jie was appointed on 17 January 2024.

# CORPORATE GOVERNANCE REPORT

## Remuneration Committee

The Company established a remuneration committee pursuant to a resolution of our Directors passed at a Board meeting on 12 April 2013 with effect upon the Listing. The Remuneration Committee comprises two independent non-executive Directors, namely, Dr. Wang Ling (chairman of the Remuneration Committee), Mr. Dong Jie and one executive Director, namely Ms. Li Xiaolan.

The duties of the Remuneration Committee mainly include making recommendations on and approving the remuneration policy and structure and remuneration packages of all Directors and the senior management. The Remuneration Committee is also responsible for establishing transparent procedures for developing such remuneration policy and structure to ensure that no Director or any of his/her associates will participate in deciding his/her own remuneration, which remuneration will be determined by reference to the performance of the individual and the Company as well as market practice and conditions. The Remuneration Committee would make recommendations to the Board on the Company's policy and structure for all Directors' and senior management remuneration and on the establishment of a formal and transparent procedure for developing remuneration policy.

For the year ended 31 December 2024, two committee meetings were held and the attendance records of individual members are set out below:

<b>Number of Directors</b>	<b>Name of meetings attended/held</b>
Dr. Wang Ling	2/2
Mr. Dong Jie	2/2
Ms. Li Xiaolan	2/2

Note: Mr. Dong Jie was appointed on 17 January 2024.

It is the Company's policy that the remuneration package of each Director and senior management shall be determined by reference to, inter alia, their duties, responsibilities, experience and qualifications.

Details of remuneration payable to the Directors and senior management by band are set out in note 14 to the Notes to Financial Statements of this annual report.

## Nomination Committee

The Company established a nomination committee pursuant to a resolution of our Directors passed at a Board meeting on 12 April 2013 with effect upon the Listing. The Nomination Committee comprises one executive Director, namely, Ms. Li Xiaolan (chairman of the Nomination Committee), and two independent non-executive Directors, namely Dr. Wang Ling and Mr. Dong Jie. The primary duties of the Nomination Committee include identifying suitable candidates for the Directors and making recommendations to the Board, assessing the structure and composition of the Board, preparing, making recommendations to and supervising the execution of the nominating policy of the Company.

# CORPORATE GOVERNANCE REPORT

For the year ended 31 December 2024, two committee meetings were held and the attendance records of individual members are set out below:

<b>Number of Directors</b>	<b>Name of meetings attended/held</b>
Ms. Li Xiaolan	2/2
Dr. Wang Ling	2/2
Mr. Dong Jie	2/2

Note: Mr. Dong Jie was appointed on 17 January 2024.

The Company has received from each of the independent non-executive Directors an annual confirmation of their independence required under Rule 3.13 of the Listing Rules. The Company considered all the independent non-executive Directors to be independent. Besides, the Nomination Committee reviewed the appointment of each Director prior to that Director seeking re-election at the forthcoming AGM and was pleased to recommend the re-election of three eligible Directors to the Board.

The Company's policy on nomination requires explicitly that in assessing the suitability of a proposed candidate, merit and potential contributions that such candidate could bring to the Board should take reference on the Company's Board Diversity Policy. Such assessment should include but not limited to gender, age, cultural and educational background, ethnicity, professional experience, independence, skills, knowledge and length of service.

## EXTERNAL AUDITOR AND AUDITOR'S REMUNERATION

For the year ended 31 December 2024, the fees paid to Prism Hong Kong Limited in respect of services rendered to the Group amounted to approximately USD0.1 million.

## DIRECTORS' AND AUDITOR'S RESPONSIBILITIES FOR THE FINANCIAL STATEMENT

It is the responsibility of the Board to present a balanced, clear and comprehensible assessment of the annual and interim reports, inside information announcements and other financial disclosures required under the Listing Rules, and reports to regulators as well as information required to be disclosed pursuant to applicable statutory requirements, such that they give a true and fair view of the state of affairs of the Group. The Board also confirms that the Company has an effective process for financial reporting and compliance with the Listing Rules.

The Directors acknowledge their responsibility for the preparation of the consolidated financial statements of the Company. In preparing the financial statements for the Year, the Directors have, with sufficient information provided by the senior management for an informed assessment, selected appropriate accounting policies and applied them consistently, made judgements and estimates that are prudent and reasonable, and prepared the financial statements on a going concern basis (as the case may be). Material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern are disclosed in Note 2 to the consolidated financial statements.

# CORPORATE GOVERNANCE REPORT

In addition, Prism Hong Kong Limited has stated in the independent auditor's report its reporting responsibilities on the Company's consolidated financial statements for the year ended 31 December 2024.

## RISK MANAGEMENT AND INTERNAL CONTROL

The Board recognizes its responsibility for maintaining an adequate and sound enterprise risk management and internal control system and through the Audit Committee and, if necessary, an external firm of qualified accountants to provide internal control services, conducts reviews on the effectiveness of these systems at least annually, covering material controls, including financial, operational, compliance and strategic risk control functions. The Board understands that such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

During the year, a Malaysian legal adviser was appointed to provide advice to the Board and the designated compliance officers on an ongoing basis in respect of all relevant Malaysian laws and regulations, including changes to such laws and regulations, which may affect the Group's operations in Malaysia.

During the year the Board, through the Audit Committee, conducted review of both design and implementation effectiveness of the risk management and internal control systems of the Group, covering all material controls, including financial, operational and compliance controls, with a view to ensuring that resources, staff qualifications and experience, training programmes and budget of the Group's accounting, internal audit and financial reporting functions are adequate. In this respect, the Audit Committee communicates any material issues identified to the Board.

During the year, the audit committee of the Company appointed PBP Limited ("Internal Control Advisor"), an external firm of qualified accountants to:

- assist in identifying and assessing the risks of the Group through a series of workshops and interviews; and
- independently perform internal control review and assess effectiveness of the Group's risk management and internal control systems.

### Our Enterprise Risk Management Framework

The Group established its enterprise risk management framework in 2016. While the Board has the overall responsibility to ensure that sound and effective internal controls are maintained, management is responsible for designing and implementing an internal control system to manage all kinds of risks faced by the Group.

Through the risk identification and assessment processes, risks are identified, assessed, prioritized and allocated treatments. Our risk management framework follows the COSO Enterprise Risk Management – Integrated Framework, which allows the Board and management to manage the risks of the Group effectively. The Board receives regular reports through the Audit Committee that oversees risk management and internal audit functions.

# CORPORATE GOVERNANCE REPORT

## Principal Risks

In the year of 2024, no material principal risks were identified by Internal Control Advisor except for the following one area of concern were considered to be of medium to high risk:

### *Risk of reducing business due to economic downturn or political environment*

The Company's main business is the mining and sales of iron ore, and its customers are mainly steel plants. Steel production is closely related to the economic and political environment, so the Company's business will also be affected by changes in the economic cycle or political environment. Once the global economy is deteriorating or political factors are uncertain, steel demand may be reduced, which indirectly affects the Company's sales.

On the other hand, China has entered the overall economic downturn cycle in recent years, and the production capacity of products including steel has been surplus. Although China has tried to solve the problem through the "One Belt, One Road" and other plans, the effect is doubtful in the short term.

### **Actions taken by the Company**

To resolve the operational risk as stated above, the Company has developed a well-established written policy to document the internal control procedures. The management will continue to monitor the daily operations. The Company would conduct regular internal control audits and risk assessments by engaging external internal control consultants.

For strategic risk arising from changing global economic and political environment, the management would keep their eyes on any relevant progress or changes in global and economic environment, and maintains a prudent development strategy, actively promotes diversified business development and diversifies income sources.

### **Our Risk Control Mechanism**

The Group adopts a "three-layer" corporate governance structure with operational management and controls performed by operations management, coupled with risk management monitoring carried out by the finance and compliance team and independent internal audit outsourced to and conducted by Internal Control Advisor. The Group maintains a risk register to keep track of all identified major risks of the Group. The risk register provides the Board, the Audit Committee, and management with a profile of its major risks and records management's action taken to mitigate the relevant risks. Each risk is evaluated at least annually based on its likelihood of occurrence and potential impact upon the Group. The risk register is updated by management as the risk owners with addition of new risks and/or removal of existing risks, if applicable, at least annually, after the annual risk evaluation has been performed. This review process can ensure that the Group proactively manages the risks faced by it in the sense that all risk related parties have access to the risk register and are aware of and alert to those risks in their area of responsibility so that they can take follow-up action in an efficient manner.

# CORPORATE GOVERNANCE REPORT

Our risk management activities are performed by management on an ongoing process. The effectiveness of our risk management framework will be evaluated at least annually, and periodic management meeting is held to update the progress of risk monitoring efforts. Management is committed to ensure that risk management forms part of the daily business operation processes in order to align risk management with corporate goals in an effective manner.

There is currently no internal audit function within the Group. The directors have reviewed the need for an internal audit function and are of the view that in light of the size, nature and complexity of the business of the Group, it would be more cost effective to appoint external independent professionals to perform internal audit function for the Group in order to meet its needs. Nevertheless, the directors will continue to review at least annually the need for an internal audit function.

The Company will continue to engage external independent professionals to review the Group's system of internal controls and risk management annually and further enhance the Group's internal control and risk management systems as appropriate.

The Audit Committee has reviewed the internal control review and the enterprise risks assessment reports. Based on the controls in place as well as the ongoing improvements taken by management, is satisfied that there are effective and adequate internal controls in the Group. The Board is of the view that the Company has complied with the CG Code for the year ended 31 December 2024.

## **Disclosure of Inside Information**

The Group has put in place a set of policy for the disclosure of inside information which sets out the procedures and internal controls for the handling and dissemination of inside information in a timely manner and in compliance with the SFO. The policy and its effectiveness are subject to review on a regular basis.

## **SHAREHOLDERS' RIGHTS**

The Board and the management of the Group endeavored to ensure all the Shareholders are treated equally and have their deserved rights. The Board has established the Shareholders' communication policy to maintain an open and effective communication with the Shareholders and to update the Shareholders on relevant information on the Group's business in a timely manner.

To safeguard Shareholder interests and rights, a separate resolution is proposed for each substantially separate issue at Shareholder meetings, including the re-election of individual directors.

All resolutions put forward at Shareholder meetings will be voted on by poll pursuant to the Listing Rules and poll results will be posted on the websites of the Company and of the Stock Exchange after each Shareholder meeting.

Any Shareholder may appoint a proxy or representative to attend the general meeting, and they are entitled to exercise the same voting rights in the meeting.

# CORPORATE GOVERNANCE REPORT

The notice of AGM is distributed to all Shareholders at least 21 clear days and 20 clear business days prior to the AGM and the accompanying circular also sets out details of each proposed resolution and other relevant information as required under the Listing Rules. The chairman of the AGM exercises his power under the Company's Articles of Association to put each proposed resolution to the vote by way of a poll.

## **Procedures for convening an Extraordinary General Meeting and Putting Forward Proposals at General Meetings by Shareholders**

Pursuant to Article 58 of the Company's Articles of Association, an extraordinary general meeting shall be called by the Board on the written requisition of any one or more Shareholders of the Company, provided that such Shareholder(s) held at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company. Such meeting shall be called for the transaction of any business specified in the written requisition to the Board or the Secretary of the Company; and shall be held within two months after the deposit of such requisition. If within twenty-one days of such deposit the Board fails to proceed to convene such meeting, the requisitionist(s) himself (themselves) may do so in the same manner, and all reasonable expenses incurred by the requisitionist(s) as a result of the failure of the Board shall be reimbursed to the requisitionist(s) by the Company.

There are no statutory provisions granting the right to Shareholders to put forward or move new resolutions at general meetings under the Companies Law or the Articles of Association of the Company. Shareholders who wish to move a resolution may request the Company to convene a general meeting following the procedures set out in the preceding paragraph.

## **COMMUNICATION WITH SHAREHOLDERS**

To embrace best corporate governance principles and practice, the Group, as a listed company, emphasizes the importance of maintaining good communication with the Shareholders and investors, so as to increase the Company's transparency and undertaking by the Shareholders. The AGM provides a useful forum for Shareholders to exchange views with the Board, external auditor and the chairman of each of the Board committees attend the general meeting and are pleased to answer Shareholders' enquiries. Furthermore, to foster two-way communication amongst the Company, its Shareholders and potential investors, and to update them abreast of the latest industry updates, corporate communications and the Group's announcements and business development in a timely manner, the Company has a formal channel to respond to enquiries from Shareholders and the public. In the event that a Shareholder wishes to put forward a proposal to the Board, he/she may put forth his/her enquiry in writing to the Hong Kong office of the Company at Unit 1101, Tower 1, Cheung Sha Wan Plaza, 833 Cheung Sha Wan Road, Lai Chi Kok, Kowloon, Hong Kong and the Company will act on the subject matter accordingly. In addition, the Company is committed to maximizing the use of its website at [www.gracelife.hk](http://www.gracelife.hk) and the website of the Stock Exchange at [www.hkexnews.hk](http://www.hkexnews.hk) as a channel to provide updated information in a timely manner and strengthen the communication with both the Shareholders and the public.

# CORPORATE GOVERNANCE REPORT

## DIVIDEND POLICY

The Company approved and adopted a dividend policy (the “Dividend Policy”) effective from 1 January 2019.

The Company endeavours to strike a balance between maintaining sufficient working capital, developing and ensuring smooth running of the business of the Group, and sustainable returns to the shareholders of the Company (“Shareholders”).

Under the Dividend Policy, the Company does not propose a pre-determined dividend payout ratio. Dividends may be declared as interim dividends, special dividends or proposed by the Board as final dividend from time to time. Dividends would be paid out of the Company’s profits and other distributable reserves subject to the respective laws, rules and regulations of the respective jurisdictions governing the Group companies domiciled and the companies’ own constitutions.

According to the Dividend Policy, in deciding whether to propose a dividend and in determining the dividend amount, the Board shall take into account, inter alia, the following factors:

- a) the Group’s actual and expected financial and business needs;
- b) the Group’s expected working capital requirements and future expansion plans;
- c) the level of the Group’s debts to equity ratio, return on equity ratio and the relevant financial covenant;
- d) the restrictions on payments of dividends that may be imposed by the Group’s lenders or other third parties, if any;
- e) the Group’s liquidity position;
- f) the general economic conditions, business cycle of the Group’s business and other internal and external factors that may have impact on the business or financial performance and position of the Group;
- g) retained earnings and distributable reserves of the Company; and
- h) other factors that the Board deems relevant and appropriate.

The declaration, payment, and amount of final dividends will be subject to the Board’s discretion and the approval of the Shareholders.

The Board shall continue to review the Dividend Policy and reserves the right in its sole and absolute discretion to update, amend and/or modify the Dividend Policy at any time the Board thinks fit.

The Dividend Policy shall in no way constitute a legally binding commitment by the Company that dividends will be paid in any particular amount and/or in no way obligate the Company to declare a dividend at any time or from time to time.

# CORPORATE GOVERNANCE REPORT

## PROCEDURES FOR DIRECTING SHAREHOLDERS' ENQUIRIES TO THE BOARD

Shareholders may at any time send their enquiries and concerns to the Board in writing to the Hong Kong office of the Company whose contact details are as follows: Unit 1101, Tower 1, Cheung Sha Wan Plaza, 833 Cheung Sha Wan Road, Lai Chi Kok, Kowloon, Hong Kong

## CHANGE OF AUDITOR IN LAST THREE YEARS

There was no change of auditor during the past three financial years.

## CHANGES TO CONSTITUTIONAL DOCUMENTS

The Company adopted new constitutional documents with effect from 29 June 2023. For details please refer to the circular dated 25 May 2023 and the new constitutional documents posted on the website of Stock Exchange.

## DISCLAIMER OF OPINION

Reference is made to the sections headed "Disclaimer of Opinion" and "Basis for Disclaimer of Opinion" in the independent auditor's report in this annual report, note 2 to the Consolidated Financial Statements in this annual report.

The Board noted that the modification on the consolidated financial statements of the Group for the year ended 31 December 2024 was qualified on the basis of "disclaimer of opinion" was essentially due to the Auditors' concern over the going concern of the Group due to the potential interaction of multiple uncertainties (i.e. the outcome of legal actions against the Group, the potential action which maybe brought by creditors against the Group due to cross defaults of loans of the Group and uncertainties over the recoverability of certain trade receivables of the Group).

As at the date of this annual report, the Company has taken the following measures to address the Disclaimer as set out in note 2 to the Consolidated Financial Statements, which include:

- (i) In 2024, based on the research, development and sales of plant stem cells, based on this technology, the Group successfully deployed: (a) functional health product production bases and sales channels; (b) environmental protection fields, for example, soil remediation, sewage and air purification. The above-mentioned business expansion and related sales channel layout are expected to bring considerable operating cash flow to the Group in 2025.
- (ii) Cosmo Field, the ultimate holding company has agreed not to demand for any repayment of amount due by the Company of approximately US\$60,000,000 as at 31 December 2024 until the Company is in a financial position to do so;
- (iii) The independent third party lender has agreed not to demand for any repayment of whose principal amounts of approximately US\$18,336,000 and interest payable approximately US\$9,736,000 as at 31 December 2024 until the Company is in a financial position to do so;
- (iv) The Group has been actively negotiating with existing lenders for renewal and extension of bank loans and credit facilities;

# CORPORATE GOVERNANCE REPORT

- (v) The Group is also negotiating with various financial institutions and identifying various options for financing the Group's working capital and commitments in the foreseeable future;
- (vi) The Group is actively promoting contacts with industry investors and strategic partners. In addition to introducing incremental funds, it is focusing on exploring in-depth collaborative models such as technology licensing and channel resource integration to strengthen its expansion capabilities in new business areas;
- (vii) The Group has implemented measures to speed up the collection of outstanding trade debts proceeds;
- (viii) The Group will continue to take active measures to control administrative costs through various channels including human resources optimisation and management remuneration adjustments and containment of capital expenditures; and
- (ix) The Company will consider to lodge a quasi-joint application to the Grand Court of the Cayman Islands to withdraw the petition for an order that the Company be wound up.

The management and the Audit Committee believe that if the above measures are indeed implemented properly and effectively in the year 2025 and if the Company could provide sufficient audit evidence to the auditors to support that there will be sufficient working capital for the Group in the next twelve months from 31 December 2024, the Disclaimer may be removed, given that there is no adverse change of the consolidated financial position, operations and investments of the Group. In the meantime, the Company would collaborate closely with professional parties to work out a viable debt restructuring plan so as to solve the cash flow problems once and for all.

## AUDITORS' DISCLAIMER OF OPINION

The Auditors do not express an opinion on the consolidated financial statements of the Group in light of the material uncertainty related to the going concern. In particular, the Group incurred a net loss attributable to the owners of the Company of approximately US\$48,222,000 during the year ended 31 December 2024. As at the same date, the Group has net current liabilities of approximately US\$182,535,000 and net liabilities of approximately US\$167,490,000 and the Group's amount due to ultimate holding company, bank and other borrowings, guarantee notes amounted to approximately US\$193,260,000, while its cash and cash equivalents amount to approximately US\$248,000 only.

In addition, as at 31 December 2024, the Group was in default in relation to, inter alia, the principal amount of aggregate amount due to ultimate holding company, bank and other borrowings and guarantee notes totaling approximately US\$193,041,000 ("In Default Borrowings") due to the following events of default: (a) late or overdue payments of principal and interests during the year ended or as at 31 December 2024; and (b) breach of terms and conditions of In Default borrowings during the year ended 31 December 2024.

# CORPORATE GOVERNANCE REPORT

## **BOARD'S VIEW OF THE EFFECTIVENESS OF THE ABOVE MEASURES**

The Directors understood the Auditor's concern above, and will continue to implement the measures set out above to improve the Group's financial position, the Directors are cautiously optimistic that the business is heading in the right direction and the said Disclaimer will be able to be resolved upon publication of the financial results of the Group for the year ended 31 December 2025.

## **AUDIT COMMITTEE'S VIEW ON THE DISCLAIMER**

The members of the audit committee of the Company (the "Audit Committee") had critically reviewed the Disclaimer, the management's position concerning the Disclaimer and measures taken by the Group for addressing the Disclaimer. The Audit Committee had also discussed with the Auditors regarding the financial position of the Group, measures taken and to be taken by the Group, and considered the Auditors' rationale and understood their consideration in arriving their opinion. After careful deliberation, the Audit Committee agreed with the management's position based on the reasons above. Moreover, the Audit Committee requested the management to take all necessary actions to address the effect on the Disclaimer so that no such Disclaimer will be issued in the forthcoming audited financial statements.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## ABOUT THE ESG REPORT

The Company is pleased to present its Environmental, Social and Governance (“ESG”) Report (the “Report”). This Report herein focuses on providing an overview of the environmental and social aspects of the Group, and outlines how we seek to continually improve our operational strategy in regard to our environment and society in order to cope with the global standards of sustainability.

During the process of our preparation of this ESG Report, the Group has conducted thorough review and evaluation of the existing policies and practices. The ESG Report covers the period which is consistent with the financial year of our Annual Report of 2024. Unless otherwise stated, this Report covers the data of all operating units of the Group.

### Report Scope and Boundary

The ESG Report is prepared in accordance with the selected global, local and industrial standards and best practices, which include, but not limited to, the ESG Reporting Guide as set out in Appendix 27 to the Listing Rules and any applicable accounting and financial reporting standards in Hong Kong.

In order to comply with the disclosure requirement of the “comply or explain” provision, the ESG Report has outlined our overall performance in respect of environmental protection, human resources, operating practice and community involvement for the financial year of 2024.

This ESG Report has been approved by the Board of the Company on 31 March 2025.

### Information and Feedbacks

For details in relation to our financial performance during the financial year of 2024, please visit our website or Annual Report. Your feedback and comments are important to us. Please send us an email addressed to [hk-admin@caamine.com](mailto:hk-admin@caamine.com) if you have any queries on the ESG Report.

## OUR STAKEHOLDERS

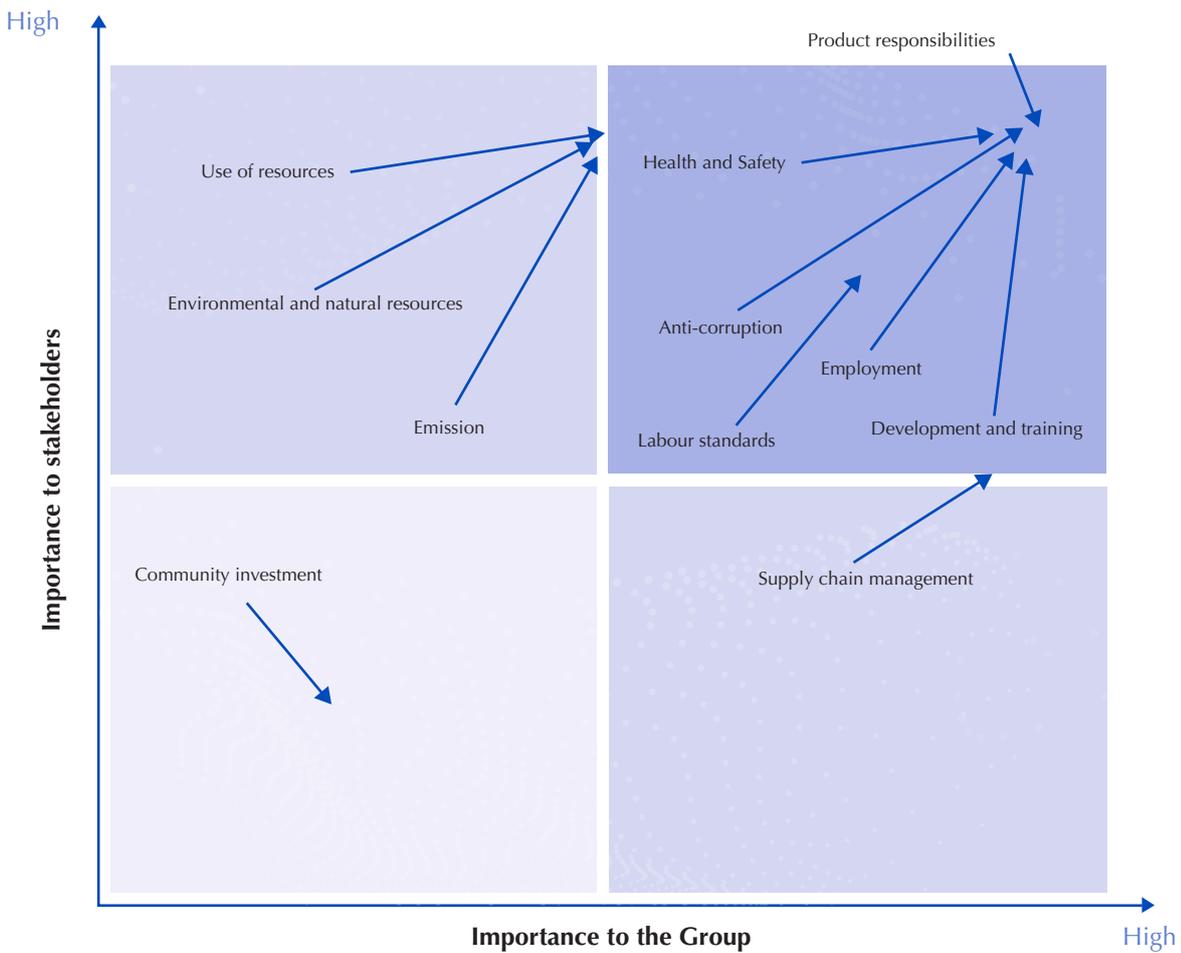

As stakeholders play a crucial role in sustaining the success of our business, we make use of various communication channels to understand and engage our stakeholders. The probable points of concern of the stakeholders and the way of our communication and responses are listed below.

<b>Stakeholders</b>	<b>Possible points of concern</b>	<b>Communication and responses</b>
HKEx	Compliance with listing rules, timely and accurate announcements.	Meetings, training, workshops, programs, website updates and announcements.
Government	Compliance with laws and regulations, preventing tax evasion, and social welfare.	Interaction and visits, government inspections, tax returns and other information.
Investors	Corporate governance system, business strategies and performance, investment returns.	Organizing briefing sessions and seminars, interviews, shareholders' meetings, issue of financial reports or operation reports for investors, media and analysts.
Media & Public	Corporate governance, environmental protection, human right.	Issue of newsletters on the Company's website.
Suppliers	Payment schedule, and stable demand.	Performance of site visits.
Customers	Service quality, service delivery schedule, reasonable prices, service value, and personal data protection.	After-sales services.
Employees	Rights and benefits of employee compensation, training and development, work hours, and working environment.	Conducting union activities, training, interview with employees, internal memos, and employee suggestion boxes.
Community	Community environment, employment opportunities, community development, and social welfare.	Developing community activities, employee voluntary activities, and community welfare subsidies and donations.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## Materiality Assessment

During the financial year of 2024, the Group conducted a comprehensive materiality assessment on the environmental, social and governance related issues. This involved conducting interviews and/or surveys with internal and external stakeholders to identify areas having the most significant operating, environmental and social impacts towards our business. After integrating the grading results from the stakeholders with the sustainable development goals of the Group, the management of the Group summarized the issues in priority order and prepared the materiality matrix.

The results of the materiality assessment will be used to guide the Group in formulating future environmental, social and governance plans and objectives, in a bid to creating sustainable value for stakeholders.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## ENVIRONMENTAL

### Overview

Our primary business operations include iron ore mining, crushing and beneficiation as well as the sale of iron products in the form of iron ore concentrates and iron ore fines. We sell iron ore products primarily to steel manufacturers and/or their representative purchase agents in China.

Given the fluctuating demand for iron ore, the Group directed its focus in 2024 towards the Company's plant stem cells business. Consequently, the scale of mining and production activities was limited. Therefore, the Group's annual mining volume and production volume were 0 Kt and 0 Kt respectively.

As a result, the total amounts of emissions of air pollutants and greenhouse gases, resource usage, discharges into water and land, as well as the generation of hazardous and non-hazardous waste were insignificant.

We comply with all relevant laws and regulations that are related to environmental protection in Hong Kong, China and Malaysia that have a significant impact on us, and are actively updating our "Green Policies" in order to incorporate the idea of sustainable development into our Group's day-to-day operations. We strive to manage our physical operations in an efficient and sustainable manner. We continually look for opportunities to improve our performance and corporate strategies to mitigate the adverse impact on the environment caused by our operations.

### *Compliance and Grievance*

During the financial year of 2024, we comply with all relevant environmental laws and regulations that have a significant impact on us, including but not limited to, the Environmental Protection Law in China, and the Environmental Quality Act 1974 of Malaysia. No confirmed non-compliance incidents or grievances were noted by us in relation to environmental issues.

### Emissions

The major types of pollutants created during open cut mining, blasting and scale of the mining operation are nitrogen oxides, carbon monoxide and dust. However, as the Group focused its business on the Company's plant stem cells business in 2024, mining and production activities were operated on a limited scale, the total amount of air emissions is minimal and immaterial, and thus, no data was recorded during the financial year of 2024.

The greenhouse gas ("GHG") emissions resulted mainly from four types of activities of the Group, including, but not limited to, vehicle uses with direct emissions, air-conditioning of the operating units with direct emissions, employees travelling by air with indirect emissions, and mining processes with direct emissions.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## *Air-conditioning*

Employees are encouraged to set offices' air-conditioners at a comfortable temperature and all unused air-conditioners are switched off. The Group has also put reminders at prominent places for employees' awareness of electricity consumption and energy conservation during office hours of business operations.

## *Travelling by air*

In the financial year of 2024, the total number of business air trips by employees was 65 times (2023: 47 times) and the total CO<sub>2</sub> emissions were 11,202 kg (2023: 13,450 kg). Employees are only required to travel by air, when necessary, and, in most of the time, we arranged telephone or video conference calls rather than face-to-face meetings in order to reduce the carbon emissions that are indirectly caused by air travel.

## *The process of mining*

Even though mining and production activities were operated on a limited scale throughout the year of 2024, we often fulfill our responsibility to protect, restore and treat the environment by implementing measures to reduce energy consumption and GHG emissions. The measures that we have taken are listed as follows:

1. The iron ore business minimizes the mining loss rate and dilution rate and maximizes the processing recovery rate by optimizing its mining methods and processing techniques, strengthening the management of on-site operations, and establishing strict technical standards for mining. Technologies are utilized to improve the extraction rate and recovery rate of mining, thus creating less impact on the environment.
2. In the case of happening of an accident, at the aftermath of the accident, we would investigate and analyze the cause, propose and implement remedial measures, and assess the effectiveness and impacts of the remedial measures on the environment with an aim to prevent any further impact the accident would cause to the environment, and also to avoid the occurrence of the accident.
3. We use diesel to run all equipment. Diesel consumption has been reduced by using diesel saving equipment. Equipment is required to be turned off when not in use so as to avoid unnecessary emission of pollutants into the air.
4. Water pool is used for the process of iron ore cleaning. It produces very little or almost no diesel fumes or dust, and thus, less pollutants are emitted into the air.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## **Use of Resources**

We always endeavor to promote sustainability and aim to cease our resources wastage to provoke detrimental harm to the environment. Various measures have been implemented to attain the goal of efficient use of resources. These measures have been effectively communicated to all levels of staff, ensuring that all employees understand clearly the importance of conserving energy and making full use of the available resources during operations.

Since we focused on commodities trading for the financial year of 2024 and 2023, the consumption of water, electricity and other natural resources is minimal; the measures taken to minimize the usage of resources are stated below.

## **Water Usage**

Water is the key component for the on-site beneficiation process. It is convenient for the Group to source ample amount of natural water from Malaysia's local streams, natural runoff and pumping from a retention pond in the Ibam Mine area. As for the other offices of the Group, due to the nature of the operations, water consumption mainly arises from the daily use of water by the employees at the offices during working hours, and the domestic sewage is directly discharged into municipal sewage pipelines.

As the water bills for offices in Hong Kong and Shenzhen China were included in the rent, thus we are unable to collect and disclose the relevant data.

## **Electricity and Energy Usage**

For the financial year of 2024, our Hong Kong office's electricity consumption were included in the rent. thus we are unable to collect and disclose the relevant data. The Shenzhen office's electricity consumption was approximately at 111,781.58 kWh (2023: 9,093.30 kWh), and the total emission of CO<sub>2</sub> was 56,896.82 kg (2023: 6,365.31 kg), mainly arising from the daily office operations. The following measures are adopted and implemented by us to preserve energy and reduce electricity usage:

- Reduce power consumption by using power-saving facilities;
- Turn off unused lighting and appliances to reduce energy consumption;
- Turn off air conditioning and lights after office hours and in idle rooms; and
- Regularly maintain office equipment to ensure efficient operation of office equipment such as air conditioners, computers, lights, and refrigerators, etc.

Only the units of usage of electricity of the Group's Shenzhen office are able to be collected, while in Hong Kong and Malaysia offices, the electricity fees were already included in the rent, and thus, we are unable to collect and disclose the relevant data of electricity usage in Hong Kong and Malaysia offices.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## Generation of Waste

The solid waste generated mainly arises from the Group's day-to-day operations, including, but not limited to, office-use paper, office waste and waste generated from the mining of iron ores. In order to alleviate the pressure on landfills and promote environmental friendliness within the Group, we have implemented various measures to encourage recycling of office supplies and other materials, thus eliminating the overconsumption of unnecessary materials.

In the financial year of 2024, we complied with all relevant laws and regulations that have a significant impact on us, including, but not limited to, Waste Disposal Ordinance in Hong Kong, Solid Waste and Public Cleansing Management Act 2007 in Malaysia and the Law of China on Prevention and Control of Environmental Pollution by Solid Waste in China. No confirmed material non-compliance incidents or grievances were noted by us in relation to environmental issues.

Furthermore, no chemical or clinical hazardous waste was generated and we did not generate large amount of non-hazardous waste during our daily operations, and therefore, the data of non-hazardous waste was not included in the calculation. Moreover, no packing materials were used for metal products, and thus, no data in this respect is available.

## The Environment and Natural Resources

### *Reduction of printing and paper usage*

We require our staff to make full use of office paper before its disposal. Various measures have been incorporated into our business operations, such as adopting the use of environmental-friendly paper and promoting the use of double-sided printing. For any single-sided printing, the relevant paper should be reused under the circumstances that no confidential information was printed on one side of the paper. Moreover, used up ink cartridges were properly recycled so as to avoid the generation of hazardous waste. We will continue to leverage the use of technology for communication with our employees and customers; moving towards an operation of paperless system.

### *Reduction of waste generated from mining of ore*

In order to minimize our impact on the environment and manage the potential risks relating to environmental protection matters, we will conduct reclamation/rehabilitation works, and also recycle and reuse waste water at the ore processing lines and tailing ponds. We occupy part of the land when conducting mining activity. After the activity has been completed, we will restore the land and vegetation.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## Data on Greenhouse Gas Emission

	Unit		Carbon emission (CO <sub>2</sub> ) in kg	
	2024	2023	2024	2023
<b>Scope 2</b>

<b>Scope 3</b>				
Business trips of employees by air	<b>65 times</b>	47 times	<b>11,202</b>	13,450
<b>Total emission of GHG</b>			<b>68,098.82</b>	23,126.59

## SOCIAL

### Employment and Labour Practices

Employee engagement has been our core strategy for enhancing productivity and workforce stability. As such, we focus on building a safe and enjoyable working environment for all employees. We have complied with all laws and regulations in relation to employment that have a significant impact on us, including but not limited to, Hong Kong Employment Ordinance, Employment Act 1955 in Malaysia and Labour Law of China.

### Compliance and Grievance

During the financial year of 2024 and 2023, no confirmed non-compliance incidents or grievances were noted by the Company in relation to employment aspects.

### Employment

We strictly comply with the requirements of the Employment Ordinance, the Minimum Wage Ordinance, the Employees' Compensation Ordinance as well as other relevant laws and regulations which cover employment protection and benefits. We have a set of personnel policy and procedures that set out our standard internal procedures relating to recruitment and promotion, working hours, holidays, equal opportunities, compensation, dismissal, diversity of origins, anti-discrimination and other human resources treatments and benefits of our employees, etc., to provide a set of standardized and adequate guideline on work practice for our employees.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

As at 31 December 2024, the Group had 40 employees (2023: 45), as categorized by employment type, age, gender and geographical locations:

	2024	2023
Number of employees	<b>40</b>	45
By employment type		
Full-time employees	<b>40</b>	45
Part-time employees	–	–
By age group		
30 or below	<b>6</b>	6
31–50	<b>26</b>	28
51 or above	<b>8</b>	11
By gender		
Male	<b>22</b>	32
Female	<b>18</b>	13
By geographical locations		
Hong Kong	<b>8</b>	10
China	<b>21</b>	24
Malaysia	<b>5</b>	6
Other countries	<b>6</b>	5

## Equal opportunity

All employees are entitled to equal opportunity in terms of treatment and promotion. In practice, employees can file a complaint or accusation against senior management if he or she is displeased with how the senior management has treated him or her. The human resources department is responsible for handling these cases. All employees are treated equally and respectfully. It is our aim to let employees work in a friendly and peaceful environment.

In addition, all of our board members are selected based on their professional experience, skills and knowledge irrespective of their gender, age, cultural and educational background and ethnicity.

## Anti-discrimination policy

The human resources department is responsible for conducting investigations over reported incidents in regard to discrimination or abuse. If a report of discrimination or abuse is confirmed, we will terminate the relevant employee's employment contract and seek for legal actions against the offender depending on the seriousness of the incident.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## Attract and retain talents

Our remuneration policies are in line with prevailing market practices and are determined on the basis of the competency, qualifications and experience of individual employees. Management has been constantly reviewing the staff remuneration package and employees' promotion opportunities. Adjustments will be made, usually annually, to conform to the market standard in order to retain talents and ensure the offer is competitive as compared to our peers in the industry.

We emphasize the unity and harmony within the working environment. Over the years, our human resources department has contributed numerous efforts in organizing activities to strengthen the bonding of employees within our family. Team building activities and gatherings are organized regularly so as to let our employees maintain their work-life balance, and also help build unity and a harmonious working environment. During the financial year of 2024 and 2023, the employee turnover rate was as follow:

	2023	2023
By age group		
– 30 or below	15.00%	13.33%
– 31–50	65.00%	62.22%
– 51 or above	20.00%	24.44%
By gender		
– Male	55.00%	71.11%
– Female	45.00%	28.88%
By geographical locations		
– Hong Kong	20.00%	22.22%
– China	52.50%	53.33%
– Malaysia	12.50%	13.33%
– Other countries	15.00%	11.11%

## Welfare and benefits

Employees are entitled to all holidays as stated on the Employment Act, apart from that, employees are also entitled to generous annual leave package, including 1 to 3 days' marriage leave and 1 to 3 days' funeral leave.

Moreover, we continue to uphold the government laws and provide comprehensive support to pregnant female employees. We have a "Support Policy" to show support to all pregnant employees and to ensure that their original job is available to them upon their return from maternity leave. Furthermore, during their pregnancy period, we prohibit any pregnant employees to perform heavy lifting assignments so as to ensure that both the mother and the baby are safe at the Company.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## Health and Safety

We comply with the relevant laws and regulations regarding industrial safety, hygiene and health, and other caring arrangements for employees that have a significant impact on us, including, but not limited to, Occupational Safety and Health Ordinance in Hong Kong and Occupational Safety and Health Act 1994 in Malaysia. Apart from employees' compensation insurance, we provide other fringe benefits to our employees, such as medical cover. Our business operations do not involve any high-risk work activities that could lead to serious industrial events or occupational health problems. During the financial year of 2024 and 2023, no case of injuries was reported and thus no lost day due to work injury.

In addition, we have implemented the following policies to create and maintain a good, comfortable and healthy work environment for our employees:

- Keep all emergency exits in the workplace unobstructed;
- Provide sufficient lights at workplace;
- Prohibit smoking in the workplace; and
- Conduct regular safety inspections and fire drill training.

## Development and Training

We believe that investing in employees through training will help promote job satisfaction, work motivation and staff loyalty. Different types of training were provided to employees to make sure that all staff can have updated information and enough knowledge and skills to provide quality services to our customers. The Company provided on-the-job training to our employees, and all new joiners received induction training on their first day of employment.

Moreover, employees are encouraged to attend external training seminars and courses that can help them gain updated knowledge with the fast changing business world taken into account. The training seminars and courses include, but not limited to, updates on the Listing Rules, corporate governance, changes and development of relevant laws and regulations, as well as the introduction of financial technologies and strategic investment opportunities. As such, we strive to refresh our employees' knowledge and let them maintain sustainable professional development.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

During the financial year of 2024 and 2023, there are 72 and 72 hours of training received by the employees of the Group.

	<b>2024</b>	2023

– Management	<b>48</b>	55
– Other staff	<b>66</b>	48
Average training hours by gender		
– Male	<b>54</b>	50
– Female	<b>60</b>	48

## Labour standards

We are committed to complying with the Employment Ordinance in Hong Kong, the PRC Employment Contract Law, the PRC Labour Law, and the Employment Regulations 1957 in Malaysia. Every act of engagement is subject to a stringent internal review process that involves a well-defined monitoring procedure designed to verify a candidate's personal information in order to avoid misrepresentation and any form of child labour.

The practice of forced and child labour is strictly prohibited. If the management discovers that there has been any illegal practice of child or forced labour, we will immediately terminate the employment contract of the relevant executives. During the financial year of 2024 and 2023, all employees are over the age of 18, and have been properly employed in accordance with the requirements of all applicable laws and regulations.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## OPERATING PRACTICES

### Supply Chain Management

We aim to provide comprehensive solutions that meet customers' needs and establish a comprehensive vertical supply chain management system through resources integration and supply management. The Group assesses whether suppliers are qualified by considering their locations, transportation methods and means of packaging, and supply history record, and such assessment is carried out at least once every year. We will only work with partners who operate their business in a professional and ethical manner.

The Group's criteria for selecting suppliers are based on fair and clear standards, such as the product quality, post-sale services, prices and payment days and cooperation history, to procure not only most productive but also environmental-friendly resources and products and services with the highest quality. The Group arranges this assessment for suppliers on a regular basis and applies timely treatment for those suppliers who fail in the assessment, such as termination of procurement. We focus on close cooperation with suppliers to reduce the environmental impact of products being manufactured in the production process, and ensure the quality of services provided to our customers.

During the financial year of 2024, we purchased from 4 suppliers (2023: 5 suppliers). Our suppliers are mainly located in Hong Kong, Mainland China and Malaysia. It is our wish to collaborate with our suppliers in innovation development and application, participation in production process enhancement for the continuous optimization of supply chain capabilities as well as fulfilment of our responsibilities in social and environmental protection.

### Product Responsibility

We strictly comply with laws and regulations with regard to product responsibility in Hong Kong, Malaysia and PRC that have a significant impact on us, including, but not limited to, the Consumer Protection Law of China, China's Law of Tort, the Trade Description Ordinance and the Sale of Goods Ordinance in Hong Kong, and the Consumer Protection Act 1999 in Malaysia.

There were no major breaches of the Trade Description Ordinance, nor were we sued for copyright infringement in the financial year of 2024 and 2023. Also, no products have been returned to us by customers due to health and safety issue and no complaints have been received related to our products in that years.

### Quality assurance

In order to ensure the quality of our products, we maintain long-term relationship with those qualified suppliers with good reputation. Quality is based on the content of the mineral; and the Group obtains laboratory test results from its suppliers so as to ensure that all products are with high quality.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## Data Protection and Privacy

The Group has security measures in place to provide adequate protection and confidentiality of all corporate data and information. It protects and maintains information confidentiality in its operation. During the year, the Personal Data (Privacy) Ordinance (Cap. 486 of the Laws of Hong Kong), the Regulations of the PRC for Safety Protection of Computer Information Systems, Personal Data Protection Act of Malaysia were fully complied with to protect the rights of employees, clients, and business associates.

## Anti-corruption

We clearly understand that financial crime can have significant consequences upon our customers and us. Moreover, the community and the economies in which we operate can also be greatly impacted. Therefore, we are highly committed to participating in industry-wide efforts to address the problem of corruption.

We maintain and implement our own anti-money laundering, counter-terrorist financing, anti-bribery, anti-corruption and anti-fraud practices and procedures. We do not support, nor do we tolerate, any corruption practice and the payment or receipt of bribes for any purpose. We have set out a clear policy to guide our employees' behaviour in this area, and have complied with all relevant laws and regulations that have a significant impact on us, including, but not limited to, Criminal Law of China, Anti-Money Laundering Law of China, the Prevention of Bribery Ordinance in Hong Kong and the Malaysian Anti-Corruption Commission Act 2009.

Our whistleblowing policy provides a dedicated confidential reporting channel for employees and external stakeholders such as customers and suppliers to raise their concerns regarding unethical behaviour, and report malpractice and misconduct. Upon receiving the complaints or whistle-blowing, the Group will carry out inspection and investigation according to the complaint and will collect relevant evidence for verification.

During the financial year of 2024 and 2023, there was no report of any corruption or bribery behavior within the Group.

## Community Investment

We deeply understand the importance of giving back to the society. Therefore, we encourage our employees to take part in community services so as to contribute to a more sustainable and harmonious society.

In addition, the Group maintains an open channel of communication with its stakeholders and communities to understand their motivations, goals and needs through continuous conversation in order to achieve the Group's contributions in corporate social responsibility activities.

# PROFILES OF DIRECTORS AND SENIOR MANAGEMENT

## DIRECTORS AND SENIOR MANAGEMENT

### Executive Directors

**Mr. Ng Khing Yeu**, was appointed as an executive Director on 25 March 2022. Mr. Ng is currently the chairman of the board of the Company. Mr. Ng is the founder of Grace Generation Group Company Limited, which is focusing on the big health industry and biotechnology industry, involving retail and wholesale of biotechnology, health food and medicine, cosmetics raw materials and finished products with operations in Malaysia, Cambodia, South Korea, Taiwan and the mainland of the People's Republic of China.

Mr. Ng graduated from University of Kentucky in the United States of America with a bachelor's degree in civil engineering, and he was conferred the title of Datuk Seri Malaysia in 2016. Mr. Ng is the sole director and shareholder of Grace Generation Group Company Limited which holds 112,827,000 shares of the Company, representing approximately 7.52% of total issued shares of the Company.

**Ms. Li Xiaolan**, was appointed as an executive Director and the deputy general manager of the Company on 12 April 2013. She joined our Group in March 2008 and had been appointed as the director of Capture Advantage, Best Sparkle Development Ltd. since August 2010, November 2010 and February 2014 respectively. Ms. Li is currently responsible for the financial management of the Group, and her duty includes enhancing internal control of our financial system, supervising the daily operation of our finance department and controlling the allocation of internal resources. In addition, she is also responsible for reviewing and approving the financials and feasibility of new projects.

Ms. Li has approximately 21 years of experience in accounting. Previously she had been the finance director of Tongxing Group Mining Company (同興集團礦業公司) between January 1997 and October 2003, and the finance director of Chengdu Hande between November 2003 and August 2007.

Ms. Li obtained a diploma in industrial enterprises operation and management from Sichuan Radio and Television University (四川廣播電視大學) in the PRC in 1986, and her bachelor's degree in accounting from Sichuan University (四川大學) in the PRC in 1992.

## PROFILES OF DIRECTORS AND SENIOR MANAGEMENT

**Mr. Wang Er**, was appointed as an executive Director and the production supervisor of our Company on 12 April 2013 and was re-elected as an executive Director on May 2019. He had also been appointed as the director of Pacific Mining and Capture Advantage since May 2011 and June 2011 respectively. Mr. Wang has approximately 35 years of experience in the mining industry. Mainly responsible for the daily operation and production of the Group's mines, he is the key on-site person-in-charge of Project Ibam as well as the resident supervisor at the mine site for overall production management and testing of iron ore grading.

Mr. Wang first joined our Group in March 2008 as the resident representative in Malaysia and took part in a number of field trips in search for suitable mining projects in Malaysia. He was also actively involved in the establishment of the Group's warehouse in Kuantan.

Prior to joining the Group, Mr. Wang served as the general manager of Chengdu Hande between November 2003 and December 2006, and was mainly responsible for the preliminary screening of potential investment opportunities in the mining sector. Between March 1998 and October 2003, Mr. Wang was the general manager of Sichuan Guandi Mine (四川官地鐵礦), serving as the key on-site person-in-charge of the mining project, and responsible for the construction of mining production lines and arranging staff for the mining operation. Before that, Mr. Wang had also successively served the positions of technician, engineer and deputy manager in the non-ferrous metal department at Sichuan Enterprises Mining Company (四川鄉鎮企業礦業公司).

Mr. Wang graduated from Henan Jiaozuo Mining Institute (河南焦作礦業學院) in the PRC with a major degree in mineral processing in 1998.

# PROFILES OF DIRECTORS AND SENIOR MANAGEMENT

## Independent Non-executive Directors

**Mr. Dong Jie**, was appointed as independent non-executive Director of the Company on 17 January 2024. Mr. Dong was a former executive Director of the Company between 12 April 2013 and 12 September 2016. Mr. Dong has not provided any professional service to the Group within 2 years prior to his current appointment as an independent non-executive Director of the Company, and the Board is of the view that Mr. Dong satisfied the independence requirement under the Listing Rules. During his previous term as a director of the Company, Mr. Dong is mainly responsible for the Group's processing technology study and provides technical advice. Mr. Dong has approximately 41 years of experience in the mining industry. He joined our Group as a chief engineer in March 2008 and since then had taken part in a number of field trips to Malaysia in search for suitable mining projects. Mr. Dong was a technical adviser of the Group in respect of raw ore analysis and perfection of iron ore beneficiating technology.

Mr. Dong is an independent non-executive Director of the Company, and is mainly responsible for the independent supervision of the Company. Mr. Dong graduated from Chengdu University of Technology (成都理工大學) in the PRC (formerly known as Chengdu Geology College (成都地質學院)), with a major degree in rock and mineral analysis in 1982.

From March 1982 to October 1996, he worked in the 7th Teaching and Research Section of the Second Department of Chengdu Institute of Geology (now Chengdu University of Technology 成都理工大學), responsible for the thermodynamics laboratory of rare and precious metals. Between January 1997 and August 2005, Mr. Dong worked at Sichuan Guandi Mine (四川官地鐵礦) as chief engineer, and was mainly responsible for the mining of an iron ore mine located in Huili County of Sichuan Province.

Since September 2016 to present, Mr. Dong was the research group chief of Chengdu Mining Composite Utilization Research Institute (成都礦產綜合利用研究所). It has in-depth research on innovative technologies and methods for the comprehensive utilization of mineral resources and can provide advanced solutions and technical support for the mineral industry, thus further promoting achievements in sustainable development and environmental protection.

**Dr. Wang Ling**, was appointed as an independent non-executive Director on 12 April 2013 and was reelected as independent non-executive Director on May 2019, mainly responsible for the independent supervision of the Company. He is also the chairman of the Remuneration Committee From October 2001 to May 2008, Dr. Wang served as the independent director of Xiwang Foodstuffs Co., Ltd. (西王食品股份有限公司) (stock code: SZ000639, formerly known as Zhuzhou Qingyun Development Co., Ltd. (株洲慶雲發展股份有限公司) and Hunan Ginde Development Co., Ltd. (湖南金德發展股份有限公司)), a company listed on the Shenzhen Stock Exchange. Save as disclosed herein, Dr. Wang is not and has not been a director of any other listed companies in Hong Kong or overseas in the past three years.

Before that, Dr. Wang worked with Changsha Institute of Geotectonics, Chinese Academy of Sciences (中國科學院長沙大地構造研究所) as an associate researcher, researcher and tutor for doctoral candidates successively. Dr. Wang has been a professor and tutor for doctoral candidates of Chengdu University of Technology (成都理工大學) since January 2002. He received the Government Special Allowance awarded by the State Council of China (國務院政府特殊津貼) in 1999 and was recognized as the Leader of Academy and Technology (學術和技術帶頭人) in Sichuan in 2003.

## PROFILES OF DIRECTORS AND SENIOR MANAGEMENT

Dr. Wang graduated from Southwest University of Science and Technology (西南科技大學) in the PRC (formerly known as Sichuan Institute of Building Materials (四川建築材料工業學院)) with a bachelor's degree in non-metallic mineral geology and exploration in 1982, and obtained a doctoral degree from Changsha Institute of Geotectonics, Chinese Academy of Sciences (中國科學院長沙大地構造研究所) in 1994. Dr. Wang was a visiting scholar at the department of earth sciences in University of Cambridge from December 1999 to December 2000.

**Mr. Leung Yiu Cho**, was appointed as an independent non-executive director of the Company and also serve as the chairman of the audit committee of the Board.

Mr. Leung was the assistant financial controller of Ta Yang Group Holdings Limited (1991.HK) from 2006 to 2007, the chief financial officer and board secretary of Highland Asset Management Corporation from 2012 to 2013, an executive director and the vice investment principal of Artini Holdings Limited (789.HK) from 2013 to 2019 and an independent non-executive director and the chairman of the audit committee of the Company from August 2017 to October 2020. Mr. Leung has been appointed as company secretary and authorised representative at Universal Star (Holdings) Limited (2346.HK) from July 2021 to January 2024, and has been appointed as company secretary and authorised representative at China Dredging Environment Protection Holdings Limited (871.HK) from December 2021 to August 2023. Mr. Leung has been an independent non-executive director and the chairman of the audit committee of Zhongshi Minan Holdings Limited (8283.HK) from October 2016 to June 2022. Mr. Leung has been appointed as an independent non-executive director and the chairman of the audit committee of Wuxi Sunlit Science and Technology Company Limited (1289.HK) since June 2021 and has been appointed as independent non-executive director and the chairman of the audit committee of Shanghai XNG Holdings Limited (3666.HK) since October 2023. Mr. Leung has been appointed as chief financial officer, company secretary and authorised representative at Renco Holdings Group Limited (2323.HK) since October 2024, he has been appointed as executive director of Trendzon Holdings Group Limited (1865.HK) since November 2024.

### COMPANY SECRETARY

Mr. Chen Kun has been appointed as the company secretary of the Company and as an authorised representative of the Company for accepting service of process or notice in Hong Kong pursuant to rule 3.05 of the Listing Rules and under Part 16 of the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) with effect from 11 March 2022. Mr. Chen is a practicing solicitor in Hong Kong. Mr. Chen is an external company secretarial service provider and is not an employee of the Company.

# DIRECTORS' REPORT

The Directors are pleased to present their report and the audited consolidated financial statements of the Group for the year ended 31 December 2024.

## PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The Company acts as an investment holding company. The activities of its principal subsidiaries are trading of health products, iron ore exploration, mining, crushing and beneficiation as well as sale of iron ore products in the form of iron ore concentrates and iron ore fines. Details of the Company's subsidiaries as at 31 December 2024 are set out in note 40 to the Notes to Financial Statements of this annual report.

Further discussion and analysis of these activities as required by Schedule 5 to the Hong Kong Companies Ordinance, including a description of the principal risks and uncertainties facing the Group and an indication of likely future development in the Group's business, can be found in the "Management Discussion and Analysis" set out in this annual report. This discussion forms part of this directors' report.

## ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group recognizes the importance of proper adoption of environmental policies is essential to the attainability of corporate growth. The Group uses the open-pit mining method to simplify operations and reduce production costs. The Group produces iron ore products through a relatively low-cost process which includes ball-milling, magnetic separation process and dewatering. The method is environmentally friendly as it does not require chemical additives and reduces the amount of waste water produced. For more discussion on the Group's environmental policies and performance, please refer to "Environmental, Social and Governance Report" in this annual report.

## RELATIONSHIPS WITH KEY STAKEHOLDERS

Discussions on the Group's relationships with its employees, customers and suppliers are set out in the section headed "Environmental, Social and Governance Report" in this report.

# DIRECTORS' REPORT

## CORPORATE GOVERNANCE

The Company's corporate governance report is set out in this annual report.

## FUTURE PLAN

Going forward, the Group will make best endeavours to negotiate with the creditors and the potential investors with a view to debt restructuring.

## FINANCIAL KEY PERFORMANCE INDICATOR

Key performance indicators used by the Group are listed in "Financial Highlights" of this annual report.

Please refer to the section headed "Financial Review" in the "Management Discussion and Analysis" in this annual report for details.

## RESULTS AND DIVIDENDS

The results of the Group for the year ended 31 December 2024 are set out in the consolidated statement of profit or loss and other comprehensive income in this annual report.

No interim dividend was paid during the year (2023: Nil). The Directors do not recommend the payment of a final dividend for the year ended 31 December 2024 (2023: Nil).

## SUMMARY OF FINANCIAL INFORMATION

A five year summary of the consolidated results, assets and liabilities of the Group, as extracted from the audited consolidated financial statements of the Group and the Prospectus, is set out in "Five Year Summary of Financial Information" of this annual report. This summary does not form part of the audited financial statements.

## BANK LOANS AND OTHER BORROWINGS

Particulars of bank loans and other borrowings of the Company and the Group, including the interest-free and security-free loan of USD60 million by Cosmo Field Holdings Limited, the ultimate holding company of the Company, as at 31 December 2024 are set out in notes 28 and 29 to the Notes to Financial Statements.

# DIRECTORS' REPORT

## NOTES AND BONDS

Details of the notes issued by the Company are set out in note 30 to the Notes to Financial Statements.

## PROPERTY, PLANT AND EQUIPMENT

Additions to property, plant and equipment of the Group for the year ended 31 December 2024 was US\$3,000 (2023: US\$26,000). Details of the movements during the year in the Group's property, plant and equipment are set out in note 18 to the Notes to Financial Statements of this annual report.

## SHARE CAPITAL

Details of the movements during the year in the issued share capital of the Company are set out in note 33 to the Notes to Financial Statements of this annual report.

## PRE-EMPTIVE RIGHTS

There is no provision for pre-emptive rights under the Company's Articles of Association and there is no restriction against such rights which would oblige the Company to offer new Shares on a pro-rata basis to existing Shareholders.

## PURCHASE, SALES OR REDEMPTION OF LISTED SECURITIES OF THE COMPANY

Neither the Company nor any of its subsidiaries purchased, redeemed or sold any of the Company's listed securities during the year under review.

## CHARITABLE CONTRIBUTIONS

During the year, the Group did not make any charitable contributions (2023: Nil).

## MAJOR CUSTOMERS AND SUPPLIERS

During the year, sales to the Group's five largest customers accounted for 87.5% of the Group's total sales for the year ended 31 December 2024 (2023: 79.7%), and sales to its largest customer accounted for 33.5% of the Group's total sales for the year ended 31 December 2024 (2023: 31.5%). Purchases from the Group's five largest suppliers accounted for approximately 100.0% of the total purchases for the year ended 31 December 2024 (2023: 100.0%) and purchases from the largest supplier accounted for approximately 58.5% of total purchases for the year ended 31 December 2024 (2023: 38.74%).

None of the Directors, their associates or any Shareholders of the Company (which, to the best knowledge of the Directors, own more than 5% of the Company's issued share capital) had any interest in the Group's five largest customers and suppliers during the year.

The Board is of the view that the Group has maintained a harmonious business relationship with its major customers and suppliers during the year under review.

# DIRECTORS' REPORT

## MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year under review.

## DIRECTORS

The Directors of the Company during the year and up to the date of this report were:

### Executive Directors

Ms. Li Xiaolan  
Mr. Wang Er  
Mr. Ng Khing Yeu

### Independent Non-Executive Directors

Mr. Dong Jie (appointed on 17 January 2024)  
Dr. Wang Ling  
Mr. Leung Yiu Cho  
Dr. Li Zhongquan (resigned on 17 January 2024)

In accordance with the Company's Articles of Association, at each AGM, one-third of the Directors for the time being (or, if their number is not a multiple of three (3), the number nearest to but not less than one-third) shall retire from office by rotation provided that every Director shall be subject to retirement at an AGM at least once every three years. A retiring director shall be eligible for re-election. A director appointed to fill a vacancy or as an additional director shall retire at the next following general meeting and shall then be eligible for re-election.

The Company has received annual confirmation of independence from each of the three independent non-executive Directors in accordance with Rule 3.13 of the Listing Rules and considers them to be independent.

## DIRECTORS' AND SENIOR MANAGEMENT'S BIOGRAPHIES

Biographical details of the above Directors and senior management are set out in the section headed "Profiles of Directors and Senior Management" of this annual report.

The Board is of the view that the Group has maintained a harmonious employment relationship with its board members and senior management during the year under review.

# DIRECTORS' REPORT

## DIRECTORS' INTERESTS IN CONTRACTS

No Directors had a material interest, either directly or indirectly, in any contract of significance to the business of the Group to which the Company, or any of its holding companies, subsidiaries or fellow subsidiaries was a party for the year ended 31 December 2024.

Cosmo Field Holdings Limited, our controlling shareholder which is wholly-owned by our former executive Director Mr. Li Yang, has provided a security-free and interest-free loan of USD60.0 million to the Company.

None of the Directors proposed for re-election at the forthcoming AGM has a service contract with the Company which is not determinable by the Company within one year without payment of compensation, other than statutory compensation.

## DIRECTORS' INTERESTS IN COMPETING BUSINESS

None of the Directors of the Company had engaged in any business or had any interest in business which competes or may constitute competition directly or indirectly (within the meaning of the Listing Rules) with the business of the Group for the year ended 31 December 2024.

## DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

At no time during the year were rights to acquire benefits by means of the acquisition of Shares of the Company granted to any Director or their respective spouse or minor children; or were any such rights exercised by them or was the Company, or any of its subsidiaries a party to any arrangement to enable those persons to acquire such rights in any other body corporate.

## DIRECTORS' SERVICE CONTRACTS

Each of our executive Directors and independent non-executive Directors has entered into a service contract with the Company.

None of the Directors has entered into any service agreement with the Company which is not determinable within one year without payment of compensation, other than the statutory compensation.

## PERMITTED INDEMNITY PROVISION

The Company's Articles of Association provides that every Director shall be indemnified out of the assets of the Company against any liability, action, proceeding, claim, demand, costs, damages or expenses, including legal expenses as a result of any act or failure to act in carrying out his/her functions.

Code provision C.1.8 of the CG Code provides that appropriate insurance cover in respect of legal action against directors should be arranged. For the Reporting Period, the Company did not have insurance cover for legal action against the Directors. However, pursuant to the Company's articles of association, the Directors shall be indemnified and secured harmless out of the assets and profits of the Company from and against all actions, costs, charges, losses, damages and expenses which they or any of them shall or may incur or sustain by or by reason of any act done, concurred in or omitted in or about the execution of their duty, or supposed duty, in their respective offices. In view of the above, the Board considers that the Directors' exposure to litigation risk is manageable even if there is no insurance cover for legal action against the Directors.

# DIRECTORS' REPORT

## DIRECTORS' AND CHIEF EXECUTIVE OFFICER'S INTERESTS AND SHORT POSITION IN SHARES AND UNDERLYING SHARES

As at the date of this annual report, the Directors and the Chief Executive Officer of the Company had the following interests and short positions in the Shares, underlying Shares or the debentures of the Company or any of its associated corporations within the meaning of part XV of the SFO, which would have to be notified to the Company and the Stock Exchange pursuant to the provision of Divisions 7 and 8 of Part XV of the SFO (including interests and/or short positions of which they were taken or deemed to have under such provisions of the SFO) and/or required to be entered in the register required to be kept under section 352 of the SFO or as otherwise notified to the Company and the Stock Exchange pursuant to the Model Code:

### (i) Long positions in Shares of the Company:

Name of Director	Nature of Interest	Number of Ordinary Shares	Approximate percentage of the Company's issued share capital
Ng Khing Yeu (note 2)	Interest in controlled corporation	112,827,000 (L)	7.52%

Note:

- The letter "L" denotes the Shareholder's long position in the share capital while the letter "S" denotes the Shareholder's short position.
- Mr. Ng Khing Yeu is the sole shareholder and sole director of Grace Generation Group Company Limited ("**Grace Generation**") which owns 112,827,000 shares of Company. Therefore, Mr. Ng is deemed, or taken to be, interested in all the interest held by Grace Generation for the purpose of the SFO.

### (ii) Long position in shares of the associated corporation:

Name of Director	Nature of associated corporation	Nature of Interest	Approximate percentage of interest in the share capital of the associated corporation
Ng Khing Yeu (note 2)	Grace Generation	Beneficial owner	100.00%

Save as disclosed above, as at the date of this annual report, none of the Directors nor the Chief Executive Officers of the Company had any interests or short positions in any Shares, underlying Shares and/or debentures of the Company or any of its associated corporations (within the meaning of Part XV of the SFO) which were notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interest and/or short positions which were taken or deemed to have under such provisions of the SFO), or which were recorded in the register maintained by the Company pursuant to Section 352 of the SFO, or which would have to be notified to the Company and the Stock Exchange pursuant to the Model Code.

## DIRECTORS' REPORT

### SUBSTANTIAL SHAREHOLDERS AND OTHER PERSONS' INTEREST AND SHORT POSITIONS IN THE SHARES AND UNDERLYING SHARES

The Company has also been notified that, Cosmo Field has charged 711,000,000 Shares and 41,000,000 Shares (collectively "Charged Shares") in favour of an independent third party institution on 23 September 2016 and 27 September 2016 respectively. The Charged Shares represent approximately 50.13% of the issued share capital of the Company as at the Latest Practicable Date.
  - (b) The Company has been notified that, a deed of release has been executed on 4 January 2018 with respect to the Charged Shares which were previously charged by Cosmo Field in favour of the second priority lender (as set out in the announcement dated 29 December 2016). Cosmo Field has charged the Shares in favour of another secondary priority lender on 4 January 2018.
4. Tang Lingyan is the spouse of Mr. Yang Jun. Mr. Yang Jun beneficially owns the entire issued share capital of Hua Heng. Therefore, Tang Lingyan is deemed, or taken to be, interested in all the Shares of the Company held by Hua Heng for the purpose of the SFO. Mr. Yang Jun is the sole director of Hua Heng.
5. 華融華僑資產管理股份有限公司 is deemed, or taken to be, interested in all the interest held by Ample Professional Limited in the shares of the Company for the purpose of the SFO.
6. Each of Guotai Junan Securities Co., Ltd., Haitong Securities Company Limited, Haitong International Holdings Limited, and Haitong International Securities Group Limited are deemed, or taken to be, interested in all the interest held by Haitong International Finance Company Limited in the shares of the Company for the purpose of the SFO.
7. Mr. Ng Khing Yeu is the sole shareholder and sole director of Grace Generation Group Company Limited ("Grace Generation") which owns 112,827,000 shares of Company. Therefore, Mr. Ng is deemed, or taken to be, interested in all the interest held by Grace Generation for the purpose of the SFO.
8. Based on the disclosure of interest notices given by Mr. Li and Cosmo, Cosmo entered into a pledge document dated 12 September 2019 (the "Pledge Document") with Sichuan Liquor, under which Cosmo pledged 91,000,000 Shares (the "Pledged Shares") to Sichuan Liquor as a pledge guarantee in favour of Sichuan Liquor in respect to outstanding sum (the "Outstanding Sum") owed to Sichuan Liquor by certain third parties. For clarification, the interest of Sichuan Liquor as stated above is based on the notices given by Mr. Li and Cosmo.

On 20 January 2020, 91,000,000 Pledged Shares were transferred from Cosmo to third party nominated by Sichuan Liquor pursuant to the Pledge Document. According to Cosmo, the above-mentioned Outstanding Sum and Pledge Document are not connected with the Company in any way. For clarification, the interest of Sichuan Liquor as stated above is based on the notices given by Mr. Li and Cosmo.

To the Directors' knowledge and belief, Sichuan Liquor holds shares through its nominated third party(ies).

Save as disclosed above, as at the date of this report, no other person had any interests or short positions in the Shares or underlying Shares of the Company which would fall to be disclosed to the Company and the Stock Exchange pursuant to Section 336 of the SFO or, were, directly or indirectly, interested in 5% or more of the nominal value of any class of share capital carrying rights to vote under all circumstances at general meetings of any other member of the Group.

# DIRECTORS' REPORT

## AUDITOR

For the year ended 31 December 2024, the financial statements of the Company had been audited by Prism Hong Kong Limited whose term of office will expire upon the forthcoming annual general meeting. A resolution to re-appoint Prism Hong Kong Limited as the auditor of the Company will be proposed to the shareholders of the Company for approval at the forthcoming annual general meeting.

## REMUNERATION OF THE DIRECTORS

The remuneration of the Directors is determined with reference to the Directors' duties and responsibilities under their employment or service contracts as approved by the Company's Shareholders resolutions in writing on 12 April 2013 before the Listing and the Board under the authority of the shareholders' resolutions passed on 30 April 2014, with the operating results of the Group and performance of the individual taken into account and aligning with market statistics. Details of the remuneration of the Directors are set out in note 14 to the Notes to Financial Statements of this annual report.

## RELATED PARTY TRANSACTIONS

Details of the related party transaction are stated in note 36 to the Notes to Financial Statements of this annual report, which comprise of, among others, (1) the interest-free and security-free shareholder loans of USD60,000,000 by Cosmo Field (the controlling shareholder of the Company) to the Company, and provision of guarantee by Mr. Li, his father and his controlled entity with respect to the Company's loans at nil consideration, which are all fully exempt connected transaction under Rule 14A.90 of the Listing Rules; and (2) remuneration payable to the Directors and other key management personnel of the Group.

## RETIREMENT BENEFITS SCHEMES

Particulars of the retirement benefits schemes of the Group are set out in note 37 to the Notes to Financial Statements.

## NON-COMPETITION UNDERTAKING

Each of the executive Directors (collectively the "Covenantors") have entered into a Deed of Non-Competition in favour of the Company (on behalf of itself and the Group) dated 9 June 2013 (the "Deed"). Pursuant to the Deed, each of the Covenantors shall procure that their respective associates shall not directly or indirectly engage in any business in competition with the existing business activity of the Group. Relevant information on the Deed was disclosed in the Prospectus in the section headed "Relationship with Controlling Shareholders".

The Company has received confirmations from the Covenantors of their compliance with the terms of the Deed. The Covenantors declared that they have fully complied with the Deed for the year ended 31 December 2024. The independent non-executive Directors have reviewed the confirmations from the Covenantors and concluded that the Deed has been complied with and has been effectively enforced.

# DIRECTORS' REPORT

## AMENDED AND RESTATED MEMORANDUM OF ASSOCIATION

Amended and restated memorandum of association of Company was adopted at a general meeting held on 29 June 2023.

## SUFFICIENCY OF PUBLIC FLOAT

The Company has made announcement at the request of Stock Exchange in respect of the high concentration of the shareholding of the Company in the hands of a limited number of Shareholders. For details, please refer to the announcement dated 10 June 2022.

Based on the information that is publicly available to the Company and as far as the Directors are aware, the Company has maintained at least 25% of public float as for the year ended 31 December 2024 and up to the date of this annual report.

## EVENTS AFTER THE REPORTING PERIOD

Please refer to the section headed "Events after the Reporting Period" in the "Management Discussion and Analysis" in this annual report for details.

# INDEPENDENT AUDITOR'S REPORT

**TO THE SHAREHOLDERS OF GRACE LIFE-TECH HOLDINGS LIMITED**  
*(Incorporated in the Cayman Islands with limited liability)*

## DISCLAIMER OF OPINION

We were engaged to audit the consolidated financial statements of Grace Life-tech Holdings Limited (the “Company”) and its subsidiaries (hereinafter collectively referred to as the “Group”) set out on pages 67 to 149, which comprise the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

We do not express an opinion on the consolidated financial statements of the Group. Because of the potential interaction of the multiple uncertainties relating to going concern and their possible cumulative effect on the consolidated financial statements as described in the Basis for Disclaimer of Opinion section of our report, it is not possible for us to form an opinion on the consolidated financial statements. In all other respects, in our opinion, the consolidated financial statements have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

## BASIS FOR DISCLAIMER OF OPINION

### Multiple Uncertainties Relating to Going Concern

As set out in note 2 to the consolidated financial statements, the Group incurred a net loss attributable to the owners of the Company of approximately US\$48,128,000 for the year ended 31 December 2024. As at the same date, the Group recorded net current liabilities of approximately US\$182,535,000, net liabilities of approximately US\$167,490,000, the Group’s amount due to ultimate holding company of approximately US\$60,000,000, total bank and other borrowings amounted to approximately US\$55,088,000, out of which US\$55,031,000 will be due for repayment within the next twelve months, while its cash and cash equivalents amount to approximately US\$248,000.

In addition, as at 31 December 2024, the Group was in default on borrowings totally approximately US\$114,869,000 (the “In Default Borrowings”), comprising the amount due to ultimate holding company and bank and other borrowings of approximately US\$60,000,000 and US\$54,869,000 respectively. The default arose from, inter alia: (a) late or overdue payments of principal and interests; and (b) breach of terms and conditions of In Default Borrowings as at 31 December 2024.

## INDEPENDENT AUDITOR'S REPORT

Included in the In Default Borrowing has two shareholder's loans totalling of US\$60,000,000, of these US\$40,000,000 was a loan provided by Cosmo Field Holdings Limited ("Cosmo Field"), the Group's ultimate holding company (the "Shareholder's Loan"). The Shareholder's Loan was assigned to Industrial Bank Co., Limited ("Industrial Bank") as part of a security arrangement subsequently (the "Industrial Bank Loan"), under which Industrial Bank advanced US\$45,059,154 to Cosmo Field. On 15 May 2020, Industrial Bank filed a writ of summons at the High Court of Hong Kong ("High Court Action 1") against Cosmo Field and its guarantor, Mr. Li Yang ("Mr. Li"), the ex-director, ex-chairman, and ex-chief executive officer of the Company. Industrial Bank claimed US\$45,059,154 in relation to the default on the Industrial Bank Loan. As part of the security arrangement, Cosmo Field pledged its 752,000,000 shares (representing 50.13% of the Company's issued shares as at 31 December 2024) to Industrial Bank. Industrial Bank is entitled to claim repayment of the Shareholder's Loan from the Company as part of the security arrangement.

The Group also defaulted on a loan from Oversea-Chinese Bank Corporation Limited ("OCBC") with an outstanding principal of approximately US\$36,533,000 (the "OCBC Loan") and interest payable of approximately US\$19,288,000. On 20 January 2020, OCBC filed a writ of summons at the High Court of Hong Kong ("High Court Action 2") against Mr. Li, alleging his failure as a guarantor for a debt of HK\$308,758,494 (the "OCBC Outstanding Amount"). The default of the OCBC Loan triggered cross-defaults on other borrowings amounting to approximately US\$18,336,000 as of 31 December 2024. On 8 January 2021, the High Court adjudged that Mr. Li was liable for the OCBC Outstanding Amount, accrued interest, and related costs.

On 4 June 2021, the Company filed a petition with the Grand Court of the Cayman Islands for an order to wind up the Company and appoint joint provisional liquidators on a light touch basis for restructuring purposes on the grounds that the Company was unable to pay its debts and it intended to present a compromise or arrangement to its creditors.

Furthermore, on 5 December 2022, the Company received a statutory demand (the "Statutory Demand") from the solicitors acting on behalf of a creditor, pursuant to Sections 178(1)(a) or 327(4)(a) of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Chapter 32). This demand required repayment of approximately RMB250,974,633 (the "Alleged Debt") within three weeks, failing which a winding-up petition could be filed. The Company has contested the validity of the Statutory Demand stating that no business dealings with the creditor, and is seeking legal advice to address the Statutory Demand appropriately.

These conditions, together with other matters disclosed in note 2 to the consolidated financial statements, indicate that a material uncertainty likely may cast significant doubt on the Group's ability to continue as a going concern.

# INDEPENDENT AUDITOR'S REPORT

The directors of the Company have been undertaking measures to improve the Group's liquidity and financial position, which are set out in note 2 to the consolidated financial statements. The validity of the going concern assumption on which the consolidated financial statements have been prepared depends on the outcome of these measures, which are subject to multiple uncertainties, including (i) successfully raising additional new sources of financing as and when needed; and (ii) successful collection of trade receivables and controlling costs and containing capital expenditure so as to generate adequate net cash inflows.

As a result of these multiple uncertainties, their potential interaction and the possible cumulative effect thereof, we were unable to form an opinion as to whether the going concern basis of preparation is appropriate.

Should the Group be unable to operate as a going concern, adjustments would have to be made to write down the carrying amounts of the Group's assets to their net recoverable amounts, to provide for any further liabilities that may arise and to reclassify non-current assets and non-current liabilities as current assets and current liabilities respectively. The effects of these adjustments have not been reflected in the consolidated financial statements.

## RESPONSIBILITIES OF DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRS Accounting Standards issued by the International Accounting Standards Board (the "IASB") and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

# INDEPENDENT AUDITOR'S REPORT

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our responsibility is to conduct an audit of the Group's consolidated financial statements in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and to issue an auditor's report that includes our opinion, solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these consolidated financial statements.

We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code") and we have fulfilled our other ethical responsibilities in accordance with the Code.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Lee Kwok Lun.

# CONSOLIDATED STATEMENT OF CHANGES IN EQUITY

FOR THE YEAR ENDED 31 DECEMBER 2024

Notes:

The amounts of the Group's reserves and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity in the consolidated financial statements.

**(i) Share premium**

The application of the share premium account is governed by the Companies Law of the Cayman Islands. Under the constitutional documents and the Companies Law of the Cayman Islands, the share premium is distributable as dividend on the condition that the Company is able to pay its debts when they fall due in the ordinary course of business at the time the proposed dividend is to be paid.

**(ii) Capital reserve**

Capital reserve represented: (i) differences arising from acquisition of non-controlling interests and reserve arising from the waiver of debts by the former shareholders of the Company in prior years of US\$13,825,000; (ii) the difference between the nominal amount of US\$15,000,000 and the fair value of US\$13,869,000 of the interest-free loan granted by the ultimate holding company during the year ended 31 December 2015. At origination, the Group calculated its present value using the current market rate for similar instruments, the difference between the loan nominal amount and the present value of US\$1,131,000 is treated as equity contribution from the ultimate holding company and credited to the capital reserve account.

**(iii) Contributed surplus**

Contributed surplus represented the difference between the nominal value of shares of the subsidiary acquired pursuant to the Group's reorganisation in preparation for the listing of the Company's shares on the Main Board of The Stock Exchange of Hong Kong Limited and the previous nominal value of the Company's shares issued in exchange therefor.

**(iv) Other reserve**

On 14 December 2018, the Group disposed of 9.12% of its interest in Pacific Mining Resources Sdn. Bhd. ("Pacific Mining") for the Group's subscription of 33.33% issued shares of Pembinaan Sponge Iron Sdn. Bhd. ("Pembinaan Sponge Iron"). The difference approximately of US\$48,287,000 between the amount of the adjustment to non-controlling interests and the consideration received arising from the disposal of the 9.12% of the issued shares of a subsidiary of the Group which did not result in loss of control of that subsidiary.

On 13 July 2020, the Group disposed of 33.33% of its interest in Pembinaan Sponge Iron in returned 9.12% interest in Pacific Mining. The difference between the consideration of approximately of US\$21,975,000 and the relevant share of the carrying amount of the net assets of Pacific Mining approximately of US\$1,690,000, being approximately US\$20,285,000 was debited to other reserve.

**(v) Statutory reserve**

In accordance with the articles of association of the subsidiaries established in the People's Republic of China (the "PRC") and relevant PRC laws and regulations, these subsidiaries are required to transfer at least 10% of their profit after tax, which is determined in accordance with the PRC accounting rules and regulations, to a statutory reserve (including the general reserve fund and enterprise expansion fund, where appropriate). Transfer to this statutory reserve is subject to the approval of the respective board of directors, and is discretionary when the balance of such fund has reached 50% of the registered capital of the respective company. Statutory reserve can only be used to offset accumulated losses or to increase capital of the relevant subsidiaries.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 1. GENERAL INFORMATION

Grace Life-tech Holdings Limited (the “Company”) was incorporated in the Cayman Islands under the Companies Law, Chapter 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands as an exempted company with limited liability on 25 April 2012 and its shares are listed on the Stock Exchange of Hong Kong Limited (the “Stock Exchange”) on 3 July 2013.

The registered office of the Company is located at Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. The address of the principal place of business of the Company was Unit 1101, Tower 1, Cheung Sha Wan Plaza, 833 Cheung Sha Wan Road, Lai Chi Kok, Kowloon, Hong Kong.

In the opinion of the directors of the Company, the immediate holding company and the ultimate holding company of the Company is Cosmo Field Holdings Limited (“Cosmo Field”), which was incorporated in the British Virgin Islands (“BVI”). The ultimate beneficial owner of the Company is Mr. Li Yang (“Mr. Li”), the ex-director, ex-chairman, and ex-chief executive officer of the Company.

The Company is an investing holding company. Its major operating subsidiaries are principal engaged in the mining, ore processing, sales of iron ore products, other commodities, health products and other products.

The functional currency of the Company and the subsidiaries incorporated in Hong Kong are United States dollars (“US\$”) while that of the subsidiaries established in the PRC, Malaysia and Singapore are Renminbi (“RMB”), Malaysia Ringgit (“MYR”) and Singapore Dollar (“SGD”) respectively. For the purpose of presenting the consolidated financial statements, the Company and its subsidiaries (hereinafter collectively referred to as the “Group”) adopted US\$ as its presentation currency which is the same as the functional currency of the Company.

## 2. BASIS OF PREPARATION

During the year ended 31 December 2024, the Group incurred a net loss attributable to the owners of the Company of approximately US\$48,128,000. As at the same date, the Group recorded net current liabilities of approximately US\$182,535,000, net liabilities of approximately US\$167,490,000, the Group’s amount due to ultimate holding company of approximately US\$60,000,000, total bank and other borrowings amounted to approximately US\$55,088,000, out of which US\$55,031,000 will be due for repayment within the next twelve months, while its cash and cash equivalents amount to approximately US\$248,000.

As at 31 December 2024, the Group was in default on borrowings totally approximately US\$114,869,000 (the “In Default Borrowing”), comprising the amount due to the ultimate holding company and bank and others borrowings of approximately US\$60,000,000 and US\$54,869,000 respectively. In addition, the Group breached terms and conditions of In Default borrowings during the year ended 31 December 2024. The aforementioned borrowings would be immediately repayable if requested by the lenders.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 2. BASIS OF PREPARATION (continued)

As disclosed in note 28, included in the In Default Borrowing has two shareholder's loans totalling of US\$60,000,000, of these US\$40,000,000 was a loan provided by Cosmo Field Holdings Limited ("Cosmo Field"), the Group's ultimate holding company (the "Shareholder's Loan"). The Shareholder's Loan was assigned to Industrial Bank Co., Limited ("Industrial Bank") as part of a security arrangement subsequently (the "Industrial Bank Loan"), under which Industrial Bank advanced US\$45,059,154 to Cosmo Field. On 15 May 2020, Industrial Bank filed a writ of summons at the High Court of Hong Kong ("High Court Action 1") against Cosmo Field and its guarantor, Mr. Li Yang ("Mr. Li"), the ex-director, ex-chairman, and ex-chief executive officer of the Company. Industrial Bank claimed US\$45,059,154 in relation to the default on the Industrial Bank Loan. As part of the security arrangement, Cosmo Field pledged its 752,000,000 shares (representing 50.13% of the Company's issued shares as at 31 December 2024) to Industrial Bank. Industrial Bank is entitled to claim repayment of the Shareholder's Loan from the Company as part of the security arrangement.

On 20 January 2020, OCBC filed a writ of summons at the High Court of Hong Kong ("High Court Action 2") against Mr. Li, alleging his failure as a guarantor for a debt of HK\$308,758,494 (the "OCBC Outstanding Amount"). The default of the OCBC Loan triggered cross-defaults on other borrowings amounting to approximately US\$18,336,000 as of 31 December 2024. On 8 January 2021, the High Court adjudged that Mr. Li was liable for the OCBC Outstanding Amount, accrued interest, and related costs.

On 4 June 2021, the Company filed a petition with the Grand Court of the Cayman Islands for an order to wind up the Company and appoint joint provisional liquidators on a light touch basis for restructuring purposes on the grounds that the Company was unable to pay its debts and it intended to present a compromise or arrangement to its creditors.

Furthermore, on 5 December 2022, the Company received a statutory demand (the "Statutory Demand") from the solicitors acting on behalf of a creditor, pursuant to Sections 178(1)(a) or 327(4)(a) of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Chapter 32). This demand required repayment of approximately RMB250,974,633 (the "Alleged Debt") within three weeks, failing which a winding-up petition could be filed. The Company has contested the validity of the Statutory Demand stating that no business dealings with the creditor, and is seeking legal advice to address the Statutory Demand appropriately.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 2. BASIS OF PREPARATION (continued)

The Group is in active negotiations with all the lenders in respect of the In Default Borrowings for renewal and extension of the relevant borrowings and the directors of the Company are confident that agreements will be reached in due course.

Because of the aforementioned actions taken, management is confident that the lenders of the borrowings in respect of which there were delays in principal and interest repayments will not enforce their rights of requesting for immediate repayment.

All of the above conditions indicate the existence of material uncertainties which may cast significant doubt about the Group's ability to continue as a going concern.

In view of these circumstances, the directors of the Company have given careful consideration to the future liquidity and performance of the Group and its available sources of financing in assessing whether the Group will have sufficient financial resources to continue as a going concern, and have taken the following measures to mitigate the liquidity pressure and to improve its cash flows:

- (i) In 2024, based on the research, development and sales of plant stem cells, based on this technology, the Group successfully deployed: (a) functional health product production bases and sales channels; (b) environmental protection fields, for example, soil remediation, sewage and air purification. The above-mentioned business expansion and related sales channel layout are expected to bring considerable operating cash flow to the Group in 2025.
- (ii) Cosmo Field, the ultimate holding company has agreed not to demand for any repayment of amount due by the Company of approximately US\$60,000,000 as at 31 December 2024 until the Company is in a financial position to do so;
- (iii) The independent third party lender has agreed not to demand for any repayment of whose principal amounts of approximately US\$18,336,000 and interest payable approximately US\$9,736,000 as at 31 December 2024 until the Company is in a financial position to do so;
- (iv) The Group has been actively negotiating with existing lenders for renewal and extension of bank loans and credit facilities;
- (v) The Group is also negotiating with various financial institutions and identifying various options for financing the Group's working capital and commitments in the foreseeable future;
- (vi) The Group is actively promoting contacts with industry investors and strategic partners. In addition to introducing incremental funds, it is focusing on exploring in-depth collaborative models such as technology licensing and channel resource integration to strengthen its expansion capabilities in new business areas;

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 2. BASIS OF PREPARATION (continued)

- (vii) The Group has implemented measures to speed up the collection of outstanding trade debts proceeds;
- (viii) The Group will continue to take active measures to control administrative costs through various channels including human resources optimisation and management remuneration adjustments and containment of capital expenditures; and
- (ix) The Company will consider to lodge a quasi-joint application to the Grand Court of the Cayman Islands to withdraw the petition for an order that the Company be wound up.

The directors of the Company have reviewed the Group's cash flow projections prepared by management. The cash flow projections cover a period of not less than twelve months from 31 December 2024. They are of the opinion that, taking into account the abovementioned plans and measures, the Group will have sufficient working capital to finance its operations and to meet its financial obligations as and when they fall due within twelve months from 31 December 2024. Accordingly, the directors of the Company are satisfied that it is appropriate to prepare the consolidated financial statements on a going concern basis.

Notwithstanding the above, significant uncertainties exist as to whether management of the Company will be able to achieve its plans and measures as described above. Whether the Group will be able to continue as a going concern would depend upon the Group's ability to generate adequate financing and operating cash flows through the following:

- (i) (i) Successfully expand new business areas based on plant stem cell technology, including:
  - (i) increasing market penetration of functional health products and strengthening distribution network efficiency;
  - (ii) stabilizing cash flow contributions from environmental engineering projects, ensuring that soil remediation and environmental purification businesses realize profits on schedule;
- (ii) Successfully raising additional new sources of financing as and when needed;

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 2. BASIS OF PREPARATION (continued)

- (iii) Prepare to promote cooperation negotiations with industry and strategic investors;
- (iv) Successfully collection a portion of outstanding trade receivables and controlling costs and containing capital expenditure so as to generate adequate net cash inflows;
- (v) Prepare to withdraw the petition with the Grand Court of the Cayman Islands for an order that the Company be wound up.

Should the Group fail to achieve the abovementioned plans and measures, it might be unable to continue to operate as a going concern, adjustments would have to be made to restate the values of assets to their estimated recoverable amounts, to provide further liabilities that might arise and to reclassify non-current assets and non-current liabilities as current assets and current liabilities respectively. The effects of these potential adjustments have not been reflected in the consolidated financial statements.

## 3. APPLICATION OF NEW AND REVISED IFRS ACCOUNTING STANDARDS

In the current year, the Group has applied, for its first time, the following revised IFRS Accounting Standards issued by the International Accounting Standards Board (the "IASB") which are effective for the Group's financial year beginning on 1 January 2024.

Amendments to IFRS 16	Lease Liability in a Sale and Leaseback
Amendments to IAS 1	Classification of Liabilities as Current or Non-current
Amendments to IAS 1	Non-current Liabilities with Covenants
Amendments to IAS 7 and IFRS 7	Supplier Finance Arrangements

The directors of the Company anticipated that the application of the revised IFRS Accounting Standards in the current year has had no material effect on the Group's financial performance and positions for the current and prior periods and/or on the disclosures set out in these consolidated financial statements.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 3. APPLICATION OF NEW AND REVISED IFRS ACCOUNTING STANDARDS (continued)

### Issued but not yet effective

The Group has not early applied the following new and revised IFRS Accounting Standards that have been issued but are not yet effective:

Amendments to IAS 21	Lack of Exchangeability <sup>1</sup>
Amendments to IFRS 9 and IFRS 7	Amendments to the Classification and Measurement of Financial Instruments <sup>2</sup>
Amendments to IFRS Accounting Standards	Annual Improvements to IFRS Accounting Standards – Volume 11 <sup>2</sup>
IFRS 18	Presentation and Disclosure in Financial Statements <sup>3</sup>
IFRS 19	Subsidiaries without Public Accountability: Disclosure <sup>3</sup>
Amendments to IFRS 10 and IAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>4</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2025

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2026

<sup>3</sup> Effective for annual periods beginning on or after 1 January 2027

<sup>4</sup> Effective for annual periods beginning on or after a date to be determined

The directors of the Company anticipate that the application of all new and revised IFRS Accounting Standards will have no material impact on the consolidated financial statements in the foreseeable future.

## 4. MATERIAL ACCOUNTING POLICY INFORMATION

The consolidated financial statements have been prepared in accordance with IFRS Accounting Standards issued by the IASB. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange and by the Hong Kong Company Ordinance.

The consolidated financial statements have been prepared on historical cost basis.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date regardless of whether that price is directly observable or estimated using another valuation technique. Details of fair value measurement are explained in the accounting policies set out below.

The material accounting policies are set out below.

### **Basis of consolidation**

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries.

Control is achieved where the Group has:

- power over the investee;
- exposure, or rights, to variable returns from its involvement with the investee; and
- the ability to use its power over the investee to affect the amount of the Group's returns.

The Group reassesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control stated above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary.

Income and expenses of subsidiaries are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group are eliminated in full on consolidation.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Goodwill

Goodwill arising from a business combination is carried at cost less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit (or groups of cash-generating units) to which goodwill has been allocated is tested for impairment annually or more frequently when there is indication that the unit may be impaired. For goodwill arising on an acquisition in a reporting period, the cash-generating unit ("CGU") (or groups of cash-generating units) to which goodwill has been allocated is tested for impairment before the end of that reporting period. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit on a pro-rata basis based on the carrying amount of each asset in the unit (or groups of cash-generating units). Any impairment loss for goodwill is recognised directly in consolidated profit or loss and other comprehensive income statement. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the amount of consolidated profit or loss and other comprehensive income statement on disposal.

### Revenue from contracts with customers

Revenue is recognised to depict the transfer of promised goods and services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the Group uses a 5-step approach to recognise revenue:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation.

The Group recognised revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to customers.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Revenue from contracts with customers (continued)

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

Revenue is measured based on the consideration to which the Group expects to be entitled in a contract with a customer, excludes amounts collected on behalf of third parties, discounts and sales related taxes.

### *Contract assets and contract liabilities*

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with IFRS 9. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration from the customer. A contract liability would also be recognised if the Group has an unconditional right to receive consideration before the Group recognises the related revenue. In such cases, a corresponding receivable would also be recognised.

For a single contract with the customer, either a net contract asset or a net contract liability is presented. For multiple contracts, contract assets and contract liabilities of unrelated contracts are not presented on a net basis.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Revenue from contracts with customers (continued)

#### *Contract assets and contract liabilities (continued)*

The Group recognised revenue from the following major sources:

- Sales of iron ore products;
- Sales of commercial trade;
- Sales of health products;
- Sales of electronic products; and
- Sales of other products.

#### *Sales of iron ore products, health products, electronic products and other products*

Revenue from sales of iron ore products, health products, electronic products and other products are recognised at a point in time when the control of the goods is transferred to the customers. Control of the goods is considered transferred to customers at the time of delivery.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

#### *Principal versus agent*

When another party is involved in providing goods or services to a customer, the Group determines whether the nature of its promise is a performance obligation to provide the specified goods or services itself (i.e. the Group is a principal) or to arrange for those goods or services to be provided by the other party (i.e. the Group is an agent).

The Group is a principal if it controls the specified good or service before that good or service is transferred to a customer.

The Group is an agent if its performance obligation is to arrange for the provision of the specified good or service by another party. In this case, the Group does not control the specified good or service provided by another party before that good or service is transferred to the customer. When the Group acts as an agent, it recognises revenue in the amount of any fee or commission to which it expects to be entitled in exchange for arranging for the specified goods or services to be provided by the other party.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Leasing

#### *Definition of a lease*

A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration.

#### *The Group as lessee*

The Group assesses whether a contract is or contains a lease, at inception of the contract or modification date or acquisition date, as appropriate. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less from the commencement date and do not contain a purchase option) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

#### *Foreign currencies*

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recorded in the respective functional currency (i.e. the currency of the primary economic environment in which the entity operates) at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in consolidated profit or loss and other comprehensive income statement in the period in which they arise. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in consolidated profit or loss and other comprehensive income statement for the period.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. US\$) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the year. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of exchange reserve.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Foreign currencies (continued)

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation, a disposal involving loss of joint control over a joint arrangement that includes a foreign operation, or a disposal involving loss of significant influence over an associate that includes a foreign operation), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to consolidated profit or loss. In addition, in relation to a partial disposal of a subsidiary that does not result in the Group losing control over the subsidiary, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

Goodwill and fair value adjustments on identifiable assets acquired arising on an acquisition of a foreign operation are treated as assets and liabilities of that foreign operation and retranslated at the rate of exchange prevailing at the end of each reporting period. Exchange differences arising are recognised in other comprehensive income.

### Borrowing costs

All borrowing costs are recognised in consolidated profit or loss and other comprehensive income statement in the period in which they are incurred.

### Retirement benefits cost and termination benefits

Payments to the defined contribution plans, state-managed retirement benefit schemes, the Mandatory Provident Fund Scheme (the "MPF scheme") and the Employee Provident Fund (the "EPF scheme") are recognised as an expense when employees have rendered service entitling them to the contributions.

The employee of the Group's subsidiaries which operate in Mainland China are required to participate in a central pension scheme operated by the local municipal government. These subsidiaries are required to contribute a certain percentage of their payroll costs to the central pension scheme. The contribution charged to profit or loss as they become payable in accordance with the rules of the central pension scheme.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurements comprising actuarial gains and losses, the effect of the asset ceiling (if applicable) and the return on plan assets (excluding interest) are recognised immediately in the consolidated statement of financial position with a charge or credit to other comprehensive income in the period in which they occur. Remeasurements recognised in other comprehensive income will not be reclassified to profit or loss. Past service cost is recognised in profit or loss when the plan amendment or curtailment occurs, or when the Group recognises related restructuring costs or termination benefits, if earlier. Gains or losses on settlement of a defined benefit plan are recognised when the settlement occurs. Net interest is calculated by applying a discount rate to the net defined benefit liability or asset.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Retirement benefits cost and termination benefits (continued)

Defined benefit costs are categorized as service costs, which includes current service cost, past service cost and gains and losses on curtailments and settlements.

The Group recognises service costs within profit or loss as cost of sales and administrative expenses.

The retirement benefit obligation recognised in the consolidated statement of financial position represents the deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

### Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

### Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "loss before income tax" as reported in the consolidated statement of profit or loss and other comprehensive income because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of each reporting period.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Taxation (continued)

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit and at the time of the transaction does not give rise to equal taxable and deductible temporary differences.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of each reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of each reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### **Property, plant and equipment**

Property, plant and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and accumulated impairment losses, if any.

### ***Ownership interests in leasehold land and buildings***

When the Group makes payments for ownership interests of properties which includes both leasehold land and building elements, the entire consideration is allocated between the leasehold land and the building elements in proportion to the relative fair values at initial recognition. To the extent the allocation of the relevant payments can be made reliably, interest in leasehold land is presented as “right-of-use assets” in the consolidated statement of financial position. When the consideration cannot be allocated reliably between non-lease building element and undivided interest in the underlying leasehold land, the entire properties are classified as property, plant and equipment.

Depreciation is recognised so as to write off the cost of assets over their estimated useful lives, using the straight line method for the property, plant and equipment. The estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in consolidated profit or loss and other comprehensive income statement.

### **Intangible assets**

#### ***Mining rights***

Mining rights are stated at cost less accumulated amortisation and impairment losses, if any, and are amortised based on the units-of-production method whereby the denominator is the proven and probable reserves and where appropriate the portion of mineral resources considered to be probable of economic extraction.

### **Inventories**

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are calculated using the weighted average method. Net realisable value of inventories represents the estimated selling price in the ordinary course of business less the estimated costs of completion and costs necessary to make the sale.

### **Cash and cash equivalents**

In the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and demand deposits.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and cash equivalents, as defined above.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Investments in subsidiaries

Investments in subsidiaries are stated on the statement of financial position of the Company at cost less accumulated impairment loss.

### Impairment losses on property, plant and equipment and intangible assets (other than impairment of goodwill set out in accounting policy of goodwill above)

At the end of the reporting period, the Group reviews the carrying amounts of its property, plant and equipment and intangible assets with finite useful lives to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that they may be impaired.

The recoverable amount of property, plant and equipment, right-of-use assets, and intangible assets are estimated individually. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of CGU to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual CGU, or otherwise they are allocated to the smallest group of CGUs for which a reasonable and consistent allocation can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or the CGU) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a cash-generating unit, the Group compares the carrying amount of a group of cash-generating units, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of cash-generating units, with the recoverable amount of the group of cash-generating units. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of cash-generating units. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro-rata to the other assets of the unit or the group of cash-generating units. An impairment loss is recognised immediately in the consolidated statement of profit or loss and other comprehensive income.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### **Impairment losses on property, plant and equipment and intangible assets (other than impairment of goodwill set out in accounting policy of goodwill above) (continued)**

Where an impairment loss subsequently reverses, the carrying amount of the asset (or the CGU) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or the CGU) in prior years. A reversal of an impairment loss is recognised as income immediately in the statement of consolidated profit or loss and other comprehensive income.

### **Financial instruments**

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when a group entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value, except for trade receivables arising from contracts with customers which are initially measured in accordance with IFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the cost of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in the consolidated statement of profit or loss and other comprehensive income.

### **Financial assets**

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entity at amortised cost or fair value, depending on the classification of the financial assets. Financial assets are classified, at initial recognition, as subsequently measured at amortised cost and FVTPL.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Financial instruments (continued)

#### Financial assets (continued)

##### Financial assets at amortised cost (debt instruments)

The Group measures financial assets subsequently at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment.

#### (i) Amortised cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial assets other than purchased or originated credit-impaired financial assets (i.e. assets that are credit-impaired on initial recognition), the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses ("ECL"), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition. For purchased or originated credit-impaired financial assets, a credit-adjusted effective interest rate is calculated by discounting the estimated future cash flows, including ECL, to the amortised cost of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. The gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Interest income is recognised using the effective interest method for debt instruments measured subsequently at amortised cost. For financial assets other than purchased or originated credit-impaired financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset. If, in subsequent reporting periods, the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Financial instruments (continued)

#### Financial assets (continued)

##### Financial assets at amortised cost (debt instruments) (continued)

###### (i) Amortised cost and effective interest method (continued)

For purchased or originated credit-impaired financial assets, the Group recognises interest income by applying the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition. The calculation does not revert to the gross basis even if the credit risk of the financial asset subsequently improves so that the financial asset is no longer credit-impaired.

Interest income is recognised in statement of consolidated profit or loss and other comprehensive income and is included in the "Other income" line item (note 10).

##### Impairment of financial assets

The Group recognises a loss allowance for ECL on investments in debt instruments that are measured at amortised cost as well as financial guarantee. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Group always recognises lifetime ECL for trade receivables. The ECL on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial instruments, the Group measures the loss allowance equal to 12-month ECL, unless there has been a significant increase in credit risk since initial recognition in which case, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increase in the likelihood or risk of a default occurring since initial recognition.

##### Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Group's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organisations, as well as consideration of various external sources of actual and forecast economic information that relate to the Group's operations.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Financial instruments (continued)

#### Financial assets (continued)

##### Significant increase in credit risk (continued)

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk for a particular debtor, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor, or the length of time or the extent to which the fair value of a financial asset has been less than its amortised cost;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- significant increases in credit risk on other financial instruments of the same debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the reporting date. A debt instrument is determined to have low credit risk if i) the debt instrument has a low risk of default, ii) the debtor has a strong capacity to meet its contractual cash flow obligations in the near term, and iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations. The Group considers a debt instrument to have low credit risk when the asset has external credit rating of 'investment grade' in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of 'performing'. Performing means that the counterparty has a strong financial position and there is no past due amounts.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Financial instruments (continued)

#### Financial assets (continued)

##### Significant increase in credit risk (continued)

For financial guarantee contracts, the date that the Group becomes a party to the irrevocable commitment is considered to be the date of initial recognition for the purposes of assessing the financial instrument for impairment. In assessing whether there has been a significant increase in the credit risk since initial recognition of a financial guarantee contract, the Group considers the changes in the risk that the specified debtor will default on the contract.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

##### Definition of default

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above analysis, the Group considers that default has occurred when a financial asset is more than 60 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

##### Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Financial instruments (continued)

#### Financial assets (continued)

##### *Write-off policy*

The Group writes off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over one year past due, whichever occurs sooner. Financial assets written-off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in consolidated profit or loss and other comprehensive income statement.

##### *Measurement and recognition of ECL*

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date; for financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Group's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the ECL is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate.

For a financial guarantee contract, as the Group is required to make payments only in the event of a default by the debtor in accordance with the terms of the instrument that is guaranteed, the expected loss allowance is the expected payments to reimburse the holder for a credit loss that it incurs less any amounts that the Group expects to receive from the holder, the debtor or any other party.

If the Group has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Group measures the loss allowance at an amount equal to 12-month ECL at the current reporting date, except for assets for which simplified approach was used.

The Group recognises an impairment gain or loss in consolidated profit or loss and other comprehensive income statement for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Financial instruments (continued)

#### Financial assets (continued)

##### *Derecognition of financial assets*

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

##### *Financial liabilities and equity instruments*

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in statement of consolidated profit or loss and other comprehensive income.

##### *Classification as debt or equity*

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

##### *Equity instruments*

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a group entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in consolidated profit or loss and other comprehensive income statement on the purchase, sale, issue or cancellation of the Company's own equity instruments.

##### *Financial liabilities*

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, and financial guarantee contracts issued by the Group, are measured in accordance with the specific accounting policies set out below.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Financial instruments (continued)

#### *Financial liabilities and equity instruments (continued)*

##### *Financial liabilities subsequently measured at amortised cost*

Financial liabilities (that are not designated as at FVTPL), are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

##### *Financial guarantee contracts*

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a group entity are initially measured at their fair values and, if not designated as at FVTPL and do not arise from a transfer of a financial asset, are subsequently measured at the higher of:

- the amount of the loss allowance determined in accordance with IFRS 9; and
- the amount initially recognised less, where appropriate, cumulative amortisation recognised over the guarantee period.

##### *Derecognition of financial liabilities*

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in consolidated profit or loss and other comprehensive income statement.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

Provisions are measured at the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

### *Provision for rehabilitation*

Provisions for environmental restoration are recognised when: (i) the Group has a present legal or constructive obligation as a result of past events; (ii) it is probable that an outflow of resources will be required to settle the obligation; and (iii) the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Provision for future decommissioning and restoration is recognised in full on the installation of mining properties. The amount recognised is the present value of the estimated future expenditure determined in accordance with local conditions and requirements. A corresponding addition to the related mining properties of an amount equivalent to the provision is also created. This is subsequently depreciated as part of the costs of the mining properties. Any change in the present value of the estimated expenditure other than due to passage of time, which is regarded as interest expense, is reflected as an adjustment to the provision and mining properties.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Fair value measurement

When measuring fair value except value in use of property, plant and equipment and intangible assets for the purpose of impairment assessment, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. Specifically, the Group categorised the fair value measurements into three levels, based on the characteristics of inputs, as follow:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

At the end of the reporting period, the Group determines whether transfer occur between levels of the fair value hierarchy for assets and liabilities which are measured at fair value on recurring basis by reviewing their respective fair value measurement.

### Related parties transactions

A party is considered to be related to the Group if:

1. A person or a close member of that person's family is related to the Group if that person:
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 4. MATERIAL ACCOUNTING POLICY INFORMATION (continued)

### Related parties transactions (continued)

2. The party is an entity where any of the following condition applies:

- (i) The entity and the Group are members of the same group.
- (ii) One entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity).
- (iii) The entity and the Group are joint ventures of the same third party.
- (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
- (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the Group is itself such a plan, the sponsoring employers of the post-employment benefit plan.
- (vi) The entity is controlled or jointly controlled by a person identified in (1).
- (vii) A person identified in (1)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
- (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and included:

- (a) that person's children and spouse or domestic partner;
- (b) children of that person's spouse or domestic partner; and
- (c) dependents of that person or that person's spouse or domestic partner.

A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 4, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets, liabilities, revenue and expenses reported and disclosures made in the consolidated financial statements. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

### **Critical judgements in applying accounting policies**

The following are the critical judgements, apart from those involving estimation (see below), that the directors of the Company have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in consolidated financial statements.

#### ***Principal versus agent consideration***

The Group engages in trading of iron ore products, crude oil, other commodities, health and other products. The Group reassessed whether the Group should continue to recognise revenue on gross basis based on the requirements in IFRS 15. The Group concluded that the Group acts as the principal for such transactions as it controls the specified good before it is transferred to the customer after taking into consideration indicators such as that the Group is primarily responsible for fulfilling the promise to provide the goods. The Group has inventory risk and discretion in establishing selling prices of the goods.

#### ***Going concern and liquidity***

In the process of applying the Group's accounting policies, apart from those involving estimations, management has prepared the consolidated financial statements on the assumption that the Group will be able to operate as a going concern in the coming year, which is a critical judgement that has the most significant effect on the amounts recognised in the financial statements. The assessment of the going concern assumption involves making a judgement by the directors of the Company, at a particular point of time, about the future outcome of events or conditions which are inherently uncertain. The directors of the Company consider that the Group has the capability to continue as a going concern and the major events or conditions, which may give rise to business risks, that individually or collectively may cast significant doubt upon the going concern assumption are set out in note 2 to the consolidated financial statements.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)

### **Key sources of estimation uncertainty**

The followings are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

### ***Impairment of intangible assets***

Impairment assessment on intangible assets are performed by the management of the Group at the end of each reporting period. When there is an indication of possible impairment identified, the management of the Group assess whether there is any impairment loss. Impairment loss has been recognised if the recoverable amount, being the higher of fair value less cost of disposal or value-in-use, is lower than the carrying amount. In assessing the value-in-use, the management of the Group takes into estimation of discounted future cash flows. In estimating the future cash flows, the management of the Group takes into account the Iron Ore price, recoverable reserves, production costs and operating costs. The estimates used by the management of the Group in calculating future cash flows might be subject to changes due to the inherent uncertainty and the volatility of the iron ore price. Where the actual cash flows are less than expected, a material impairment loss may arise.

As at 31 December 2024, the carrying amounts of intangible assets are of approximately US\$11,857,000 (2023: US\$11,551,000). Based on the estimated recoverable amounts, no impairment loss in respect of intangible assets have been recognised for the years ended 31 December 2024 and 2023.

### ***Estimated useful life of property, plant and equipment***

At the end of each reporting period, the directors of the Company review the estimated useful life of property, plant and equipment with finite useful life. The estimated useful life reflects the directors' estimates of the periods that the Group intends to derive future economic benefits from the use of the Group's property, plant and equipment. The residual values reflect the directors' estimated amount that the Group would currently obtain from disposal of the assets, after deducting the estimated costs of disposal, if the assets were already of the age and in the condition expected at the end of its useful life. The carrying amounts of property, plant and equipment with finite useful life as at 31 December 2024 are of approximately US\$406,000 (2023: US\$420,000).

### ***Units-of-production amortisation for intangible asset***

The Group determines the amortisation of intangible asset by the actual units of production over the estimated reserves of the mines. Further details about the reserve estimates are included below.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)

### Key sources of estimation uncertainty (continued)

#### *Reserve estimates*

Proved and probable Iron Ore reserve estimates are estimates of the amount of Iron Ore that can be economically and legally extracted from the Group's mining properties. In determining the estimates, recent production and technical information of each mine will be considered.

Fluctuations in factors including the price of Iron Ore, production costs and transportation costs of Iron Ore, a variation on recovery rates or unforeseen geological or geotechnical perils may render it necessary to revise the estimates of Iron Ore reserves.

Because of the economic assumptions used to estimate reserves changes from period to period, and because of additional geological data is generated during the course of operations, estimates of reserves may change from period to period. Changes in reported reserves may affect the Group's financial results and financial position in a number of ways, including the following:

- Asset carrying amount may be affected due to change in estimated future cash flows.
- Depreciation, depletion and amortisation charged to the consolidated profit or loss and other comprehensive income statement may change where such charges are determined by the units of production basis, or where the useful economic lives of assets change.
- Provision for rehabilitation may change where changes in estimated reserves affect expectations about the timing or cost of these activities.
- The carrying value of deferred tax assets may change due to changes in estimates of the likely recovery of the tax benefits.

As at 31 December 2024, the carrying amounts of intangible assets were of approximately US\$11,857,000 (2023: US\$11,551,000).

#### *Impairment of goodwill*

The management of the Group tests annually on goodwill in accordance with the accounting policy as disclosed in note 4, based on the recoverable amount. The recoverable amount of each cash generating unit has been determined based on the higher of value-in-use calculation and fair value less cost of disposal calculation. If the recoverable amount is less than the carrying amount, impairment loss was recognised. The calculations of the recoverable amount require the use of estimates and judgements as disclosed in note 20.

As at 31 December 2024, the carrying amount of goodwill was of approximately US\$6,201,000 (2023: US\$6,044,000), no impairment loss in respect of goodwill has been recognised for the years ended 31 December 2024 and 2023. Details of the value-in-use calculations are disclosed in note 20.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)

### Key sources of estimation uncertainty (continued)

#### *Allowance recognised in respect of trade receivables, deposits and other receivables*

The impairment provisions for trade receivables, deposits and other receivables are based on assumptions about ECL. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the number of days that an individual receivable is outstanding as well as the Group's historical experience and forward-looking information at the end of the reporting period. Changes in these assumptions and estimates could materially affect the result of the assessment and it may be necessary to make additional impairment charge to the consolidated statement of profit or loss and other comprehensive income.

As at 31 December 2024, the carrying amounts of trade receivables, deposits and other receivables are of approximately US\$59,239,000 (2023: US\$89,523,000) and US\$114,000 (2023: US\$89,000) respectively, with accumulated loss allowance on trade receivables, deposits and other receivables of approximately US\$165,087,000 (2023: US\$135,542,000) and US\$57,000 (2023: US\$1,000) respectively.

#### *Income taxes*

As disclosed in note 32, no deferred tax asset has been recognised in respect of the estimated unused tax losses of approximately US\$55,730,000 (2023: US\$51,021,000) due to the unpredictability of future profit streams as at 31 December 2024. The realisability of the deferred tax assets mainly depends on whether sufficient future profits or taxable temporary difference will be available in the future. In case where the actual future profits generated are less than expected, a material reversal of deferred tax assets may arise, which would be recognised in the consolidated statement of profit or loss and other comprehensive income for the year in which such a reversal take place.

#### *Provision for rehabilitation*

The Group recognises the provision for the rehabilitation of each site. The provision recognised represents management's best estimate of the present value of the future costs required. Significant estimates and assumptions are made in determining the amount of rehabilitation provision. Those estimates and assumptions deal with uncertainties such as: requirements of the relevant legal and regulatory framework; the magnitude of possible contamination and the timing, extent and costs of required rehabilitation activity. These uncertainties may result in future actual expenditure differing from the amounts currently provided.

The provision recognised for each site is periodically reviewed and updated based on the facts and circumstances available at the time. Changes to the estimated future costs for operating sites are recognised in the consolidated statement of financial position by adjusting both the rehabilitation asset and provision. Such changes give rise to a change in future depreciation and financial charges. For closed sites, changes to estimated future costs are recognised immediately in consolidated profit or loss and other comprehensive income statement. The carrying amount of provision for rehabilitation as at 31 December 2024 was approximately US\$694,000 (2023: US\$602,000).

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)

### Key sources of estimation uncertainty (continued)

#### *Fair value of financial guarantee liabilities*

The directors of the Company use their judgements in selecting an appropriate valuation technique to determine fair value of the financial guarantee liabilities which are not quoted in an active market. Valuation techniques commonly used by market practitioners are applied. The fair values of these financial guarantee liabilities are reassessed at the end of each reporting period with movement to the consolidated statement of profit or loss and other comprehensive income. In estimating the fair values of these financial guarantee liabilities, the Company uses independent valuations which are based on various inputs and estimates with reference to the input of subjective assumptions and adjusted for specific features of the instrument. If the inputs and estimates applied in the model or the valuation model are different, the carrying amounts of these derivative financial liabilities will be changed. As at 31 December 2024, the carrying values of the financial guarantee liabilities of the Company and was approximately US\$26,338,000 (2023: US\$10,943,000). The directors of the Company believe that the chosen valuation techniques and assumptions are appropriate in determining the fair values of these financial instruments (note 39).

## 6. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of net debt, which includes the bank and other borrowings and notes disclosed in note 29 and note 30 respectively, net of cash and cash equivalents disclosed in note 24, and equity attributable to the owners of Group, comprising issued share capital, reserves and accumulated losses.

The directors of the Company review the capital structure periodically. As part of the review, the directors of the Company consider the cost of capital and the risks associated with each class of capital, and take appropriate actions to adjust the Group's capital structure. Based on the recommendations of the directors of the Company, the Group will balance its overall capital structure through use of debts, payment of dividends and issuance of new shares.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 7. FINANCIAL INSTRUMENTS

### Categories of financial instruments

	2024 US\$'000	2023 US\$'000
<b>Financial assets</b>		
Financial assets at amortised cost (including cash and cash equivalents)	59,601	89,743
<b>Financial liabilities</b>		
Financial liabilities at amortised cost	239,439	220,944

### Financial risk management objectives and policies

The Group's major financial instruments include trade receivables, deposits and other receivables, cash and cash equivalents, trade payables, other payables and accruals, amount due to ultimate holding company, bank and other borrowings and notes. Details of these financial instruments are disclosed in respective notes. The risks associated with these financial instruments included market risk (currency risk and interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

### Market risk

#### (i) Currency risk

The Group has certain bank deposits, trade receivables, deposits and other receivables and other borrowings denominated in foreign currencies, i.e. a currency other than the functional currency of the subsidiaries of the Company, which expose the Group to currency risk.

The carrying amounts of the Group's foreign currency denominated monetary assets at the reporting date are as follows:

	Assets		Liabilities	
	2024 US\$'000	2023 US\$'000	2024 US\$'000	2023 US\$'000
Hong Kong Dollar ("HK\$")	21	59	28,072	26,880
RMB	1,115	2,219	379	1,644
MYR	11	6	1,655	1,540

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 7. FINANCIAL INSTRUMENTS (continued)

### Financial risk management objectives and policies (continued)

#### Market risk (continued)

##### (i) Currency risk (continued)

The Group currently does not have a foreign currency hedging policy. However, management monitors foreign exchange exposure and will consider hedging of significant foreign currency exposure should the need arise.

The Group believes that the pegged rate between the US\$ and the HK\$ will not be materially affected by any changes in the value of US\$ against other currencies. In this respect, the Group considers its exposure to foreign currency risk in respect of HK\$ to be insignificant.

#### Sensitivity Analysis

The following table details the Group's sensitivity to a 5% (2023: 5%) increase or decrease in the functional currencies of the relevant group entities against the relevant foreign currencies. 5% (2023: 5%) is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for a 5% (2023: 5%) change in foreign currency rates. The sensitivity analysis includes external loans where the denomination of the loan is in a currency other than the functional currency of the lender or the borrower. A positive number below indicates a decrease in post-tax loss where respective functional currency weakened 5% (2023: 5%) against the relevant foreign currency. For a 5% (2023: 5%) strengthening of respective functional currency against the relevant foreign currency, there would be an equal and opposite impact on the pre-tax loss and the balances below would be negative.

	Effect on profit or loss	
	2024 US\$'000	2023 US\$'000
RMB	37	24
MYR	(82)	(64)

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 7. FINANCIAL INSTRUMENTS (continued)

### Financial risk management objectives and policies (continued)

#### Market risk (continued)

##### (ii) Interest rate risk

The Group is exposed to fair value interest rate risk in relation to fixed interest rate of other borrowings (note 29) and notes (note 30).

The Group is also exposed to cash flow interest rate risk in relation to variable interest rate bank balances (note 24) and bank loans with variable interest rates (note 29). It is the Group's policy to keep its loans at floating rate of interests so as to minimise the fair value interest rate risk.

#### Sensitivity Analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. The analysis is prepared assuming the financial instruments outstanding at the end of the reporting period were outstanding for the whole year. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 100 basis points (2023: 100 basis points) higher/lower and all other variables were held constant, the Group's post-tax loss for the year ended 31 December 2024 would increase/decrease by approximately US\$458,000 (2023: US\$304,000) This is mainly attributable to the Group's exposure to interest rates on bank balances and variable-rate bank borrowings.

#### Credit risk

Credit risk refers to the risk that the Group's counterparties default on their contractual obligations resulting in financial losses to the Group. As at 31 December 2024 and 2023, the Group's maximum exposure to credit risk without taking into account any collateral held or other credit enhancements, which will cause a financial loss to the Group due to failure to discharge all obligation by the counterparties is arising from the carrying amounts of the respective recognised financial assets as stated in the consolidated statement of financial position.

The credit risk of the Group mainly arises from trade receivables, deposits and other receivables and cash and cash equivalents. The carrying amounts of these balances represent the Group's maximum exposure to credit risk in relation to financial assets.

In order to minimise the credit risk, the management of the Group has delegated a team responsible for determination of monitoring procedures to ensure that follow-up action is taken to recover overdue debts.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 7. FINANCIAL INSTRUMENTS (continued)

### Financial risk management objectives and policies (continued)

#### Credit risk (continued)

For trade receivables, the Group has applied the simplified approach in IFRS 9 Financial Instruments to measure the loss allowance at lifetime ECL. The Group determines the ECL on a collectively basis by using a provision matrix, estimated based on historical credit loss experience, as well as the general economic conditions of the industry in which the debtors operate. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

For other non-trade related receivables, the Group has assessed whether there has been a significant increase in credit risk since initial recognition. The Group considers that there are no significant increase in credit risk of these amounts since initial recognition and the Group provided impairment based on 12m ECL.

The credit risk on restricted cash and cash and cash equivalents is limited because the counterparties are banks with high credit ratings assigned by international credit-rating agencies.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout the reporting period. To assess whether there is a significant increase the Group compares the risk of a default occurring on the asset as at the reporting date with the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. Especially the following indicators are incorporated:

- internal credit rating;
- external credit rating;
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations;
- actual or expected significant changes in the operating result of the borrower;
- significant increase in credit risk on other financial instruments of the borrower; and
- significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the Group and changes in the operating results of the borrower.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 7. FINANCIAL INSTRUMENTS (continued)

### Financial risk management objectives and policies (continued)

#### Credit risk (continued)

##### *The Group's exposure to credit risk*

In order to minimise credit risk, the Group has delegated a team to develop and maintain the Group's credit risk grading to categorise exposures according to their degree of risk of default. The credit rating information is supplied by independent rating agencies where available and, if not available, the operation management committee uses other publicly available financial information and the Group's own trading records to rate its major customers and other debtors. The Group's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

The Group's current credit risk grading framework comprises the following categories:

Category	Description	Basis for recognising ECL
Performing	For financial assets where there has low risk of default or has not been a significant increase in credit risk since initial recognition and that are not credit impaired (refer to as Stage 1)	12-month ECL
Doubtful	For financial assets where there has been a significant increase in credit risk since initial recognition but that are not credit impaired (refer to as Stage 2)	Lifetime ECL – not credit impaired
Default	Financial assets are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred (refer to as Stage 3)	Lifetime ECL – credit impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written-off

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 7. FINANCIAL INSTRUMENTS (continued)

### Financial risk management objectives and policies (continued)

#### Credit risk (continued)

##### The Group's exposure to credit risk (continued)

The tables below detail the credit quality of the Group's financial assets, as well as the Group's maximum exposure to credit risk by credit risk rating grades:

	Notes	Internal credit rating	12-month or lifetime ECL	2024			2023		
				Gross carrying amount US\$'000	Loss allowance US\$'000	Net carrying amount US\$'000	Gross carrying amount US\$'000	Loss allowance US\$'000	Net carrying amount US\$'000
Trade receivables	22	(Note)	Lifetime ECL (simplified approach)	224,326	(165,087)	59,239	225,065	(135,542)	89,523
Deposits and other receivables	23	Performing	12-month ECL	115	(1)	114	90	(1)	89
		Default	Lifetime ECL (credit impaired)	56	(56)	-	-	-	-
Cash and cash equivalents	24	Performing	12-month ECL	248	-	248	131	-	131
				<b>224,745</b>	<b>(165,144)</b>	<b>59,601</b>	<b>225,286</b>	<b>(135,543)</b>	<b>89,743</b>

Note: For trade receivables, the Group has applied the simplified approach in IFRS 9 Financial Instruments to measure the loss allowance at lifetime ECL. The Group determines the ECL on these items by using a provision matrix, estimated based on historical credit loss experience based on the past due status of the debtors, adjusted as appropriate to reflect current conditions and estimates of future economic conditions. Accordingly, the credit risk profile of these assets is presented based on their past due status in terms of the provision matrix. Note 22 includes further details on the loss allowance for these assets respectively.

The Group has concentration of credit risk as 1% (2023: 1%) and 3% (2023: 1%) of the total trade receivables was due from the Group's largest external customer and the top five largest external customers respectively as at 31 December 2024 and 31 December 2023.

#### Liquidity risk

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. In addition, the Group relies on bank and other borrowings and notes as a significant source of liquidity and the management monitors the utilisation of bank and other borrowings and notes and ensures compliance with loan covenants.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities and lease liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 7. FINANCIAL INSTRUMENTS (continued)

### Financial risk management objectives and policies (continued)

#### Liquidity risk (continued)

Specifically, borrowings with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights within one year after the reporting date. The maturity analysis for other non-derivative financial liabilities is prepared based on the scheduled repayment dates.

The table includes both interest and principal cash flow. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curve at the end of each reporting period.

	At 31 December 2024				
	Weighted average effective interest rate %	Within one year or on demand US\$'000	More than 1 year but less than 5 years US\$'000	Total contractual undiscounted cash flows US\$'000	Carrying amount US\$'000
Trade payables	N/A	6,634	–	6,634	6,634
Other payables and accruals	N/A	39,545	–	39,545	39,545
Amount due to ultimate holding company	N/A	60,000	–	60,000	60,000
Bank and other borrowings	11%	55,052	59	55,111	55,088
Notes	N/A	78,172	–	78,172	78,172
		<b>239,403</b>	<b>59</b>	<b>239,462</b>	<b>239,439</b>

	At 31 December 2023				
	Weighted average effective interest rate %	Within one year or on demand US\$'000	More than 1 year but less than 5 years US\$'000	Total contractual undiscounted cash flows US\$'000	Carrying amount US\$'000
Trade payables	N/A	5,879	–	5,879	5,879
Other payables and accruals	N/A	34,025	–	34,025	34,025
Amount due to ultimate holding company	N/A	60,000	–	60,000	60,000
Bank and other borrowings	N/A	54,683	–	54,683	54,683
Notes	N/A	66,357	–	66,357	66,357
		<b>220,944</b>	<b>–</b>	<b>220,944</b>	<b>220,944</b>

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 7. FINANCIAL INSTRUMENTS (continued)

### Financial risk management objectives and policies (continued)

#### Liquidity risk (continued)

The amounts included above for variable interest rate non-derivative financial liabilities are subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

## 8. REVENUE

Revenue represents revenue arising on sales of iron ore products, health products, electronic products and other products. An analysis of the Group's revenue for the year is as follows:

	2024 US\$'000	2023 US\$'000
Revenue from contracts with customers within the scope of IFRS 15		
– Sales of iron ore products	–	8,588
– Sales of health products	13,250	13,017
– Sales of electronic products	–	5,024
– Sales of other products	514	626
	<b>13,764</b>	<b>27,255</b>

Set out below is the disaggregation of the Group's revenue from contracts with customers by timing of recognition and geographical markets, arising from different reporting segments:

For the year ended 31 December 2024	Iron ore mining and processing operation US\$'000	Health products trade US\$'000	Electronic products trade US\$'000	Others US\$'000	Total US\$'000
Revenue from goods:					
– Sales of health products	–	13,250	–	–	13,250
– Sales of other products	–	–	–	514	514
	–	13,250	–	514	13,764
Timing of revenue recognition:					
– At a point in time	–	13,250	–	514	13,764
Geographical markets:					
– PRC	–	13,250	–	514	13,764

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 8. REVENUE (continued)

For the year ended 31 December 2023	Iron ore mining and processing operation US\$'000	Health products trade US\$'000	Electronic products trade US\$'000	Others US\$'000	Total US\$'000
Revenue from goods:					
– Sales of iron ore products	8,588	–	–	–	8,588
– Sales of health products	–	13,017	–	–	13,017
– Sales of electronic products	–	–	5,024	–	5,024
– Sales of other products	–	–	–	626	626
	8,588	13,017	5,024	626	27,255
Timing of revenue recognition:					
– At a point in time	8,588	13,017	5,024	626	27,255
Geographical markets:					
– PRC	–	13,017	–	626	13,643
– Hong Kong	–	–	5,024	–	5,024
– Malaysia	8,588	–	–	–	8,588
	8,588	13,017	5,024	626	27,255

Information about the Group's performance obligations is summarised below:

The performance obligation is satisfied upon delivery of the goods and advance payments are generally required.

### Transaction price allocated to the remaining performance obligations for contracts

The contracts are with an original expected duration of one year or less or contracts for which revenue is recognised at the amount to which that Group has the right to invoice for the satisfied upon delivery of goods. Accordingly, the Group has elected the practical expedient and has not disclosed the amount of transaction price allocated to the performance obligations that are unsatisfied (or partially unsatisfied) as of the end of the reporting period.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 9. SEGMENT INFORMATION

Information reported to the directors of the Company, being the chief operating decision maker (the “CODM”), for the purpose of resource allocation and assessment of segment performance focuses on types of goods provided. No operating segments identified by the CODM has been aggregated in arriving at the reportable segments of the Group.

Specifically, the Group’s reportable segments are as follows:

- Iron ore mining and processing operation – mining and sales of iron ore;
- Commercial trade – trading of crude oil and other commodities;
- Health products trade – trading of health products;
- Electronic products trade – trading of electronic devices products; and
- Others – trading of other products.

### Segment revenues and results

The following is an analysis of the Group’s revenue and results by reportable and operating segment.

#### For the year ended 31 December 2024

	Iron ore mining and processing operation US\$'000	Commercial trade US\$'000	Health products trade US\$'000	Electronic products trade US\$'000	Others US\$'000	Total US\$'000
Segment revenue	–	–	13,250	–	514	13,764
Segment (loss)/profit	(121)	(44,387)	(31)	8	80	(44,451)
Unallocated income						92
Unallocated corporate expenses						(1,647)
Unallocated finance costs						(2,189)
Impairment loss on deposits and other receivables						–
Loss before income tax						(48,195)

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 9. SEGMENT INFORMATION (continued)

### Segment revenues and results (continued)

For the year ended 31 December 2023

	Iron ore mining and processing operation US\$'000	Commercial trade US\$'000	Health products trade US\$'000	Electronic products trade US\$'000	Others US\$'000	Total US\$'000
Segment revenue	8,588	–	13,017	5,024	626	27,255
Segment (loss)/profit	(906)	(25,009)	1,450	199	207	(24,059)
Unallocated income						–
Unallocated corporate expenses						(3,252)
Unallocated finance costs						(11,657)
Reversal of impairment loss on other receivables						13
Loss before income tax						(38,955)

The accounting policies of the operating segments are the same as the Group's accounting policies described in note 4. Segment (loss)/profit represents the loss of each segment without allocation of central and other operating expenses, other income, unallocated finance costs, (impairment)/reversal of impairment loss on deposits and other receivables. This is the measure reported to the directors of the Company with respect to the resource allocation and performance assessment.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 9. SEGMENT INFORMATION (continued)

### Segment assets and liabilities

The following is an analysis of the Group's assets and liabilities by reportable and operating segment:

#### Segment assets

	2024 US\$'000	2023 US\$'000
Iron ore mining and processing operation	12,242	11,945
Commercial trade	51,485	81,167
Health products trade	9,348	8,637
Electronic products trade	4	484
Others	157	307
<b>Total segment assets</b>	<b>73,236</b>	<b>102,540</b>
Corporate and other assets	6,567	6,409
<b>Total assets</b>	<b>79,803</b>	<b>108,949</b>

#### Segment liabilities

	2024 US\$'000	2023 US\$'000
Iron ore mining and processing operation	694	824
Commercial trade	177,918	146,815
Health products trade	7,913	6,688
Others	12	–
<b>Total segment liabilities</b>	<b>186,537</b>	<b>154,327</b>
Corporate and other liabilities	60,756	74,521
<b>Total liabilities</b>	<b>247,293</b>	<b>228,848</b>

For the purposes of monitoring segment performance and allocating resources between segments:

- All assets are allocated to operating segment, other than unallocated property, plant and equipment, goodwill, unallocated deposits, prepayments and other receivables, cash and cash equivalents, other corporate assets. Assets used jointly by reportable segments are allocated on the basis of the revenues earned by individual reportable segments; and
- All liabilities are allocated to operating segments, other than unallocated other payables and accruals, other borrowing, unallocated notes, unallocated income tax payables, deferred tax liabilities and other corporate liabilities. Liabilities for which reportable segments are jointly liable are allocated in proportion to segment liabilities.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 9. SEGMENT INFORMATION (continued)

### Geographical information

During the years ended 31 December 2024, the Group's operations are located in Hong Kong, PRC and Malaysia (2023: Hong Kong, PRC and Malaysia).

Information about the Group's revenue from external customers is presented based on the location of the operations.

### Revenue from external customers

	2024 US\$'000	2023 US\$'000
Hong Kong	–	5,024
PRC	13,764	13,643
Malaysia	–	8,588
Total revenue	13,764	27,255

Substantially all of the Group's operations and non-current assets are in PRC, Hong Kong and Malaysia.

### Information about major customers

Revenue from customers of the corresponding years contributing over 10% of the total revenue of the Group is as follows:

	2024 US\$'000	2023 US\$'000
Company A <sup>1</sup>	N/A <sup>4</sup>	8,588
Company B <sup>2</sup>	N/A <sup>4</sup>	4,085
Company C <sup>1</sup>	N/A <sup>4</sup>	5,024
Company D <sup>2</sup>	4,611	N/A <sup>4</sup>
Company E <sup>2</sup>	2,943	N/A <sup>4</sup>
Company F <sup>2</sup>	2,359	N/A <sup>4</sup>

<sup>1</sup> Revenue from electronic products segment.

<sup>2</sup> Revenue from health products segment.

<sup>3</sup> Revenue from iron ore mining segment.

<sup>4</sup> The corresponding revenue did not contribute over 10% of the total revenue of the Group.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 12. INCOME TAX EXPENSE (continued)

Notes:

- (i) Pursuant to the rules and regulations of the Cayman Islands and the BVI, the Group is not subject to any income tax in the Cayman Islands and the BVI.
- (ii) No Hong Kong profits tax has been provided in the consolidated financial statements as the Group has no assessable profits for the years ended 31 December 2024 and 2023.
- (iii) Under the Law of the PRC on Enterprise Income Tax (the "EIT Law") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25% from 1 January 2008 onwards.

Taxation arising in other jurisdictions is calculated at the rates prevailing in the relevant jurisdictions.

- (iv) Pursuant to the income tax rules and regulations in Malaysia, the subsidiaries located in Malaysia are liable to Malaysia corporate income tax at a rate of 24% (2023: 24%) on the assessable profits generated during the years ended 31 December 2024 and 2023.

The income tax expenses can be reconciled to the loss before income tax per the consolidated statement of profit or loss and other comprehensive income as follows:

	2024 US\$'000	2023 US\$'000
Loss before income tax	<b>(48,195)</b>	(38,955)
Tax at the domestic income tax rate of 16.5% (2023: 16.5%)	<b>(7,952)</b>	(6,427)
Tax effect of expenses not deductible for tax purposes	<b>2,364</b>	4,977
Tax effect of income not taxable for tax purposes	<b>(13)</b>	(6)
Tax effect of deductible temporary difference not recognised	<b>4,908</b>	638
Tax effect of tax losses not recognised	<b>795</b>	1,509
Utilisation of tax losses previously not recognised	<b>(5)</b>	–
Effect of different tax rates of subsidiaries operating in other jurisdictions	<b>3</b>	(80)
Effect of tax exemptions granted	<b>(81)</b>	–
Under provision in respect of prior years	<b>8</b>	–
Income tax expense	<b>27</b>	611

Details of the deferred taxation are set out in note 32.

Dr. Li Zhongquan (note ii)	4	–	–	4
Dr. Wang Ling	13	–	–	13
<b>Total</b>	<b>62</b>	<b>216</b>	<b>8</b>	<b>286</b>

Notes:

- (i) Resigned on 29 December 2023
- (ii) Resigned on 17 January 2024
- (iii) Appointed on 17 January 2024
- (iv) The remuneration includes remuneration received from the Group by the directors in his/her capacity as an employee of the subsidiaries.

Mr. Ng is also the chief executive of the Company and his emoluments disclosed above include those for services rendered by him as the Chief Executive.

No directors and chief executive of the Company waived or agreed to waive the emolument paid by the Group during the years ended 31 December 2024 and 2023. No emoluments were paid by the Group to the directors of the Company as an inducement for joining the Group or as compensation for loss of office during the years end of the Company 31 December 2024 and 2023.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 15. EMPLOYEES' EMOLUMENTS

Of the five individuals with the highest emoluments, one (2023: two) were directors of the Company whose emoluments are set out in note 14. The emoluments of the remaining four (2023: three) highest paid individuals were as follows:

	2024 US\$'000	2023 US\$'000
Salaries, wages, allowances and other benefits	387	246
Contributions to retirement benefits scheme	16	11
	<b>403</b>	<b>257</b>

Their emoluments were within the following bands:

	Number of individuals	
	2024	2023
Nil to HK\$1,000,000 (equivalent to approximately US\$128,000) (2023: US\$128,000)	3	3
HK\$1,000,001 (equivalent to approximately US\$128,000) (2023: US\$128,000) – HK\$1,500,000 (equivalent to approximately US\$192,000) (2023: US\$192,000)	1	–

## 16. DIVIDENDS

No dividend was paid or proposed during the years ended 31 December 2024 and 2023, nor has any dividend been proposed since the end of the reporting period.

## 17. LOSS PER SHARE

The calculation of the basic and diluted loss per share attributable to the owners of the Company is based on the following:

	2024 US\$'000	2023 US\$'000
<b>Loss</b>		
Loss for the year attributable to the owner of the Company for the purpose of basic and diluted loss per share	<b>(48,128)</b>	<b>(39,566)</b>
<b>Number of shares</b>		
Weighted average number of ordinary shares for the purpose of basic and diluted loss per share ('000 shares)	<b>1,500,000</b>	<b>1,500,000</b>

The dilutive loss per share is equal to the basic loss per share as there were no dilutive potential ordinary shares outstanding during the years ended 31 December 2024 and 2023.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 19. INTANGIBLE ASSETS (continued)

The mining right represents a mining license acquired for exploration and mining of Iron Ore in Malaysia. The mining right is amortised on a units-of-production basis over the total proved and probable reserves in the mine.

Recoverable amounts for each CGU were estimated based on fair value less cost of disposal ("FVLCD") methodology which is calculated using the present value of the CGUs' expected future cash flows (after-tax). The cash flow information was derived from a report on the Group's iron ore reserves which was prepared by an independent qualified reserve evaluator, GEOS Mining Minerals Consultants ("GEOS"). As at 31 December 2024, the projected cash flows used in the FVLCD calculation reflect market assessments of key assumptions, including long-term forecasts of commodity prices, inflation rates, and foreign exchange rates (Level 3 fair value inputs). Cash flow forecasts are also based on GEOS's evaluation of the Group's reserves and resources to determine production profiles and volumes, operating costs, maintenance and future development capital expenditures. Future cash flow estimates are discounted using after-tax risk-adjusted discount rates. The after-tax discount rates applied in the impairment calculation as at 31 December 2024 was 18.4% (2023: 18.3%) based on the specific risk to the assets.

For the years ended 31 December 2024 and 2023, the Group did not recognise an impairment loss based on its assessment that the estimated recoverable amount exceeded the carrying value.

## 20. GOODWILL

	US\$'000
<b>COST</b>	
As at 1 January 2023	6,266
Exchange alignment	(222)
As at 31 December 2023 and 1 January 2024	<b>6,044</b>

<b>NET CARRYING VALUES</b>	
As at 31 December 2024	<b>6,201</b>
As at 31 December 2023	6,044

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 20. GOODWILL (continued)

For the purpose of impairment testing, goodwill arising from the business combinations was allocated to one individual CGU of the Group, which is included in the Group's Ibam Mine CGU.

The recoverable amount of this CGU has been determined based on value-in-use calculation, which uses cash flow projections based on financial budgets approved by the management of the Company covering a 18 (2023: 19) years period. Cash flows beyond the 18 (2023: 19) years period is extrapolated using a steady growth rate for the CGU.

The estimated weighted average growth rates are consistent with the forecast included in industry reports. The growth rates used do not exceed the long-term average growth rates for the business in which the cash-generating unit operates. The cash flows are discounted using pre-tax discount rate of 20.2% (2023: 21.0%). Key assumptions used for the value-in-use calculation are the revenue, gross margins and growth rates. Management determined the budgeted revenue, gross margins and growth rates based on past performance and its expectation for market development.

## 21. INVENTORIES

	2024 US\$'000	2023 US\$'000
Finished goods	642	1,044

During the year ended 31 December 2024, a written-down value for inventories of approximately US\$19,000 (2023: US\$51,000) was recognised in consolidated statement of profit or loss and other comprehensive income.

## 22. TRADE RECEIVABLES

	2024 US\$'000	2023 US\$'000
Receivables at amortised cost comprise:		
Trade receivables	224,326	225,065
Less: loss allowance for trade receivables	(165,087)	(135,542)
	<b>59,239</b>	<b>89,523</b>

As at 31 December 2024, the gross amount of trade receivables arising from contracts with customers amounted to approximately US\$224,326,000 (2023: US\$225,065,000).

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 22. TRADE RECEIVABLES (continued)

The Group normally allows a credit period ranging from 30 to 90 (2023: not more than 120) days to its customers, although an extension of the credit period is not uncommon for customers who have a long term relationship with the Group. The Group seeks to maintain strict control over its outstanding receivables. Overdue balances are reviewed regularly by senior management. In view of this and the fact that the Group's trade receivables relate to a large number of diversified customers, there is no significant concentration of credit risk.

The following is an aged analysis of trade receivables, net of loss allowance for trade receivables, presented based on the invoice date, which approximates revenue recognition date at the end of each reporting period.

	<b>2024</b>	2023
	<b>US\$'000</b>	US\$'000
Within 30 days	<b>1,858</b>	969
31 – 60 days	<b>43</b>	656
61 – 120 days	<b>113</b>	6,184
121 – 365 days	<b>711</b>	430
Over 365 days	<b>56,514</b>	81,284
	<b>59,239</b>	89,523

The Group measures the loss allowance for trade receivables at an amount equal to lifetime ECL. The expected credit losses on trade receivables are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

As the Group's historical credit loss experience does not indicate significantly different loss patterns for different customer segments, the allowance based on past due status is not further distinguished between the Group's different customer bases.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 22. TRADE RECEIVABLES (continued)

The Group recognised lifetime ECL for trade receivables based on individually significant customer or the aging of customers collectively that are not individually significant as follows:

As at 31 December 2024	Weighted average expected loss rate %	Gross carrying amount US\$'000	Loss allowance US\$'000
Not past due	3.6%	1,966	71
31 to 365 days, past due	3.6%	862	31
Default receivable	74.5%	221,498	164,985
		<b>224,326</b>	<b>165,087</b>

As at 31 December 2023	Weighted average expected loss rate %	Gross carrying amount US\$'000	Loss allowance US\$'000
Not past due	1.1%	6,379	68
120 to 365 days, past due	3.3%	2,115	70
Default receivable	62.5%	216,571	135,404
		<b>225,065</b>	<b>135,542</b>

The movement in the loss allowance for trade receivables is set out below:

	2024 US\$'000	2023 US\$'000
At 1 January	135,542	114,054
Loss allowance recognised in profit or loss during the year	29,545	21,488
At 31 December	<b>165,087</b>	135,542

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 22. TRADE RECEIVABLES (continued)

On 10 March 2021, the Group filed a claim to the Hong Kong High Court against the customers for breach of contracts in related to sales of goods to customers and outstanding contract sums of approximately US\$215,571,000. Loss allowance for such trade receivables of approximately US\$164,470,000 (2023: US\$135,404,000) has been made in the consolidated financial statements as at 31 December 2024.

As at 31 December 2024, the Group's trade receivables with carrying values of approximately US\$36,533,000 (2023: US\$36,533,000) have been pledged to secure banking facilities granted to the Group.

## 23. DEPOSITS, PREPAYMENTS AND OTHER RECEIVABLES

	2024 US\$'000	2023 US\$'000
Deposits (note i)	7	4
Prepayments	1,096	143
Other receivables (note i)	164	90
	<b>1,267</b>	237
Less: loss allowance (note i)	(57)	(1)
	<b>1,210</b>	236

Notes:

- (i) The Group measures the loss allowance for deposits and other receivables at an amount equal to 12-month ECL or lifetime ECL (credit impaired). The Group recognised ECL for deposits and other receivables based on the internal credit rating of receivables as follows:

	Expected loss rate %	Gross carrying amount US\$'000	Loss allowance US\$'000
At 31 December 2024			
Performing	0.9%	115	1
Default	100%	56	56
		<b>171</b>	<b>57</b>

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 23. DEPOSITS, PREPAYMENTS AND OTHER RECEIVABLES (continued)

Notes: (continued)

(i) (continued)

	Expected loss rate %	Gross carrying amount US\$'000	Loss allowance US\$'000
At 31 December 2023			
Performing	1.1%	90	1

The movement in the loss allowance for deposits and other receivables is set out below:

	2024 US\$'000	2023 US\$'000
At 1 January	1	20
Loss allowance recognised during the year	56	(17)
Amounts written-off as uncollectible	–	(2)
At 31 December	57	1

## 24. CASH AND CASH EQUIVALENTS

Bank balances earned interest at floating rates based on daily bank deposit rates which range from 0.05% to 3.6% per annum (2023: 0.05% to 2.4% per annum).

## 25. TRADE PAYABLES

The following is an aged analysis of trade payables presented based on the invoice date at the end of the reporting period:

	2024 US\$'000	2023 US\$'000
Within 90 days	1,685	934
91 to 365 days	4,949	4,945
	6,634	5,879

The average credit period granted by its suppliers ranging from 30 to 60 days. The Group has financial risk management in place to ensure that all payables are settled within the credit timeframe.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 26. OTHER PAYABLES AND ACCRUALS

	<b>2024</b>	2023
	<b>US\$'000</b>	US\$'000
Other payables	<b>1,677</b>	2,147
Interest payables (note i)	<b>36,337</b>	30,545
Staff salaries payables (note ii)	<b>1,069</b>	1,068
Accruals	<b>462</b>	265
	<b>39,545</b>	34,025

Notes:

- (i) Included in interest payables was an amount of approximately US\$36,337,000 (2023: US\$30,545,000) which represented the aggregate accrued interests in default in connection with the In Default Borrowings.
- (ii) Included in staff salaries payables was an amount of approximately US\$162,000 (2023: US\$285,000) which represented the director's fees or salaries, allowances and other benefits payables to the directors of the Company.

## 27. CONTRACT LIABILITIES

	<b>2024</b>	2023
	<b>US\$'000</b>	US\$'000
Current liabilities	<b>1,072</b>	934

As at 1 January 2023, contract liabilities amounted to approximately US\$253,000.

Contract liabilities are recognised when the Company receives an amount from customers before goods are delivered, this will give rise to contract liabilities at the beginning of a contract, until the revenue recognised on the relevant contract exceeds the amount received. The Company typically receives a deposit range from 50% to 100% (2023: 20% to 50%) of total consideration from certain customers when they enter into the contracts with the Company.

Revenue recognised during each reporting period included the whole amount of contract liabilities at the beginning of the respective reporting period. Revenue amounting to US\$634,000 (2023: Nil) recognised during the year that related to performance obligations that were satisfied in prior years.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 28. AMOUNT DUE TO ULTIMATE HOLDING COMPANY

	2024 US\$'000	2023 US\$'000
<b>Ultimate holding company</b>		
Cosmo Field Holdings Limited ("Cosmo Field")	<b>60,000</b>	60,000

As at 31 December 2024, the Group has two interest-free loans from the ultimate holding company with aggregate amount of US\$60,000,000 (2023: US\$60,000,000).

- (a) On 27 September 2018, the Company and Cosmo Field Holdings Limited entered a shareholder loan agreement ("Shareholder Loan 1") with an outstanding amount of US\$20,000,000 to agree to extend the repayment date of Shareholder Loan 1 to 27 September 2019. The shareholder Loan 1 is unsecured and interest-free.
- (b) On 27 September 2018, the Company and Cosmo Field entered a shareholder loan agreement ("Shareholder Loan 2") with an outstanding amount of US\$40,000,000 to agree to extend the repayment date of Shareholder Loan 2 to 27 September 2019. The Shareholder Loan 2 is unsecured and interest-free.

On 15 May 2020, Mr. Li and Cosmo Field, the ultimate holding company of the Company, received a writ of summons taken out by Industrial Bank at the High Court of Hong Kong in relation to the Industrial Bank Loan, for which Mr. Li was the guarantor. Pursuant to the High Court Action 1, Industrial Bank brought claim against Cosmo Field and Mr. Li with respect to the default in repayment of the Industrial Bank Loan in the amount of US\$45,059,154 (the "Default on Industrial Bank Loan"). Cosmo Field has pledged 752,000,000 shares (representing 50.13% of all issued shares of the Company) in favour of Industrial Bank as security for the Industrial Bank Loan. Cosmo Field has lent the principal amount of the Industrial Bank Loan being US\$40,000,000 (i.e. Shareholder Loan 2 as mentioned above) to the Company as an interest-free loan, and Industrial Bank is entitled to claim against the Company for the repayment of the Shareholder Loan 2 pursuant to the assignment of loan as part of security arrangement for the Industrial Bank Loan whereby Cosmo Field has assigned the rights under the Shareholder Loan 2 to Industrial Bank. The Group believes that the Default on Industrial Bank Loan will trigger cross-defaults of other borrowings and loans of the Group.

Other borrowing	18,336	18,150
	<b>55,088</b>	54,683

	2024 US\$'000	2023 US\$'000
Secured	36,533	36,533
Unsecured	18,555	18,150
	<b>55,088</b>	54,683

Carrying amount repayable (based on scheduled repayment dates set out in the loan agreements):

	2024 US\$'000	2023 US\$'000
Within one year	55,031	54,683
More than one year	57	–
	<b>55,088</b>	54,683

- (a) As at 31 December 2024, certain bank borrowings of approximately US\$36,752,000 (2023: US\$36,533,000) is variable-rate borrowings. The variable-rate borrowings carry effective interest rate ranging from 9.37% to 18% per annum (2023: 9.37% to 9.50% per annum).
- (b) As at 31 December 2024, certain of the Group's bank borrowings amounting of approximately US\$36,533,000 (2023: US\$36,533,000) were secured by certain of the Group's trade receivables of an aggregate carrying value of approximately US\$36,533,000 (2023: US\$36,533,000) and were guaranteed by the Company and Mr. Li. Furthermore, bank borrowings amounting to approximately US\$219,000 (equivalent to approximately RMB1,596,000) were unsecured and guaranteed by the subsidiary and its director.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 29. BANK AND OTHER BORROWINGS (continued)

- (c) On 10 December 2018, the Group's and the lender renegotiated the terms of the bank borrowings with aggregate carrying amount at the end of the reporting period of US\$40,946,000 and agreed a repayment schedule pursuant to which the above bank borrowings plus interest are to be settled by six instalments with the first instalment repayable in November 2019.

As set out in the announcement by the Company dated 20 January 2020, Mr. Li received a writ of summons taken out by OCBC against Mr. Li at the High Court of Hong Kong (the "High Court") for the failing to fulfil his obligation as guarantor to settle the amount of HK\$308,758,494 (the "OCBC outstanding amount"). The Group has also breached the repayment obligations under the OCBC Loan, and the Breach will trigger cross-defaults of other borrowings and loans of the Group. On 8 January 2021, the High Court of Hong Kong adjudged that Mr. Li shall be obliged to pay OCBC outstanding amount, the accrued interests until the date of payment and other costs related to OCBC.

- (d) As at 31 December 2019, the Group's other borrowing represented a borrowing advanced to the Company with aggregate principal amount of approximately US\$18,150,000 (equivalent to HK\$141,800,000) and secured by a guarantee provided by Mr. Li. Other borrowing carried fixed interest rate of 3% per month and repayable on 9 July 2019. After that date, it accrued default interest rate of 5% per month.

On 15 June 2020, the lender of other borrowing, the Company and an independent assignee signed a deed of assignment for the borrowing. As that time, the total outstanding principal amount of borrowing of HK\$141,800,000 (equivalent to approximately US\$18,150,000) with accrued interest and other payables under the loan agreement amounting to HK\$62,392,000 (equivalent to approximately US\$7,986,000). After the assignment on 15 June 2020, the other borrowing of US\$18,150,000 (equivalent to HK\$141,800,000) become unsecured, carried a fixed interest rate of 5% per month and repayable on demand.

On 1 September 2021, the Company and the independent lender entered into supplemental agreement, pursuant to which the interest rate was adjusted from 3% per month to 5% per annum starting from 26 September 2019, and the default interest rate was adjusted from 5% per month to 0% per annum starting from 26 September 2019.

- (e) As at 31 December 2024, bank borrowings of approximately US\$36,533,000 and US\$219,000 (31 December 2023: US\$36,533,000 and US\$ Nil) were denominated in US\$ and RMB. As at 31 December 2024, other borrowing of approximately US\$18,336,000 (31 December 2023: US\$18,150,000) was denominated in HK\$.
- (f) As at 31 December 2024, the accrued interests for the bank borrowings and other borrowing are recorded in interest payables (note 26) was of approximately US\$19,288,000 and US\$9,736,000 respectively (2023: US\$15,783,000 and US\$8,730,000 respectively).

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 30. NOTES (continued)

Notes: (continued)

(a) (continued)

(2) Redemption option

The Company may not redeem the Note 1 prior to its final redemption date unless the prior written consent is obtained from the holders of the Note 1.

(3) Guarantees

The Note 1 prior to the final redemption date without the prior written consent of the holders of the Note 1.

According to the relevant subscription agreement, the original final redemption date of the Note 1 was 19 March 2018 and on that date, the Company entered into a letter agreement (the "Letter Agreement") with the Noteholder 1 pursuant to which the Noteholder 1 has agreed to extend the final redemption date of the Note 1 from 19 March 2018 to 19 May 2018. Under the terms of the Letter Agreement, interest would accrue on the principal balance of the Note 1 from (and including) 20 March 2018 until the actual date of redemption. According to the Letter Agreement, the Company was required to make a payment of US\$2,000,000 to the Noteholder 1 on or before 29 March 2018, with the payment applied first and then to reduce the principal balance of the Note 1.

On 19 May 2018, Noteholder 1 agreed to further extend the final redemption date of the Note 1 from 19 May 2018 to 31 December 2018. The terms included that the Company shall make payment to the Noteholder 1 of an amount of US\$500,000 each month, commencing 31 May 2018, and continuing until 31 December 2018. The final payment on 31 December 2018 would cover all remaining indebtedness due on or in respect of the Note 1 outstanding at such time, and each payment shall apply first in payment of interest and any other amounts due on or in respect of the Note 1 and thereafter in redemption of the balance of the principal outstanding on the Note 1.

Around and upon maturity, the Company and the Noteholder 1 renegotiated the terms of the Note 1 and entered into the Note 1 another Letter Agreement ("New Letter Agreement") with the Noteholder 1 to further extend the final redemption date from 31 December 2018 to 30 June 2019 on the condition that, among others, the Company shall make payment to the Noteholder 1 of an amount of US\$3,000,000 on or before 29 March 2019 and thereafter in an amount of US\$500,000 on the last day of each succeeding month commencing on 31 March 2019 save that the amount payable on 30 June 2019 shall be an amount equal to all remaining indebtedness due on or in respect of the Note 1 outstanding at such time, and each payment shall apply first in payment of interest and any other amounts due on or in respect of the Note 1 and thereafter in redemption of the balance of the principal outstanding on the Note 1. According to the New Letter Agreement, interest shall continue to accrue on the principal balance of the Note 1 at a rate of 10% on top of the Original Interest Rate per annum.

As referred to note (a)(i) above, one of the events of default under the Note 1 is that the ratio of the total liabilities of the Company to the total assets of the Company (the "Debt Ratio") exceeds a specified ratio. As at 31 December 2017, the Debt Ratio had exceeded the specified ratio under the terms of the Note 1. According to the Letter Agreement, the Noteholder 1 had agreed to waive the condition regarding the Debt Ratio with respect to the Company's audited financial statements for the year ended 31 December 2017. On 19 May 2018, the Noteholder 1 further agreed to waive the condition regarding the Debt Ratio with respect to the Group's unaudited interim financial information for the six months ended 30 June 2018.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 30. NOTES (continued)

Notes: (continued)

(a) (continued)

During the year ended 31 December 2018, 9.12% of the issued shares of Pacific Mining was issued to an independent third party. According to the New Letter Agreement, the Noteholder 1 had agreed to extend its consent to the covenant with respect to the disposal of the 9.12% the issued shares of Pacific Mining.

(b) On 19 October 2017, the Company entered into a subscription agreement with an independent third party institution (the "Noteholder 2") pursuant to which the Company issued the 7% fixed coupon guaranteed notes (the "Note 2") in the principal amount of US\$20,000,000 with a maturity date of two years from the date of issue. The net proceeds amounted to approximately US\$19,800,000 as at the issue date. The interest rate shall be payable by semi-annually.

The terms and conditions of the Note 2 are summarised as follows:

(1) The event of defaults under the Note 2 include, among other things:

- Declare, make or pay dividend or other distribution without the prior written consent of the Noteholder 2;
- Any event occurs which has effect of change of control (within the meaning of the Codes on Takeovers and Mergers and Share Buy-backs issued by the Hong Kong Securities and Futures Commission) of the Company, its subsidiaries or Cosmo Field;
- Mr. Li disposes or encumbers any of the Company's shares held by him, ceases to be the single largest shareholder of the Company, or ceases to hold, directly or indirectly, such number of the Company's shares, representing 55% of the entire issued share capital of the Company; and
- There is suspension of trading of the Company's shares on the Stock Exchange is suspended for five consecutive trading days or more for any reason or cessation of trading of the Company's shares on the Stock Exchange for any reason.

Upon the occurrence of the event of defaults, the Noteholder 2 may give notice to the Company that all or any part of the Note 2 shall become immediately due and repayable with all accrued interest.

(2) Redemption option

The Company may not redeem the Note 2 prior to the final redemption date without the prior written consent of the holders of the Note 2.

(3) Guarantees and securities

The Note 2 were guaranteed by Cosmo Field and Mr. Li and secured by an aggregate of 172,352,000 shares of the Company.

As at 31 December 2024, the accrued interests for Note 2 are recorded in interest payables (note 26) was approximately US\$7,266,000 (2023: US\$5,985,000).

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 31. PROVISION FOR REHABILITATION

Provision for rehabilitation primarily relate to the mine site rehabilitation.

The following is the provision for rehabilitation recognised by the Group and movement is set out as below:

	<b>2024</b> <b>US\$'000</b>	2023 US\$'000
At 1 January	<b>602</b>	576
Unwinding of discount (note 11)	<b>92</b>	26
At 31 December	<b>694</b>	602

Provision for rehabilitation is calculated at the net present value of estimated future net cash flows of the mine site rehabilitation, amounting to approximately US\$694,000 (2023: US\$602,000) discounted at 6.4% per annum at 31 December 2024 (2023: 6.4% per annum). The discount rate reflects the current market assessments of the time value of money and the risks specific to the provision.

## 32. DEFERRED TAX LIABILITIES

The following is the analysis of the deferred tax liabilities, before set off certain deferred tax assets against deferred liabilities of the same taxable entity, for the financial reporting purposes:

	<b>2024</b> <b>US\$'000</b>	2023 US\$'000
Deferred tax liabilities	<b>2,668</b>	2,888

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 32. DEFERRED TAX LIABILITIES (continued)

The following are the major deferred tax liabilities recognised and movements thereon during the year:

	Fair value adjustments arising from acquisition of subsidiaries US\$'000
At 1 January 2023	2,701
Charged to profit or loss	222
Exchange alignment	(35)
<hr/>	
At 31 December 2023 and 1 January 2024	2,888
Exchange alignment	(220)
<hr/>	
At 31 December 2024	<b>2,668</b>

As at 31 December 2024, no deferred tax asset has been recognised in respect of unused tax losses of approximately US\$55,730,000 (2023: US\$51,021,000) due to the unpredictability of future profit streams. The losses may be carried forward indefinitely.

As at 31 December 2024, the Group has deductible temporary difference of approximately US\$80,121,000 (2023: US\$50,585,000) No deferred tax asset has been recognised in relation to such deductible temporary difference as it is not probable that taxable profit will be available against which the deductible temporary differences can be utilised.

Issued and fully paid:		
At 1 January 2023, 31 December 2023, 1 January 2024 and 31 December 2024	1,500,000	1,934

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 34. COMMITMENT

The Group had the following commitments at the end of the reporting period:

(a) **Mining fee**

The Group has agreed to pay Gema Impak Sdn. Bhd. (“Gema Impak”) a mining fee of MYR40 per tonne of iron ore products extracted from Ibam Mine and sold by Capture Advance.

(b) **Subcontracting fee**

Pursuant to the mining sub-contract in relation to Ibam Mine entered into between the Group and the mining contractor, a third party, which has been renewed on 28 December 2022 and continues to be effective until the expiry of the mining lease or any renewal thereof, whichever is later unless otherwise determined by mutual consent of the parties to the mining sub-contract, the mining contractor shall mine and produce iron ore products at Ibam Mine using the machinery or equipment provided by the Group. If the production volume is equal to or less than 20 thousand tonnes per month, the service fee for the mining contractor is MYR300 per tonne of iron ore produced, if the production volume exceeds 20 thousand tonnes per month, the service fee should be re-negotiated and agreed between the Group and the mining contractor.

## 35. PLEDGE OF ASSETS

At the end of the reporting period, the Group had pledged the following assets to banks to secure the bank borrowing, granted to the Group:

	2024 US\$'000	2023 US\$'000
Trade receivables	36,533	36,533

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 36. RELATED PARTY TRANSACTIONS

### (a) Banking facilities

For the years ended 31 December 2024 and 2023, Mr. Li provided guarantee for the grant of banking facilities to the Group.

For the years ended 31 December 2024 and 2023, Mr. Li's family member and Cosmo field, the ultimate holding company provided guarantee for the issued 12% senior guaranteed note of the Group.

For the years ended 31 December 2024 and 2023, Mr. Li and Cosmo field provided guarantee for the issued 7% fixed coupon guaranteed note of the Group.

For the years ended 31 December 2024 and 2023, Cosmo Field has pledged 752,000,000 shares (representing 50.13% of all issued shares of the Company) in favour of Industrial Bank as security for the Industrial Bank Loan.

### (b) Compensation of key management personnel

The remuneration of directors of the Company and other members of key management personnel during the year was as follows:

	2024 US\$'000	2023 US\$'000
Short-term benefits	192	278
Post-employment benefits	5	8
	<b>197</b>	<b>286</b>

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2024

## 37. RETIREMENT BENEFIT SCHEME

The Group operates the MPF Scheme under the Hong Kong Mandatory Provident Fund Schemes Ordinance for all qualifying employees in Hong Kong. The assets of the schemes are held separately from those of the Group, in funds under the control of trustees. The Group contributes 5% of relevant payroll costs, capped at HK\$1,500 (equivalent to US\$192) per month, to the MPF Scheme, in which the contribution is matched by employees.

As stipulated by rules and regulations in the PRC, subsidiaries in the PRC are required to contribute to a state-managed retirement plan for all its employees at a certain percentage of the basic salaries of its employees. The state-managed retirement plan is responsible for the entire pension obligations payable to all retired employees. Under the state-managed retirement plan, the Group has no further obligations for the actual pension payments or post-retirement benefits beyond the annual contributions.

The Group operates the EPF Scheme for all qualifying employees in Malaysia. The assets of the schemes are held separately from those of the Group, in funds under the control of trustees. The Group contributes 1.25% of relevant payroll costs, capped at MYR4,000 (equivalent to US\$879) per month, to the EPF Scheme, in which the contribution is matched by employees.

During the year ended 31 December 2024, the total cost charged to consolidated statement of profit or loss and other comprehensive income of approximately US\$72,000 (2023: US\$48,000) represents contributions payable to these schemes by the Group in respect of the respective accounting period.
